MINUTES OF DISCUSSIONS ON THE BASIC DESIGN STUDY

ON THE PROJECT FOR IMPROVEMENT OF REHABILITATIVE CARE IN REHABILITATION CENTERS IN THE AZERBAIJAN REPUBLIC

In response to a request from the Government of Azerbaijan Republic (hereinafter referred to as "Azerbaijan"), the Government of Japan decided to conduct a basic design study on The Project for Improvement of Rehabilitative Care in Rehabilitation Centers (hereinafter referred to as "the Project") and entrusted the study to the Japan International Cooperation Agency (hereinafter referred to as "JICA").

JICA sent to Azerbaijan the Basic Design Study Team (hereinafter referred to as "the Team"), which is headed by Mr. Toshiyuki Iwama, Deputy Director of Second Project Management Division, Grant Aid Department, JICA, and is scheduled to stay in the country from September 30 to October 25, 2001.

The Team held discussions with the officials concerned of the Government of Azerbaijan and conducted a field survey.

In the course of discussions and field survey, both parties confirmed the main items described on the attached sheets. The Team will proceed to further works and prepare the Basic Design Study Report.

Baku, October 16, 2001

Mr. Toshiyuki Iwama

Leader

Basic Design Study Team

Japan International Cooperation Agency

Mr. Tahir Budagov

Deputy Minister

Ministry of Labor and Social Protection of

Population

Azerbaijan Republic

ATTACHMENT

1. Goal and Objective of the Project

The goal of the Project is that the disabled people in Azerbaijan become autonomous and independent as much as possible. The Project will contribute to the activities No. 1.1, 1.4, 1.7, 1.11, 1.14, 2.2, 2.7, and 2.15 of the Government Program on Disability Reduction for 1999 – 2002 (Refer to Annex-1). In order to achieve the goal, the objective of the Project is to improve rehabilitative services in the physio, physical, occupational therapy and diagnostic through procurement of equipment and provision of technical support.

2. Project sites

The sites of the Project are the Republican Rehabilitation Center, Sanatorium, and Children Rehabilitation Center in Baku.

3. Responsible and Implementing Agency

The responsible and implementing agency is the Ministry of Labor and Social Protection of Population.

4. Items requested by the Government of Azerbaijan

After discussions with the Team, following components are finally requested by Azerbaijani side.

- (1) Equipment as shown in Annex-2
- (2) Support to study the current praxis of rehabilitation of disabled people in Japan
- (3) Technical support to the therapists at the three Project sites

JICA will prepare the appropriate contents of the Project based on the request and will recommend to the Government of Japan for approval.

5. Japan's Grant Aid Scheme

- 5-1. Azerbaijani side understands the Japan's Grant Aid Scheme explained by the Team, as described in Annex-3
- 5-2. Azerbaijani side will take the necessary measures, as described in Annex-4, for smooth implementation of the Project, as a condition for the Japanese Grant Aid to be implemented.

6. Schedule of the Study

- 6-1. The consultants will conduct further surveys and discussions in Azerbaijan until October 25.
- 6-2. JICA will prepare the draft report in English and Russian (extract) and dispatch a mission in order to explain its contents around January 2002.
- 6-3. If the contents of the draft report are accepted in principle by the Government of Azerbaijan, JICA will complete the final report and send it to the Government of Azerbaijan by May 2002.

April 7.

7. Other Relevant Issues

- 7-1. The Team notes that the construction of the Sanatorium has almost been completed and the works on the Children Rehabilitation Center will be finished by May 2002. The Team asks the Azerbaijani side to complete all works as planned and without delay.
- 7-2. The Grant Aid may cover technical support during the period specified in the Exchange of Notes that is usually one year. If a need arises to continue the technical support, it may be covered by the Technical Cooperation rendered by JICA. However, in such case a separate request for the Technical Cooperation shall be submitted at least one year in advance. The Team recommends the Azerbaijani side to familiarize themselves with the procedure, for which the Embassy of Japan, JICA and the consultants may assist.

ANNEX-3 JAPAN'S GRANT AID SCHEME

1. Grant Aid Procedure

1) Japan's Grant Aid Program is executed through the following procedures.

Application (Request made by a recipient country)

Study (Basic Design Study conducted by JICA)

Appraisal & Approval (Appraisal by the Government of Japan and Approval by

Cabinet)

Determination of

(The Notes exchanged between the Governments of Japan

Implementation

and the recipient country)

Firstly, the application or request for a Grant Aid project submitted by a recipient country is examined by the Government of Japan (the Ministry of Foreign Affairs) to determine whether or not it is eligible for Grant Aid. If the request is deemed appropriate, the Government of Japan assigns JICA to conduct a study on the request. If necessary, JICA send a Preliminary Study Team to the recipient country to confirm the contents of the request.

Secondly, JICA conducts the study (Basic Design Study), using Japanese consulting firms. Thirdly, the Government of Japan appraises the project to see whether or not it is suitable for Japan's Grant Aid Program, based on the Basic Design Study report prepared by JICA, and the results are then submitted to the Cabinet for approval.

Fourthly, the project, once approved by the Cabinet, becomes official with the Exchange of Notes signed by the Governments of Japan and the recipient country.

Finally, for the implementation of the project, JICA assists the recipient country in such matters as preparing tenders, contracts and so on.

2. Basic Design Study

1) Contents of the Study

The aim of the Basic Design Study (hereinafter referred to as "the Study"), conducted by JICA on a requested project (hereinafter referred to as "the Project"), is to provide a basic document necessary for the appraisal of the Project by the Government of Japan. The contents of the Study are as follows:

a) confirmation of the background, objectives and benefits of the Project and also institutional

capacity of agencies concerned of the recipient country necessary for the Project's implementation;

- b) evaluation of the appropriateness of the Project to be implemented under the Grant Aid Scheme from the technical, social and economic points of view;
- c) confirmation of items agreed on by both parties concerning the basic concept of the Project;
- d) preparation of a basic design of the Project; and
- e) estimation of costs of the Project.

The contents of the original request are not necessarily approved in their initial form as the contents of the Grant Aid project. The Basic Design of the Project is confirmed considering the guidelines of Japan's Grant Aid Scheme.

The Government of Japan requests the Government of the recipient country to take whatever measures are necessary to ensure its self-reliance in the implementation of the Project. Such measures must be guaranteed even through they may fall outside of the jurisdiction of the organization in the recipient country actually implementing the Project. Therefore, the implementation of the Project is confirmed by all relevant organizations of the recipient country through the Minutes of Discussions.

2) Selection of Consultants

For the smooth implementation of the Study, JICA uses a consulting firm selected through its own procedure (competitive proposal). The selected firm participates the Study and prepares a report based upon the terms of reference set by JICA.

At the beginning of implementation after the Exchange of Notes, for the services of the Detailed Design and Construction Supervision of the Project, JICA recommends the same consulting firm which participated in the Study to the recipient country, in order to maintain the technical consistency between the Basic Design and Detailed Design as well as to avoid any undue delay caused by the selection of a new consulting firm.

3. Japan's Grant Aid Scheme

1) What is Grant Aid?

The Grant Aid Program provides a recipient country with non-reimbursable funds to procure the facilities, equipment and services (engineering services and transportation of the products, etc.) for economic and social development of the country under principles in accordance with the relevant laws and regulations of Japan. Grant Aid is not supplied through the donation of materials as such.

- 2) Exchange of Notes (E/N)
 - Japan's Grant Aid is extended in accordance with the Notes exchanged by the two Governments concerned, in which the objectives of the project, period of execution, conditions and amount of the Grant Aid, etc., are confirmed.
- 3) "The period of the Grant" means the one fiscal year which the Cabinet approves the project for. Within the fiscal year, all procedure such as exchanging of the Notes, concluding contracts with consulting firms and contractors and final payment to them must be completed.

However, in case of delays in delivery, installation or construction due to unforeseen factors such as weather, the period of the Grant Aid can be further extended for a maximum of one fiscal year at most by mutual agreement between the two Governments.

4) Under the Grant, in principle, Japanese products and services including transport or those of the recipient country are to be purchased.

When the two Governments deem it necessary, the Grant Aid may be used for the purchase of the products or services of a third country.

However, the prime contractors, namely consulting, contracting and procurement firms, are limited to "Japanese nationals". (The term "Japanese nationals" means persons of Japanese nationality or Japanese corporations controlled by persons of Japanese nationality.)

- 5) Necessity of "Verification"
 - The Government of the recipient country or its designated authority will conclude contracts denominated in Japanese yen with Japanese nationals. Those contracts shall be verified by the Government of Japan. This "Verification" is deemed necessary to secure accountability of Japanese taxpayers.
- 6) Undertakings required to the Government of the recipient country
- a) to secure a lot of land necessary for the construction of the Project and to clear the site;
- b) to provide facilities for distribution of electricity, water supply and drainage and other incidental facilities outside the site;
- c) to ensure prompt unloading and customs clearance at ports of disembarkation in the recipient country and internal transportation therein of the products purchased under the Grant Aid;
- d) to exempt Japanese nationals from customs duties, internal taxes and fiscal levies which

may be imposed in the recipient country with respect to the supply of the products and services under the verified contracts:

- e) to accord Japanese nationals whose services may be required in connection with the supply of the products and services under the verified contracts such as facilities as may be necessary for their entry into the recipient country and stay therein for the performance of their work;
- f) to ensure that the facilities constructed and products purchased under the Grant Aid be maintained and used properly and effectively for the Project; and
- g) to bear all the expenses, other than those covered by the Grant Aid, necessary for the Project.

7) "Proper Use"

The recipient country is required to maintain and use the facilities constructed and equipment purchased under the Grant Aid properly and effectively and to assign the necessary staff for operation and maintenance of them as well as to bear all the expenses other than those covered by the Grant Aid.

8) "Re-export"

The products purchased under the Grant Aid shall not be re-exported from the recipient country.

9) Banking Arrangement (B/A)

- a) The Government of the recipient country or its designated authority should open an account in the name of the Government of the recipient country in an bank in Japan (hereinafter referred to as "the Bank"). The Government of Japan will execute the Grant Aid by making payments in Japanese yen to cover the obligations incurred by the Government of the recipient country or its designated authority under the verified contracts.
- The payments will be made when payment requests are presented by the Bank to the Government of Japan under an Authorization to Pay (A/P) issued by the Government of recipient country or its designated authority.

MINUTES OF DISCUSSIONS

ON THE BASIC DESIGN STUDY

ON THE PROJECT FOR IMPROVEMENT OF

REHABILITATIVE CARE IN REHABILITATION CENTERS

IN THE AZERBAIJAN REPUBLIC (EXPLANATION ON DRAFT REPORT)

In October,2001, the Japan International Cooperation Agency (hereinafter referred to as "JICA") dispatched a Basic Design Study Team on THE PROJECT FOR IMPROVEMENT OF REHABILITATIVE CARE IN REHABILITATION CENTERS (hereinafter referred to as "the Project") to THE AZERBAIJAN REPUBLIC (hereinafter referred to as AZERBAIJAN), and through discussion, field survey, and technical examination of the results in Japan, JICA prepared a draft report of the study.

In order to explain and to consult the AZERBAIJAN on the components of the draft report, JICA sent to AZERBAIJAN the Draft Report Explanation Team (hereinafter referred to as " the Team "), which is headed by Mr.Totsuka Shinji, Deputy Director, Second Project Management Division, Grant Aid Management Department, JICA, from 10th January, 2002 to 18th January, 2002.

As a result of discussions, both parties confirmed the main items described on the attached sheets.

Baku, January 16th,2002

Mr. Totsuka Shinji

Leader

Draft Report Explanation Team,

Japan International Cooperation Agency

Mr. Tahir Budagov

Deputy Minister

Ministry of Labor and Social Protection of

Population

Azerbaijan Republic

ATTACHMENT

1. Components of the Draft Report

The government of Azerbaijan agreed and accepted in principle the components of the draft report explained by the team. The details of the components are described in Annex-1. However, the final components which will be procured under the Project will be decided by Japanese side after further study.

2. Japan's Grant Aid scheme

Azerbaijan side understands the Japan's Grant Aid Scheme and the necessary measures to be taken by the government of Azerbaijan as explained by the Team and described in Annex-3 and Annex-4 of the Minutes of Discussions signed by both parties on 16th October,2001.

3. Schedule of the Study

- 1) The consultants will conduct further surveys and discussions in Azerbaijan until January 27.
- 2) JICA will complete the final report in accordance with the confirmed item and send it to the government of Azerbaijan by May 2002.

4. Other relevant issues

- Ministry of Labor and Social Protection of Population ensures to allocate necessary budget for operating and maintaining the equipment provided to the Republican Rehabilitation Center, Sanatorium, and Children Rehabilitation Center under the Japan's Grant Aid.
- 2) Azerbaijan side agreed to execute the items of the following;
 - The construction work for the Sanatorium and the Children Rehabilitation Center will be finished by October 2002. And also furnishings & fixtures for the above two facilities will be provided by the end of December 2002.
 - The renovation and preparation work such as removal of old equipment, renovating facilities where new equipment is to be installed, shall be done by the Azerbaijan side for the smooth and effective implementation of the Project.
 - Staff arrangement in details for the Sanatorium and the Children Rehabilitation Center, shall be done by Ministry of Labor and Social Protection of Population.

The team asked to appoint representatives of the Sanatorium and the Children Rehabilitation Center as of January 2003.

Tol

3) The Japan's Grant Aid may cover technical support as "Soft Component Services" during the period specified in the Exchange of Notes.

The government of Azerbaijan requested the following soft component services on;

- Dispatching to Azerbaijan two specialists (Physiotherapist and Occupational therapist), 1.5 months each
- Objective facilities; the Republican Rehabilitation Center, the Sanatorium and the Children Rehabilitation Center

However, the implementation of the above services will be decided after further studies and analysis.

4) Azerbaijan side requested to have received personnel in Japan for training new rehabilitation activities under the Technical Cooperation rendered by JICA and the team will further consideration of it in Japan.

事業事前評価表

1. 協力対象事業名

アゼルバイジャン国リハビリテーションセンター機材整備計画

2. 我が国が援助することの必要性・妥当性

- (1)アゼルハーイジャンはソ連崩壊後の新たな国際情勢において地政学的に重要な位置を占めており、豊富な石油ガス資源の存在も我が国のエネルギー政策上重要である。また同国の民主化、市場経済導入の動きはODA大網の観点から望ましいものであるため、同国が経済的な困難を克服して国造りを行えるよう、我が国は積極的に支援を行っている。
- (2)アセブルハブイシブャン国は障害者に対するリハビリケアーが十分に果たされていない現状を改善するために、1999年5月大統領令により「国家リハビリテーション改善計画」を策定し、その中で、障害者に合理的診断・治療及び機能回復訓練を行うためのリハビリテーション施設の整備を計画している。

しかしながらアゼルバイジャン国のリハビリテーションサービスは施設運営の非効率性、施設・機材の更新の遅れ、機材・薬品の不足、レファラルシステム(患者搬送システム)の不在などに起因して、適切に提供できない状況にある。

3. 協力対象事業の目的等

本プロジェクトは、首都バクー市においてトップレファラルに位置付けられる共和国リハビリテーションセンター(既設)、小児リハビリテーションセンター(新設)、サナトリウム(新設)の機材整備、及び新規リハビリテーション(運動療法、作業療法)の紹介、導入を行い、同国のリハビリテーションサービスの向上を目的とする。

4. 協力対象事業の内容

- (1)対象地域 アゼルバイジャン国全域
- (2) アウトプット

共和国リハビリテーションセンター、小児リハビリテーションセンターおよびサナトリウムの機 材が整備される。

運動、作業療法に重点をおいたリハビリテーション技術が導入される。

(3) インプット

共和国リハビリテーションセンター: 診断用機材、物理療法用機材、水治療法用機材、

運動療法用機材、作業療法用機材他

小児リハビリテーションセンター: 診断用機材、物理療法用機材、水治療法用機材、

運動療法用(小児用)機材他

サナトリウム: 診断用機材、物理療法用機材、水治療法用機材、

運動療法用機材、作業療法用機材他

ソフトコンポーネント: 医療従事者に対し、リハビリテーション技術としての 運動・作業療法に対する指導。

(4)総事業費

概算事業費 4.24 億円 (日本側 4.12 億円、アセブルハブイシブャン側 0.12 億円)

(5) スケジュール

詳細設計を含め約11.7ヶ月を予定

(6) 実施体制

アゼルバイジャン国労働社会保障省管轄のもと、共和国リハビリテーションセンター、小児 リハビリテーションセンター及びサナトリウムの各病院が実施

5. プロジェクトの成果

(1) プロジェクトにて裨益を受ける対象の範囲及び規模

直接受益者:

共和国リハビリテーションセンター: 年間約 1,000 人の患者と医療従事者約 56 人小児リハビリテーションセンター: 年間約 1,100 人の患者と医療従事者約 34 人サナトリウム: 年間約 1,000 人の患者と医療従事者 65 人

間接受益者:アセブルハブイシブャン地域の住民約800万人の内約27万人の障害者

(2) 事業の目的(プロジェクト目標)を示す指標

※社会体制の移行に伴い継続的な統計の確保は困難となっている。

1) 共和国リハビリテーションセンター(既設)

調査項目	2001 年	2007 年
	(協力対象事業実施前)	(協力対象事業実施4年後)
年間入院患者数	800 人	増加
外来患者	200 人	増加
年間各療法数		
物理療法	1,000人	増加
運動療法	900 人	増加
作業療法	0 人	増加

2) 小児リハビリテーションセンター(新施設)

, , , – ,	(, , , , , , , , , , , , , , , , , , ,	
調査項目	2003 年	2007 年
	(協力対象事業実施後1年)	(協力対象事業実施4年後)
年間入院患者数	600 人	増加
外来患者数	500 人	増加

3) サナトリウム(新施設)

調査項目	2003 年	2007 年
	(協力対象事業実施後1年)	(協力対象事業実施4年後)
年間入院患者数	1,000 人	増加

6. 外部要因リスク

(1)医療従事者の確保

リハビリテーション技術の向上のためには施設、機材といったハード面での整備のみならず、より適切で効果的なリハビリテーション活動を確保するため、医療従事者の確保が必要である。

(2)運営・維持管理予算の確保

本プロジェ外の実施により施設・機材の維持管理費が増大するため、先方の適切な予算確保が必要である。

(3) 患者が療法を積極的に受入、かつ参加する。

特に、運動療法は動きにくい関節を強制的に動かすので苦痛を伴う。従って、この療法を 患者が積極的取り入れ、参加する事が必要である。

7.今後の評価計画

(1)事後評価に用いる成果指標

年間外来患者数、年間各療法数(運動・作業療法による治療実績) 地方から共和国リハビリセンター、小児リハビリセンター及びサナトリウムへの紹介数、 同三つの施設間の紹介数

人材育成の研修人数

(2)評価のタイミング

機材引渡しから4年後以降を目処に評価を実施予定。

アゼルバイジャン共和国リハビリケア改善計画 ソフト・コンポーネント計画書

I. 業務計画の概要

1. 背景

リハビリテーション事業の改革計画を推進するにあたっては現状を充足させるだけでなく将来に亘って有効な協力内容を提案する必要がある。

「ア」国においては、従来のリハビリテーションケアーはソ連時代の活動概念でおこなわれ、リハビリテーションの究極の目的は障害者の自立であるとしながらも障害者を自立させるための手段を検討せず、直ぐに物理療法と結びつけられた対症療法的サービスに偏重したリハビリケアー実施の傾向にある。

このような状況のもと、これからのリハビリテーション事業は、新しいリハビリテーション概念即ち、「障害者ができるだけ自立した日常生活活動を営み、更には社会復帰すること」のために従来の物理療法のみならず新たに運動療法・作業療法に重点を置いたリハビリテーションケアーを実施する必要がある。

そのためには本プロジェクトの協力対象事業の一部として、新規リハビリテーション(運動療法、作業療法)の紹介、導入のため日本から運動療法士、作業療法士の現地派遣を行い、「ア」国の従事者に新しいリハビリテーション概念に基づいた運動・作業療法の定着をはかるソフト・コンポーネントの実施が望まれる。

2. 成果(直接的効果)

ソフト・コンポーネント実施による成果は:

- (1) 運動療法(理学療法)の改善により運動療法士(PT)及び職員のリハビリテーション事業の意識改革
- (2) 作業療法の改善により作業療法士(OT)及び職員のリハビリテーション事業の意識改革
- (3) 障害者を自立させ、社会への復帰を促進する。
- (4) 退院時において、日常生活活動ができる状態にする。
 - * 関節可動範囲が広がる。
 - * 疼痛が減少する。
 - * 歩行訓練、車椅子の乗り移りができる。

- * 整容訓練、トイレ作動が出来る。
- 3. 実施形態: エンジニアリング支援型

「ア」国のリハビリ施設(共和国リハビリテーションセンター、小児リハビリテーションセンター及びサナトリウム)の運営において新しいリハビリテーション概念に基づくリハビリテーション(運動・作業療法)活動が定着するように「ア」国側従事者への研修・指導を実施する。

4. 活動(投入計画)

1) 運動療法士、作業療法士各1名の現地への派遣:

期間:1.5 ヶ月

目的:講義で先進国型の運動療法及び作業療法の概念を理解させ、具体的な運動療法、 作業療法を指導する。

方法:講義、実技

受講者:「ア」国側の運動療法士、作業療法士、看護士等、リハビリ事業従事者内容:

講義: 日本におけるリハビリテーション施設・理学療法(運動療法)・作業療法の概念を紹介したビデオテープ及び教本等を使用し、相手方に今後の実技の重要性を理解させる。

基本訓練: 実施訓練を通して患者の関節稼動域訓練、筋肉増強、体力増強方法の指導、また患者の疾病により訓練が異なるので、以下のような患者疾病別訓練方法も指導する。

[疾病別訓練内容]

① 脊髓損傷: 基本動作訓練、移動動作(車椅子操作)

② 脳卒中: 基本動作訓練、歩行訓練

③ 脳性麻痺: 発達的アプローチ、歩行訓練

④ 切断 : 断端管理 義肢装着、義肢使用訓練

⑤ 障害者の測定方法等

【投入計画】

上記の業務内容および成果を得るために、次の投入を計画する。

投入量: アゼルバイジャン国での研修

邦人の理学療法士(1名)、作業療法士(1名) の2名

通訳 2名及び研修期間の前後に総括責任者を派遣しセミナー開催

時期: E/N期限内

期間: 1.5ヶ月

5. 役務調達方法

「ア」国のリハビリテーション施設に運動療法、作業療法部門の機材の充実をはかり、それらの機材を有効的に使用して運動療法、作業療法を実技指導する事により新しいリハビリテーション概念を定着させ、障害者が独自で日常生活動作が行えるよう、各々の障害者に対し具体的なリハビリテーションプログラムをつくりリハビリテーション活動を展開する。現在、これらの指導を行う技術者は「ア」国には存在しないので日本人技術者を現地派遣し、指導することが妥当と考える。

今回のソフトコンポーネンツは本基本設計時に技術参与として加わった東北大学大学院医学系研究科障害科専攻肢体不自由学分野の飛松好子助教授の支援を受け、先生の推薦するリハビリ関連の技術者である運動療法士、作業療法士各1名をコンサルタント側で採用して現地に派遣する予定である。

従って今回のソフトコンポーネンツは本邦コンサルタント直接支援型である。
