LIST OF REPORTS

EXECUTIVE SUMMARY

MAIN REPORT

1. Vol.1 Water Resources Development and Use Plan towards 2010
2. Vol.2 Master Action Plan towards 2000
Part 1 : National Water Master Action Plan
3. Vol.3 Master Action Plan towards 2000
Part 2 : Action Plan by Province/District

SECTORAL REPORT

1. A Socio-economy
2. B Hydrology
3. C Groundwater Resources
4. D Domestic and Industrial Water Supply
5. E Agriculture and Irrigation
6. F Livestock, Wildlife and Fishery
7. G Flood Control Plan
8. H Dam Development Plan
9. J Dam Geology
10. K Topographic Survey of 11 Damsites
11. L Power Development Plan
12. M Integrated Water Resources Development Planning
13. N Environmental Conservation
14. P Laws and Institutions
15. Q Database
16. R Remote Sensing Analysis
17. S GIS-based Analysis

DATABOOK

1. DB.1 Hydrological Data (Study Supporting Data)
2. DB.2 Groundwater Data (Aquifer Test and Well Survey)
3. DB.3 Groundwater Data (Study Supporting Data)
4. DB.4 Topographic Survey Data
5. DB.5 Inventory of Irrigation/Drainage Schemes
6. DB.6 Project Sheet for Urban Water Supply

PREFACE

Administrative Division of Districts

In this Study, the original 41 districts were considered and various statistical data, particularly socio-economic information, were collected for these districts. During the progress of the Study, six districts were detached from the original ones and established as new districts. In the report, the data on these new districts are grouped together with the corresponding original districts as shown below.

| | <u>Original Districts</u> | <u>New Districts</u> | <u>Data included in:</u> |
|----|---------------------------|----------------------|--------------------------|
| 1. | Machakos | Makueni | Machakos/Makueni |
| 2. | Kisii | Nyamira | Kisii/Nyamira |
| 3. | Kakamega | Vihiga | Kakamega/Vihiga |
| 4. | Meru | Tharaka-Nithi | Meru/Tharaka-Nithi |
| 5. | Kericho | Bomet | Kericho/Bomet |
| 6. | South Nyanza | Migori | South Nyanza/Migori |

(Note: The last three Districts were established very recently.
The report refers only to the names of the original 41 districts.)

The administrative boundary map used in this Study is the latest complete map set covering the whole country (41 Districts, 233 Divisions and 976 Locations), prepared in 1986 by the Survey of Kenya, Ministry of Land and Housing.

Data and Information

The data and information contained in the report represent those collected in the 1990-1991 period from various documents and reports made available mostly from central government offices in Nairobi and/or those analyzed in this Study based on the collected data. Some of them may be different from those kept in files at some agencies and regional offices. Such discrepancies if any should be collated and adjusted as required in further detailed studies of the relevant development projects.

THE STUDY ON THE NATIONAL WATER MASTER PLAN

DATABOOK : DB.1 HYDROLOGICAL DATA (SUPPORTING DATA)

TABLE OF CONTENTS

| | Page |
|---|------------|
| 1. METEOROLOGICAL DATA | 1-1 |
| 2. RAINFALL DATA | |
| 2.1 Inventory of Rainfall Gauging Station | 2-1 |
| 2.2 Basin Mean Rainfall by Sub-drainage Area..... | 2-52 |
| 2.3 Basin Mean Rainfall by District..... | 2-57 |
| 2.4 Basin Mean Rainfall by Location | 2-58 |
| 2.5 Monthly Rainfall Data | 2-72 |
| 3. DISCHARGE DATA | |
| 3.1 Inventory of Water Level Gauging Station | 3-1 |
| 3.2 Rating Equation..... | 3-18 |
| 3.3 Dimensionless Flow Duration Curve..... | 3-44 |
| 3.4 Monthly Discharge Data..... | 3-68 |
| 4. SUSPENDED LOAD DATA | 4-1 |
| 5. WATER QUALITY DATA ON SURFACE WATER..... | 5-1 |
| 6. INVENTORY OF SPRING, SWAMP AND SMALL DAM..... | 6-1 |

1. METEOROLOGICAL DATA
