PREFACE

In response to the request from the Government of the Republic of Indonesia, the Government of Japan decided to conduct the Study on Integrated Transportation Master Plan for JABOTABEK (Phase 1) and entrusted the study to the Japan International Cooperation Agency (JICA).

JICA selected and dispatched a study team headed by Mr. Isamu Gunji of Pacific Consultants International Co., Ltd. and consisting of members from Pacific Consultants International Co., Ltd. and Almec Corporation to Indonesia, twice between March 2000 and January 2001. In addition, JICA set up an advisory committee headed by Dr. Haruo Ishida, Professor of Tsukuba University between March 2000 and January 2001, which examined the study from specialist and technical points of view.

The team held discussions with the officials concerned of the Government of the Republic of Indonesia and conducted field surveys in the study area. Upon returning to Japan, the team conducted further studies and prepared this final report.

I hope that this report will contribute to the promotion of this study and to the enhancement of friendly relationship between our two countries.

Finally, I wish to express my sincere appreciation to the officials concerned of the Government of the Republic of Indonesia for their close cooperation extended to the team.

January 2001

Kunihiko Saito
President
Japan International Cooperation Agency
