Almost 1/3 of the JOCVs, dispatched to Sri Lanka in the last twenty years are in this sector. Out of that, about 20% of JOCVs are Japanese language teachers assisted to NYSC and other training institutions. Apart from Japanese language, the JOCV dispatch for pre-school education, system engineering, handicraft, home science are contributed at present. In the early part of 1980's, JOCV for pre-school education were provided to leading NGO such as SARVODAYA, and by later part of 1980's it sifted to NYSC and NHDA. From 1990's JOCV for pre-school education were mainly sent to North Western Province and supported to establish Model pre-school and Teacher Training Institute. Until 2001, nine JOCVs have continuously supported the activities there. Recently, JOCV of a pre-school education have commenced their activities in tea and rubber estates. Computer system engineers have been dispatched to educational institution are government projects in early 1980's and in 1990's it has been shifted to NYSC and vocational training institutions.

Notable feature is that few JOCVs have engaged in cultural assest preservation and herbal plant growing in the past.

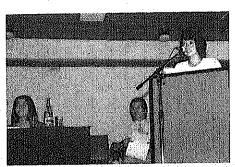

At present, JOCV member of youth activities, handicraft, dress making, etc. have increased to JOCV Unit.

☆日本語教育☆

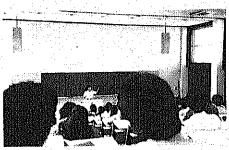

大学進学のための全国統一学力試験の選択科目の一つで あり、学校教育の中に日本語が取り入れられている。高 等教育の中にも日本語が存在する。また、日系企業への 就職や日本への留学を目指した日本語熱も高い。現実問 題として就職や留学に結びつく例は少ないが、上記の理 由から、当国への日本語教師派遣数が多いのが分かる。 80年代から90年代前半にかけてはNYSC、大使館日 本語講座への派遣が多く、その他に大学やNGOへの派遣 がいくつか見られた。近年になり、職業訓練校や一般学 校へも隊員派遣が開始されるようになり、隊員派遣数は 増加した。

Japanese Language Education

Japanese Language is taught as a subject in schools and it is a subject included in the GCE A/L exam too. Demand for Japanese Language is high as lecturers are expecting employment Japanese firms or studies in Japan. Paralleled to that demand, JOCVs of Japanese Language are increasing trend. From 1980's to 1990's most of them were dispatched to NYSC and Japanese Language class of the Embassy of Japan. Later it spread to NGOs too. At present, JOCVs of Japanese Language are assigned to vocational institutions and schools.

ANHDA/JOCY UNITA

初期には村落開発普及員・野菜隊員の派遣が多くを占めていたが、協力隊への理解が進んだこと、低所得者地域の現状が明確になってきたことで、よりターゲットを絞ったJOCVの派遣が可能となり教育部門の隊員派遣が増加した。様々な年齢を対象に、手芸教室、練製教室や子供会を開催したり、幼児教育を充実させるためのプログラムなどが隊員により実施された。

NHDA/ JOCV Unit

At the early stage, JOCV of community development, vegetable growing etc. were dispatched. As a result, NHDA gradually understood the JOCV system and JOCV member could understand the situation of low income areas. Therefore it was possible to concentrate on educational programs for JOCV and also was possible to increase the number of JOCV dispatch. However, JOCV supported the implementation programs such as handlcraft, dress making, pre-school education etc.
