

Annex II

Necessary Measures to be taken by the South Africa side on condition that Japan's Grant Aid is extended:

1. To provide the land for temporary site office, warehouse and stock yard during the implementation period
2. To exempt taxes and to take the necessary measures for customs clearance of the equipment brought for the Project at the port of disembarkation
3. To exempt Japanese Nationals from customs duties, internal taxes and other fiscal levies which may be imposed in South Africa with respect to the supply of the products and services under the verified contracts
4. To accord Japanese Nationals, whose services may be required in connection with the supply of products and the services under the verified contracts, such facilities as may be necessary for their entry into South Africa and stay therein for the duration of their work
5. To use and maintain properly and effectively all the equipment purchased under the Grant
6. To bear all the expenses other than those to be borne by the Grant
