Ext 1985.8.1 - 1987.7.31

Date of this Survey : April 24, 1990

I. Organization (Implementing Agency during the cooperation Period)

1. Source of information (Source of information on Organization):

1) Informant

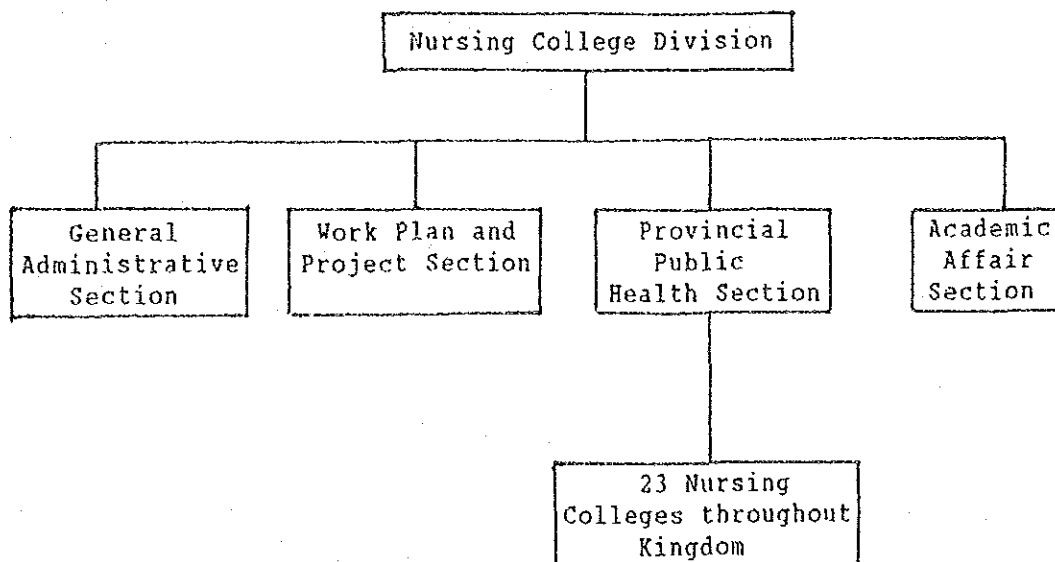

(1) Name and Title: Mr. Kovit Wiwatsorn (Chief of Audiovisual Section)

(2) Organization and Telephone Number: Nursing College Division,
Ministry of Public Health
Tel 281-5824, 282-1892

2) Date of interview: April 24, 1990

3) Collection of the latest organization chart:
 Attached herewith Unavailable

Organization Chart

2. Survey items:

1) Choose (1) or (2) Depending on the cases.

(1) In case the original implementing Agency

Present name of the Agency: Nursing College Division
Ministry of Public Health

Present address; Telephone No.:.....

Nursing College Division

Office of the Permanent Secretary for Public Health

Ministry of Public Health

Tel 231-5824 292-1892

[2] Number of staff related to Project activities:

75 persons (excluding staff of Nursing college in the province

188 persons (working at Sri Mahasarakham Nursing college SNC)

[3] Name and title of the Supervisor directly related to the project: Mrs. Chusie Nursing Colleges Division

[4] Annual budget allocated to the project:.....

Office of Nursing College Division (N.A.)

Budget of SNC is 5-6 million Baht per annum.

[5] New name, if any, of the higher ranking organization

[6] Remarks: Nursing College Division, Office of the Permanent Secretary for Public Health are responsible for Nursing Education provision. This means this division will prepare instructional package (audiovisual), and evaluation method to be supplied to 23 Nursing Colleges throughout kingdom.

or

(2) [] In case the original implementing Agency does not exist.

[1] Existed until:.....

{2} Reason for

- a Completion of Project objectives
- b Lack of sufficient funds
- c Change of government's policies
- d Agency's activities were taken over to other Agency
- e Others

Please specify:.....

Explanation for the above a, b, or, c:.....

.....

{3} If Project activities have been taken over by other Agency

a. Name of the Agency:.....

Address; Telephone No.:.....

.....

b. Total number of staff:.....

Number of staff directly related to the project:....

.....

Number and title of Supervisor directly related to the project:.....

c. Annual budget allocated to Project:.....

d. Reason why Project has been taken over by them:.....

.....

2) Present condition of main counterparts who worked for the Project during the cooperation period:

{1} Mrs. Paga Settachan - is still director of nursing college division

{2}.....

{3}.....

3) Special Remarks, if any:.....

.....

II. Maintenance & Operation of Facilities (Related facilities to the Project which have been constructed with Japanese)

1. Source of information (Source of information on Facilities):

1) Informant

(1) Name and Title: Mr. Kovit Wiwatsorn (Chief of Audiovisual Section)

(2) Organization and Telephone Number: Nursing College Division,
Ministry of Public Health
Tel 281-5824, 282-1892

2) Date of interview: April 24, 1990

3) Collection of the latest organization chart:

Attached herewith Unavailable

2. Survey items:

1) Choose (1) or (2) Depending on the cases.

(1) Facilities were expanded or remodeled

[1] Date of expansion:.....

[2] New name of the facilities:.....

Purpose for expansion:.....

Size for new facilities:.....

[3] Source of finance:.....

[4] Utilization of overall facilities:

a. Often utilized they are old enough

b. Sometimes utilized Major facilities are out
of order

c. Hardly utilized ... Other reason
(Please specify:.....)

d. Utilized for other purposes

(Please specify:.....)

or

(2) Facilities have remained remodeled or been partly decreased
in scale

[1] Name of existing facilities:.....

Purpose:.....

Size:.....

{2} Reason for scale down:.....

{3} Utilization of existing facilities:

- a. Often utilized they are old enough
- b. Sometimes utilized Major facilities are out of order
- c. Hardly utilized ... Other reason
(Please specify:.....)
- d. Utilized for other purposes

(Please specify:.....)

or

(3) Facilities were demolished

{1} Date of demolish:.....

{2} Reason:.....

.....

2) Present condition of Project-related facilities financed by other donors

.....

.....

3. Special remarks, if any:

Besides, equipments, vehicles, Nursing College Division also received grant aid from Japanese government for construction of Srimahasarakarm Nursing College in 1981, and construction completed in 1983. There are 6 building in the compound, main building, dormitory, cafeteria, conference room, reception hall, etc. Facilities of Srimahasarakarm Nursing College, are mainly maintained in excellent conditions, and served the needs of nursing students which come from the North-East region.

4. Please attach more than two photographs related to the above facilities. (date and brief explanation shall be written on te back of each photograph)

(2) Equipment and Materials have not been renewed:

- a. They are often utilized Shortage of spare parts and/or consumables
- b. They are sometimes utilized They are out of order or exhausted
- c. They are hardly ...utilized Other reason (Please specify:.....)
- d. They are utilized for other purposes

(Please specify:.....)

2) Name of major three (3) equipment or materials still frequently utilized: For Ausiovisual Equipments, Those highly utilized items are:-

- (1) VDO camera (Portable)
- (2) Editing equipment
- (3) Sound effect equipment

3) Name of major three (3) equipment or materials hardly utilized and respected reasons:

- (1) Portable tape recorder.....reason..out of order.....
- (2) Duplicating tape.....reason..out track of them is out of order
- (3) For other AV equipments....reason..they are now getting old and can not provide a high quality product.

3. Special remarks, if any:

Details of equipment utilization given here are those interviewed with official of Nursing Colleges Division. For conditions and utilization of equipments in Srimahasarakarm Nursing College (SNC) equipment in laboratory are fully utilized in the teaching process, for audio visual some of them are out of order and need spareparts to replace the original one. More than 80% of equipment at SNC are highly utilized, and all of them are kept in working condition.

4. Please attach more than two photographs related to the above equipment and materials. (date and brief explanation shall be written on the back of each photograph)

IV. Performance and Impact of the Project (Performance by counterpart and/or their successors and impact of the Project after the cooperation terminated)

1. Source of information (Source of information on Performance and Impact of the Project):

1) Informant

(1) Name and Title: Mrs. Rajitr Nikormrat (Director)

(2) Organization and Telephone Number: Srimahasarakarm Nursing College, Mahasarakarm Province 44000

2) Date of interview: February 20, 1990

2. Survey items:

1) Choose (1) or/and (2) or/and (3) depending on the cases.

(1) Persons-----Kind of occupation or qualification of persons to whom technology has been transferred:

	1988	1989
1) No. of Graduate in Nursing and Midwife Program (4 yr-program)	151	140
2) Temporary Nursing Program	78	94
Total	229	234

and/or

(2) Products-----Name:-----
 Quantity: Fiscal year 1988.....persons
 Fiscal year 1988.....persons

and/or

(3) Others -

3. Special remarks, if any

The graduate of Sir Mahasarakarm Nursing College has contributed to the operation of hospital in the North-East. There are 36 hospitals located in the North-East which accepted nurses mainly graduated from SNC.

For office of Nursing College Division in Bangkok, they are regularly providing training course for 30-35 personnels throughout the kingdom once a year. Moreover, the education program made by the office is about 5-6 programs, which will be distributed to nursing colleges throughout Thailand.

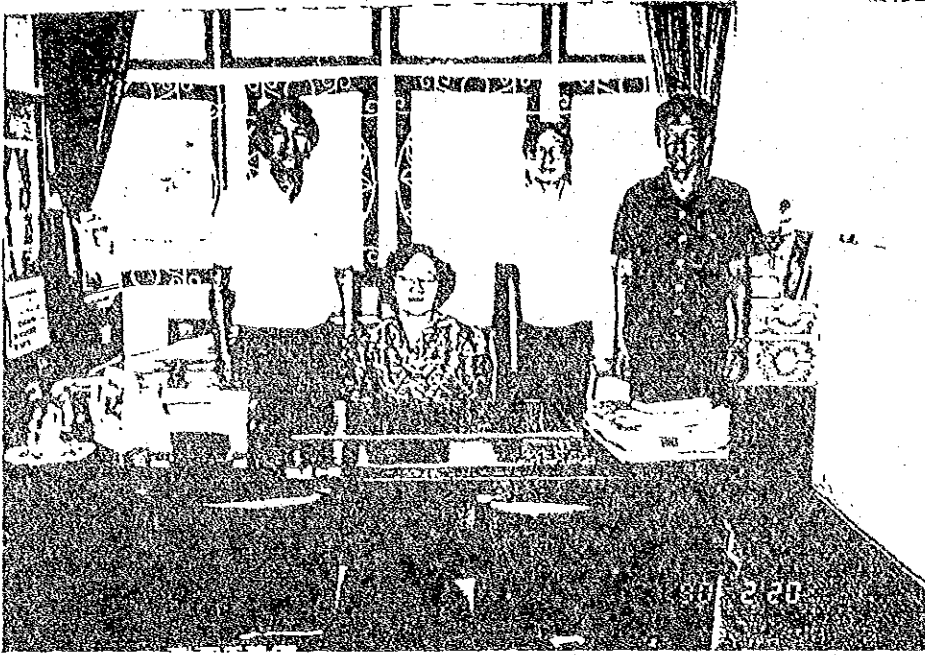

4. Please attach more than two related photographs (date and brief explanation shall be written on the back of each photograph)

V. Articles and/or Reports

Please attach articles, etc. in newspapers or magazines which taken up project activities and/or copies of evaluation reports by other organization, if any with the name and date of the newspapers or magazines. (Translation into English)

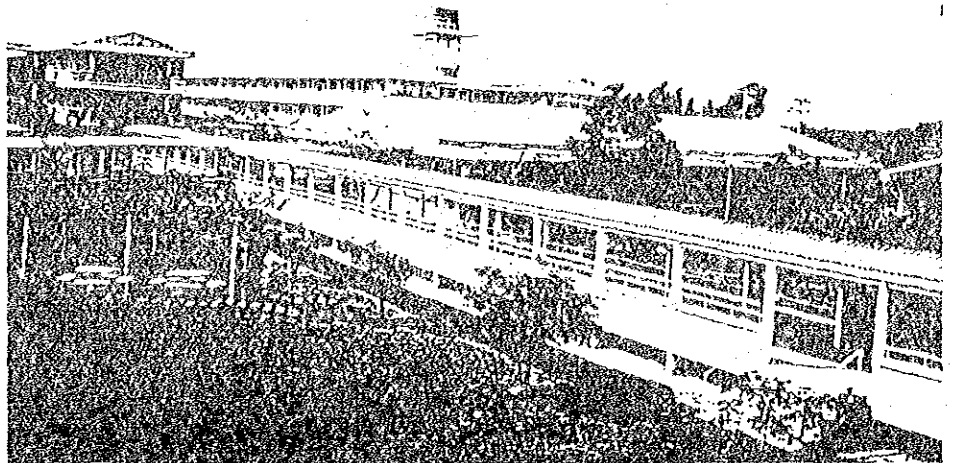

Although the activities of Srimahasarakarm Nursing College has seldomly been reported in the newspaper, the name of SNC has been popular among the local residents. Since the facilities of the SNC are new and designed in modern style, it has attracted a lot of admirers who come to visit the SNC. Moreover, the main auditoriam which can accommodate up to 800 people are used as meeting hall for various purposes, such as Green E-sarn meeting, and other activities of the province, including sport activities.
