PREFACE

In response to a request from the Government of Republic of Bolivia, the Government of Japan decided to conduct a study on the Grant Aid for Child Health, Expanded Programme on Immunization and entrusted the Japan International Cooperation Agency (JICA) to conduct the study with the assistance of the Japan International Cooperation System (JICS).

JICA sent to Bolivia a study team from January 9 to 24,1999.

I hope that this report will contribute to the promotion of the project and to the enhancement of friendly relations between our two countries.

I wish to express my sincere appreciation to the officials concerned of the Government of Bolivia for their close cooperation extended to the team.
