

PHOTO BOOK

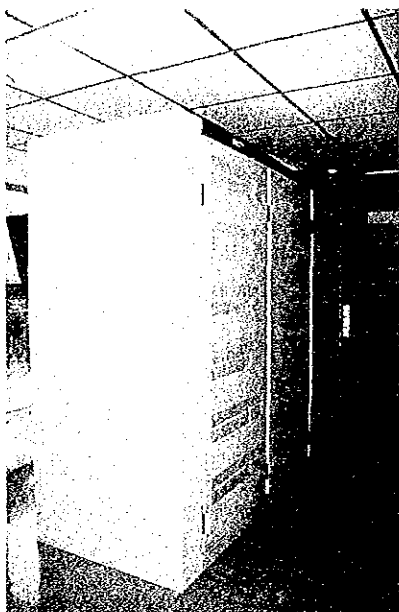

1. Switching Facilities

1-1 Switching System.Fujitsu Ftex-150, JICA installed in equipment room at Pakxe office

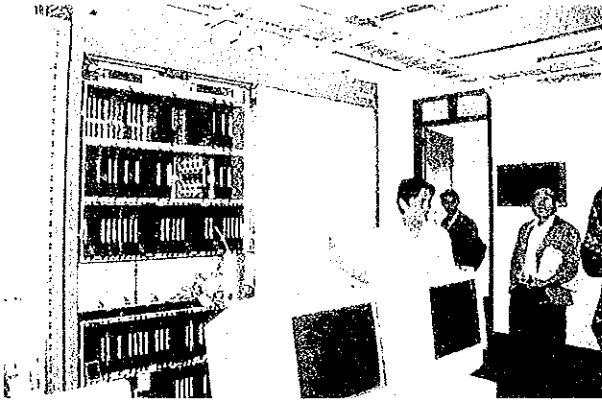

1-2 Alarm and Monitoring Panel for Switching System.Fujitsu Ftex-150, JICA installed in system control room at Pakxe office

1-3 Switching System.Fujitsu Ftex-150, JICA installed in equipment Room at Pakxe

1-4 Observation meeting and hearing in Phonsavan (Xiengkhuang) telephone office

1-5 Switching System. Shanghai Bell System-12 installed in equipment room at Phonsavan (Xiengkhuang)

1-6 HF SSB Communications System. Codan Australia installed in radio communication at Phonsavan (Xiengkhuang) office

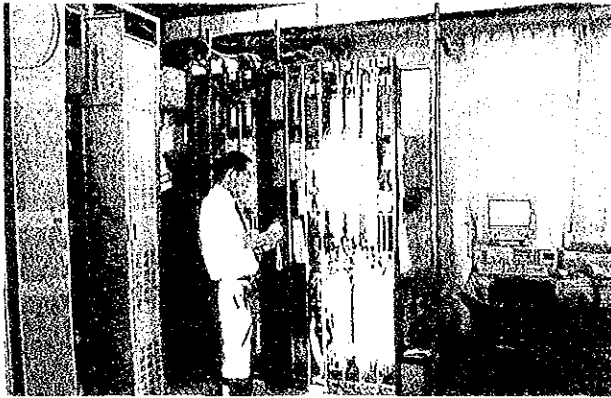

1-7 A Subscriber located in front of Phonsavan (Xiengkhuang) Telephone Office

1-8 Public Telephone Box located in front of Luangprabang telephone office

2. Transmission and Radio Facilities

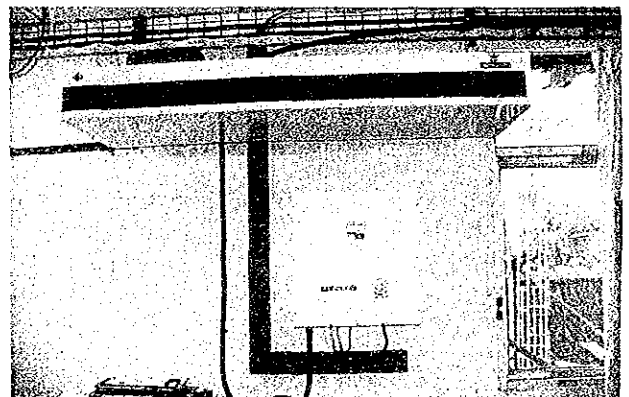

2-1 2Ghz/34Mbps Backbone Microwave System installed in Luangprabang telephone office

2-2 7Ghz/16Mbps Spur Microwave System installed in Luangprabang telephone office

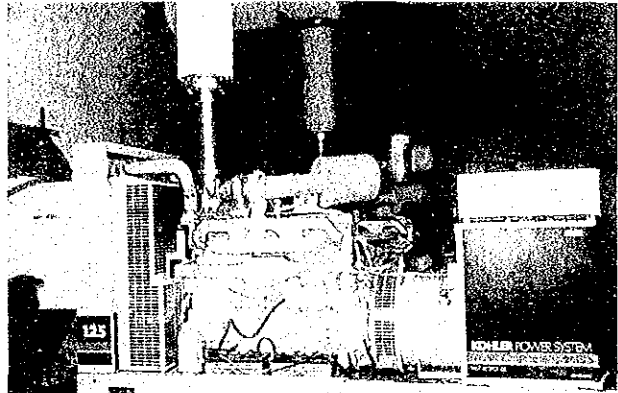

2-3 Microwave parabolic antenna and tower installed in Luangprabang telephone office

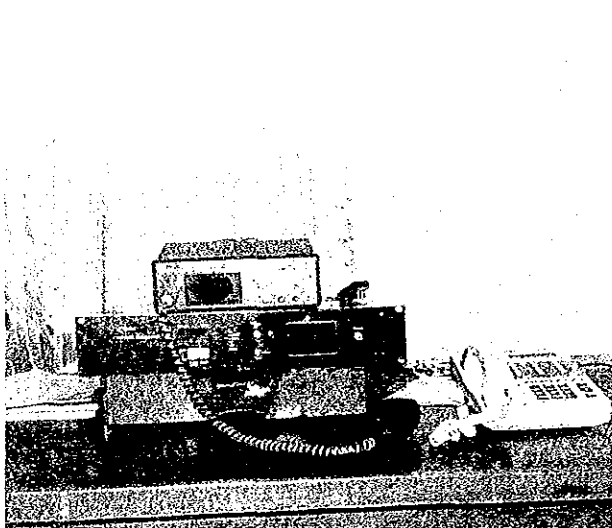

2-4 2.4Ghz Rural Subscriber Communications System, Alcatel Rutel, Germany installed in Luangprabang telephone office

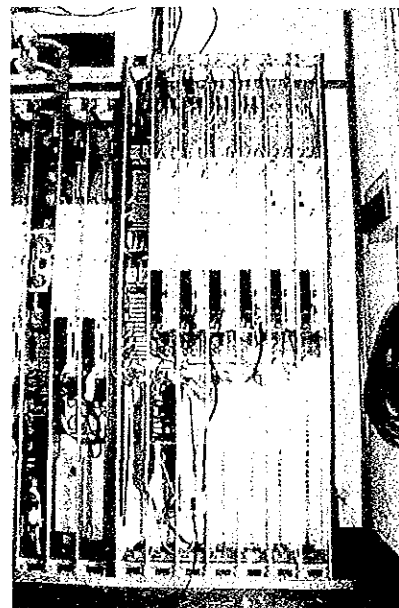

2-5 2.4Ghz Rural Subscriber Communi
System Rutel, Germany installed in
Luangprabang telephone office
Same above

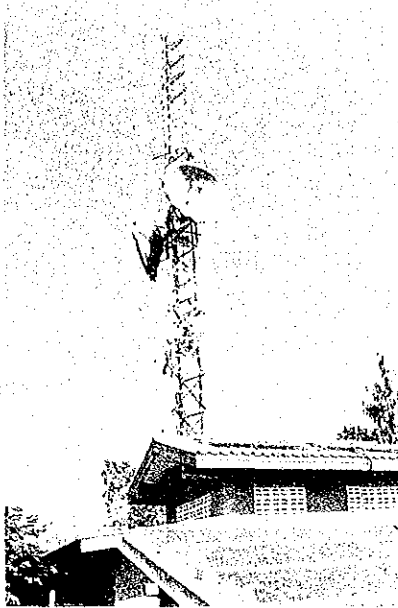

2-6 125KVA Diesel Engine Generator
Fujitsu(Kohler power system) ,JICA
installed in Luangprabang telephone
office

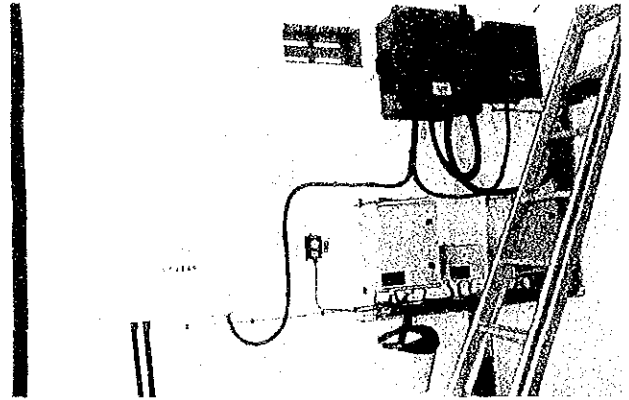

2-7 100W HF SSB Transceiver Codan Australia
installed in Luangprabang telephone
office

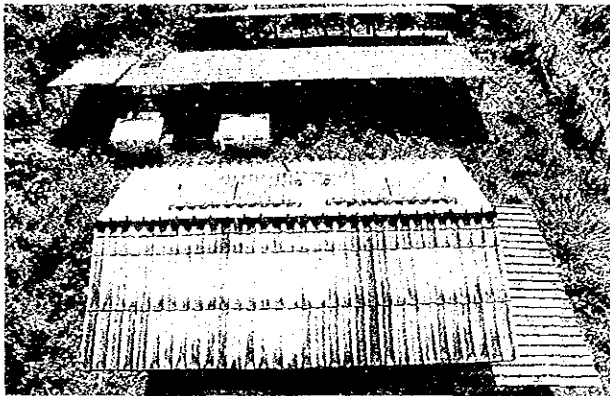

2-8 2Ghz/34Mbps, 7Ghz/16Mbps Microwave, 2.4Ghz Rural
Subscriber Communications Relay System installed in
P.Xnnoi Relay site

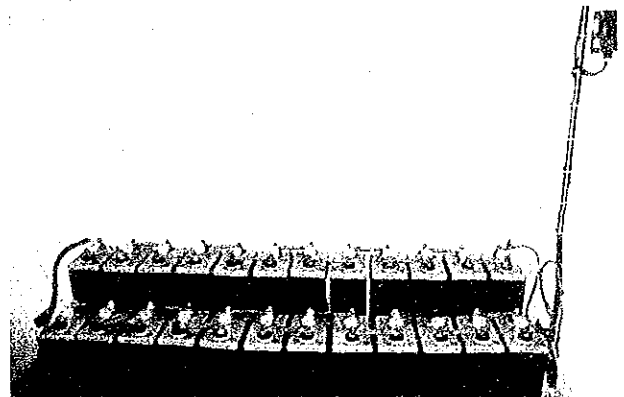

2-9 Microwave parabolic antenna and tower installed in P.Xnunoi Relay site

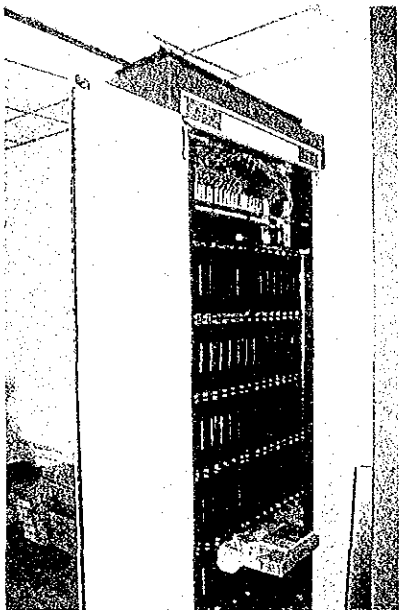

2-10 2.4Ghz Rural Subscriber Communications Relay System, Alcatel Rutel, Germany installed in P.Xnunoi Relay site

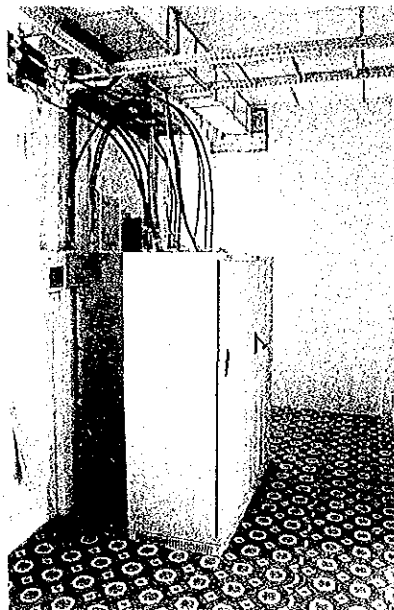

2-11 Solar Power System for 2Ghz/34Mbps, 7Ghz/16Mbps Microwave Relay System and 2.4Ghz Rural Subscriber Communications Relay System

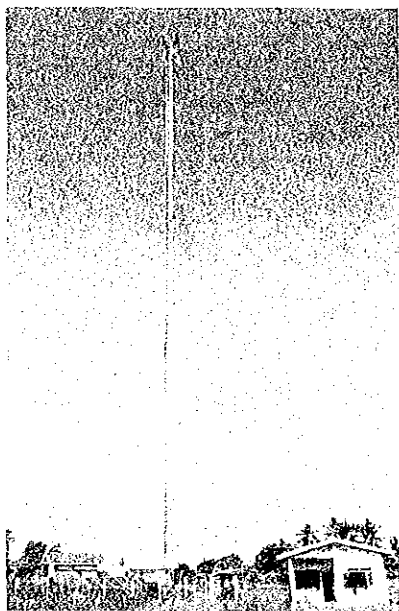

2-12 Battery cells for Solar Power System

2-13 Rutel Switching for Rural Subscriber Communications System installed in Thakhek

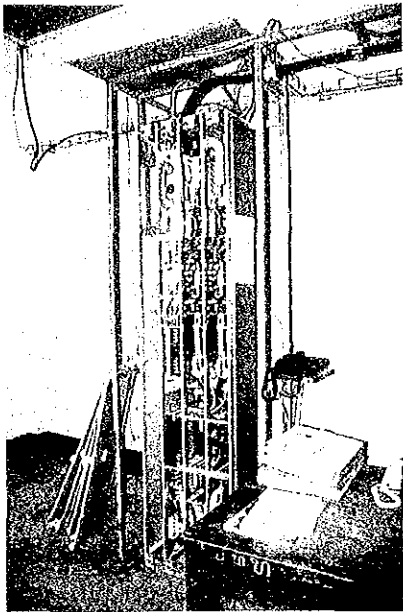

2-14 2W 900Mhz BST System, China Huaei installed in Thakhek

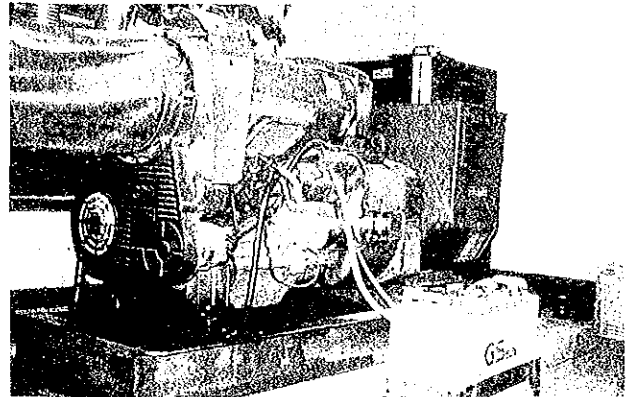

2-15 2Ghz/34Mbps Microwave Relay, 2.4Ghz Rural Subscriber Communications Relay & Terminal System installed in KM-35

2-16 A Subscriber located in KM-35 Khanthabouli Rural site

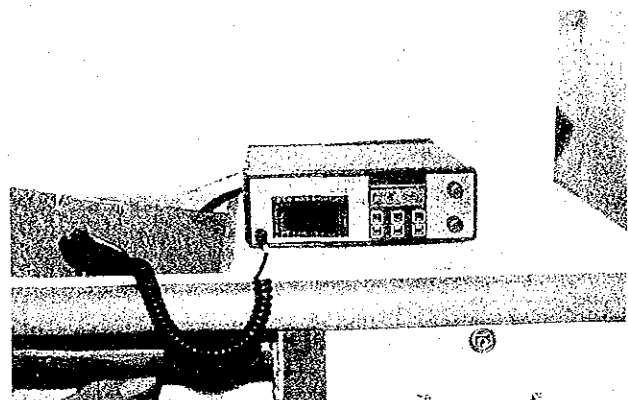

2-17 7Ghz/16Mbits Spur Microwave System,
Plessy AWA Australia installed at
Pakxe telephone office

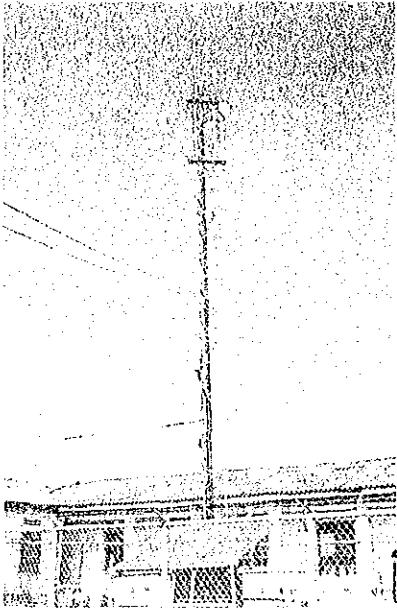

2-18 75KVA Diesel Engine Generator installed in
Phonsavan(Xiengkhuang) telephone office

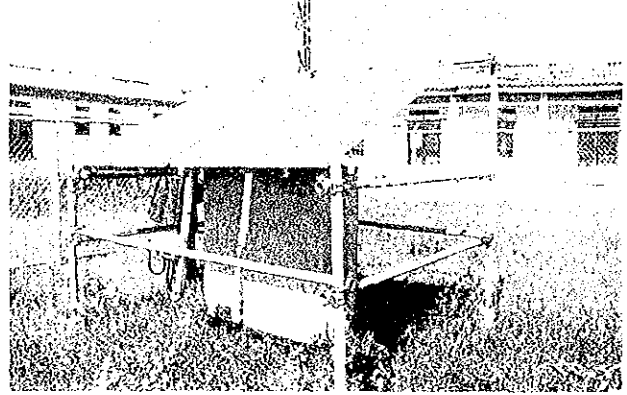

2-19 Rural Subscriber Telecommunications and HF
SSB service office located at Mounghoum in
Xiengkhuang Province

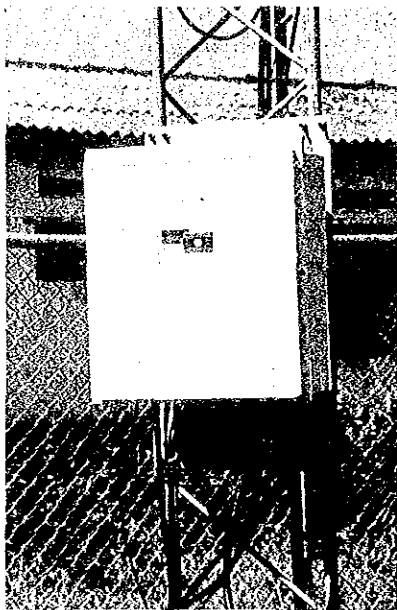

2-20 100W HF SSB Equipment located at
Mounghoum in Xiengkhuang Province

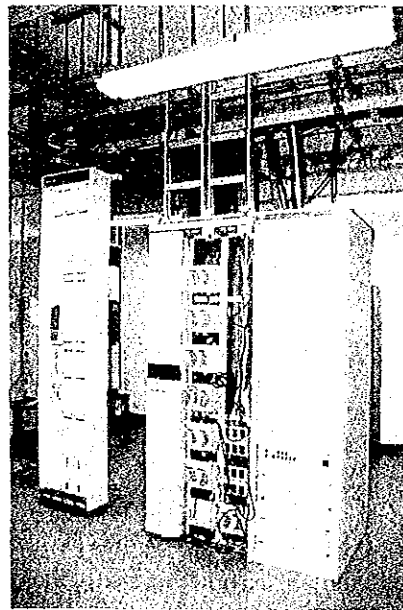

2-21 2.4Ghz Flat Antenna and Tower for Rural Subscriber Telecommunications

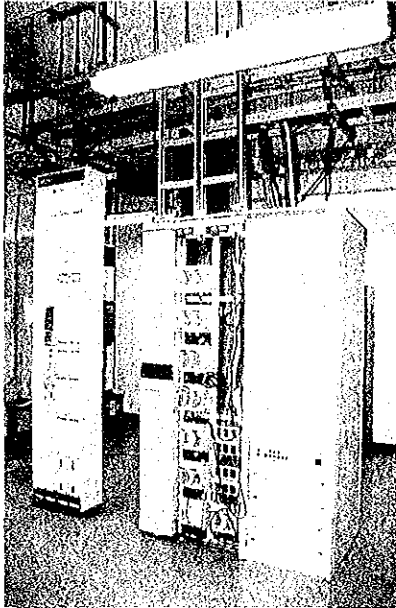

2-22 Solar Power System 2.4Ghz Rural Subscriber Communications Terminal System located at Mounghoum in Xiengkhuang Province

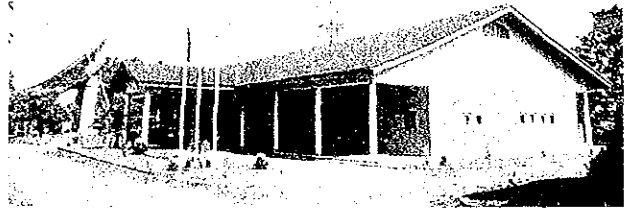

2-23 2.4Ghz Rural Subscriber Communications Terminal System, Alcatel Rutel, Germany installed located at Mounghoum in Xiengkhuang Province

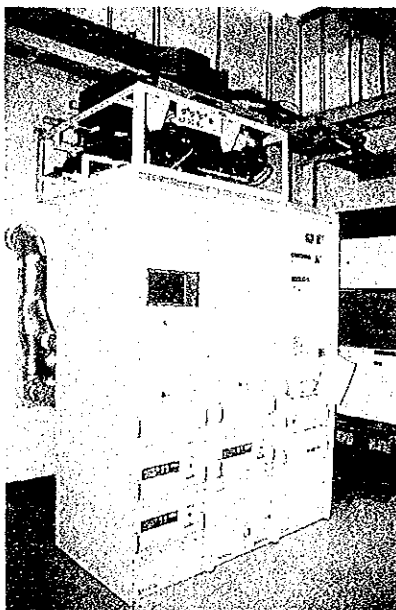

2-24 7Ghz/34Mbits Microwave System, NEC, JICA for Satellite E/S installed Sylom at in Vientiane

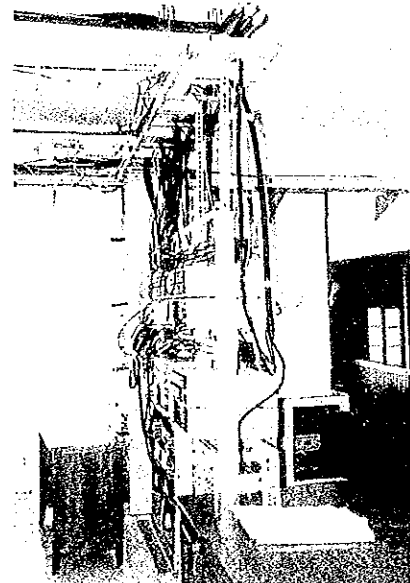

2-25 7Ghz/34Mbits Microwave System, NEC, JICA installed at Nathom E/S in Vientiane

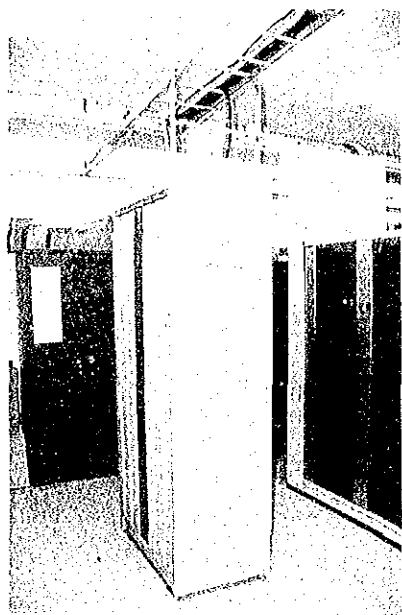

2-26 Satellite Earth Station NEC, JICA installed at Nathom in Vientiane

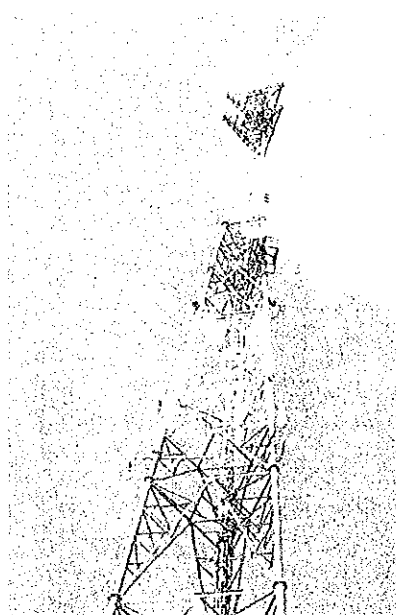

2-27 Satellite Earth Communication System NEC, JICA installed at Nathom in Vientiane

2-28 2W 900Mhz BST System, Ericsson Sweden installed at Saylom BSC-1 office in Vientiane

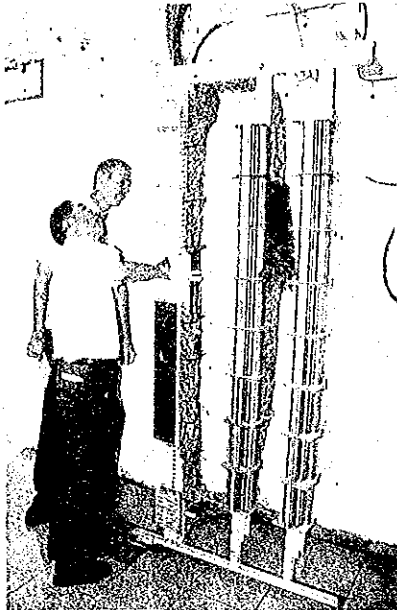

2-29 MSC (Switching) System for for BST System
installed at Saylom BSC-1 office in Vientiane

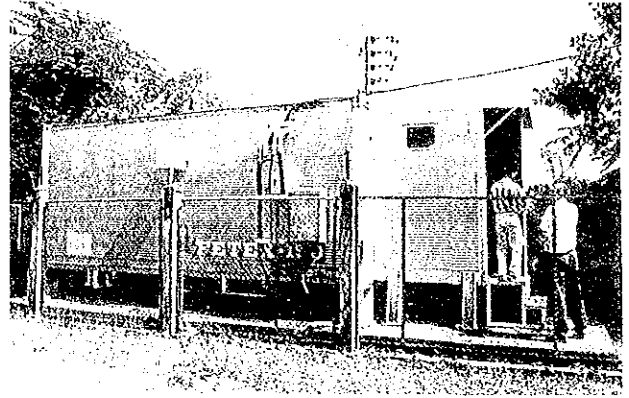

2-30 BST Antenna and Tower for BST System
installed at Saylom BSC-1 office in
Vientiane

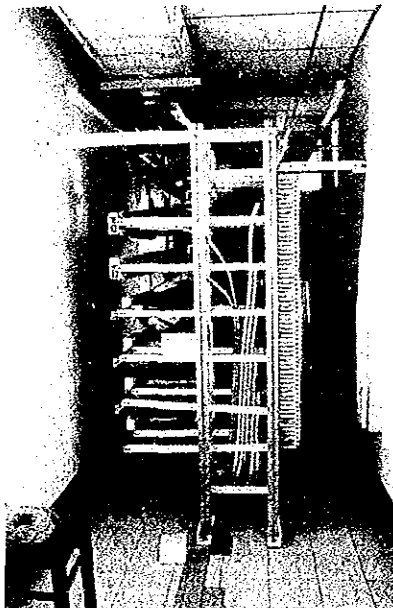

3. Outside Plant

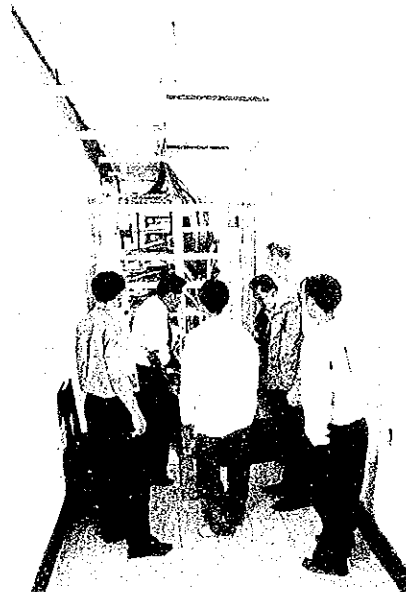

3-1 Cable Junction terminals. Customer installed at Thadeua branch office in Vientiane area

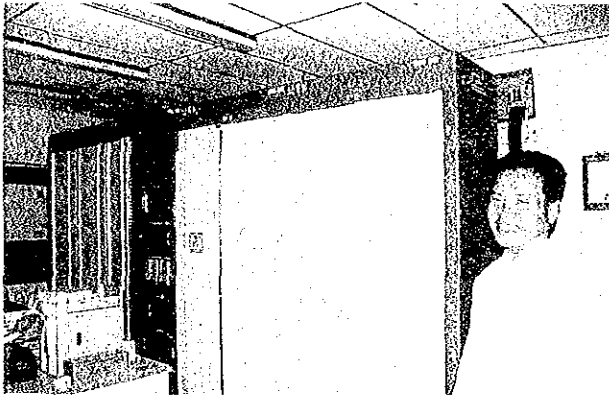

3-3 Transportable Switching System Fujitsu Ftex-150 installed in Vientiane area

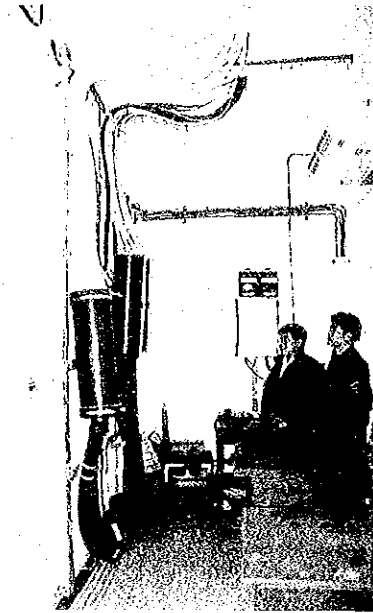

3-3 Cable Junction terminals. Customer installed in Luangprabang telephone office

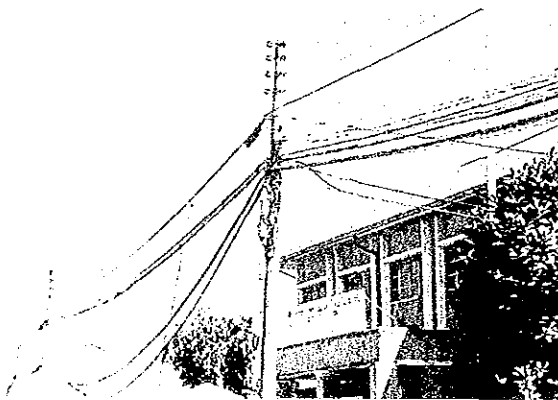

3-4 same left photography

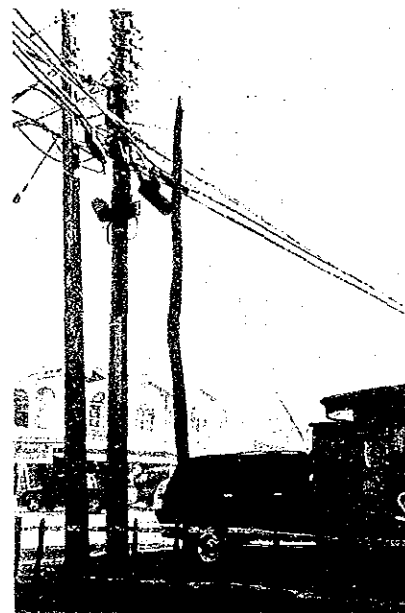

3-5 Switching System. Shanghai Bell System-12 installed in Luangprabang telephone office

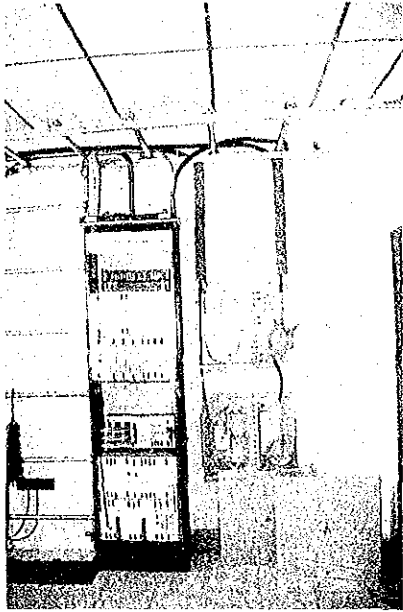

3-6 At Cable pulling Point in Khanthabouli telephone office

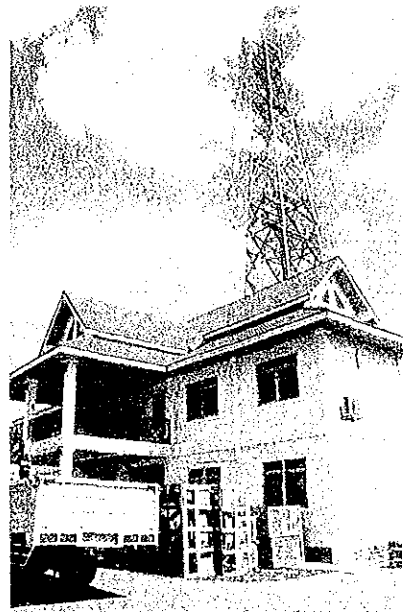

3-7 Telephone Cabling in front of Phonsavan(Xiengkhuang) telephone office

3-8 Telephone Cabling in Phonsavan(Xiengkhuang) district

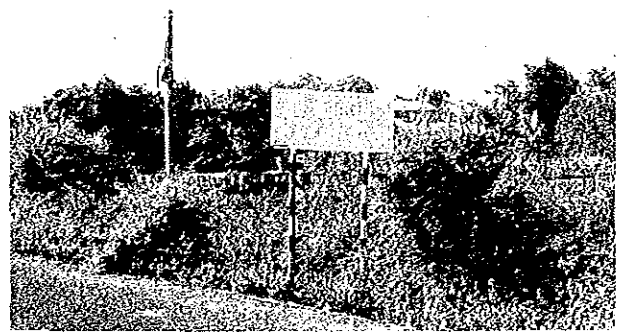

3-9 CSC Network Terminal in Vientiane office

3-10 CSC Network Terminal in Vientiane office

3-11 CSC Cable Route in Boukhamxay Province at Pakkading Village

3-12 CSC Cable Route in Boukhamxay Province at Ban Houy Hay Village(fm / to Vietnam)
