Legend: Developmenyt Potential Classification by District Development Potential in Urban Areas-Very high (Regional Center Districts and District Centers which have high development potential in industry and service sectors toward 2015) (Vientian Municipality areas and boder trade areas) Development Potential in Urban Area- Relatively high (Provincial Capital Distircts, District Centers along N.R.13 and Mekhong river as well as some distict near national border areas) Development Potential in Urban Areas- medium (District Centers along N.R. 13 and Mekhon river or at cross-section of Development Potential in Urban Areas- Low (No urban population in 1995 census except disticts along Mekhon river and N.R. In case that number of fixed main lines planned by Phase I and Phase II by district are exceeded over the forecasted fixed main lines by Target Demand Approach at each target year, these planned numbers are used until the forecasted numbers exceed the planned numbers either at the year of 2010 or 2015.
