PREFACE

In response to a request from the Government of Grenada, the Government of Japan decided to conduct a basic design study on the Project for Improvement of Fish Marketing for Grenville and entrusted the study to the Japan International Cooperation Agency (JICA).

JICA sent to Grenada a study team from June 29 to August 14, 2001.

The team held discussions with the officials concerned of the Government of Grenada, and conducted a field study at the study area. After the team returned to Japan, further studies were made. Then, a mission was sent to Grenada from October 27 to November 1, 2001 in order to discuss a draft basic design, and as this result, the present report was finalized.

I hope that this report will contribute to the promotion of the project and to the enhancement of friendly relations between our two countries.

I wish to express my sincere appreciation to the officials concerned of the Government of Grenada for their close cooperation extended to the teams.

Letter of Transmittal

We are pleased to submit to you the basic design study report on the Project for Improvement of Fish Marketing for Grenville in Grenada.

This study was conducted by the joint venture between CRC Overseas Cooperation Inc. and Central Consultant Inc., under a contract to JICA, during the period from June, 2001 to January, 2002. In conducting the study, we have examined the feasibility and rationale of the project with due consideration to the present situation of Grenada and formulated the most appropriate basic design for the project under Japan's grant aid scheme.

Finally, we hope that this report will contribute to further promotion of the project.

Very truly yours,

Mamoru Kondo
Project manager,
Basic design study team on
the Project for Improvement of Fish Marketing for Grenville
The joint venture between CRC Overseas Cooperation
Inc.
and Central Consultant Inc.
