

APPENDIX 9.3.1

Household Survey

after

Installation of The PV System

1. Method of the survey and number of the households

(1) Targeted households

Households to install the PV systems (55 households)

(2) Date to be surveyed

The suevey was carried out in September, 1993.
The PV systema are installed at end of January.

(3) Methods of the survey

- 1) SEC employs two interviewers, and SEC explains this questionnaire to the two interviewers.
- 2) Two interviewers visit the targeted households in the six villages. And they ask the housewives or the masters about these questions. And fill out the questionnaire.
- 3) The interviewers select an answer from the choices (a, b, c, ...) below the question, or write a suitable answer in the prepared ().

(4) Targeted villages and number of the surveyed households

	Households surveyed	households installed PV system
Tratai	1	2
Notoue	13	15
Abaokoro	19	25
Marenauka	2	3
Tabonibara	5	6
Kainaba	4	4 + 1 (in Maneaba)

2. PV lighting system questions and responses

Q3. Regarding the fee of PV system ; What is your family's feeling about it compared with kerosene lamps ?

- a. Cheaper ----- 43
- b. About the same ----- 0
- c. Expensive ----- 1

Q4. How about the convenience of the PV lighting system? What is your family's feeling about it compared with kerosene lamp ?

- a. More convenient ----- 44
- b. About the same as kerosene ----- 0
- c. Less convenient ----- 0

Q5. What complains does your family have about the PV lighting system ?

- a. Not enough lighting ----- 2
(Sometimes: 2 HH)
- b. Time ----- 0
- c. Technical trouble ----- 1
(One light takes long to light: 1 HH)
- d. Insects ----- 25
(Sometimes:24 HH)
(Insects fill up the tube:1 HH)
- e. Others ----- 16
(No complaint:13 HH)
(Kitchen light need to be removed:1 HH)
(No light 2 days, panel shadow only 2 to 3 hours sunshine during the daytime: 1HH)
(It takes 3 minutes before the light is on 1 HH)

Q6. What kind of additional functions does your family want from the PV system ?

- a. More light ----- 44
(4 more light: 1 HH)
(3 more light: 13 HH)
(2 more light: 18 HH)
(1 more light: 9 HH)
(Others : 3 HH)
- b. Power outlet (What purposes ----- 44
(Radio: 44 HH)
(Tape recorder:12 HH)
(Refrigerator : 2 HH)
- c. Others ----- 0

Q7. What kind of services does your family need from the SEC that your family does not get now ?

- a. Quick Repair ----- 5
(Repair of light:1 HH)
- b. Move equipment ----- 2
- c. Add equipment ----- 2
(More light: 1 HH)
- d. Others ----- 36
(So far so good: 35 HH)
(Remove battery/switchboard from the buia to the main house : 1 HH)

Q8. How does your family use its kerosene lamps after installing the PV lighting system ?

- a. Not change from before ----- 0
- b. Changed ----- 44
(Use the kerosene for fishing : 34 HH)
(Use the kerosene for cooking : 7HH)
(Use the kerosene for bathing : 1 HH)
(Use the kerosene in some places where there is no PV lamp) : 1 HH)
(Do not use : 5 HH)

Q9. Has use of your family's torch decreased after installing the PV lighting system ?

- a. Not change from before ----- 0
- b. Decreased ----- 43
- c. Others ----- 1
(no torch 1 HH)

3. Question about the impact of the PV system to your family's life style

Q10. Has time of production activity increased at night or in your house after installing the PV lighting system ?

- a. Not change ----- 0
- b. Activity time for fishing and agriculture increased ----- 35
(Cooking hours : 1 HH)
- c. Activity time for hand crafts increased ----- 44
- d. Others ----- 4

Q11. What kind of change has it caused for a housewife's works (such as kitchen work, washing and sweeping) after installing PV lighting system ?

- a. Not change from before ----- 0

- b. Some of the works are done faster or easier -- 44
- c. Others ----- 3
(Cooking : 2 HH)

- Q12. Has the time which the housewife spent with her children and other family members changed.
 - a. Not change from before ----- 0
 - b. Increased ----- 44
 - c. Decreased ----- 0
 - d. Do not know ----- 0

- Q13. Has the time to study homework by your children increased after installing the PV lighting system ?
 - a. Not change ----- 0
 - b. Increased ----- 39
 - c. Others ----- 4
(No child : 2 HH)
(Children not yet in school: 1 HH)
(Children have their opportunity of using solar light for study : 1 HH)

- Q14. Has the time to go to bed changed in your house after installing the PV lighting system ?
 - a. Not change from before ----- 0
 - b. Later ----- 44
(before early after late : 38 HH)
(Others : 6 HH)
 - c. Others ----- 0

- Q15. Has social activity changed among neighbors in your house after installing the the PV lighting system ?
 - a. Not change ----- 2
(Most of neighbors have PV systems : 2 HH)
 - b. Increased ----- 37
(The neighbor meet together : 1 HH)
 - c. Other ----- 5
(The neighbor played cards : 2 HH)
(Most of neighbors have PV system : 2 HH)
(No neighbor : 1 HH)

- Q16. Has the time spent listening to radio or tape recorder changed in your house after installing the PV system ?
 - a. Not change from before ----- 11
 - b. Increased ----- 29
 - c. Decreased ----- 0
 - d. Other ----- 4
(Radio batteries are Expensive : 1 HH)

- Q17. What kind of electric appliances does your family now want to be powered from the PV system ?
 (Solar pump : 41 HH)
 (Radio/Recorder/Video : 15 HH)
 (Washing machine : 1 HH)
 (Fan : 1 HH)
4. Question about your opinions regarding the social impact of the PV systems
- Q18. Has the vigor of your village changed after installing the PV lighting system?
 a. Not change from before ----- 0
 b. Increased ----- 44
 c. Do not know ----- 0
- Q19. What kind of change has occurred between households having the PV system and households not having the PV system ?
 a. No change from before ----- 0
 b. Households not having the PV system are jealous of households having the PV lighting system --- 44
 c. Others ----- 0
- Q20. Do some of the households not having the PV system now want to install a PV lighting system ?
 a. Yes, they want to ----- 44
 b. No, they do not want to ----- 0
 c. Do not know ----- 0
- Q21. Has there been any change in your participating in meetings held in your village?
 a. Participate as much as before installing the PV lighting system ----- 7
 b. Deceased in participation ----- 2
 c. No change and always attend meetings ----- 35
 (No change : 23 HH)
 (Always attend meetings : 10 HH)
 (Others : 2 HH)

Q2 Income and kerosene consumption

Identification				Occupation	Income (A\$)	Kerosene consumption	
No.	Villages	ID & name of household	No. of family			A\$/month	Litre/month

Household survey following installation PV systems

1. Identification data

- Q1. Date ()
 Name of interviewer ()
- Q2. Village name ()
 Name of household head ()
 Number of family ()

2. PV lighting system questions

- Q3. Regarding the fee of PV system ; What is your family's feeling about it compared with kerosene lamps ?
 a. Cheaper
 b. About the same
 c. Expensive
- Q4. How about the convenience of the PV lighting system? What is your family's feeling about it compared with kerosene lamp ?
 a. More convenient
 b. About the same as kerosene
 c. Less convenient
 Reason ()
- Q5. What complains does your family have about the PV lighting system ?
 a. Not enough lighting ()
 b. Time ()
 c. Technical trouble ()
 d. Insects ()
 e. Others ()

- Q6. What kind of additional functions does your family want from the PV system ?
- a. More light (How many)
 - b. Power outlet (What purposes)
 - c. Others ()
- Q7. What kind of services does your family need from the SEC that your family does not get now ?
- a. Quick Repair ()
 - b. Move equipment ()
 - c. Add equipment ()
 - d. Others ()
- Q8. How does your family use its kerosene lamps after installing the PV lighting system ?
- a. Not change from before
 - b. Changed ()
- Q9. Has use of your family's torch decreased after installing the PV lighting system ?
- a. Not change from before
 - b. Decreased

3. Question about the impact of the PV system to to your family's life style

- Q10. Has time of production activity increased at night or in your house after installing the PV lighting system ?
- a. Not change
 - b. Activity time for fishing and agriculture increased
 - c. Activity time for hand crafts increased
 - d. Others ()
- Q11. What kind of change has it caused for a housewife's works (such as kitchen work, washing and sweeping) after installing PV lighting system ?
- a. Not change from before
 - b. Some of the works are done faster or easier
 - c. Others ()
- Q12. Has the time which the housewife spent with her children and other family members changed.
- a. Not change from before
 - b. Increased
 - c. Decreased
 - d. Do not know

- Q13. Has the time to study homework by your children increased after installing the PV lighting system ?
- Not change
 - Increased
 - Others ()
- Q14. Has the time to go to bed changed in your house after installing the PV lighting system ?
- Not change from before
 - Later (Before: after:)
 - Others ()
- Q15. Has social activity changed between neighbors in your house after installing the the PV lighting system ?
- Not change
 - Increased
 - Other ()
- Q16. Has the time spent listening to radio or tape recorder changed in your house after installing the PV system ?
- Not change from before
 - Increased
 - Decreased
 - Other ()
- Q17. What kind of electric appliances does your family now want to be powered from the PV system ?
- ()

4. Question about your opinions regarding the social impact of the PV systems

- Q18. Has the vigor of your village changed after installing the PV lighting system?
- Not change from before
 - Increased
 - Do not know
- Q19. What kind of change has occurred between households having the PV system and households not having the PV system ?
- No change from before
 - Households not having the PV system are jealous of households having the PV lighting system
 - Others ()

Q20. Do some of the households not having the PV system now want to install a PV lighting system ?

- a. Yes, they want to
- b. No, they do not want to
- c. Do not know

Q21. Has there been any change in your participating in meetings held in your village?

- a. Participate as much as before installing the PV lighting system
- b. Decreased in participation
- c. Others ()
