

1.The Requested Components

1)Agricultural Development

- a)Nursery
- b)Training & On-Farm Demonstration Farm
- c)Livestock Dispersal
- d)Animal Breeding Center
- e)Poultry Incubator

2)Agricultural Infrastructure Development

- a)Irrigation Development
- a) Drainage Improvement (for Silae-Dalacutan ARC)
- b) Farm Roads Development
- c) Farm Land Conservation

3) Rural Infrastructure Development

- a)Rural Roads Development
- b)Rural Water Supply Development
- c)Other social infrastructure
- d) Rural Electrification (only Dalacutan ARC)
- e) Strengthening Motor pool for O&M

4) Post Harvest & Agro-Industry Facilities

- a) Agricultural Machinery
- b) Post Harvest & Agro-Industry Facilities

5) Institutional Development

- Community Development Program

2.The Main Objective Components of Basic Design Study extracted from the Requested Components

1) Road Improvement

2) Irrigation Facilities

3) Drainage Facilities

4) Post Harvest Facilities and Warehouse

5) Water Supply Facilities

6) Meeting Hall
