- (B) Construction of Rural Telecommunication System
- (C) Introduction of Network Management System for Improvement of O/M
- (D) Construction of Important Telecommunication Infrastructure
- (E) Establishment of OPMC (Outside Plant Maintenance and Training Center)
- (F) Preparation of Manuals for Building Construction
- (G) Establishment of Internet Services
- (H) Improvement of Customer Services
- (I) Introduction of Computerized Job/Project Standarization of Job Follow up System for ETC's Head Office
