Japan International Cooperation Agency (JICA)

Evaluation of Seismic Hazard Risks (Floating Model)

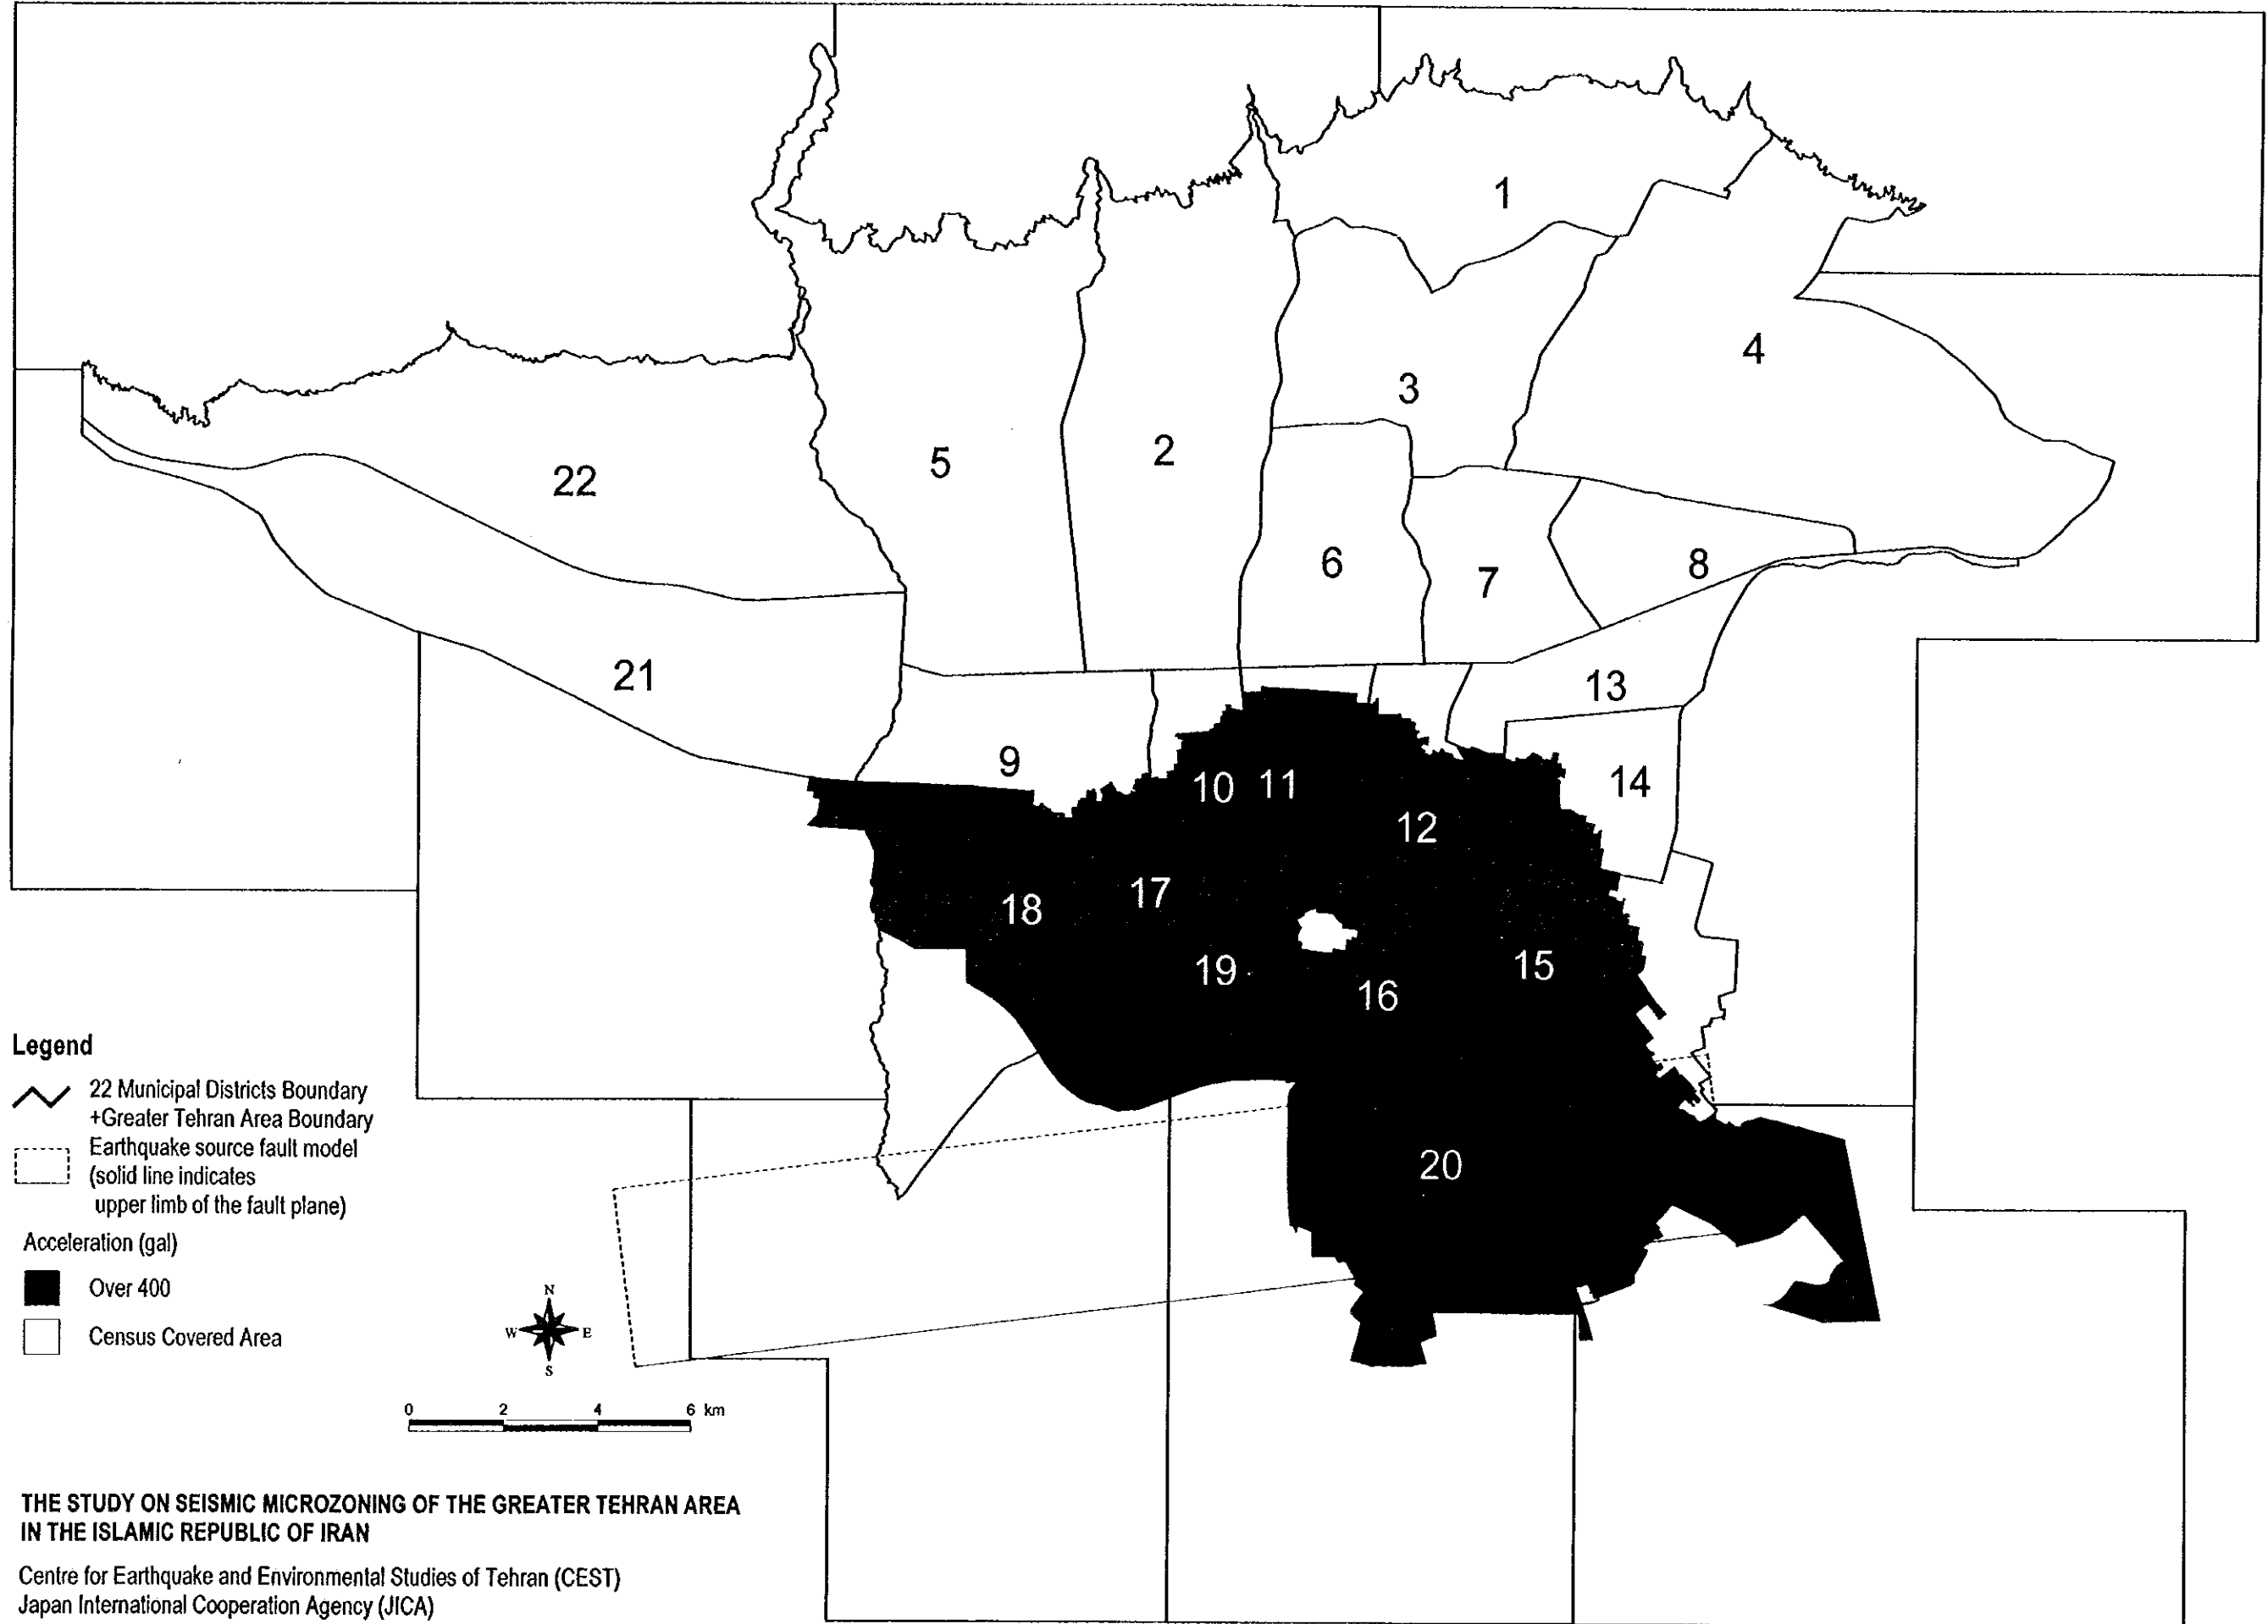

**THE STUDY ON SEISMIC MICROZONING OF THE GREATER TEHRAN AREA
IN THE ISLAMIC REPUBLIC OF IRAN**

Centre for Earthquake and Environmental Studies of Tehran (CEST)
Japan International Cooperation Agency (JICA)

E. Pilot Study

Area of Large Peak Ground Acceleration (Ray Fault model)

Legend

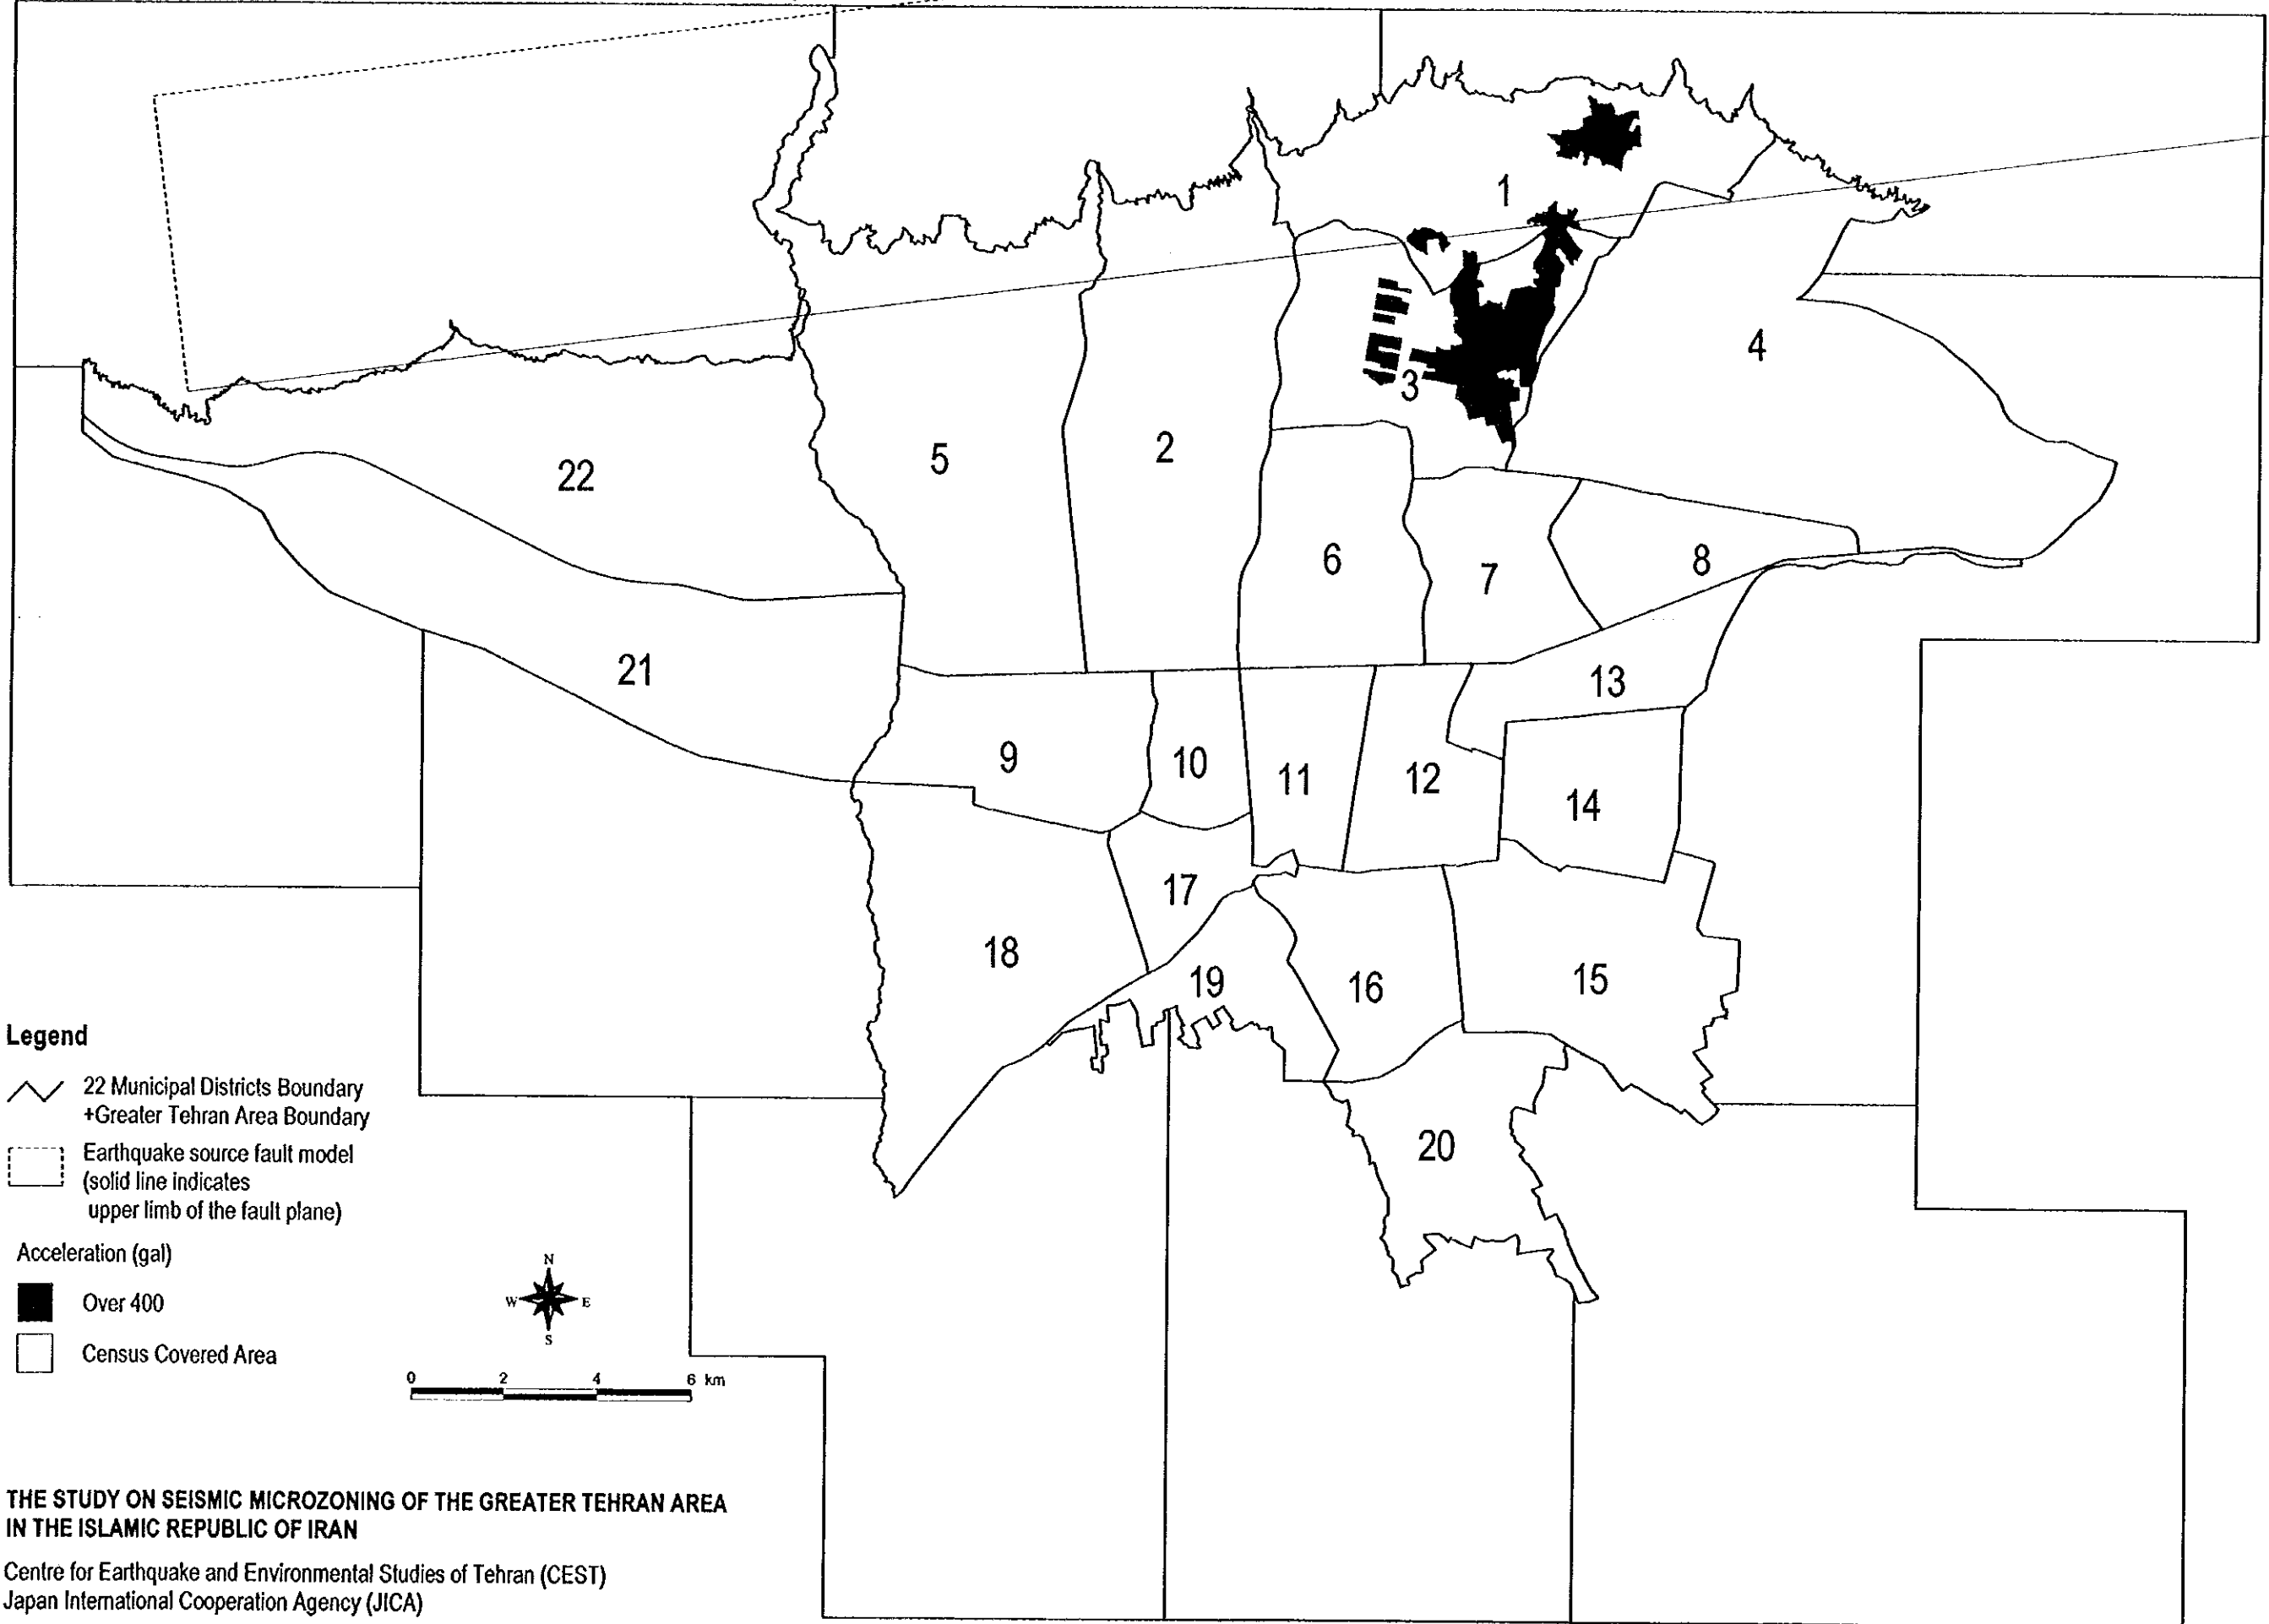

- 22 Municipal Districts Boundary
- + Greater Tehran Area Boundary
- Earthquake source fault model (solid line indicates upper limb of the fault plane)

Acceleration (gal)

- Over 400
- Census Covered Area

THE STUDY ON SEISMIC MICROZONING OF THE GREATER TEHRAN AREA
IN THE ISLAMIC REPUBLIC OF IRAN
Centre for Earthquake and Environmental Studies of Tehran (CEST)
Japan International Cooperation Agency (JICA)

Area of Large Peak Ground Acceleration (NTF model)

Legend

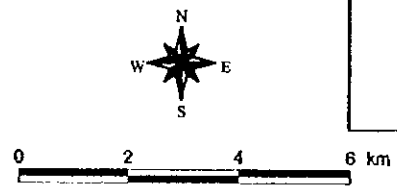

— 22 Municipal Districts Boundary
+ Greater Tehran Area Boundary

— Earthquake source fault model
(solid line indicates upper limb of the fault plane)

Acceleration (gal)

■ Over 400

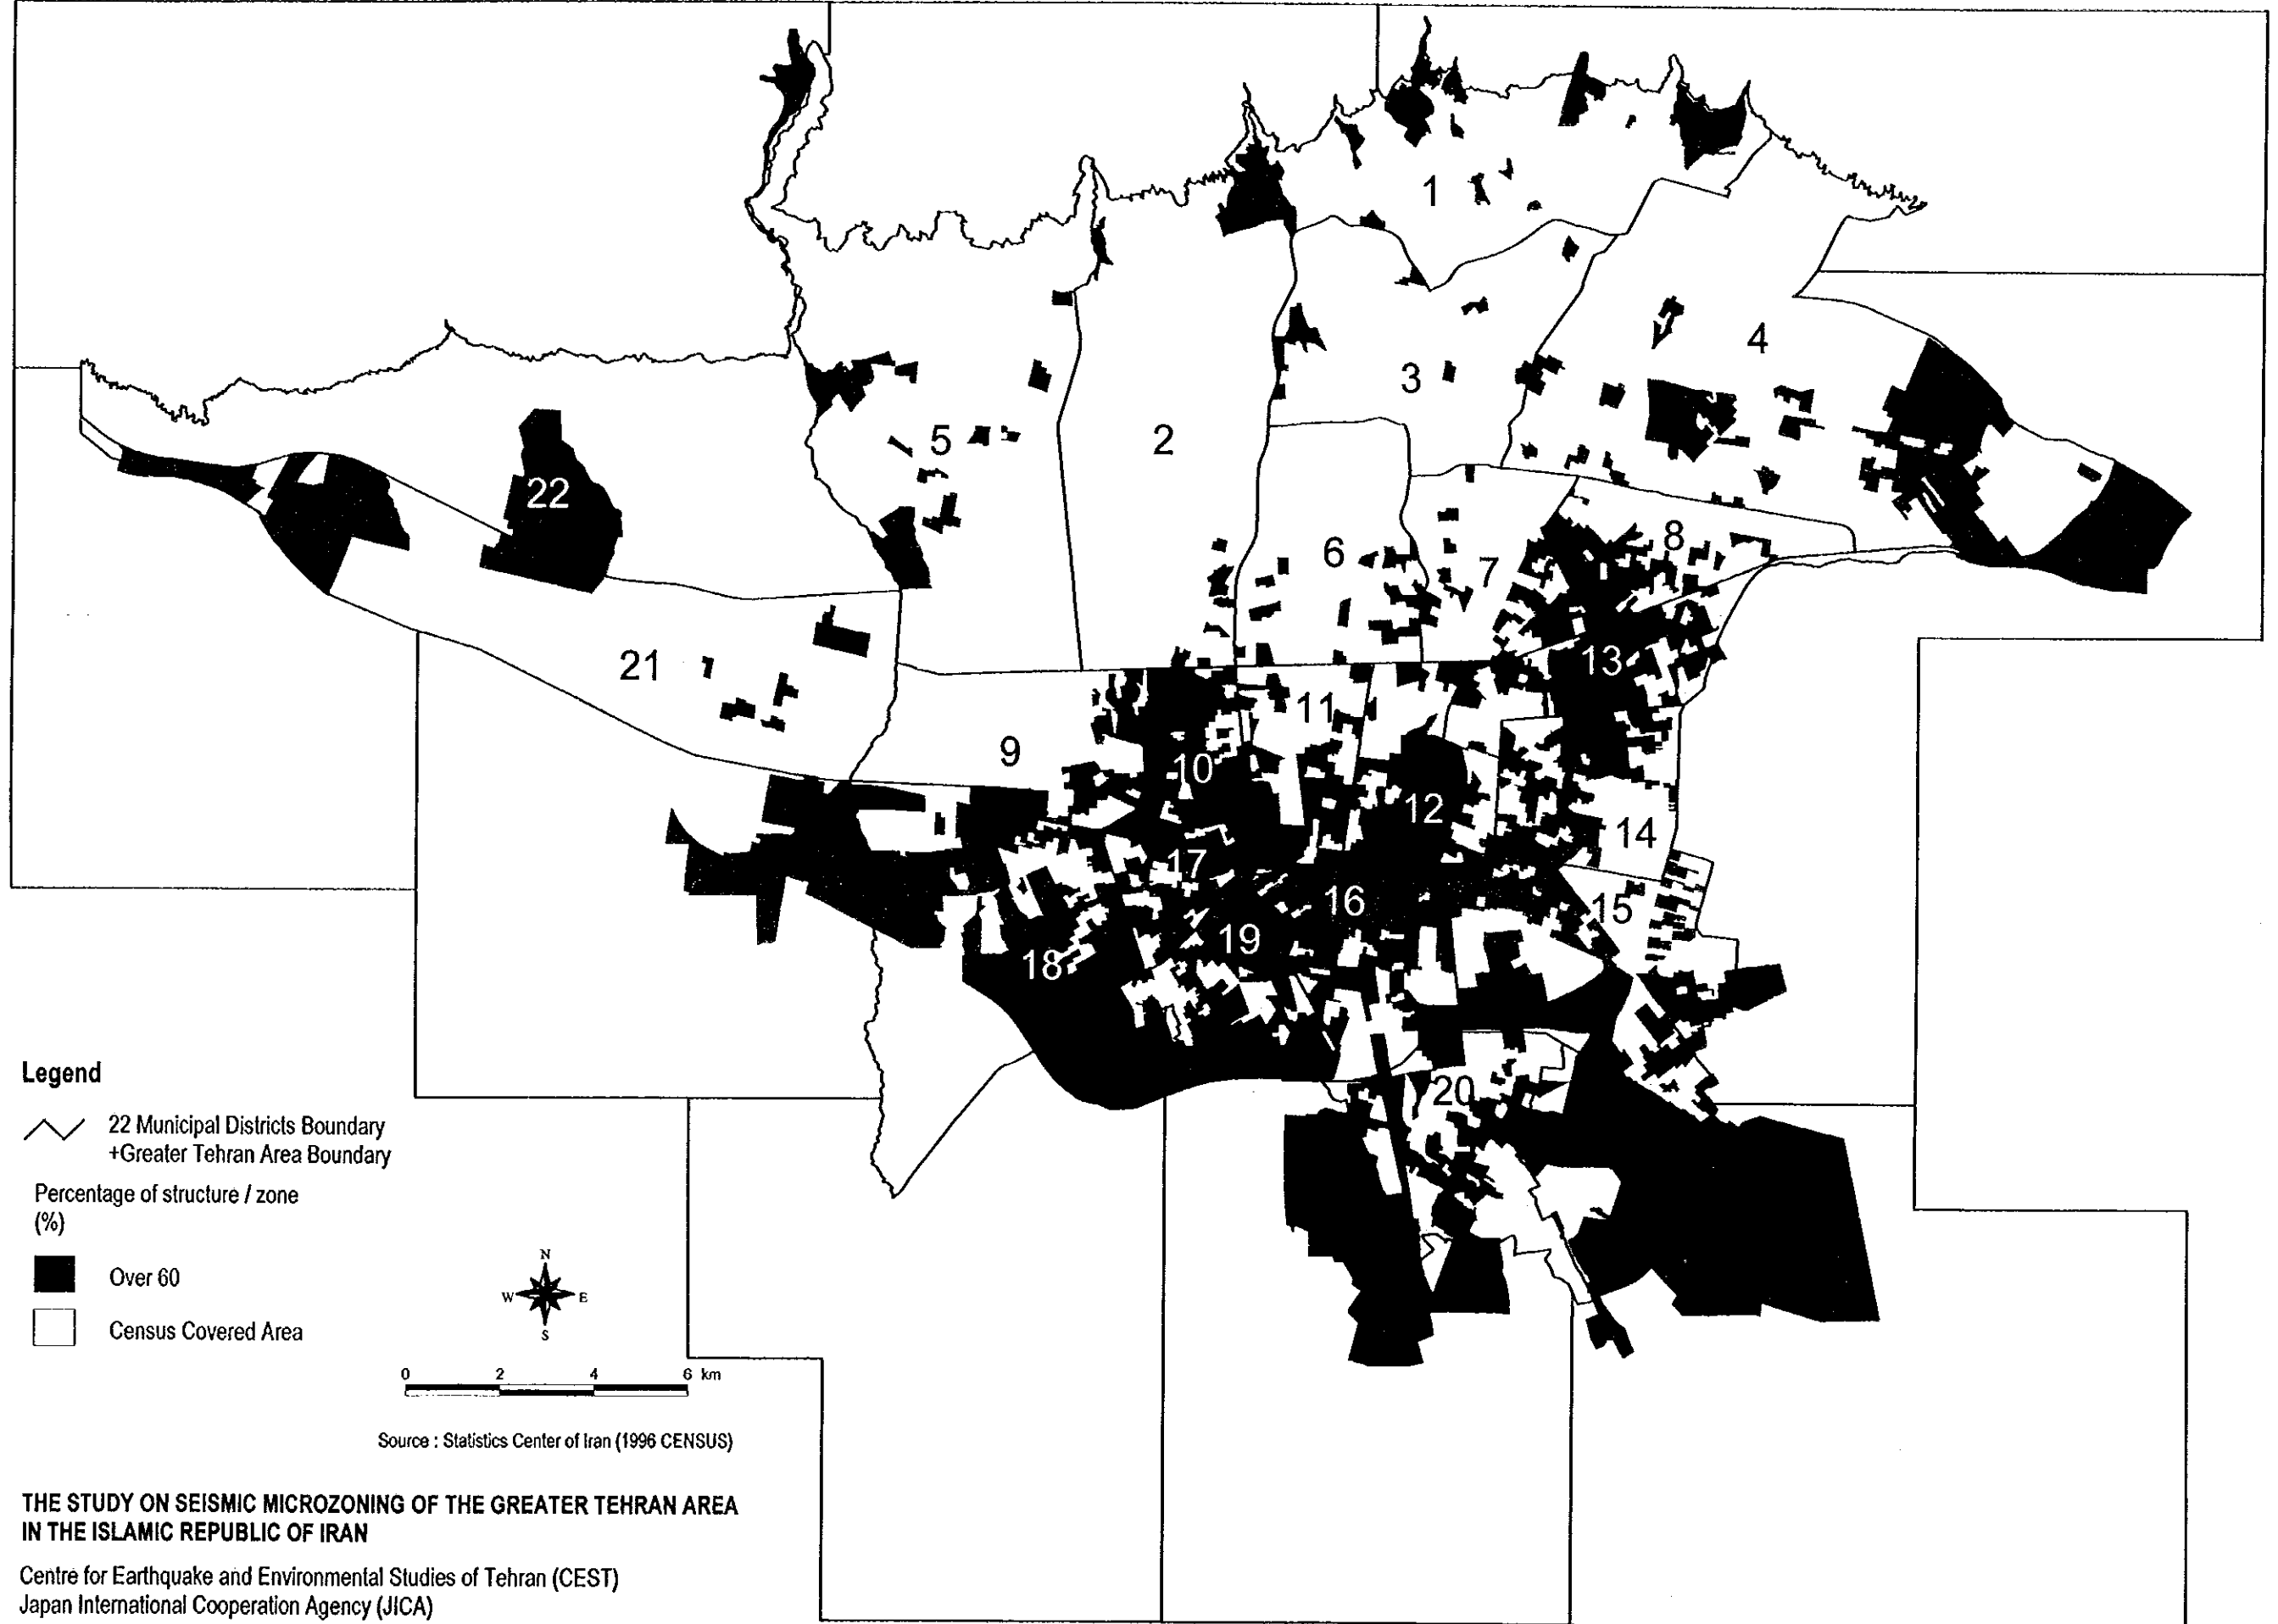

□ Census Covered Area
