

4. ミニッツ

Minutes of Meeting
Between
The Japanese Preliminary Study Team
And
The Sri Lanka Ports Authority
Regarding
The Development Study on the Port of Galle
In the Democratic Socialist Republic of
Sri Lanka

The Japanese Preliminary Study Team organized by Japan International Cooperation Agency (hereinafter referred to as JICA) headed by Mr. Hiroshi Ueda visited Sri Lanka from April 4 to April 11, 1990 and had a series of discussions with the Sri Lanka Ports Authority (herein after referred to as SLPA) regarding the Development Study on the Port of Galle in the Democratic Socialist Republic of Sri Lanka.

The list of the members of the Team and the participants from the SLPA is shown in the Annex.

After a series of discussions the SLPA and the Team agreed on the final scope of work dated April 10, 1990 for the study. The following points were noted by both parties.

1. The Sri Lanka side pointed out as an urgent necessity the need to formulate a plan for the adequate arrangement of the main breakwaters and channel alignment ("the urgent Improvement Plan") within the framework of the Short Term Development Plan in view of the very urgent need to meet essential basic human needs of the Southern region of the Country.

The Japanese side stated that the Urgent Improvement Plan shall be prepared on examination of the necessity of the plan from various aspects of the full-scale study.

2. The Sri Lanka side requested that the Interim Report(II) including the urgent Improvement Plan shall be submitted by the end of March 1991.

3. The Japanese side received confirmation from the SLPA that the necessary data and information for the study including that pertaining to industrial development and regional development will be provided.

4. The Japanese side requested the SLPA to arrange office space for the full scale study team.
