## Annex B - OD Matrices

1. 1987 Person Trip Survey
1.1 All Purpose, All Mode OD Matrix (1987)
1.2 All Purpose, All Mode, w/o Walk \& Two Wheelers OD Matrix (1987)
1.3 All Purpose, Private Car Mode OD Matrix (1987)
1.4 All Purpose, Taxi Mode OD Matrix (1987)
1.5 All Purpose, Public Transport Mode OD Matrix (1987)
1.6 Work Purpose, All Mode OD Matrix (1987)
1.7 School Purpose, All Mode OD Matrix (1987)
1.8 Others Purpose, All Mode OD Matrix (1987)
2. 2000 Person Trip Forecast
2.1 All Purpose, All Mode OD Matrix (2000)
2.2 All Purpose, All Mode, w/o Walk \& Two Wheelers OD Matrix (2000)
2.3 All Purpose, Private Car Mode OD Matrix (2000)
2.4 All Purpose, Taxi Mode OD Matrix (2000)
2.5 All Purpose, Public Transport Mode OD Matrix (2000)

## Annex C - List of Figures

| Fig. I. 1 | Study Flow Chart |
| :---: | :---: |
| Fig. 1.1 .1 | Historical Growth of Urbanized Area in GCR |
| Fig. 1.1 .2 | Present Urban Structure in GCR |
| Fig. 1.1 .3 | Greater Cairo Region and Kisms Boundaries |
| Fig. 1.1 .4 | Local Government Administration Division |
| Fig. 1.2 .1 | Trend of GCMR Population |
| Fig. 1.2 .2 | Population Changes during 1976/1986 |
| Fig. 1.2.3 | Net Population Density by Zone |
| Fig. 1.2.4 | Age Group Population of GCMR, and Egypt (1986) |
| Fig. 1.2 .5 | Number of Workers by Zone |
| Fig. 1.2.6 | Population Composition by Occupation |
| Fig. 1.2 .7 | Number of Households by Income |
| Fig. 1.2.8 | Average Household Income by Zone |
| Fig. 1.2 .9 | Car Ownership Rate by Zone in 1987 |
| Fig. 1.2 .10 | Number of Employees by Zone |
| Fig. 1.3.1 | Present Land Use in GCR |
| Fig. 1.3.2 | Land Use Distribution in GCMR |
| Fig. 1.3 .3 | CORPS Land Use Map (Ground Floor) |
| Fig. 1.3.4 | CORPS Land Use Map (Upper Floors) |
| Fig. 1.3.5 | CORPS Floor Area Distribution |
| Fig. 1.3.6 | CORPS Plot Use Distribution |
| Fig. 1.3.7 | Ratios of Floor Area by Activity to Total Floor Area |
| Fig. 1.3 .8 | Ratio of Building Area to Zone Area |
| Fig. 1.3.9 | Number of Plots per Hectare |
| Fig. 1.3 .10 | Ratio of Floor Area to Land Area |
| Fig. 1.3.11 | Average Building Elevations by Zone |
| Fig. 1.3.12 | Institutional and Educational Facilities |
| Fig. 1.3.13 | Historical and Important Buildings |
| Fig. 1.3.14 | Location of Vacant Plots |
| Fig. 1.3.15 | Borders of Kisms Forming Corps Area |
| Fig. 1.4.1 | Distribution of Dwellings by Construction Year |
| Fig. 1.4.2 | Schematic Diagram of Integrated Network |
| Fig. 1.4.3 | Water Production Facilities |
| Fig. 1.4.4 | Greater Cairo Sewerage System Program |
| Fig. 2.1.1 | Location of Cordon Line Survey |
| Fig. 2.1.2 | Flow Chart of Data Processing |
| Fig. 2.2 .1 | Total Number of 'Trips |
| Fig. 2.2 .2 | Trip Composition by Purpose |
| Fig. 2.2.3 | Trip Composition by Mode |
| Fig. 2.2.4 | Trips Production Rate by Age and Sex |
| Fig. 2.2.5 | Trip Production Rate by Occupation |
| Fig. 2.2.6 | Trip Production Rate by Industry |
| Fig. 2.2.7 | Trip Production Rate by Income |
| Fig. 2.2.8 | Trip Production Rate by Car Ownership |
| Fig. 2.3.1 | Trip Generation and Attraction by Zone and Purpose (1987) |
| Fig. 2.3.2 | Trip Generation by Time and Purpose |
| Fig. 2.3.3 | Trip Generation by Time and Mode |
| Fig. 2.4.1 | Present Desire Line (All Purposes, All Modes) |
| Fig. 2.4.2 | Present Desire Line (to Work Purpose, All Modes) |

| Fig. 2.4.3 | re Line (to School Purpose, All Modes) |
