C.3 Wave Height and Its Direction observed at the Offshore of Piçarras Coast

Remarks;

The symbols in the attached table show the following:

M	:	month
D	:	day
H	:	time
WNO	:	number of wave observed for 2 hours duration
HMAX	:	the maximum wave height in meter
TMAX	:	wave period of the maximum wave (HMAX) in second
H10	:	wave height of 1/10 significant wave in meter
T10	:	wave period of 1/10 significant wave in second
H3	:	wave height of 1/3 significant wave in meter
T3	:	wave period of 1/3 significant wave in second
HM	:	an average wave height in meter
TM	:	an average wave period in second
