**Message List and Description**

## H.1 List of Common Normal Messages

**Table H.1 : List of Common Normal Messages**

Message ID	Item	Description
N0000001	Message	Job succeeded.
	Cause	The job was executed without error.
	Response to The message	Not required.
	Blink item	None
N0000002	Message	Registration succeeded.
	Cause	The data was registered without error.
	Response to The message	Not required.
	Blink item	None
N0000003	Message	Update succeeded.
	Cause	The data was updated without error.
	Response to The message	Not required.
	Blink item	None
N0000004	Message	Deletion succeeded.
	Cause	The data was deleted without error.
	Response to The message	Not required.
	Blink item	None

## H.2 List of Common Error Messages

**Table H.2 : List of Common Error Messages**

Message ID	Item	Description
E0000001	Message	Error occurred while processing. Report to system administrator.
	Cause	I/O error occurred. Program exception occurred. Logical contradiction occurred.
	Response to The message	Report to system administrator.
	Blink item	None.
E0000002	Message	Requested data is not registered.
	Cause	The information that corresponds to the entered retrieval key is not registered in the database.
	Response to The message	1. Try other retrieval keys. 2. Retry after registering the information.
	Blink item	E.g NPWP
E0000003	Message	The data already exists in CIS.
	Cause	The information exists in the database.
	Response to The message	1. Try changing conditions. 2. Choose data update process.
	Blink item	None.
E0000004	Message	Entered number is not a company.
	Cause	The entered number is not a company.
	Response to The message	1. Try changing categories (corporate/ personal). 2. Try another number.
	Blink item	Entered number.
E0000005	Message	Entered number is not a person.
	Cause	The entered number is not a person.
	Response to The message	1. Try changing categories (corporate/ personal). 2. Try another number.
	Blink item	Entered number.
E0000006	Message	Unable to refer to the information. Access limited.
	Cause	The user is not authorized to refer to the information.
	Response to The message	Select another information.
	Blink item	None.
E0000007	Message	Enter all required data.
	Cause	Not all the required data is entered.
	Response to The message	Enter all required data.
	Blink item	Missing data item.

Message ID	Item	Description
E0000008	Message	Entered code invalid.
	Cause	The undefined code was entered.
	Response to The message	Enter correct code.
	Blink item	Code.
E0000009	Message	Entered data invalid.
	Cause	The entered data has problem in entry format or attribute.
	Response to The message	Enter correct data.
	Blink item	Entered data item.
E0000010	Message	Future date or time is entered.
	Cause	Future date or time is entered.
	Response to The message	Try past/ present date.
	Blink item	Date/ time.
E0000011	Message	Relation of entered numbers is not correct.
	Cause	Relation of entered numbers is not correct.
	Response to the message	Enter the numbers in correct relation.
	Blink item	All relation items.
E0000012	Message	Unable to update or delete data .
	Cause	The user isn't authorized to update or delete data.
	Response to the message	The authorized user must operate .
	Blink item	None.
E0000013	Message	Result exceeded the limit of processing capability.
	Cause	Inquiry result exceeded the limit of processing capability.
	Response to the message	Continue the process.
	Blink item	None.
E0000014	Message	Relation between dates is not correct.
	Cause	Relation between dates is not correct.
	Response to The message	Retry after changing the item.
	Blink item	The two entered items
E0000015	Message	The item must have full length.
	Cause	The item is not full length.
	Response to The message	Retry after changing the item.
	Blink item	The entered item.

Message ID	Item	Description
E0000016	Message	The item must start from xxxx. (Note ; the process will fill in xxxx part)
	Cause	The item must start from xxxx.
	Response to The message	Retry after changing the item.
	Blink item	The entered item.
E0000017	Message	The master record can not be deleted.
	Cause	The record still have detail record.
	Response to The message	Aborted the process.
	Blink item	Key item
E0000018	Message	The entered item is invalid or is not using partial string match.
	Cause	The entered item does not follow format rule or does not follow rule for partial string match.
	Response to The message	Retry after changing the item.
	Blink item	The entered item

### **H.3 List of Each Job Error Messages**

**Table H.3 : List of Each Job Error Messages**

Message ID	Item	Description
EP010001	Message	E-mail software returned an error code. Code = xxxx (Note ; the process will fill in xxxx part)
	Cause	Error occurred while sending e-mail.
	Response to The message	Try sending again. Then if the error occurred again, report to system administrator.
	Blink item	None.
EV010001	Message	Conflict in inputted data.
	Cause	The items / groups item are exclusive.
	Response to The message	Delete one of the values in the items / groups item.
	Blink item	None.
EV010002	Message	Cannot delete the required / detail record.
	Cause	PIB Verification II Result (parent) still exist.
	Response to The message	Delete the related PIB Verification II Result record (parent) first.
	Blink item	None.
EC010001	Message	Invalid User Id / Password
	Cause	1. The User Id is not registered. 2. The Password is incorrect.
	Response to The message	Retry after changing the item.
	Blink item	The entered item.
EC030001	Message	The new Password is not correctly confirmed.
	Cause	The second new Password for confirmation is different with the first new Password.
	Response to The message	Retry after changing the item.
	Blink item	The entered item.
EC030002	Message	The new Password must be different with old Password.
	Cause	The new Password and the old Password are same.
	Response to The message	Retry after changing the item.
	Blink item	The entered item.

Message ID	Item	Description
EC030003	Message	Invalid old Password.
	Cause	The old Password is incorrect
	Response to The message	Aborted the process.
	Blink item	The entered item.

#### **H.4 List of Common Response Requiring Messages**

**Table H.4 : List of Common Response Requiring Message**

Message ID	Item	Description
R0000001	Message	Do you register the data ? (Data will be registered. OK?).
	Cause	Confirmation of registration.
	Response to the message	If registration is needed, press YES button. If not, press NO button.
	Blink item	None.
R0000002	Message	Do you update the data ? (Data will be updated. OK?).
	Cause	Confirmation of updating.
	Response to the message	If update is needed, press YES button. If not, press NO button.
	Blink item	None.
R0000003	Message	Do you delete the data ? (Data will be deleted. OK?).
	Cause	Confirmation of data deletion.
	Response to the message	If deletion is needed, press YES button. If not, press NO button.
	Blink item	None.
R0000004	Message	99999 records will be displayed
	Cause	99999 records was received
	Response to The message	If you would like to see the all records, press YES button , if not, press NO button
	Blink item	-

## **H.5 List of Each Job Response Requiring Messages**

**Table H.5 : List of Each Job Response Requiring Message**

<b>Message ID</b>	<b>Item</b>	<b>Description</b>
RP010001	Message	E-mail will be sent. OK?
	Cause	Confirmation of display.
	Response to the message	If e-mail is needed, press YES button. If not, press NO button.
	Blink item	None.

## H.6 List of Common Warning Messages

**Table H.6 : List of Common Warning Messages**

Message ID	Item	Description
W0000001	Message	The data doesn't exist in database
	Cause	The correspond information has not been registered in the database.
	Response to The message	1. Continue the process. 2. Confirm the code/item.
	Blink item	E.g NPWP, Assignment Letter No.
W0000002	Message	The data already exists in database.
	Cause	The correspond information has been registered in the database.
	Response to The message	1. Continue the process. 2. Confirm the code/item.
	Blink item	E.g NPWP, Assignment Letter No.
W0000003	Message	Calculation resulted in minus number.
	Cause	Inputted numbers to be calculated are wrong or Excise refund exceeds the amount of Excise.
	Response to The message	1. Continue the process. 2. Confirm the entered numbers.
	Blink item	Calculation result.

## **H.7 List of Each Job Warning Messages**

**Table H.7 : List of Each Job Warning Messages**

Message ID	Item	Description
WE010001	Message	Latest CK-1 date is more than 6 months ago.
	Cause	Latest CK-1 date is more than 6 months ago.
	Response to the message	Continue the process.
	Blink item	Latest CK-1 date.
WE010002	Message	Calculation results differ between LACK-1 and LACK-2.
	Cause	Inputted total amounts in LACK-1 and LACK-2 are different.
	Response to the message	Continue the process.
	Blink item	Calculation results of LACK-1 and LACK-2
WE010003	Message	Calculation results differ between LACK-4 and LACK-9.
	Cause	Inputted total amounts in LACK-1 and LACK-2 are different.
	Response to the message	Continue the process.
	Blink item	Calculation results of LACK-4 and LACK-9
WP050001	Message	Entered unit is different from the unit at origin.
	Cause	The entered unit at transit or origin is different from the unit at origin.
	Response to the message	1. Continue the process. 2. Change the entered unit.
	Blink item	The entered unit.
WP060001	Message	Control Implementation (goods information) has not registered.
	Cause	The user tries to register Physical Examination Result without inputting Control Implementation.
	Response to the message	1. Continue the process. 2. Input Control Implementation.
	Blink item	None.
