開発セクター文献目録集

序文

本目録集はパキスタンにおける様々な開発プロジェクトにかかわる政府機関及び国際援助機関の活動を支援するために作成されたものである。同諸機関の主な目的は当国における継続的な発展及び開発に寄与することである。それらの活動を通して、様々な調査が行われ、報告書等が作成されており、各関係機関がそれぞれ有効な情報を保有しているが、それらがどこにあるか把握するのに困難な状況にある。このような背景に基づき、JICAはこれらの情報交換を容易にするために本文献目録集を作成したものである。

イスタマバードにおける関係援助機関が保有する報告書等のなかから開発セクターに関連する約3000件に及ぶ文献を選択し、本目録集に収録している。また、JICAでは現在そのうちアスターリスクマークをつけた約700件に関して要約集作成を行っている。さらに将来においても同分野において同様の文献等の発行を計画している。我々はこれらの努力が、今後当国において開発セクターの効果的な計画策定及び関連調査に役立つことを期待するものである。

最後に、本目録集作成にあたり、ご協力頂いた下記機関の関係者に謝意を表すものである。世銀、UNDP、ILO、ADB、UNICEF、計画・開発省、水力・電力省、交通調査センター、WAPDA、農業気象センター、国立図書館、電気通信研究所、PVT、郵便大学、石油・ガス開発公社。

DEVELOPMENT SECTORS BIBLIOGRAPHY

FOREWORD

This bibliography aims at assisting numerous national and international organizations which are involved in various development activities in Pakistan. Obviously the main objective of all these organizations is to contribute to the continuous development of this country. In the course of their operations, they produce and publish many useful reports, studies and documents, access to which may sometimes be difficult due to lack of any centralized data bank. Keeping this in view, JICA has undertaken a project to help fill this information gap.

The compilation of this bibliography is the JICA's first endeavour in providing assistance to those involved in the development planning process in Pakistan. It contains approximately 3,000 references collected from different sources in and around Islamabad. Each reference is followed by its source, in order to enable the user to have an access to it. Moreover, almost 700 quality references are marked with asterisks which indicate that brief abstracts of these references are available in a second report published by JICA. This may further facilitate the selection of the required publication. JICA proposes to contribute further to this field by producing similar publications in future. We hope these efforts would be of some assistance in the effective planning and fruitful research in various development sectors of the economy.

For their unhesitating rather spontaneously voluntary cooperation in the preparation of this report, we are specially indebted to the staff of World Bank, UNDP, ILO, ADB, UNICEF, Ministry of Planning and Development, Ministry of Water and Power, National Transport Research Centre, WAPDA, National Agromet Centre, National Library of Pakistan, Central Telecommunications Research Laboratory, PTV, Postal Staff College and Oil and Gas Development Corporation; and many others who helped us in the accomplishment of this rather arduous task.

January 1994

Akihiro MITARAI
Resident Representative of JICA
Pakistan Office

TABLE OF CONTENTS

Data Sources	(i)
List of Abbreviations	(ii)
1. PLANNING AND ADMINISTRATION	
1.1 Development Planning	
1.1.a Development Planning in General	1
1.2 Public Administration	
1.2.a Public Administration in General	12
1.2.b Finance	18
