(PART I : MASTER PLAN)

	<u>Page</u>
CHAPTER 1 INTRODUCTION	1-1
1.1 Background of the Study	1-1
1.2 Objectives of the Study	1-1
1.3 Scope of the Study	1-1
1.4 Study Area	1-2
1.5 Study Organization	1-2
1.6 Study Performance	1-2
1.7 Logical Framework of the Study	1-4
1.8 Transfer of Technology	1-6
CHAPTER 2 ISSUES FOR COMPREHENSIVE DISASTER PREVENTION PLANNING	2-1
2.1 Issues Identified in the Past Events	2-1
2.2 Analysis of Disaster Related Factors and Disaster Prevention Capacity	2-9

CHAPTER 3	PRESENT CONDITIONS AND COPING CAPACITY	3-1
3.1	Physical Setting and Hazards in the Study Area	3-1
3.2	Socioeconomic Conditions	3-4
3.2.1	Socio-economy	3-4
3.2.2	Infrastructure	3-11
3.2.3	Land use	3-17
3.2.4	Environment	3-31
3.3	Institutional Aspect.....	3-41
3.3.1	National Disaster Prevention Policy.....	3-41
3.3.2	Organization for Disaster Prevention.....	3-41
3.3.3	Financial System for Disaster Prevention.....	3-54
3.3.4	Government Infrastructure Program.....	3-56
3.3.5	Legal and Regulatory Framework for Disaster Management.....	3-56
3.4	Sabo Facility	3-59
3.5	Flood Control Projects.....	3-63
3.6	Disaster Forecasting and Warning	3-64
3.7	Evacuation System.....	3-74
3.8	Relocation and Resettlement.....	3-83
CHAPTER 4	CONCEIVABLE IMPROVEMENT PLAN OF COPING CAPACITY	4-1
4.1	General Approach for Comprehensive Disaster Prevention	4-1
4.2	Scenario to Realize the Per Capita GRDP Set at the Target Year of 2020.....	4-2
4.3	Basic Concepts and Strategies for Formulating a Comprehensive Disaster Prevention Plan.....	4-24
4.3.1	Direct Disaster Prevention Measures.....	4-24
4.3.2	Supporting Programs (Indirect Countermeasures).....	4-26
4.3.3	Basic Disaster Prevention Strategies	4-26
4.4	Land Use Plan.....	4-33
4.4.1	Basic Concept.....	4-33
4.4.2	Zoning.....	4-34
4.4.3	Land Use Plan.....	4-35
4.5	Regional Socio-economic Development Plan.....	4-38
4.5.1	Core Problems of Infrastructure	4-38
4.5.2	Development Plan.....	4-38
4.6	Institutional Improvement Plan.....	4-40
4.6.1	Regulatory Constraints and Improvement Plan	4-40
4.6.2	Operational Constraints and Improvement Plan.....	4-42
4.6.3	Financial Constraint and Improvement Plan.....	4-43
4.7	Sabo Planning	4-43

4.8	Flood Control Facility Strengthening	4-45
4.8.1	River Improvement Plan.....	4-45
4.8.2	Urban Drainage Plan.....	4-48
4.9	Forecasting and Warning System Improvement	4-51
4.10	Evacuation System Improvement	4-52
4.10.1	Selection of Candidates	4-52
4.10.2	Selected Project	4-52
4.11	Resettlement Site Development.....	4-54
4.11.1	Existing Resettlement Sites	4-54
4.12	Initial Environmental Examination.....	4-60
CHAPTER 5 MASTER PLAN		5-1
5.1	Basic Conditions for Master Planning	5-1
5.1.1	Constitution of Master Plan	5-1
5.1.2	Assessment of Plans	5-1
5.1.3	Basic Conditions for Assessing the Plan	5-2
5.2	Master Plan Projects and Programs	5-7
5.2.1	Direct Coping Projects.....	5-7
5.2.2	Scope and Features of the Proposed Projects and Programs	5-8
5.3	Cost Estimate	5-31
5.4	Project Evaluation and Priority Ranking	5-34
5.5	Organization for Implementation of the Proposed Projects and Programs	5-39
5.6	Implementation Schedule	5-42
5.7	Project Sustainability Assessment	5-45
CHAPTER 6 PRIORITY PACKAGE AND RECOMMENDATIONS		6-1
6.1	Priority Projects and Supporting Programs	6-1
6.2	Conclusions and Recommendations	6-2
 <i>(PART II : FEASIBILITY STUDY)</i>		
Location Map of the Study Area for Priority Projects & Programs Proposed in Feasibility Study		
Map of Legazpi City		
Map of Daraga Municipality		
CHAPTER 7 PRIORITY PROJECTS FOR FEASIBILITY STUDY		7-1
7.1	Priority Core Projects Selected for Feasibility Study	7-1
7.2	Proposed Supporting Projects and Programs	7-5

CHAPTER 8	PLANNING AND PRELIMINARY DESIGN OF SUB-PROJECTS	8-1
8.1	Yawa River System Sabo Project	8-1
8.1.1	Yawa River System	8-1
8.1.2	Present Condition in the Project Area	8-2
8.1.3	Basic Sabo Planning	8-5
8.1.4	Study on Alternative Plans	8-14
8.1.5	Preliminary Structural Design	8-19
8.1.6	Maintenance and Monitoring Works	8-26
8.1.7	Land Development Plan	8-30
8.2	Legazpi City Urban Drainage Project	8-35
8.2.1	Legazpi City	8-35
8.2.2	Present Condition and Problems	8-35
8.2.3	Alternative Study	8-39
8.2.4	Basic Plan of Urban Drainage	8-46
8.2.5	Preliminary Structural Design for Selected Scheme	8-51
8.3	Forecasting and Warning System Strengthening Project	8-60
8.3.1	Present Condition of Forecasting and Warning	8-60
8.3.2	Basic Concept	8-61
8.3.3	Preliminary Design of the Proposed Systems	8-64
8.4	Evacuation System Strengthening Project	8-80
8.5	Resettlement Sites Development Project	8-88
8.5.1	Present Condition and Problems	8-89
8.5.2	Basic Concept	8-95
8.5.3	Layout Design	8-100
8.5.4	Preliminary Structural Design	8-113
CHAPTER 9	SUPPORTING PROJECTS AND PROGRAMS	9-1
9.1	Present Conditions and Problems	9-1
9.1.1	Existing and On-going Supporting Programs	9-1
9.1.2	Willingness-to-Pay of the Respondent Resettlers and Candidate Resettlers	9-3
9.1.3	Necessity of Proposed Support Programs.....	9-6
9.1.4	Supporting Projects/Programs and Their Selection	9-7
9.2	Livelihood Development Program and Projects	9-8
9.2.1	Organization and Strengthening of Multi-purpose Cooperatives with Micro-lending Component.....	9-8
9.2.2	Agro-industry Development Project.....	9-10
9.2.3	Hollow Blocks Production.....	9-21

9.3	Area Economic Development Projects	9-23
9.3.1	Aggregate Production Plant Project.....	9-23
9.3.2	Mineral Water Development Project	9-32
9.3.3	Productivity Enhancement Programs in the Protected Area.....	9-35
9.4	Institutional Strengthening Programs	9-51
9.4.1	Provincial Disaster Management System Strengthening	9-51
9.4.2	Community-based Disaster Management Strengthening.....	9-55
CHAPTER 10 PROJECT COST ESTIMATE.....		10-1
10.1	Constitution of Project Cost.....	10-1
10.2	Condition of Project Cost	10-2
10.3	Cost Estimate by Sub-project.....	10-5
10.3.1	Yawa River System Sabo Project.....	10-5
10.3.2	Legazpi City Urban Drainage Project.....	10-5
10.3.3	Forecasting and Warning System Strengthening Project.....	10-6
10.3.4	Evacuation System Strengthening Project.....	10-6
10.3.5	Resettlement Site Development Project.....	10-6
10.4	Operation and Maintenance Cost Estimate.....	10-7
10.4.1	Yawa River System Sabo Project.....	10-7
10.4.2	Legazpi City Urban Drainage Project.....	10-7
10.4.3	Forecasting and Warning System Strengthening Project.....	10-7
10.4.4	Evacuation System Strengthening Project.....	10-7
10.4.5	Resettlement Site Development Project.....	10-8
10.5	Supporting Program for Capability Building.....	10-8
10.6	Summary of Estimated Project Cost.....	10-8
10.6.1	Total Project Cost	10-8
10.6.2	Disbursement Schedule	10-9
CHAPTER 11 IMPLEMENTATION PLAN.....		11-1
11.1	Issues in Project Implementation	11-1
11.1.1	Project Implementation by LGUs and by National Government.....	11-2
11.1.2	Classification of Priority Projects and Supporting Projects and Programs.....	11-4
11.2	Implementing Organization	11-6
11.2.1	Profile of Related Organizations.....	11-6
11.2.2	Implementation Arrangement.....	11-9
11.2.3	Project Coordination and Management	11-12
11.3	Implementation Schedule	11-14
11.4	Project Cost Sharing by Implementing Organization	11-14

CHAPTER 12	OPERATION AND MAINTENANCE	12-1
12.1	Basic Concept	12-1
12.1.1	Operation and Maintenance of Priority Projects.....	12-1
12.1.2	Total Budget for Operation and Maintenance.....	12-9
CHAPTER 13	PROJECT EVALUATION	13-1
13.1	Economic Evaluation.....	13-1
13.1.1	Basic Conditions.....	13-1
13.1.2	Economic Benefit	13-1
13.1.3	Economic Cost.....	13-2
13.1.4	Economic Evaluation.....	13-2
13.2	Social Evaluation	13-4
13.2.1	Yawa River System Sabo Project.....	13-4
13.2.2	Legazpi City Urban Drainage Project.....	13-4
13.2.3	Resettlement Development Project.....	13-5
CHAPTER 14	THE PILOT PROJECT	14-1
14.1	The Objective of the Pilot Project.....	14-1
14.2	Selection of Hazard.....	14-1
14.2.1	Candidate Hazard and Criteria of Selection.....	14-1
14.2.2	Evaluation and Selection of Hazard.....	14-1
14.3	Selection of Barangay	14-3
14.3.1	Candidate Barangay and Selection Criteria	14-3
14.3.2	Evaluation of Gully and Barangay.....	14-4
14.4	First Pilot Project (Evacuation).....	14-5
14.4.1	Scenario	14-5
14.4.2	Preparation.....	14-6
14.4.3	Pilot Project	14-9
14.4.4	Assessment	14-11
14.5	Second Pilot Project (Emergency Response by DPWH)	14-12
14.5.1	Scenario	14-12
14.5.2	Preparation.....	14-13
14.5.3	Pilot Project	14-14
14.5.4	Assessment	14-15
CHAPTER 15	RECOMMENDATIONS	15-1
15.1	Earlier Implementation of the Priority Projects and Their Preparations.....	15-1
15.2	Immediate Execution of the Practicable Matters Using the Available Resources	15-4

List of Acronyms

A&D	Alienable and Disposable Land
ADB	Asian Development Bank
AFP	Armed Forces of the Philippines
Agromet	Agro-meteorological Station, PAGASA
AIT	Asian Institute of Technology
ALECO	Albay Electric Cooperative
ALERT	Albay Legazpi Emergency Rescue Team
APDMC	Asia Pacific Disaster Management Centre
ARCs	Agrarian Reform Committees
ASEAN	Association of Southeast Asian Nations
BAS	Bureau of Agricultural Statistics
BCCARD	Bicol Consortium for Agricultural Resources and Research and Development
BDCC	Barangay Disaster Coordinating Council
BFP	Bureau of Fire Protection
BMG	Bureau of Mines and Geo-science
BOI	Board of Investment
BOT	Bureau of Telecommunication
BRAIC	Bicol Regional Agri-Industrial Center
BRBFCIDP	Bicol River basin Flood Control and Irrigation Development Project
BRS	Bureau of Research and Standard, DPWH
BSBI	Bicol Small Business Institute
BSWM	Bureau of Soils and Water Management
BU	Bicol University
BUCA	Bicol University College of Agriculture
BWAD	Bacacay Water District
CARP	Comprehensive Agrarian Reform Program
CASF	Composite Air Support Force
CBIS	Community-Based Information System
CDA	Cooperative Development Authority
CDCC	City Disaster Coordinating Council
CLUP	Comprehensive Land Use Plan
CNDR	Corporate Network for Disaster Response
CSG	Cemented Sand and Gravel

DA	Department of Agriculture
DA-BFAR	Department of Agriculture – Bureau of Fisheries and Aquatic Resources
DAR	Department of Agrarian Reform
DBM	Department of Budget and Management
DCC	Disaster Coordinating Council
DECS	Department of Education, Culture and Sports
DENR	Department Environment and Natural Resources
DFA	Department of Foreign Affairs
DILG	Department of the Interior and Local Government
DOE	Department of Energy
DOH	Department of Health
DOLE	Department of Labor and Employment
DOST	Department of Science and Technology
DOT	Department of Tourism
DOTC	Department of Transportation and Communication
DPWH	Department of Public Works and Highways
DSWD	Department of Social Welfare and Development
DTI	Department of Trade and Industry
EIA	Environmental Impact Assessment
EMB	Environmental Management Bureau
FIDA	Fiber Industry Development Authority, DA
GA	Government Agency
GDP	Gross Domestic Product
GOJ	Government of Japan
GOP	Government of the Philippines
GRDP	Gross Regional Domestic Product
GVA	Gross Value Added
HLURB	Housing and Land Use Regulatory Board
HUDCC	Housing and Urban Development Coordinating Council
IANDR	Inter-Agency Network for Disaster Response
IBRD	International Bank for Reconstruction and Development
IEE	Initial Environmental Examination
IRA	Internal Revenue Allotment
JBIC	Japan Bank for International Cooperation (Ex-OECF & EXIM)
JICA	Japan International Cooperation Agency
LARC	Local Amateur Radio Club

LBP	Land Bank of the Philippines
LGUs	Local Government Units
LINDGC	Legaspi – Iriga – Naga – Daet Growth Corridor
LTO	Land Transportation Office
LWD	Local Water District
LWUA	Local Water Utility Agency
M/D	Minutes of Discussion
MDCC	Municipal Disaster Coordinating Council
MLUC	Municipal Land Use Committee
MM	Minutes of Meeting
MMSL	Meters above Mean Sea Level
NAAD	Network of Areas for Agricultural Development
NAMRIA	National Mapping and Resource Information Authority
NAPHIRE	National Post Harvest Institute for Research and Extension
NCDPP	National Calamities and Disaster Preparedness Plan
NDCC	National Disaster Coordinating Council
NEDA	National Economic and Development Authority
NFA	National Food Authority
NGAs	National Government Agencies
NGOs	Non-Government Organizations
NHA	National Housing Authority
NIA	National Irrigation Administration
NIPAS	National Integrated Protected Areas System
NPC	National Power Corporation (or NAPOCOR)
NPAAD	Network of Protected Areas for Agricultural Development
NSCB	National Statistical Coordination Board
NSO	National Statistics Office
NTC	National Telecommunication Commission
OCD	Office of Civil Defense
O&M or O/M	Operation and Maintenance
PAGASA	Philippine Atmospheric, Geophysical and Astronomical Services Administration
PAMB	Protected Area Management Board
PCA	Philippine Coconut Authority
PCM	Project Cycle Management
PCBTSDP	Presidential Commission on Bicol Tourism Special Development Project

PCG	Philippine Coast Guard
PD	Presidential Decree
PDCC	Provincial Disaster Coordinating Council
PDMO	Provincial Disaster Management Office
PDZ	Permanent Danger Zone
PFDA	Philippine Fishery Development Authority
PHIVOLCS	Philippine Institute of Volcanology and Seismology
PHO	Provincial Health Office
PIA	Philippine Information Agency
PNRC	Philippine National Red Cross
PMO	Project Management Office
PMS	Presidential Management Staff
PNP	Philippine National Police
PNR	Philippine National Railways
PPA	Philippine Port Authority
PPDO	Provincial Planning and Development Office
PPFP	Provincial Physical Framework Plan
PRA	Participatory Rural Appraisal
PSWDO	Provincial Social Welfare and Development Office
PTA	Philippine Tourism Authority
RA	Republic Act
RDC	Regional Development Council
RDCC	Regional Disaster Coordinating Council
RRA	Rapid Rural Appraisal
SIADs	Sub-Integrated Area Development Units
SRA	Social Reform Agenda
SW	Scope of Works
TESDA	Technical Education and Skills Development Authority
TLRC	Technology Livelihood Resource Center
TOR	Terms of Reference

Measurements

Length

mm	=	millimeter
cm	=	centimeter
m	=	meter
km	=	kilometer
LM	=	linear meter

Area

m ²	=	square meter
ha	=	hectare
km ²	=	square kilometer

Volume

cm ³	=	cubic centimeter
l	=	liter
kl	=	kiloliter
m ³	=	cubic meter

Derived Measures

m/s	=	meter per second
m ³ /s	=	cubic meter per second
kWh	=	kilowatt hour
MWh	=	megawatt hour
GWh	=	gigawatt hour
PPM	=	parts per million

Weight

g	=	gram
kg	=	kilogram
ton	=	metric ton

Currency

PHP	=	Philippine Peso
¥	=	Japanese Yen
US\$	=	US Dollar

Time

s	=	second
min	=	minute
hr	=	hour
d	=	day
y	=	year

Other Measure

%	=	percent
°	=	degree
°C	=	degree(s) Celsius
10 ³	=	thousand
10 ⁶	=	million
10 ⁹	=	billion
kmph	=	kilometer per hour

Energy

W	=	Watt
kw	=	kilowatt

Fiscal Year

January 1 to December 31

Exchange Rates

(in Master Plan as of July 1999)

US\$ 1 = PHP38.2

US\$ 1 = ¥122.4

(in Feasibility Study as of December 1999)

US\$ 1 = PHP40.0

US\$ 1 = ¥105
