of Info-Communications Access in Rural Communities*

Appendix A Experiences of Advanced Countries for the Improvement of Info-Communications Access in Rural Communities

Examples of Info-Communications Access Enhancement Projects in Japan and Advanced Countries (Japan)

	Project	Field	Organization	Outline	Result or Effect	Target	Medium, Infrastructure.	Points of Possible Application
Takasu Town, Hokkaido	Integrated office counter system + official homepage	Local government, local industry	Village office	<ul style="list-style-type: none"> - The office counter system was successfully integrated to enable several procedures at one window, which was built after the use experiment for two years. - Their homepage attracts not only the villagers but a lot of former villagers and residents around them, because of the frequently updated contents which works with real events, greeting mail services with its beautiful scenery, an introduction corner for local specialties, and BBS and mailnews service which brings the good taste of their hometown. 	N.A.	Villagers and the former residents	Homepage	<ul style="list-style-type: none"> - Public service provision by one-window system through internet is worth consideration - Well-managed home page provision about local information including local special products, greeting mail service, etc. is also worth consideration.
Sendai City, Miyagi	Senior Net Club	Education	NPO, volunteers	<ul style="list-style-type: none"> - Originated in the volunteer activities for the senior in the Sendai Central Post Office - "Information Square", personal computer classroom are being held, letting the graduates to make its own newcoming instructors. - This project has been successful by achieving supports from the local government, local enterprises and citizen groups so that they made their own booth for national "Internet Expo" in 2001. 	About 600 participants.	senior citizen	PC class, homepage	<ul style="list-style-type: none"> - Originated from the volunteer activities utilizing the facility of post office which is similar to the system for RIC project and worth studying. - Approach of holding PC schools for senior people and their graduates become leaders in turn, is worth consideration. - Collaboration approach among the government, enterprises and NPO is worth consideration.
Katsurao Village, Fukushima	Katsurao Multimedia Village.	Infrastructure and medical welfare	Village office	<ul style="list-style-type: none"> - Providing videophone terminals at each public facilities and each households in an effort to increase communication between villager themselves. 	Provided videophones in all the households	villager	Terminal	<ul style="list-style-type: none"> - System is based on the distribution of the internet terminal units which is costly to implement and may not be applicable.
Fukushima Pref.	Aizu University	Information industry.	University, NPO, private enterprises	<ul style="list-style-type: none"> - Supporting venture enterprises through cooperation with Fukushima Prefecture. - Letting laboratories and communication equipments lent at a low charge at "Multimedia Centre". - "Aizu Venture Joint Structure" is acting to organize enterprises, the university and citizens. 	N.A.	venture	Joint Structure	<ul style="list-style-type: none"> - Scale and required budget may be too big for the application to the rural communities in Malaysia.
Ichikawa City, Chiba	Multi-access service	Local government	Local government	<ul style="list-style-type: none"> - Service which conveys a resident card at convenience stores in the city for 24 hours. - Reservation application service of the public hall and information service on volunteer, welfare, a child, the window of municipal government, and each field of a living environment are available on the information terminal at convenience stores. 	Available in 1,045 stores	citizens	Terminal	<ul style="list-style-type: none"> - Scale and required budget may be too big for the application.
Mitaka City, Tokyo	Lifelong learning class reservation system, etc.	Education.	Local government	<ul style="list-style-type: none"> - Lifelong learning classes can be reserved via homepage of Mitaka City, known by its large number of users. - Onestop service and SOHO support system are coming up. 	900 groups and circles providing information	citizens	Homepage.	<ul style="list-style-type: none"> - Providing a homepage for the reservation of lifelong education is worth consideration. - One-stop public service and SOHO support service systems are worth consideration.

	Project	Field	Organization	Outline	Result or Effect	Target	Medium, Infrastructure.	Points of Possible Application
Azumi Village, Nagano	Azumi Cyber Network	Infrastructure, local industry.	Local government	- The first successful case for local Internet service based on wireless LAN system in Japan, making tight trinity band between residents, sponsoring enterprises and the village centre. - Public facilities and tourist facilities have constant connection to the Internet.	Tourist increased by more than 30% in number, substantially estimated	villager, tourist	Network.	- Local wireless LAN system implemented through the cooperation among the village administration, sponsor enterprises which connects public facility and tourist facility, etc. is worth consideration.
Takasu Village, Gifu	Takasu multimedia promotion conference.	Infrastructure, community	NPO, local government	- Volunteers began area information service via e-mail and WWW, which was transferred to the village later. - Volunteers continued local ISP-like activities including hosting service, remaining good contact with circumference cities and former residents.	Fairly typical successful case in Gifu Prefecture which is known by its nation-highest area informationization index number in 1998.	Villager, former residents	Homepage, network.	- The process of starting from the volunteer activities for sending out the local news and information which later was transferred to the village administration, is worth consideration.
Yamada Village, Toyama	Cyber-village Plan	Community	village office	- PCs distributed to all the households whoever request. - Activated the village with help from volunteer groups.	Study or inspection by media and local governments are more than 500 as of 1997	Villager.	Terminal.	- System is based on the distribution of the internet terminal units which is costly to implement and may not be applicable.
Kasuga Town, Hyogo	Shiftup Kasuga	Infrastructure, local industry.	NPO, volunteer.	- Local Internet project which utilizes wireless LAN.	N.A.	Residents	Network.	- Local LAN based internet system by the initiative of NPO and volunteers is worth consideration.
Oita Pref.	Oita Virtual International Trade Fair.	Local industry	Local government	- The first successful virtual international trade fair in Japan which was run by local government. - The Internet version of well-known "One Village One Product Movement" since 1979 in Oita. - This exhibition is also open for foreign exhibitors, allowing English, Chinese and Japanese version of each page.	245 companies exhibited.	Local enterprises and ones from overseas	Network.	- Successful virtual trade fair can be a good stimulus for the local enterprises and is worth consideration.
Setagaya Ward, Tokyo	Tamagawa Bridge	Community	Citizen Group	- It makes the best use of existing web sites of other citizen groups. - Trainers of IT training course used to be the trainees of the course. - It targets all citizens from the young to the old.	N.A.	All Citizens	Network.	- The graduates of the training course teach the beginners and the old. - The information for web page is easily collected by making use of existing citizen groups.

Examples of Info-Communications Access Improvement Projects in Advanced Countries (USA and Europe)

Region	Project	Field	Organization	Outline	Result or Effect	Target	Medium, Infrastructure.	Points of Possible Application
Blacksburg, Virginia US	Blacksburg Electronic Village	Infrastructure, local industry	Local government	<ul style="list-style-type: none"> - Management body is the local government. - Develop the communication network in the city and provide wireless local LAN for the residents and the local enterprises. - Provide education and training to the residents for using the IT and internet. In consequence, 80 % of the residents are using internet service. - Portal site provides the links of web pages including introduction of the local enterprises and individuals, community activities, events in the neighboring communities, electronic museum and other information about Blacksburg. These web pages provide rich information. - Develop broadband system by optical fiber and wireless local LAN. 60 % of the houses and offices have access to the broadband system (Ether-net). 	80 % of the residents have come to use internet.	Residents.	Network., homepage	<ul style="list-style-type: none"> - Operation and management of the wireless local LAN system is worth consideration. - System of providing training may be worth consideration. - Fixed charge system for internet service may be worth consideration. - Way of the management of the service provision by the local government is worth consideration.
Evanston, Illinois US	e-Tropolis Evanston	Infrastructure, local industry.	NPO	<ul style="list-style-type: none"> - NPO is the management body with the cooperation of partner enterprises. - Major objectives are the alleviation of digital divide, reinforcing the communication among the residents and activating the local economy through newly attracting enterprises. - Develop the high-speed network backbone and provide internet service to the residents and local enterprises. - Self-financing was achieved without receiving financial aid from the government. 	N.A.	Residents and local enterprises.	Network., homepage	<ul style="list-style-type: none"> - Way of achieving the close communication and that of attracting enterprises are worth consideration. - Way of achieving self-financing with partner enterprise support and without government support, is worth close consideration.
Rock Heaven, Pennsylvania US	Keystone Community Network (KC Net)	Infrastructure, community	NPO	<ul style="list-style-type: none"> - Management body is NPO. - Major objectives are the reinforcement of communication among the residents, raising the education level, activation of the local economy. - Develop broadband network by optical fiber and provide low-price internet connection service and web development and hosting services for the residents. - Provide support for the aged people for the use of internet and producing web contents. - Provide web sites for notice board of community activities, individual sites for local shops and enterprises, auction among the residents and various local information. - Consortium was formed to develop a state-wide optical fiber network. 	N.A.	Residents and local enterprises.	Network., homepage	<ul style="list-style-type: none"> - Providing low-price internet connection service and other services may be worth consideration. - Way of providing support for the aged people for the use of internet and producing web contents are worth consideration. - Providing web sites for notice board of community and other community activities is worth consideration.
Issy les Moulineaux, France	Issy les Moulineaux	Local industry	3rd Sector	<ul style="list-style-type: none"> - Third sector with the city and private finance is the management body. - Several communications carriers provide free ADSL service. - Residents have the internet access through ADSL and cable TV. - Free internet café was provided for these who do not have access at home. - 「Cyber Tea Salon」to provide IT training opportunities for aged people and 「Cyber Senior Club」which provide the training to aged people by aged people with high IT literacy, were established. - Provide public services including the application of various certificates through internet and broadcasting of the sessions of the municipal assembly. 	24 enterprises were exhibited.	Residents.	Network., homepage	<ul style="list-style-type: none"> - Third sector management system may be worth consideration. - Providing free internet café is worth consideration. - 「Cyber Tea Salon」and「Cyber Senior Club」are worth close consideration. - Public service provision system is worth close consideration.
