

Chapter 1

Introduction

1. Introduction

Volume 3 contains results of surveys conducted by the JICA Study Team, and comprises of the following chapters:

Chapter 2 1st Questionnaire survey to EPIs

Chapter 3 Hazardous waste contractor survey

Chapter 4 Recycler survey

Chapter 5 Contaminated site survey

In addition, the JICA Study team has conducted waste generation survey comprising of questionnaire survey (600 companies) and visiting surveys (80 enterprises). JICA Study Team used ICIM (National Institute for Research and Development for Environmental Protection) for conducting both types of hazardous waste generation surveys. Results of the waste generation surveys are incorporated in Volume 1 Chapter 2 Waste Quantities.

All the above surveys form an important base for our understanding on hazardous waste management conditions in Romania.
