## PREFACE

In response to a request from the Government of the Republic of Peru, the Government of Japan decided to conduct a study on the Grant Aid for the Project for Child Health (Improvement of Nutrition), and entrusted the Japan International Cooperation Agency (JICA) to conduct the study with the assistance of the Japan International Cooperation System (JICS).

JICA sent to the Republic of Peru a study team September 19 to October 9, 1999.

I hope that this report will contribute to the promotion of the project and to the enhancement of friendly relations between our two countries.

I wish to express my sincere appreciation to the officials concerned of the Government of the Republic of Peru for their close cooperation extended to the team.

January 2000

Kimio Fujita

President

Japan International Cooperation Agency
