PREFACE

In response to the request of the Government of the Republic of Indonesia, the Government of Japan decided to conduct an Urban Development Planning Study on GERBANGKERTOSUSILA Region (Surabaya Metropolitan Area) and entrusted it to the Japan International Cooperation Agency (JICA). The JICA sent to Indonesia a survey team headed by Mr. Hikoji Iwai, Director of Urban Traffic Investigation Section, City Bureau, Ministry of Construction, from May 11 to May 22, 1981.

The team had discussions with the officials concerned of the Directorate General of CIPTA KARYA, the Government of Indonesia, over the Planning and conducted a field survey. After the team returned to Japan, further studies were made and the present report has been prepared.

I hope that this report will serve for the socio-economic development of the Region and contribute to the promotion of friendly relations between our two countries.

I wish to express my deep appreciation to the officials concerned of the Government of the Republic of Indonesia for their close cooperation extended to the team.

**URBAN DEVELOPMENT PLANNING STUDY
ON GERBANGKERTOSUSILA (SURABAYA METROPOLITAN AREA)**

ACKNOWLEDGEMENT

This Final Report has been prepared, on schedule, at the completion of the JICA Study Team's sixteen months work, nine months of which was spent in Indonesia and seven months in Japan.

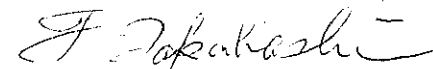

The structure plan of Surabaya Metropolitan Area, the short term and the longer term project programmes are recommended by the Team so as to present a complete development strategy.

It is expected that this report and recommendations shall serve as a reference for the preparation of detailed plans and in the development of infra-structure for the benefit of the area.

The Study Team cordially expresses hearty appreciation for the cooperation extended to us by the various Government Agencies and private companies in Indonesia.

In particular we wish to record our deep appreciation for the assistance and cooperation of the Directorate of City and Regional Planning, Cipta Karya and of the counterpart staff led by the Project Officer, Mr. Handijono Sasono.

Yours Faithfully,

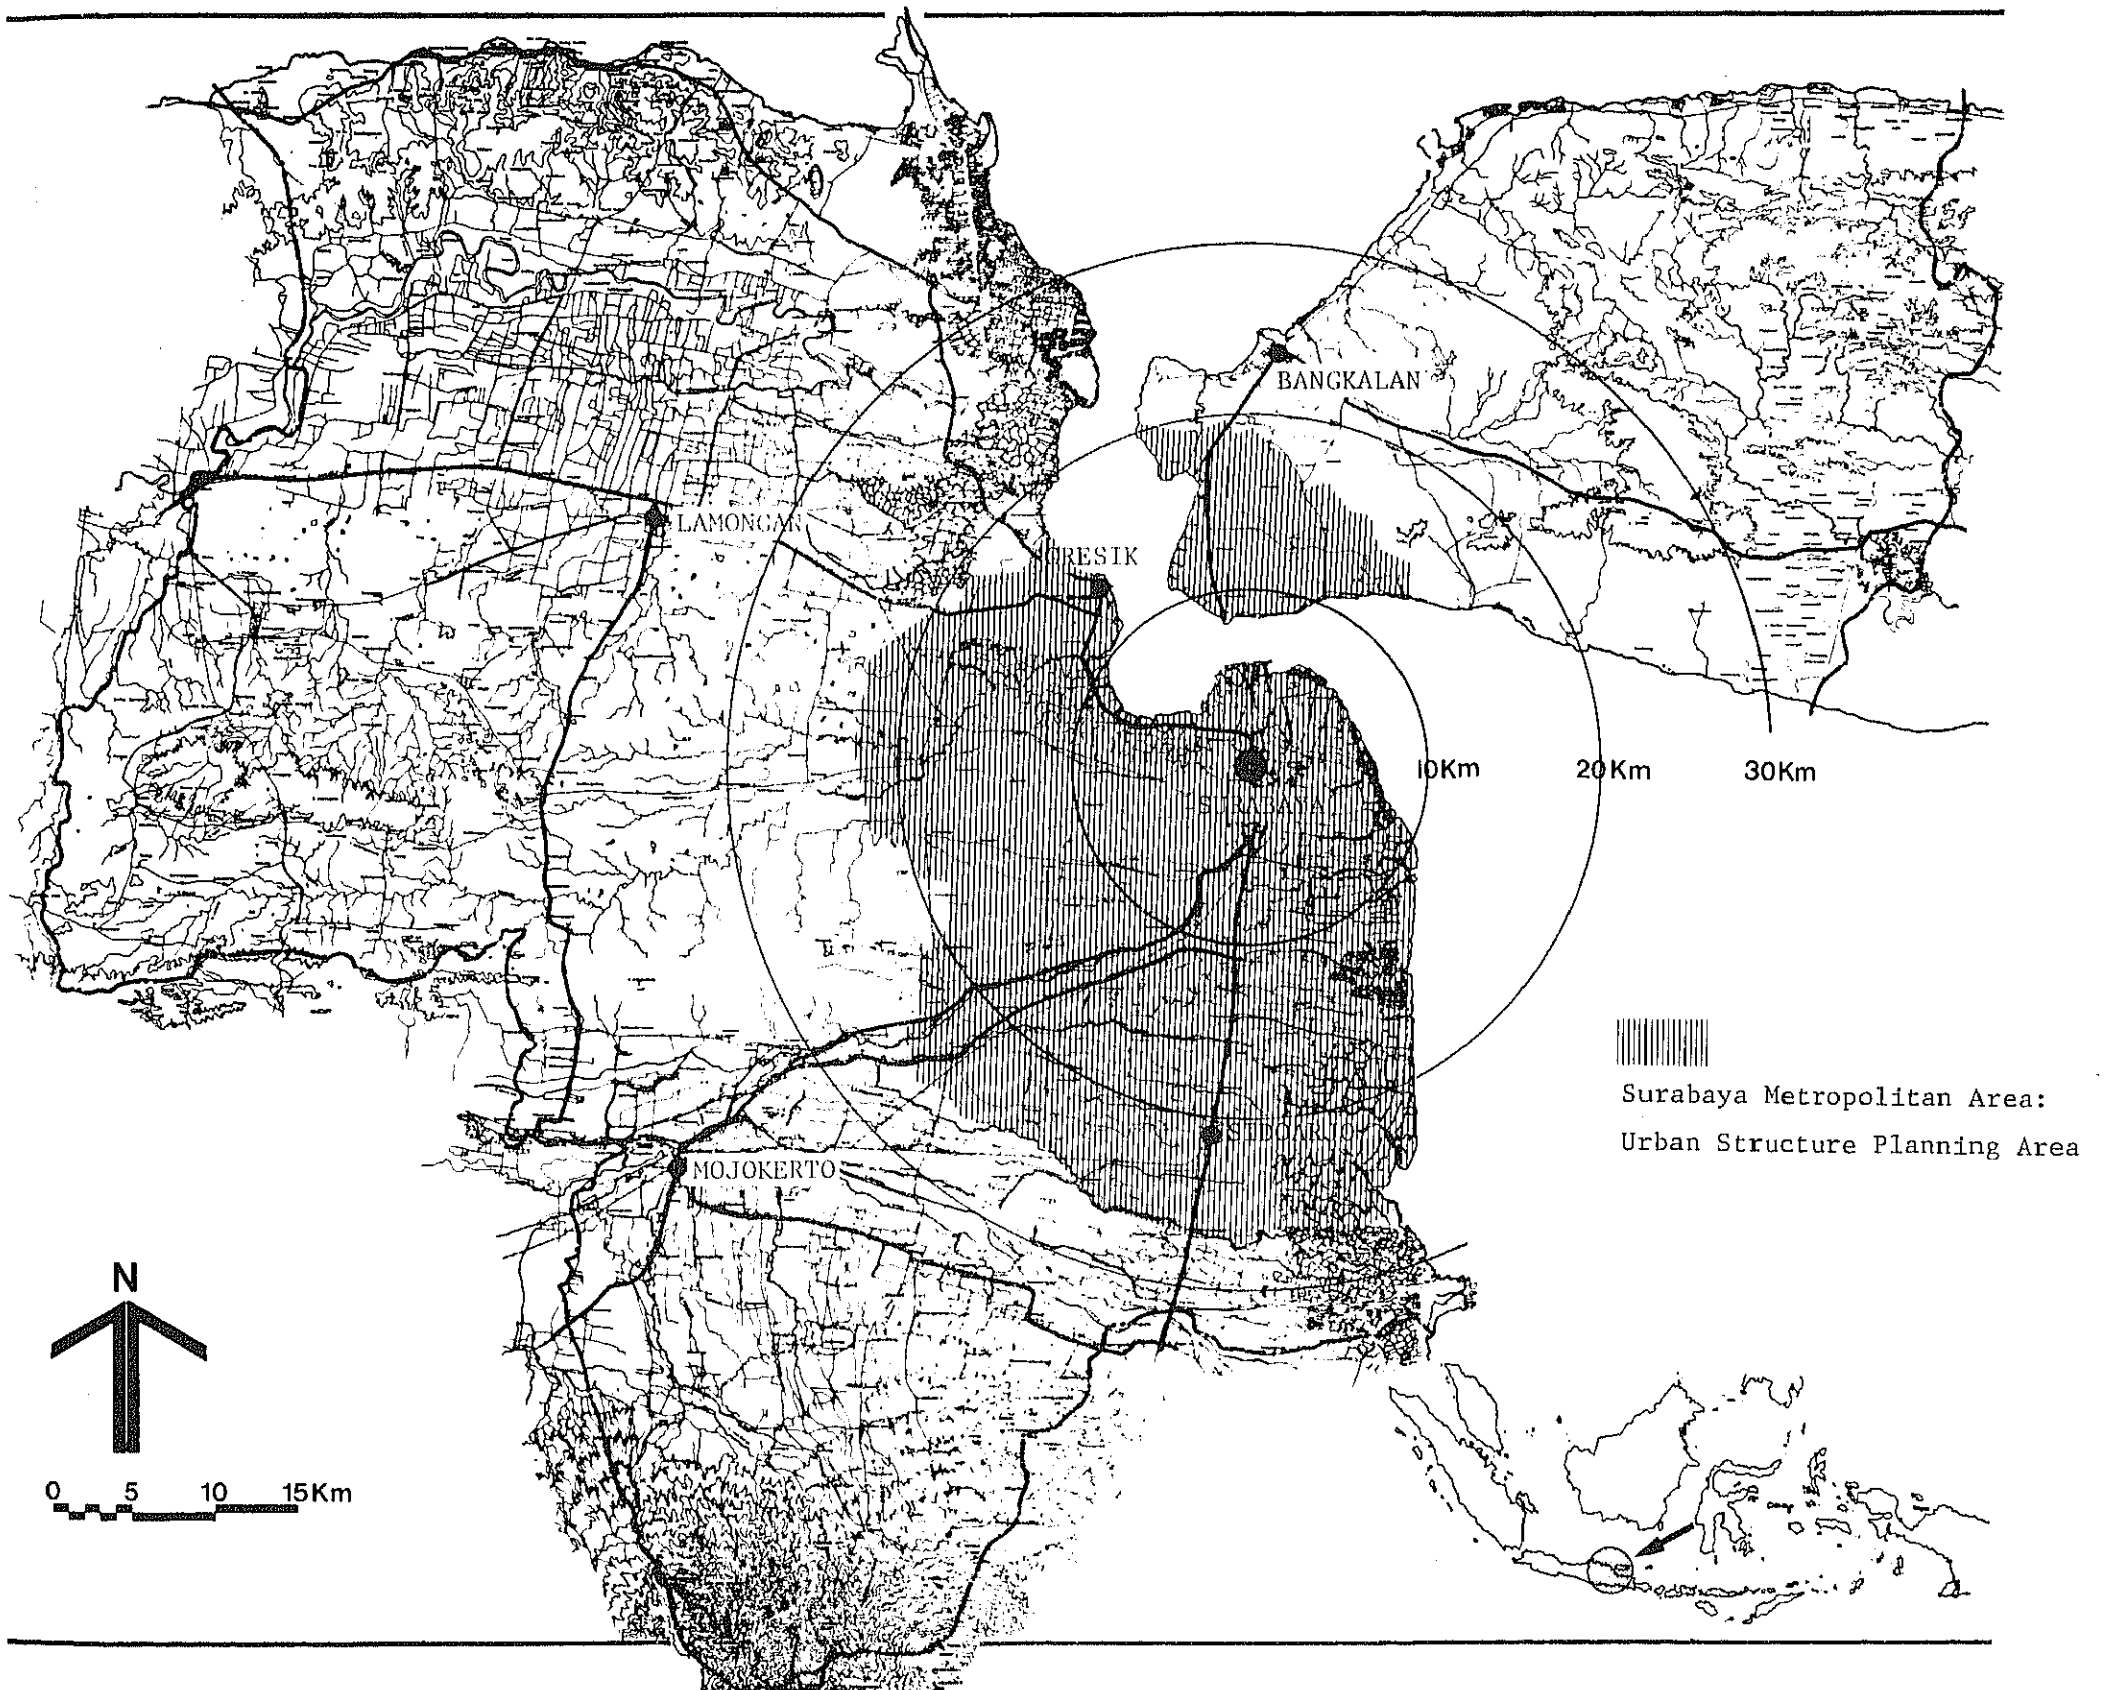

T. TAKAHASHI
Chairman
