

Land Use Potential

-  Protected Forest
-  Paddy
-  Field Crops and Tree Crops
-  Unsuitable for Cultivation
but can be Pasture / Livestock,
Grazing or Woodland Area
-  Existing Water Bodies

LEGEND

-  Major City
-  Major Roads
-  Railroads
-  Major River

SCALE

0 6.5 32.5 65.0
km

Note : This map composition was prepared using the Geographic Information System (GIS) Database developed in the study.

Map 4 General Land Use Potential of the Study Area

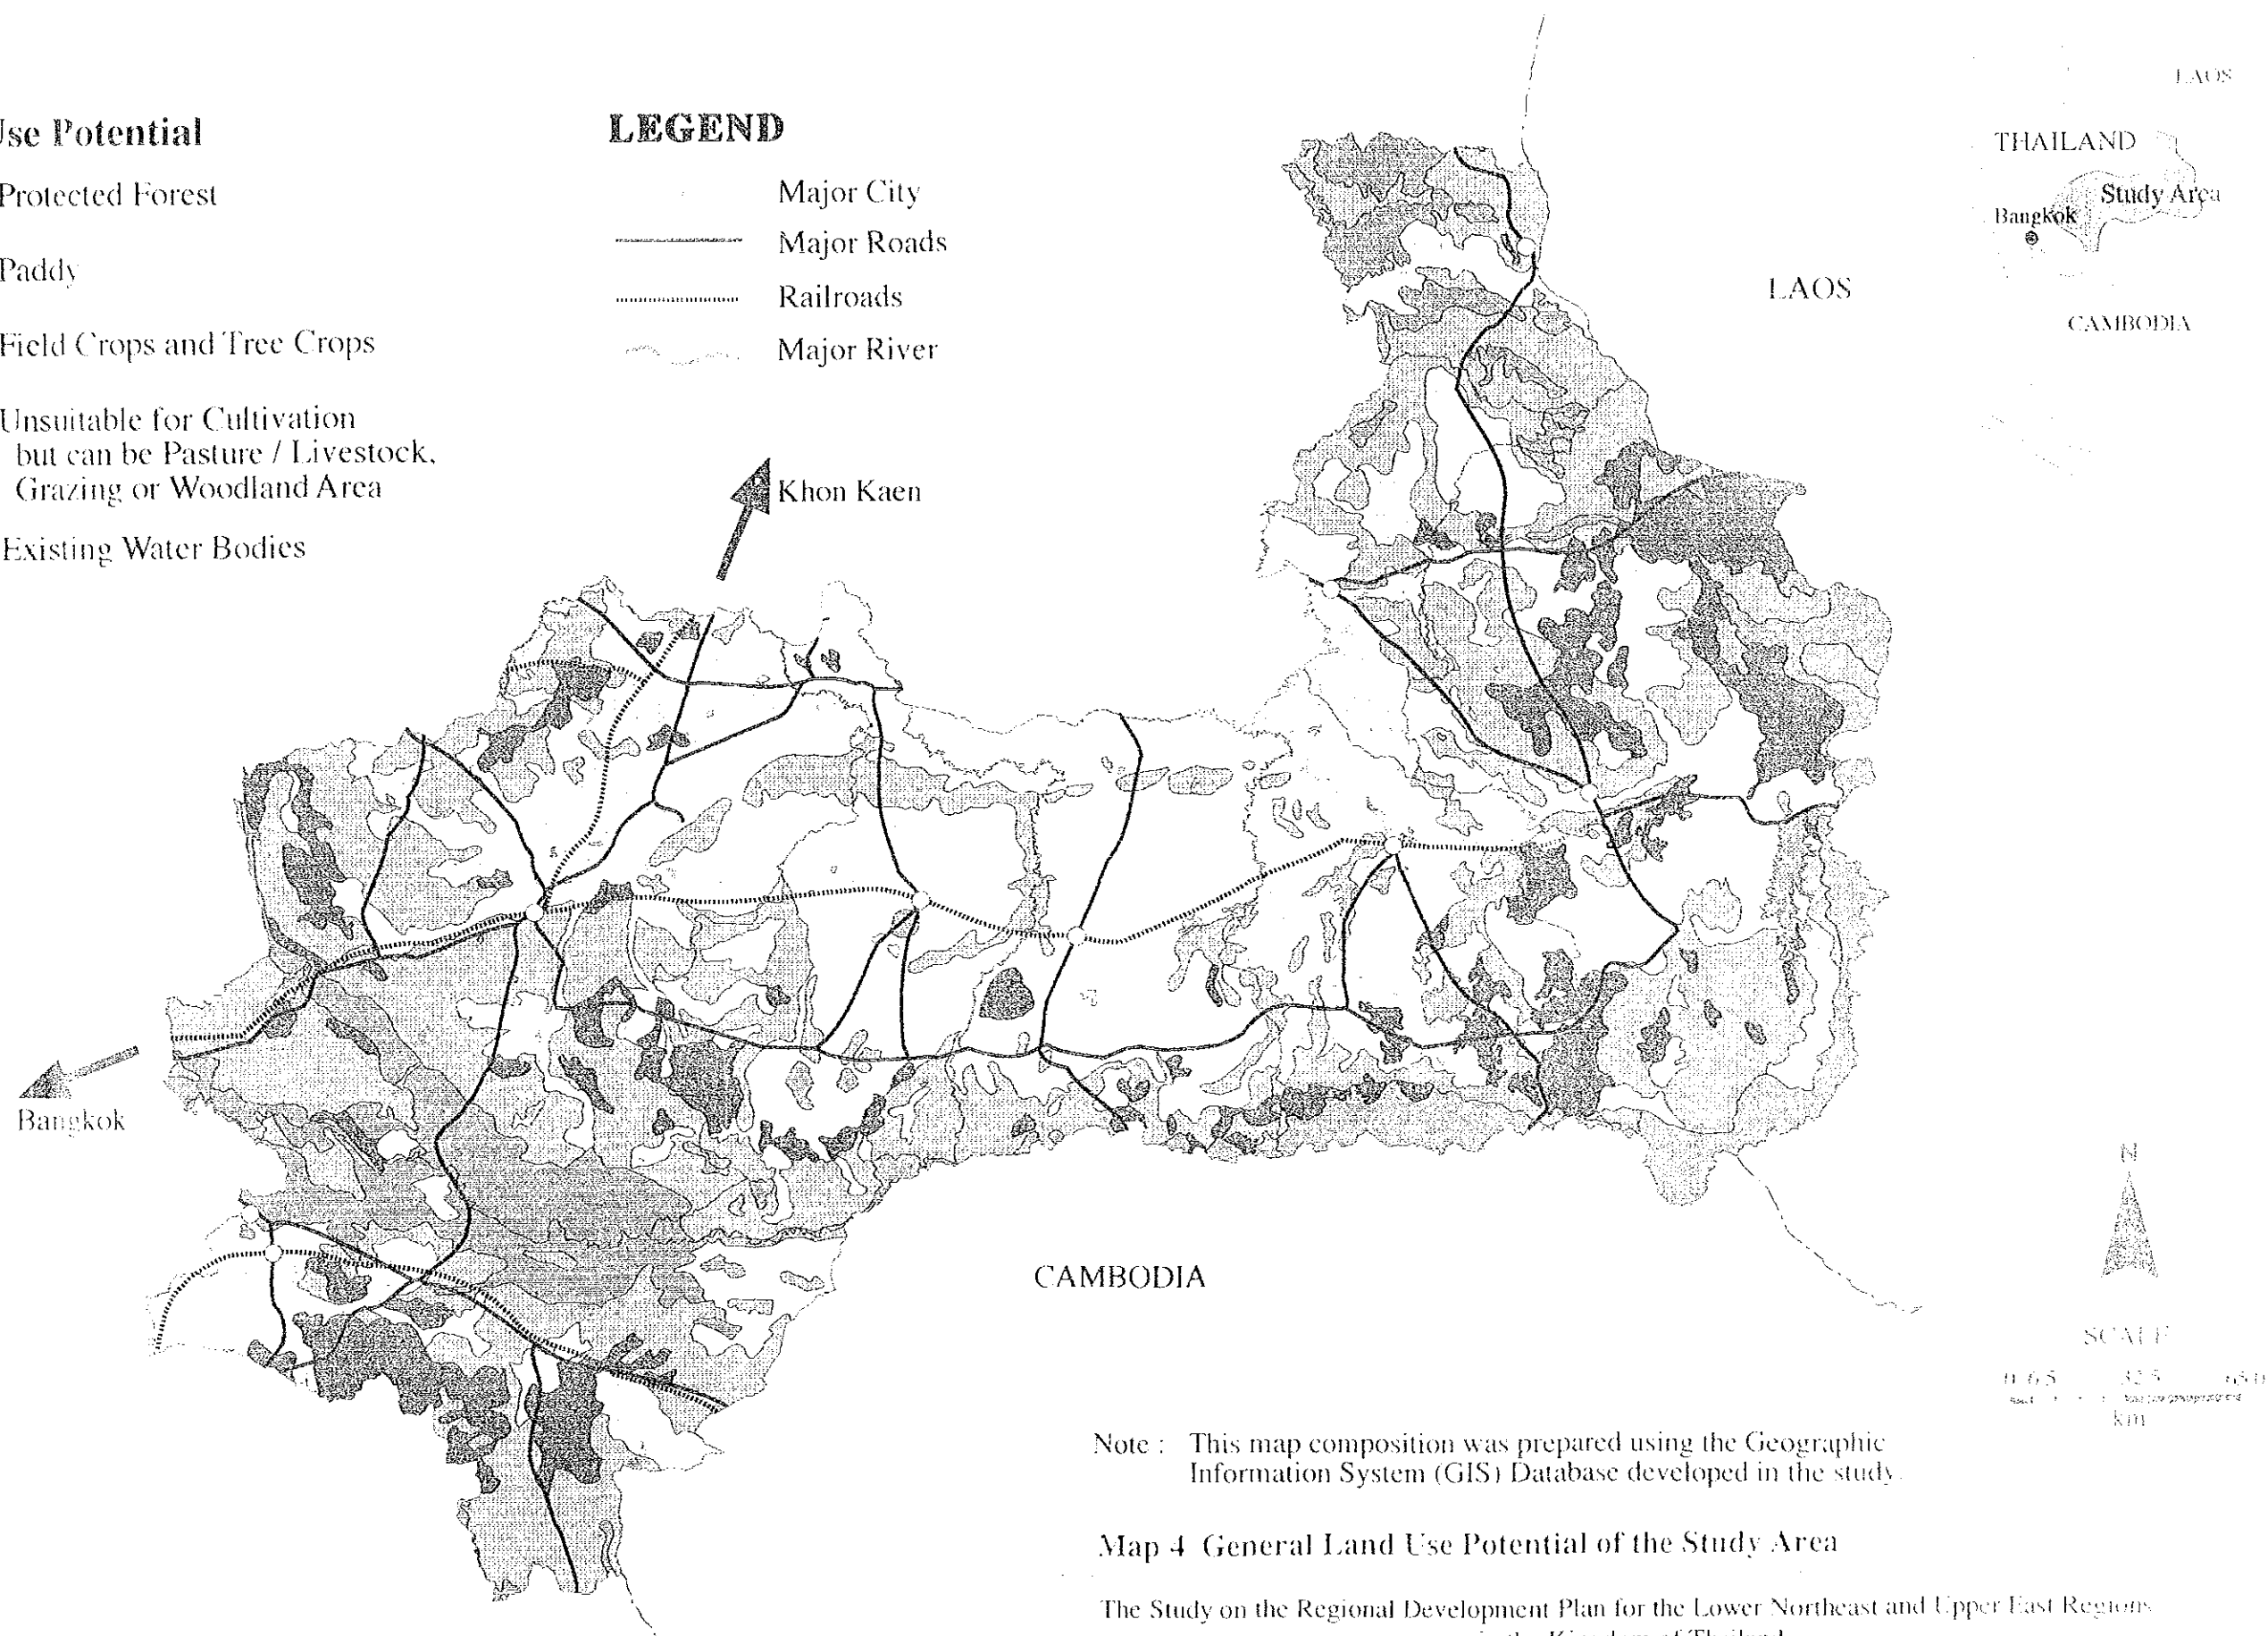

The Study on the Regional Development Plan for the Lower Northeast and Upper East Regions
in the Kingdom of Thailand

Map 4 General Land Use Potential of the Study Area

The Study on the Regional Development Plan for the Lower Northeast and Upper East Regions
in the Kingdom of Thailand

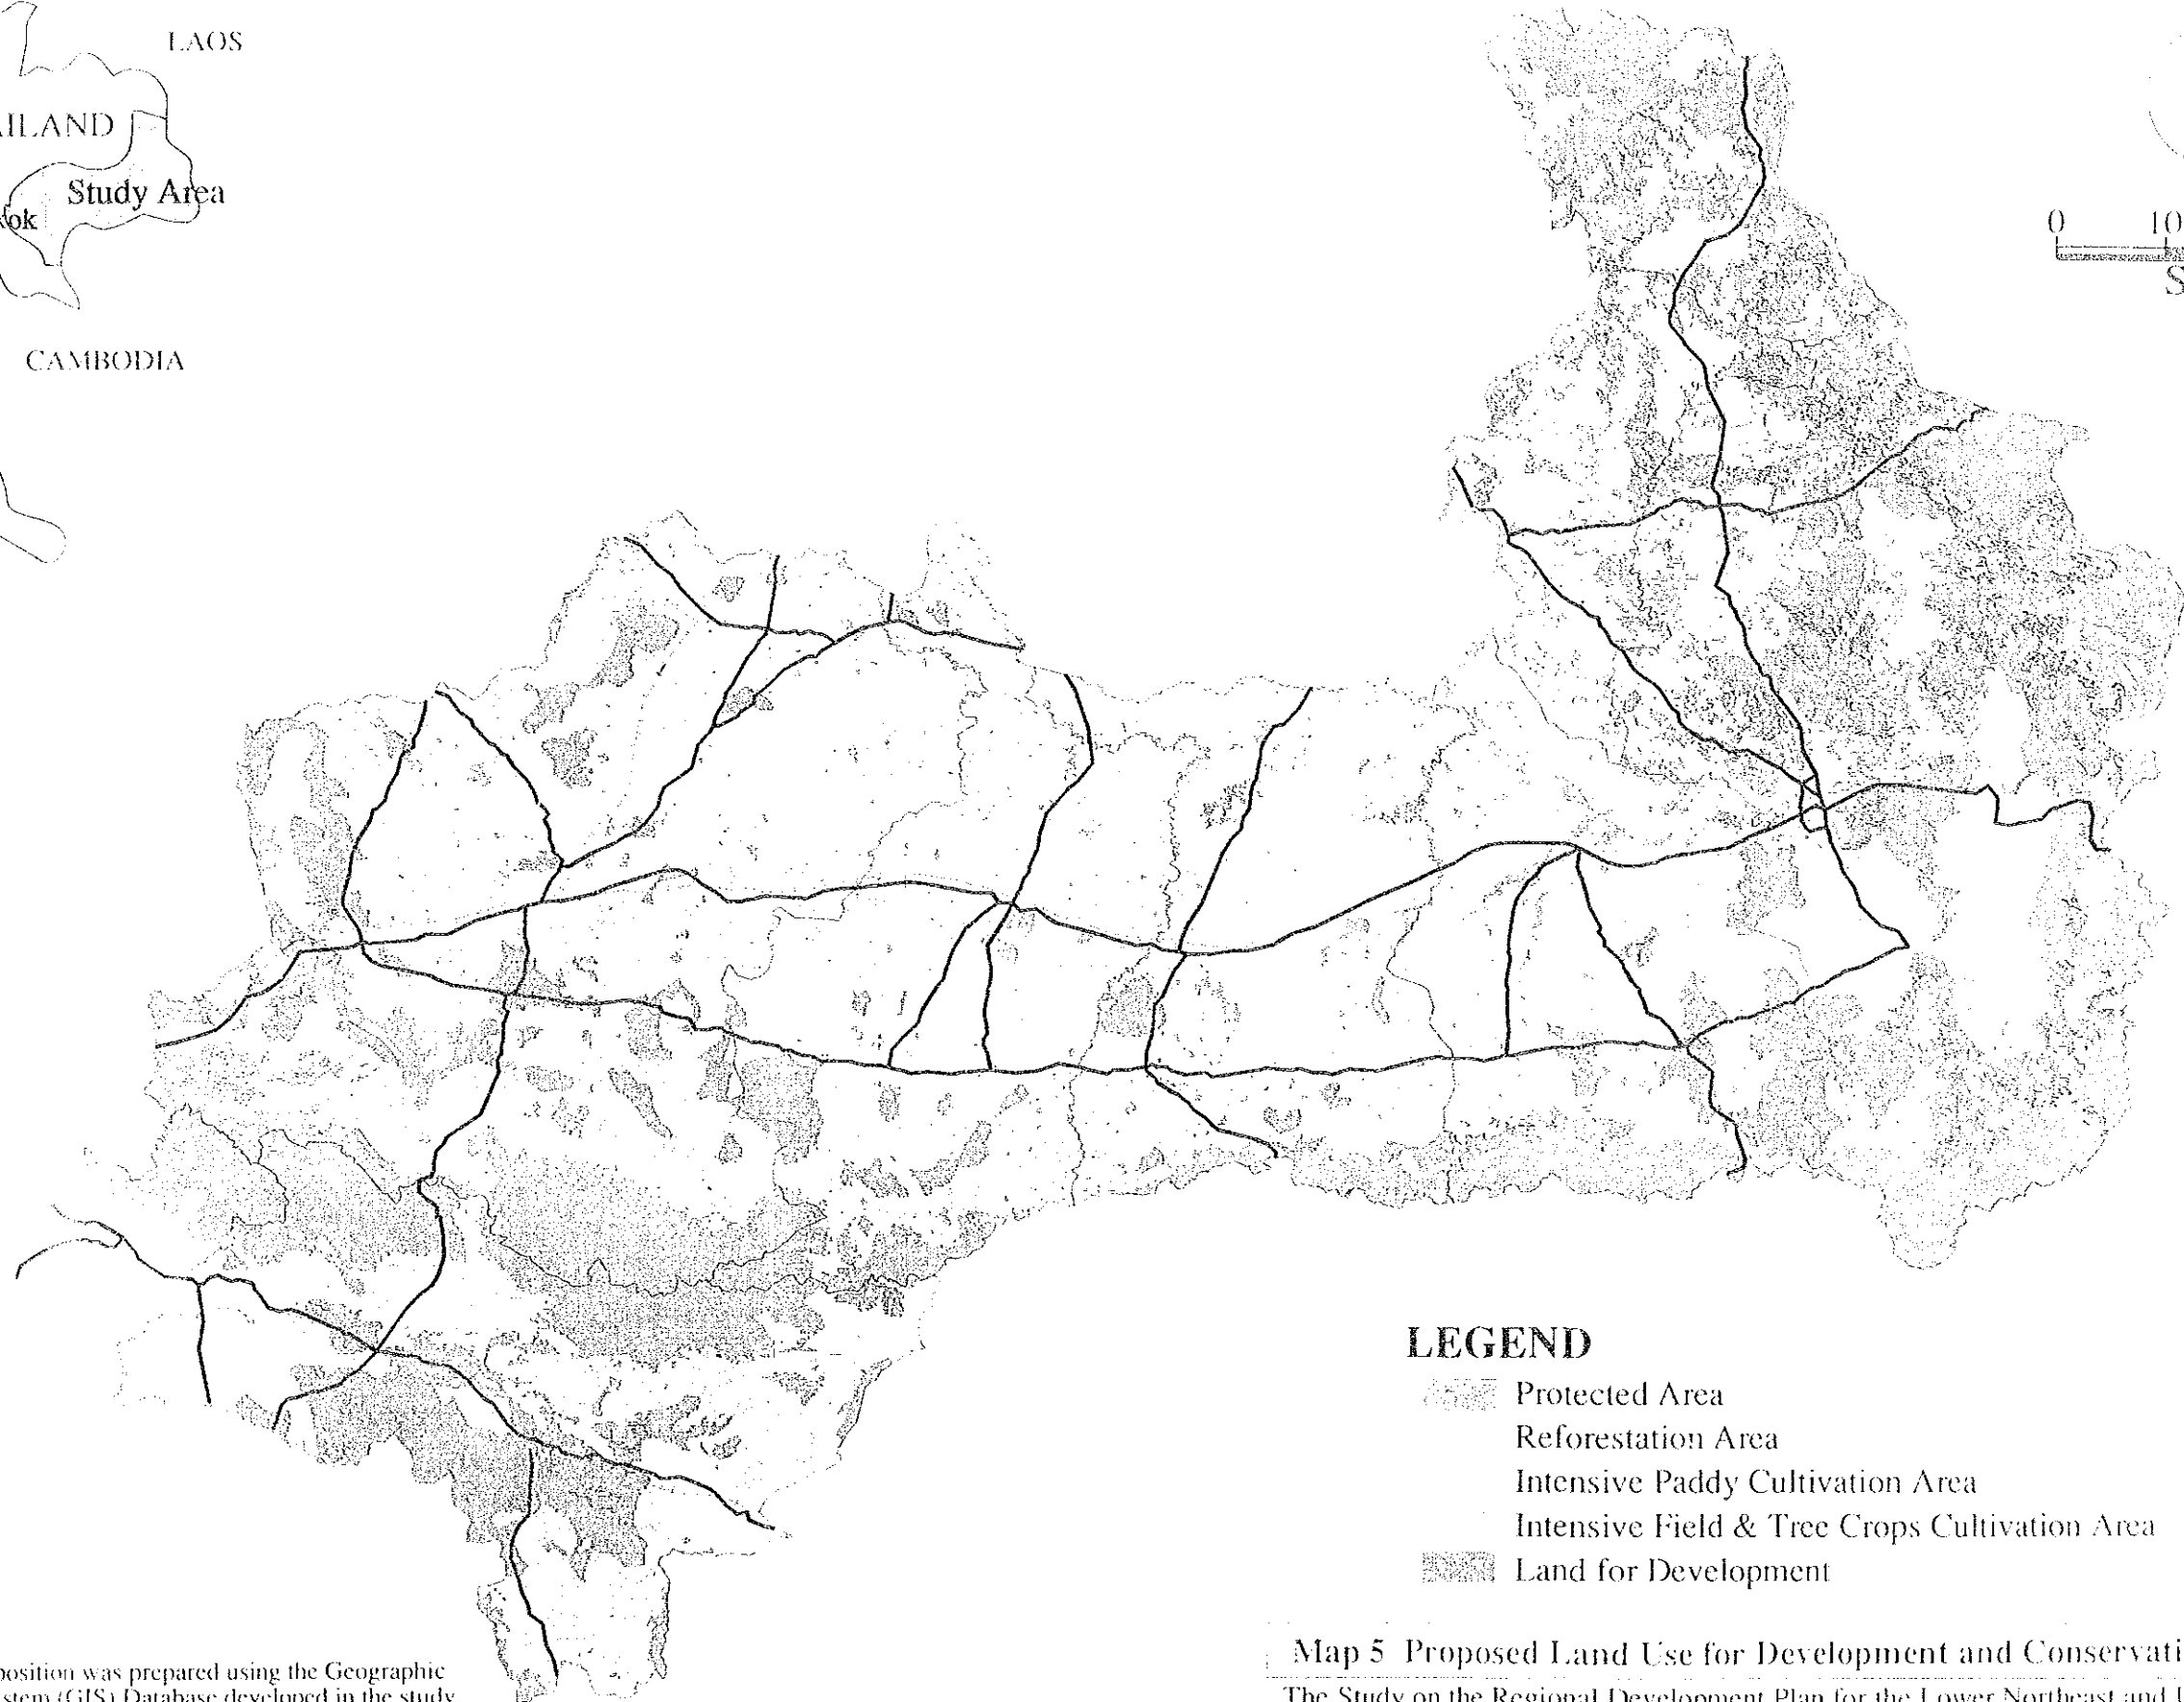

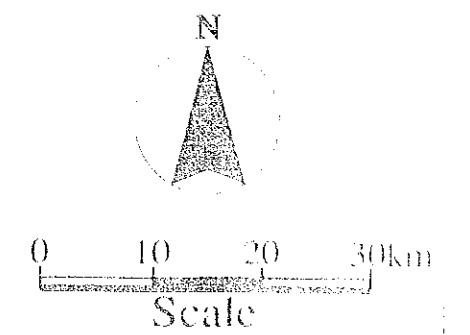

LEGEND

-  Protected Area
-  Reforestation Area
-  Intensive Paddy Cultivation Area
-  Intensive Field & Tree Crops Cultivation Area
-  Land for Development

Note : This map composition was prepared using the Geographic Information System (GIS) Database developed in the study.

Map 5 Proposed Land Use for Development and Conservation
 The Study on the Regional Development Plan for the Lower Northeast and Upper East Regions
 in the Kingdom of Thailand

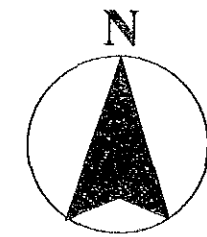

LEGEND

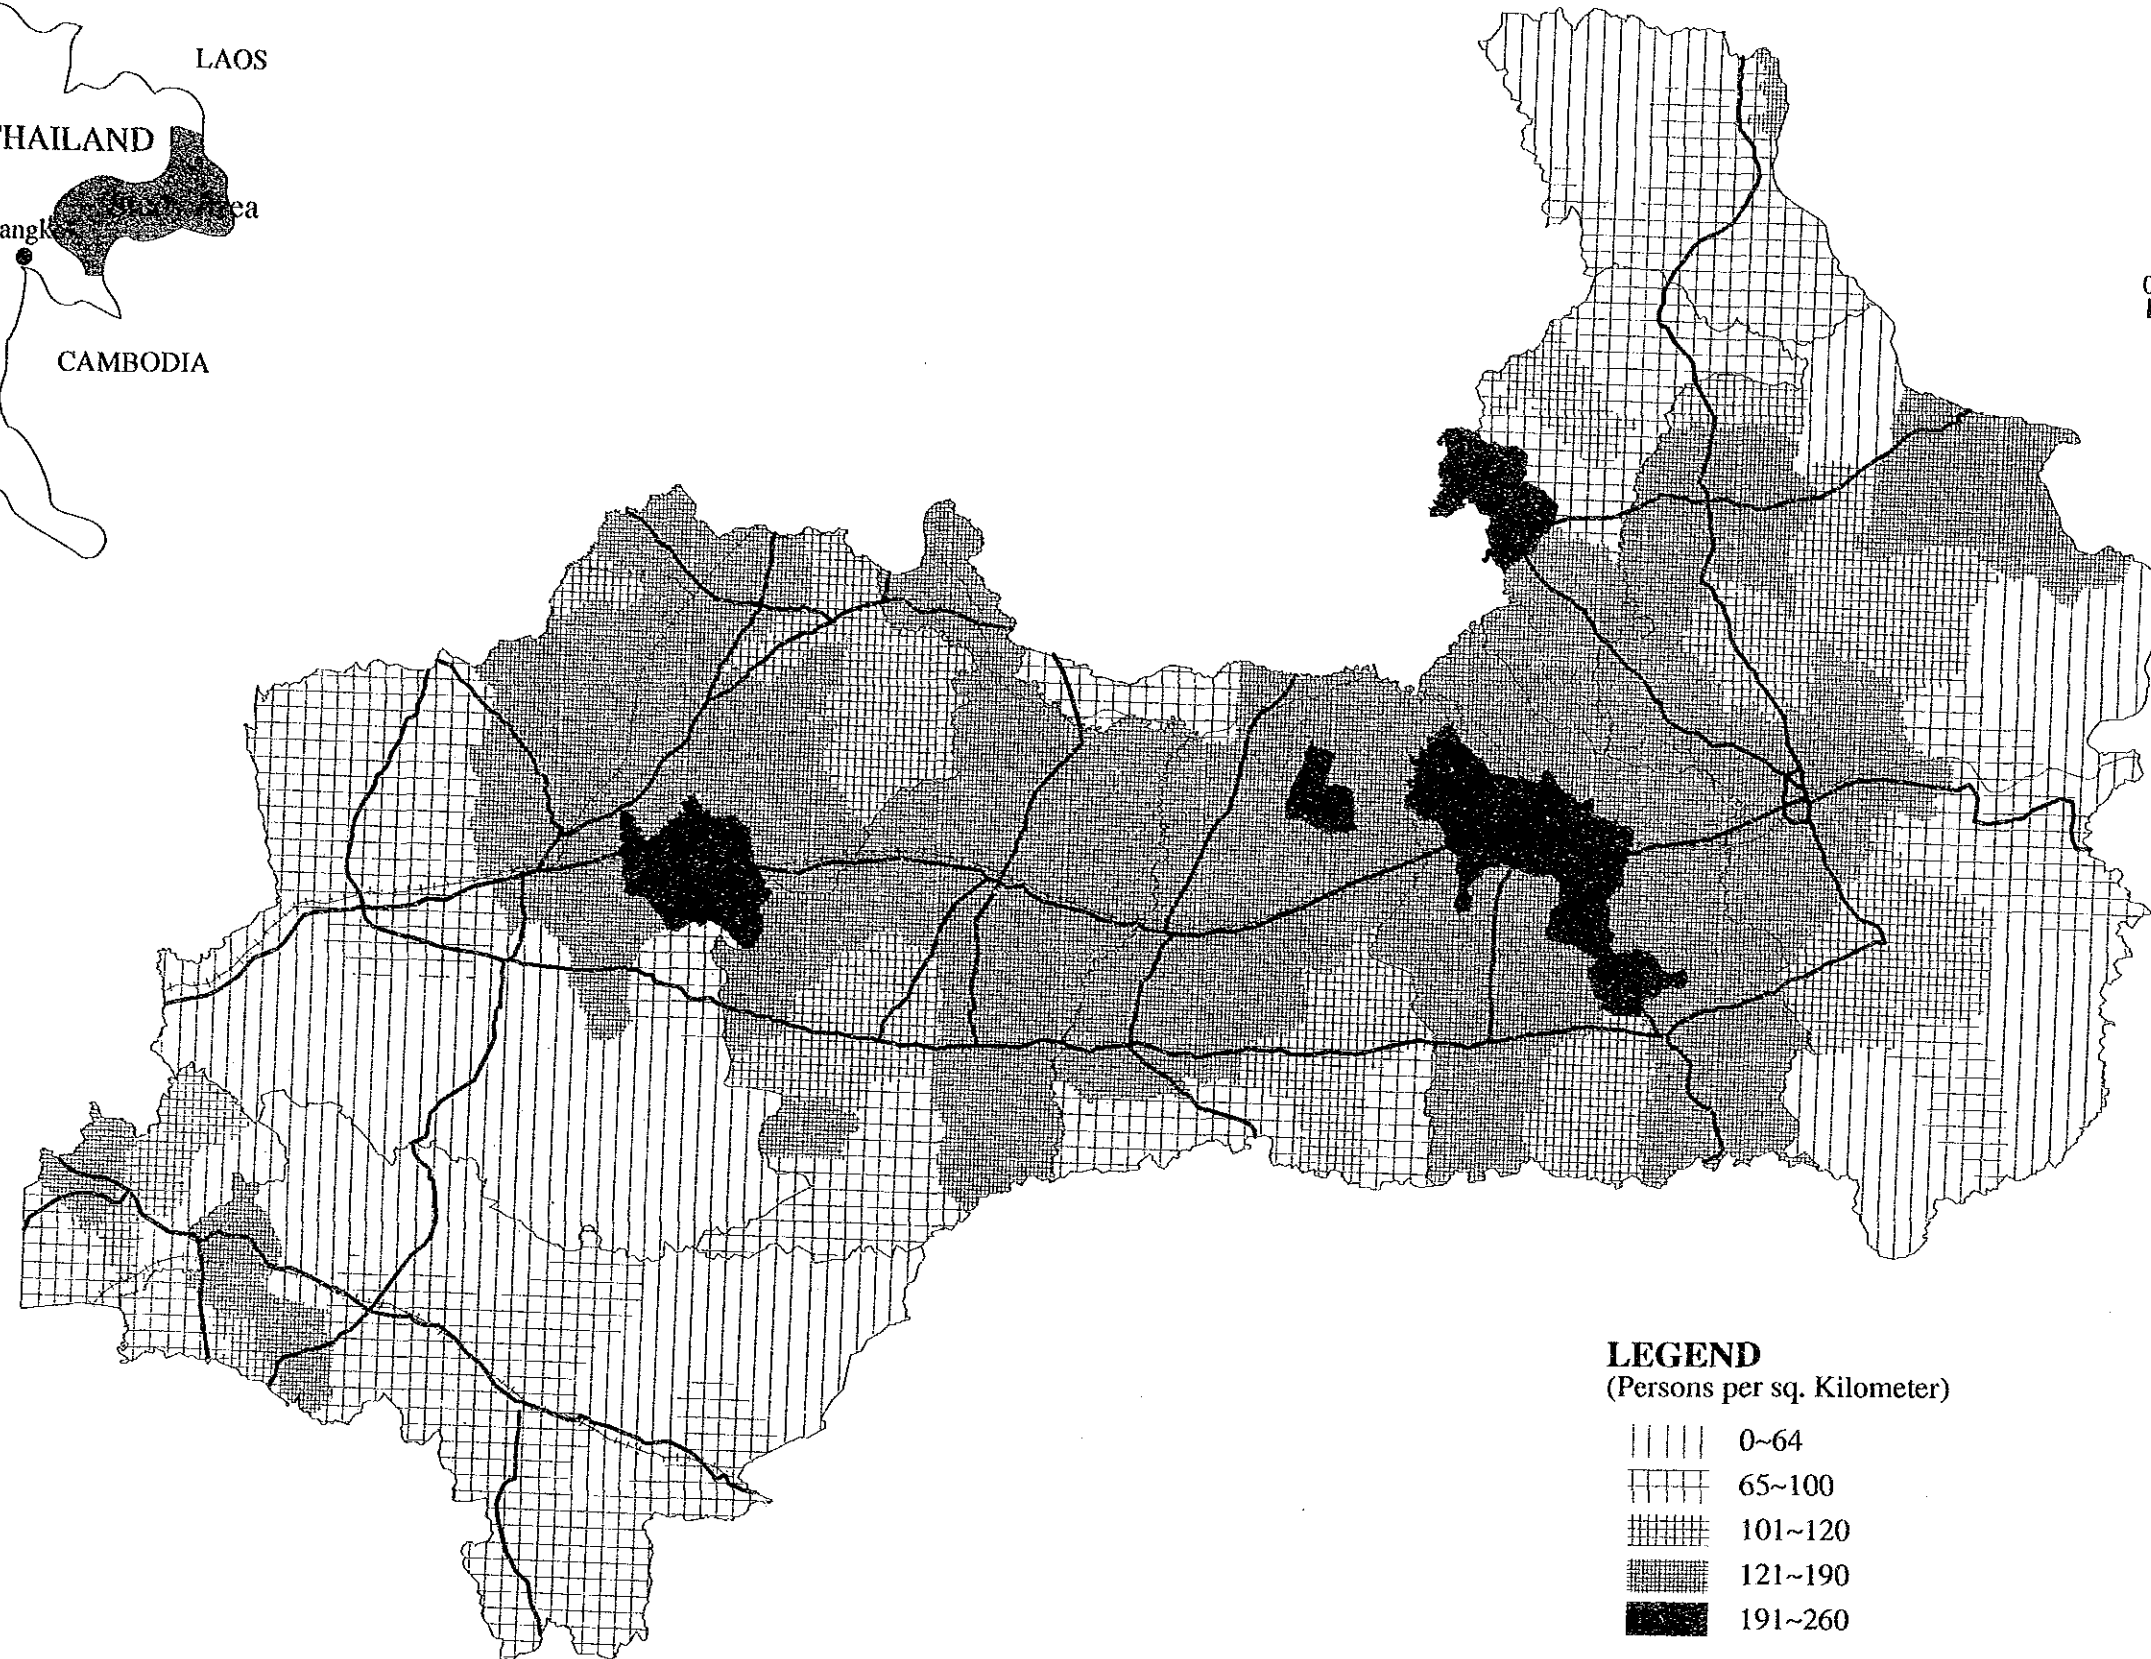

-  Protected Area
-  Reforestation Area
-  Intensive Paddy Cultivation Area
-  Intensive Field & Tree Crops Cultivation Area
-  Land for Development
