Geological Investigation
for
the Broadlands Hydropower Project

Appendix

CHAPTER 1

CORE DRILLING

1.1 Bore Hole Logs

GEOLOGICAL INVESTIGATION FOR THE BROADLANDS HYDROPOWER PROJECT

BOREHOLE LOG FOR ENGINEERING PURPOSES

ENGINEERS & ARCHITECTS cecb LABORATORY & SITE INVESTIGATION UNIT

LOCATION :- DIVERSION TUNNEL,KEHELGAMU OYA,LEFT BANK | **B.H No.: DT 01**

DRILLING DATA		BOREHOLE DATA
STARTED :	**20/12/02**	X-COORDINATE :164,981.324m
COMPLETED :	**29/12/02**	Y-COORDINATE :198,303.675m
MACHING TYPE :	**TONE**	ELEVATION (COLLAR) :122.771m
DRILLING METHOD :	**ROTARY**	ELEVATION (BOTTOM) :97.271m
CORE BARREL, BIT :	**NQ**	FINAL DEPTH :25.50m
FOREMAN :	**KRNK**	INCLINATION : Vertical
LOGGED BY :	**BMAPM**	BEARING : -

KEY

JOINT ROUGHNESS
VR= very rough
R: rough
SR: slightly rough
S= smotth
SL=slickensided

JOINT SPACING
VW= very widely> 2m
W= widely
MW= moderately wide
C= Closely
VC= very closely

JOINT SEPARATION
V= very tight
T= tight
MO= moderately open
O= open

OTHER SYMBOLS
SL/CW - Soil & Completely Weathered
HW - Highly Weathered
MW - Moderately Weathered
SW - Slightly Weathered
TCR - Total Core Recovery
RQD - Rock Quality Designation
GWL - Ground water Level

LEGEND FOR GRAPHIC LOG
Sand
Clay
Fresh to slightly weathered charnockite
Highly to mod weathered charnockite
Fresh to slightly weathered biotite gneiss
Highly to mod weathered biotite gneiss
Quartzite
Calc gneiss
Boulder

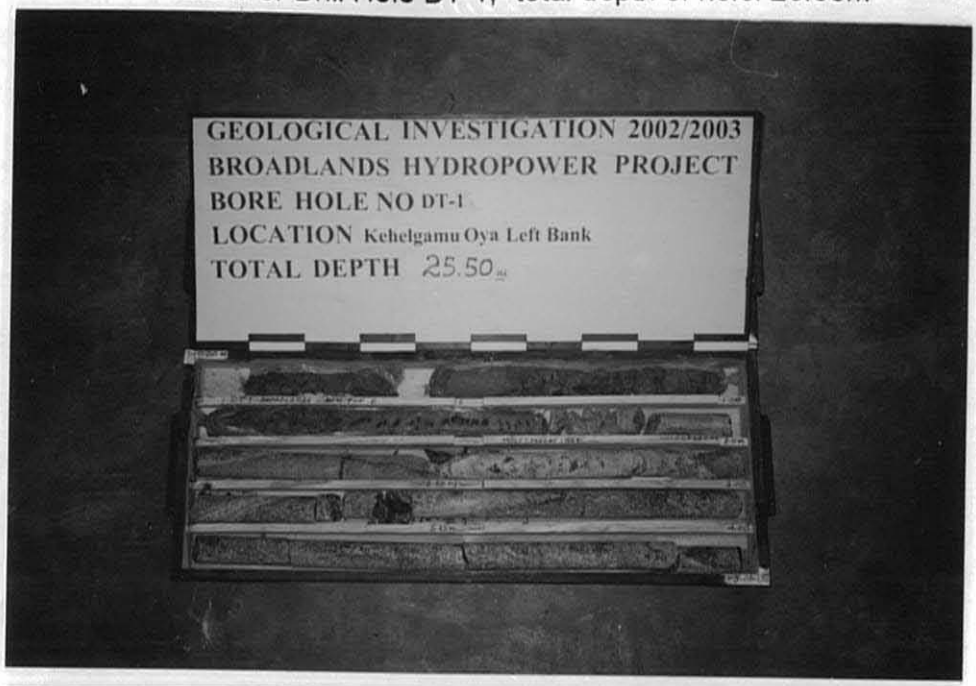
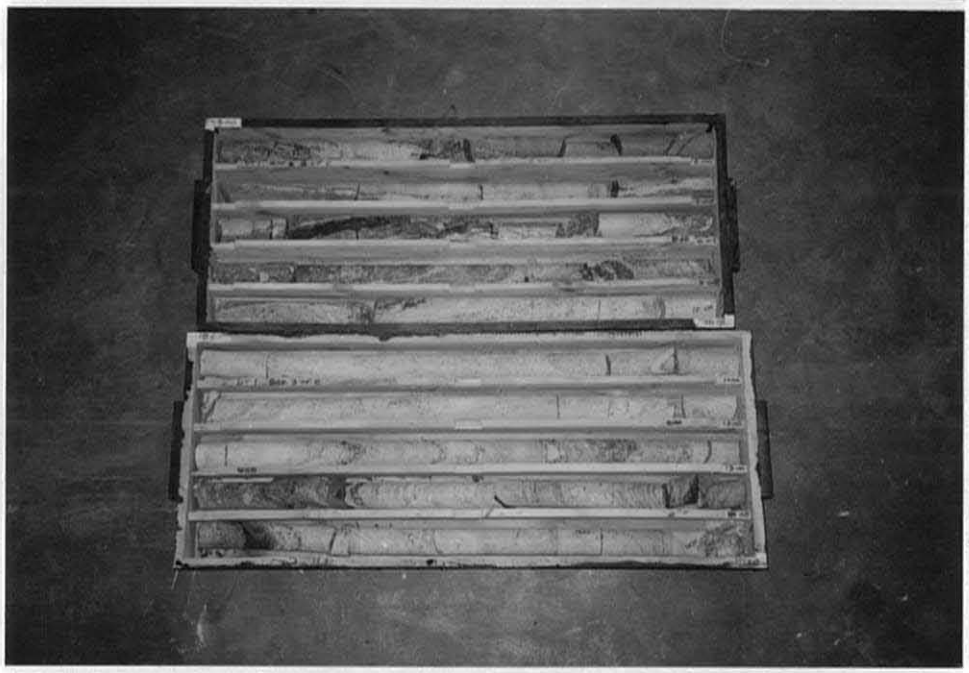
1.3 Photographs of Drilling Location and Drilling Core

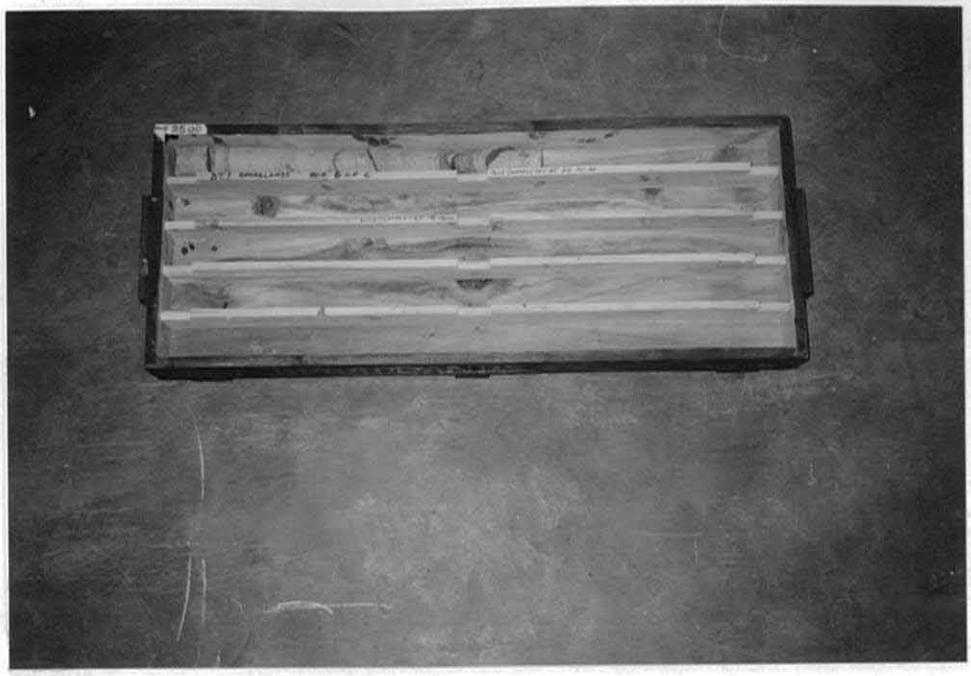
Plate # 1: Drilling Location of DT-1
Total depth of hole: 25.50m

Plate # 2: Hole monument of DT-1 with cap

Plate # 3: Drill Hole DT-1, total depth of hole: 25.50m







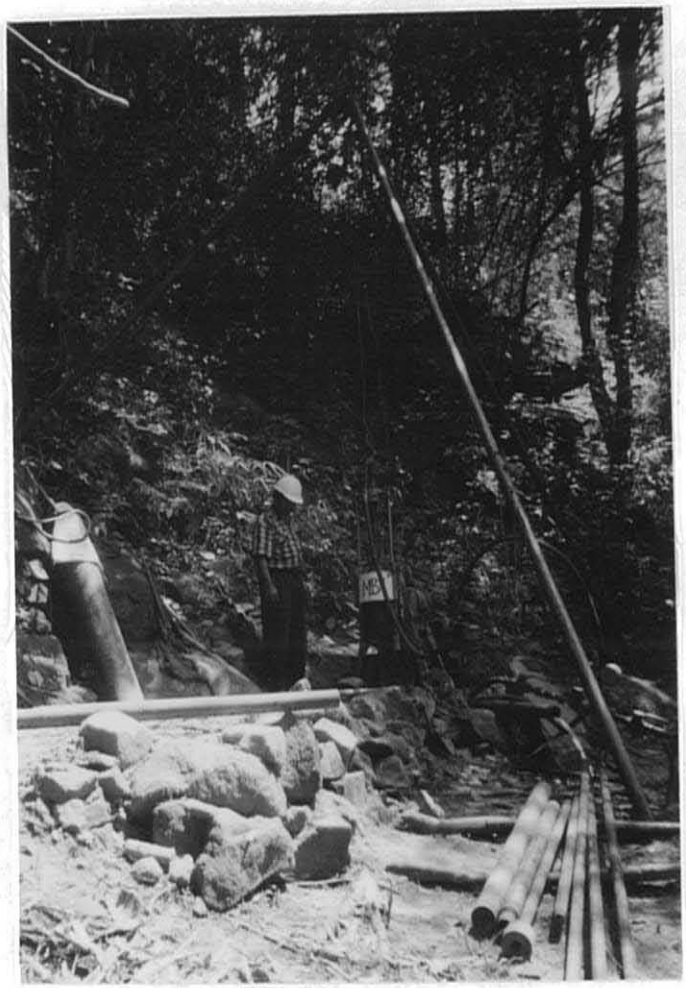


Plate # 4: Drilling Location of MB-1
Total depth of hole: 40.77m

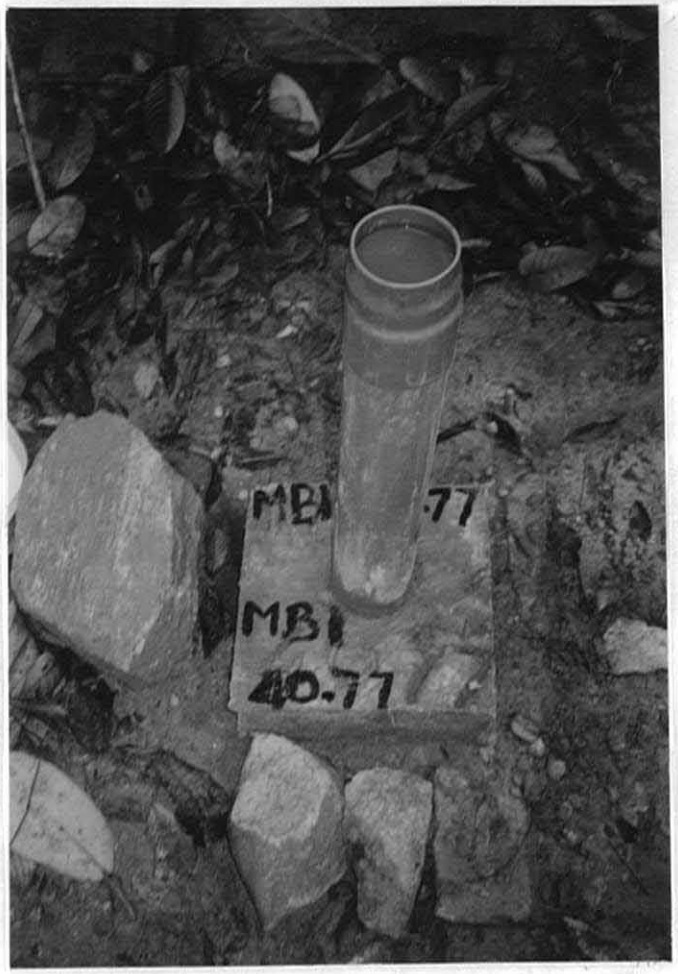

Plate # 5: Hole monument of MB-1 with cap

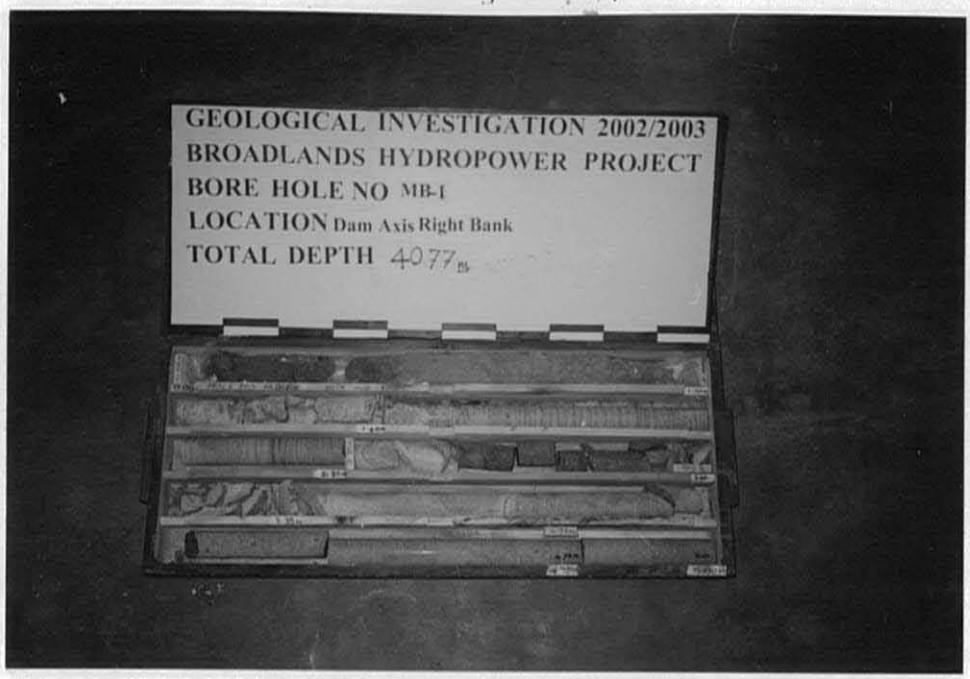
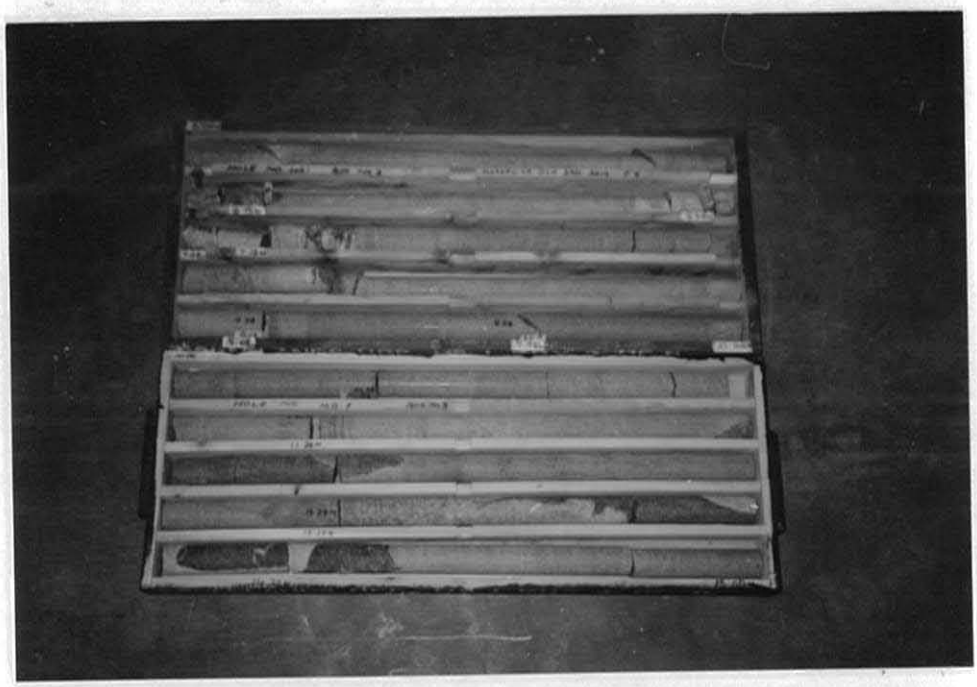
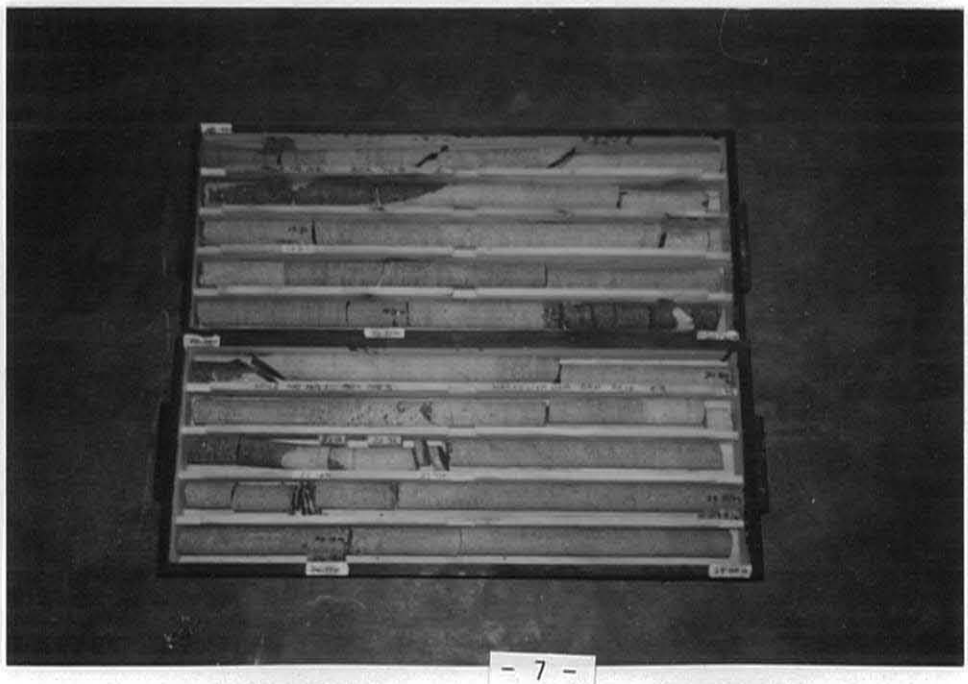
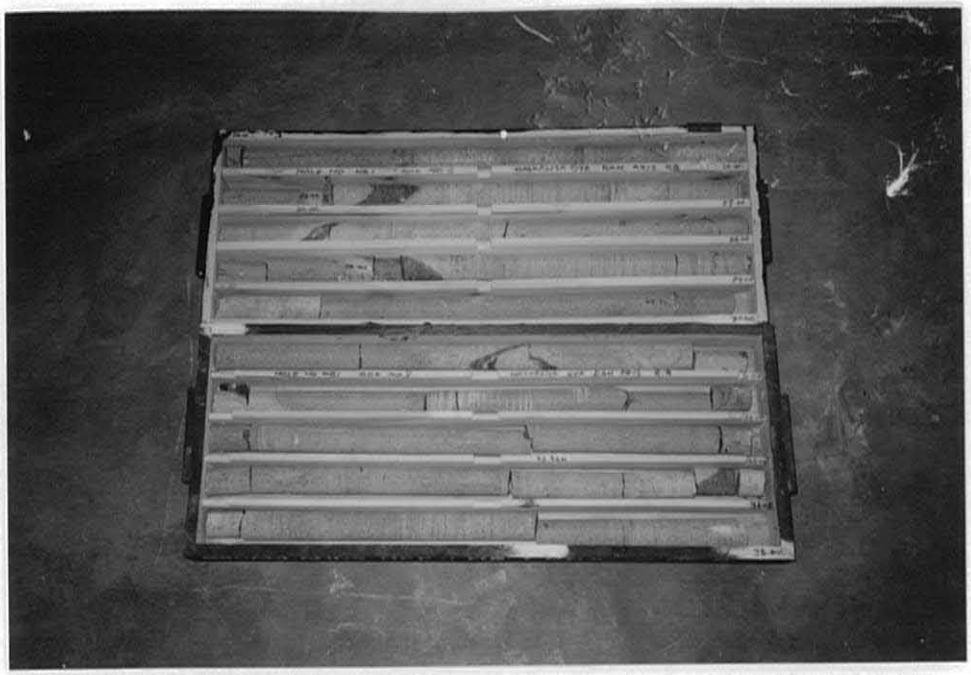
Plate # 6: Drill Hole MB-1, total depth of hole: 40.77 m









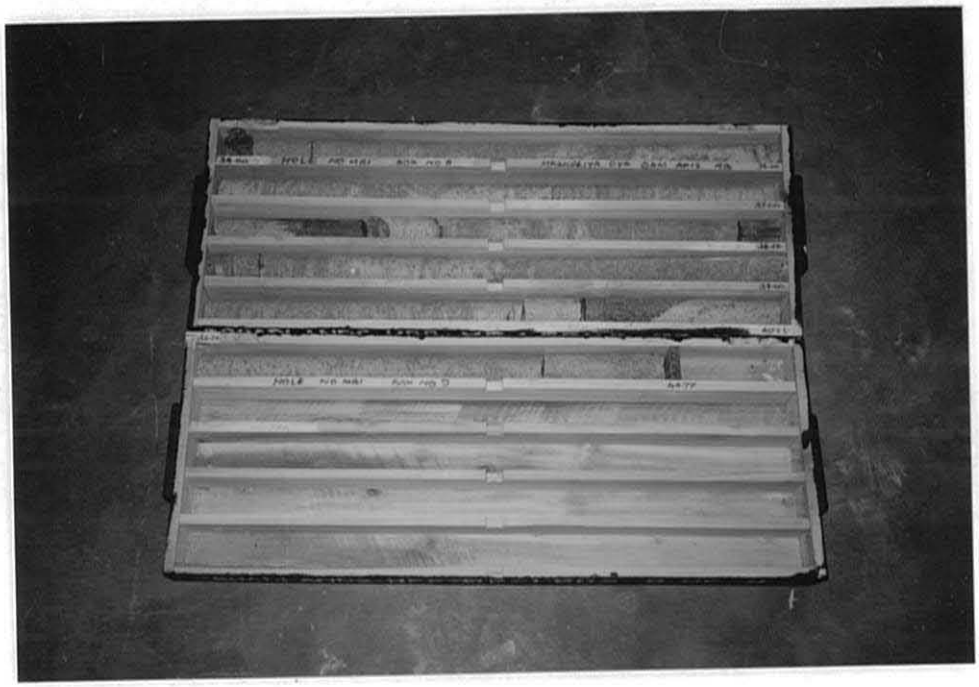


Plate # 7:: Drilling Location of MB-2
Total depth of hole: 40.13m

Plate # 8:: Hole monument of MB-2 with cap

Plate # 9: Drill Hole MB-2, total depth of hole: 40.13m

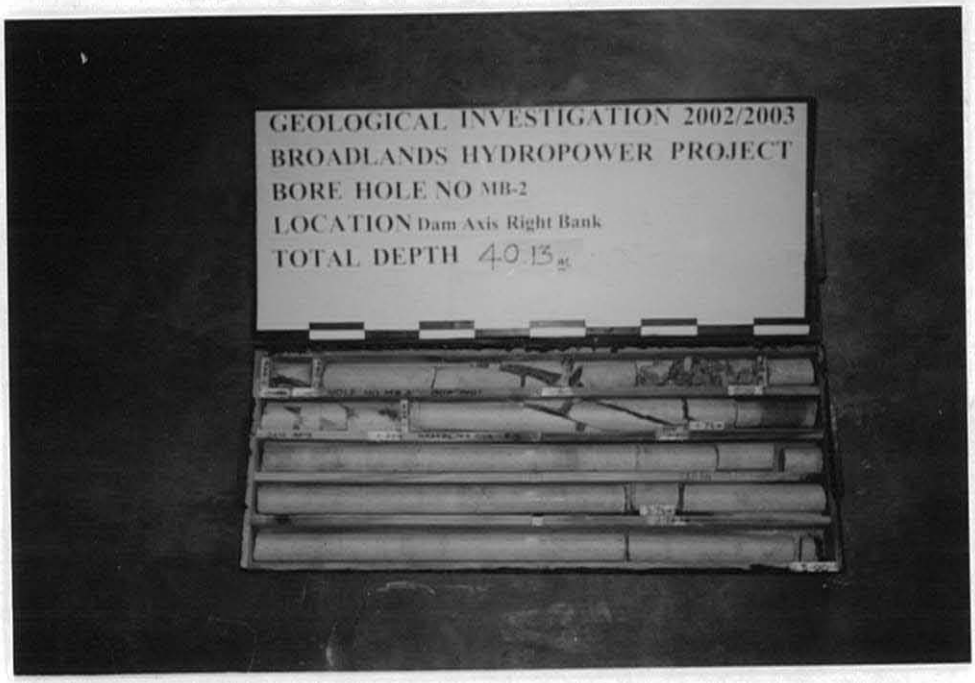

Plate # 10: Drilling Location of MB-3
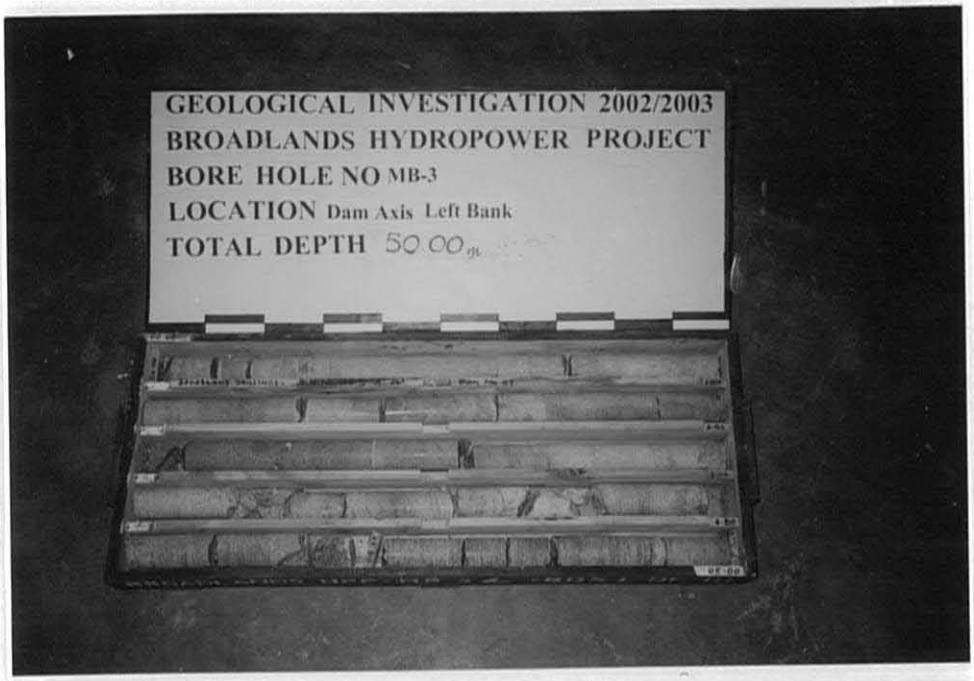
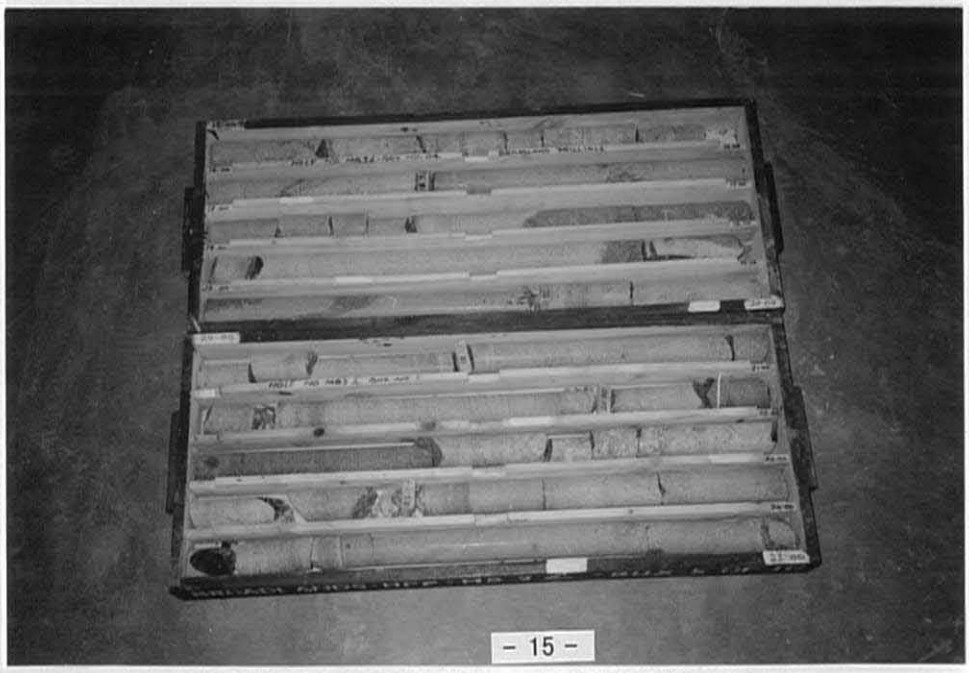
Total depth of hole: 50.00m

Plate # 11: Hole monument of MB-3 with cap

Plate # 12: Drill Hole MB-3, total depth of hole: 50.00m





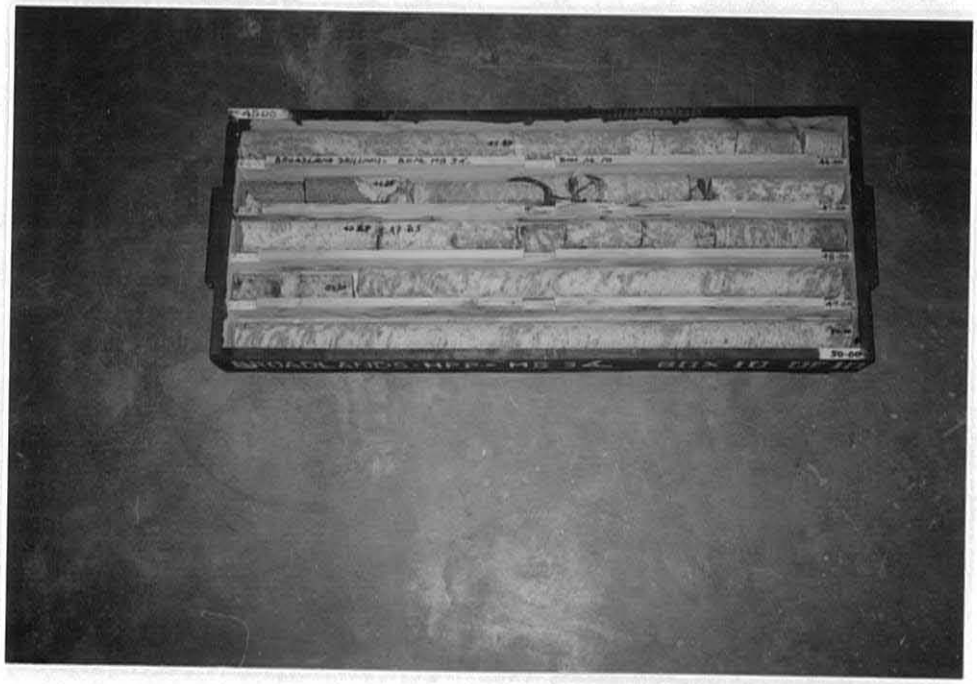


Plate # 13: Drilling Location of MB-4
Total depth of hole: 40.00m

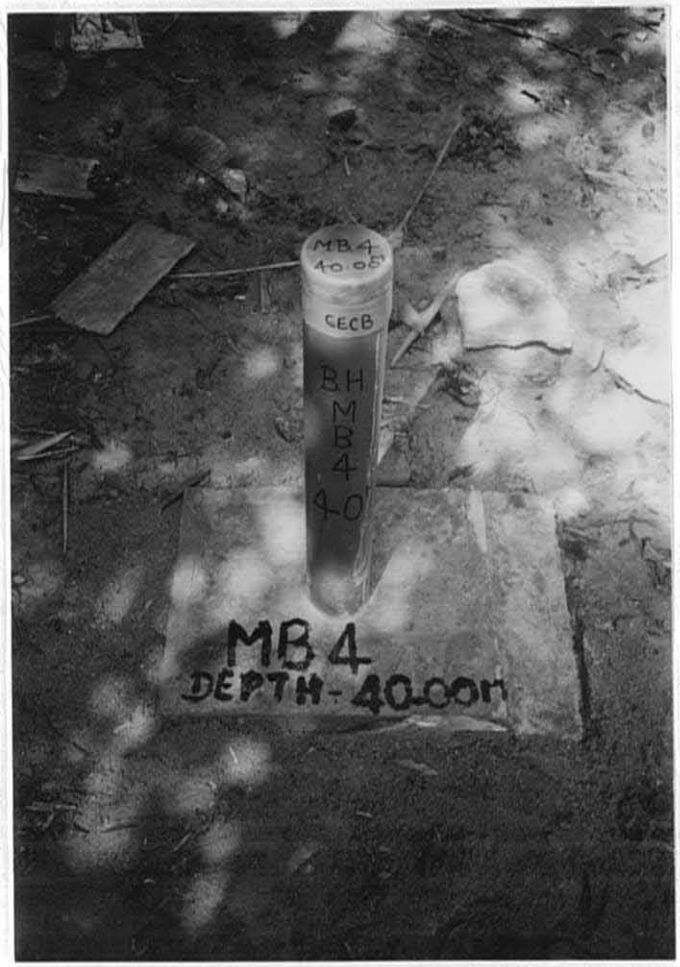

Plate # 14: Hole monument of MB-4 with cap

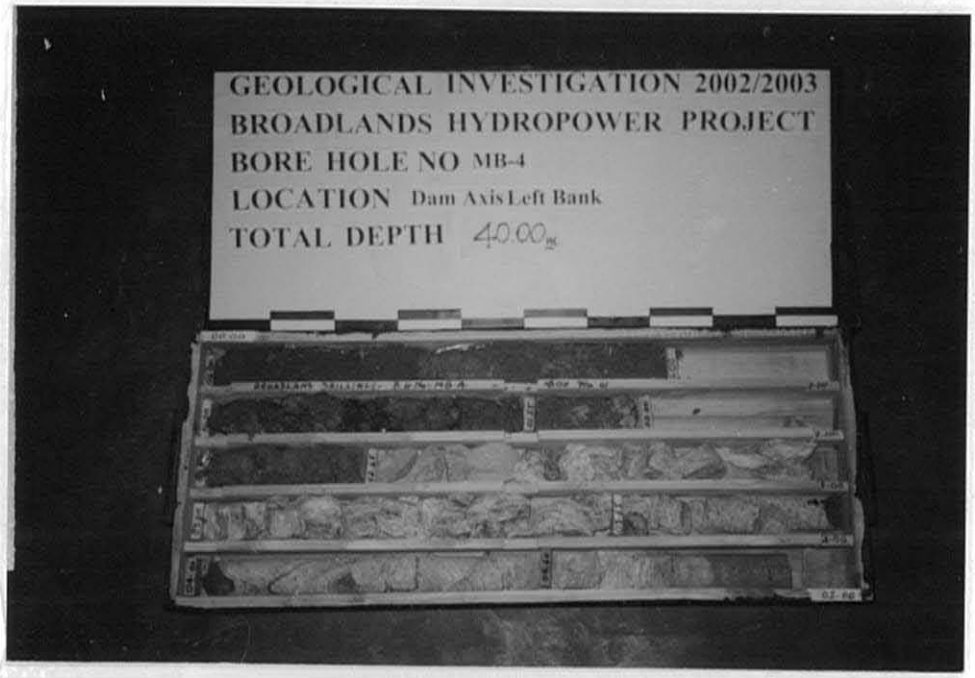
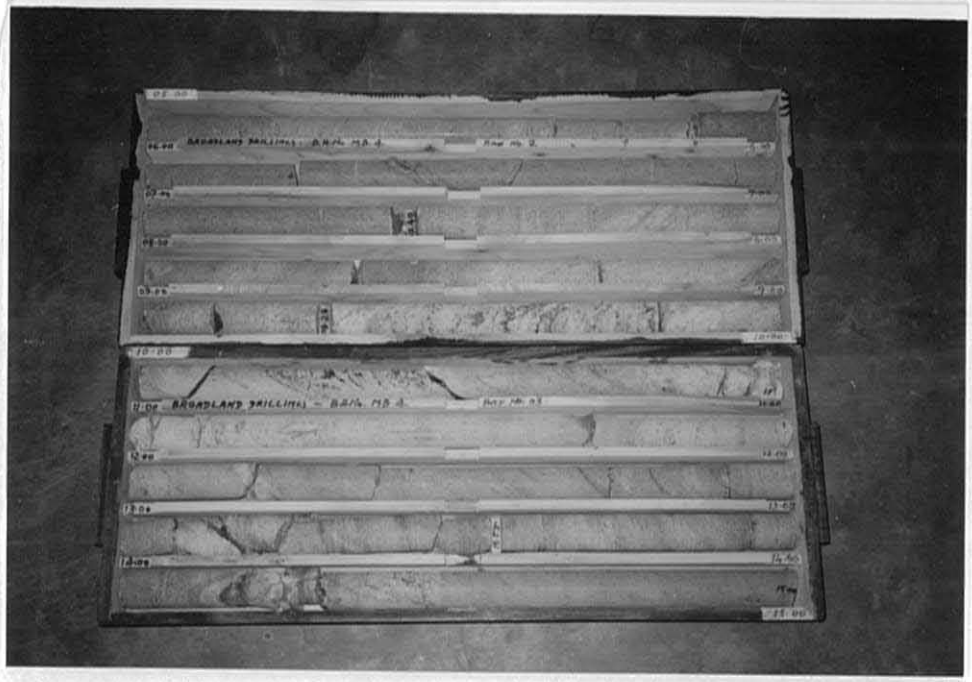
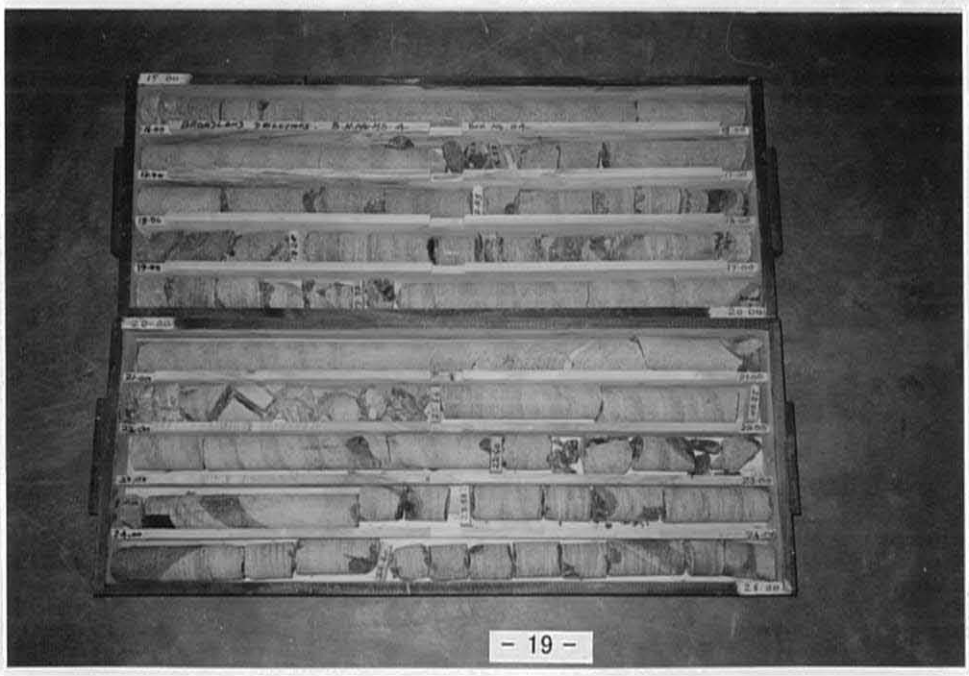
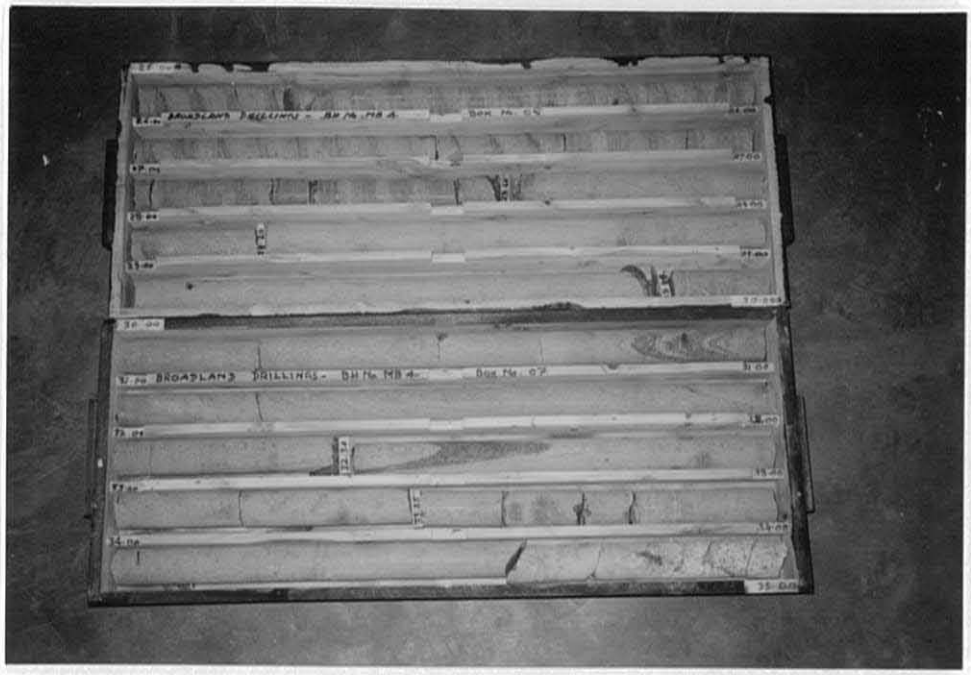
Plate # 15: Drill Hole MB-4, total depth of hole: 40.00m









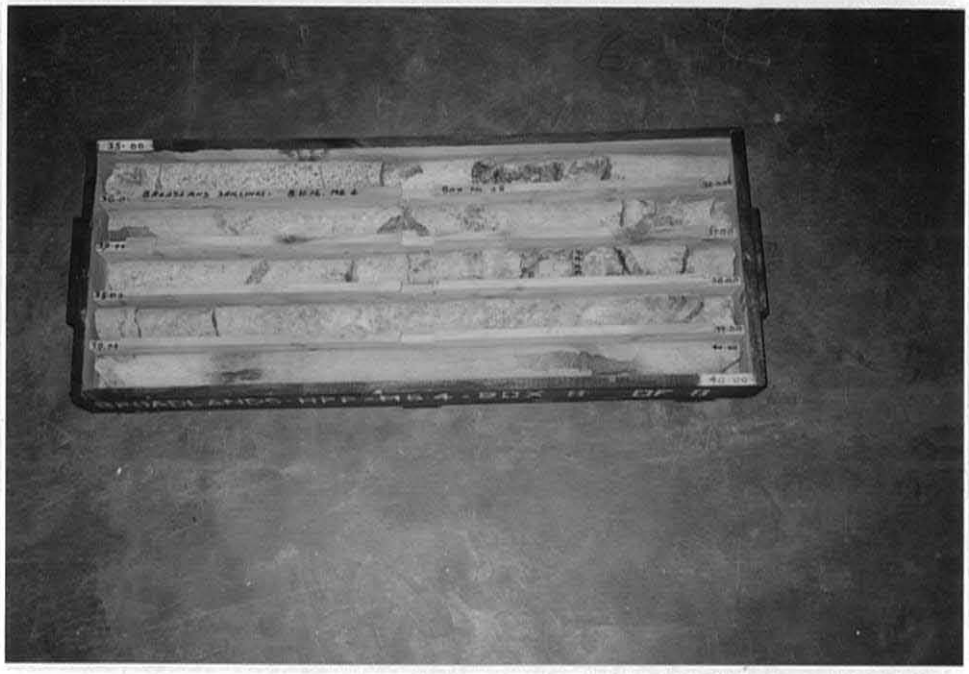


Plate # 16: Drilling Location of CT1
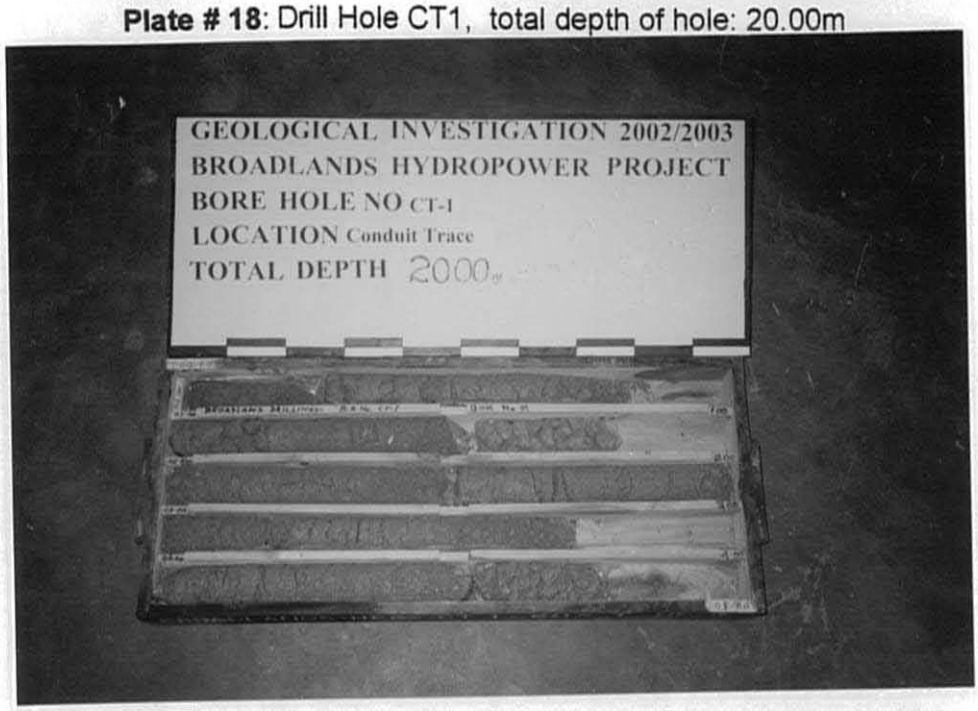
Total depth of hole: 20.00m

Plate # 17: Hole monument of CT1 with cap

Plate # 18: Drill Hole CT1, total depth of hole: 20.00m



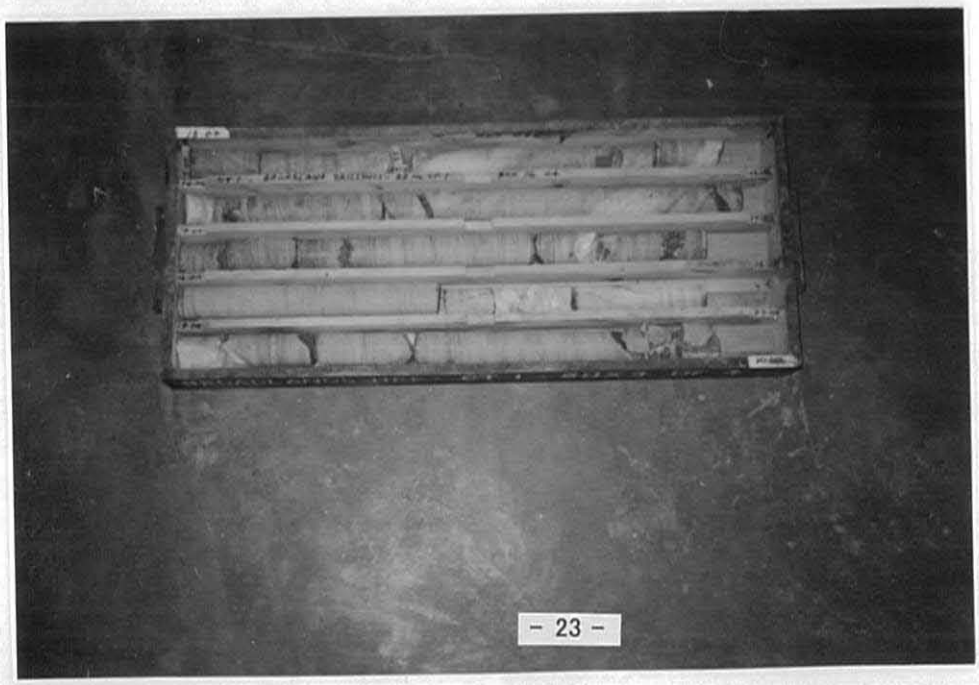


Plate # 19: Drilling Location of CT2
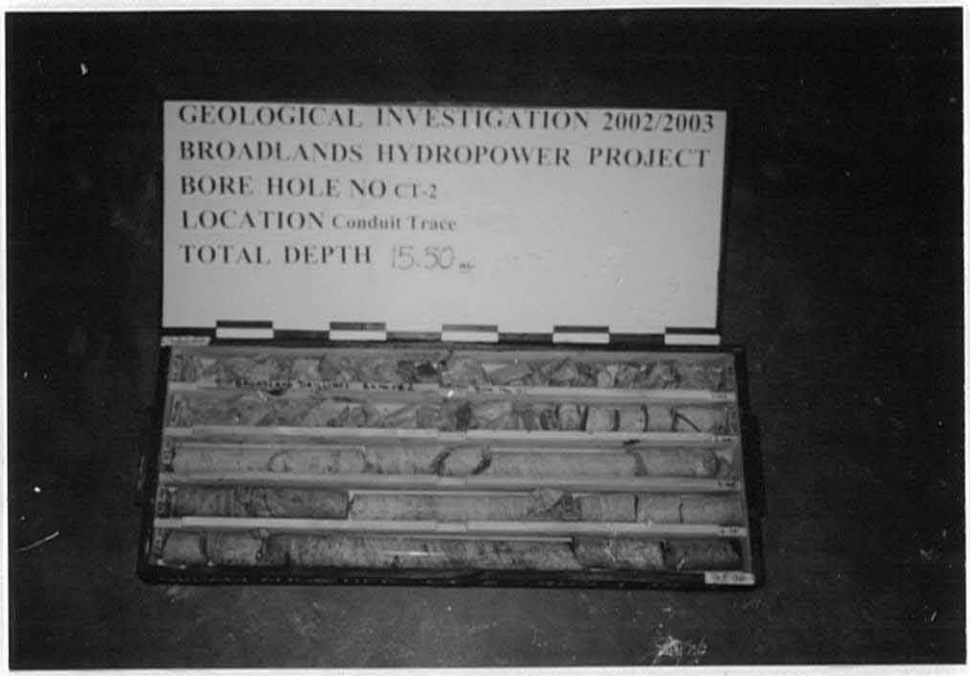
Total depth of hole: 15.50m

Plate # 20: Hole monument of CT2

Plate # 21: Drill Hole CT2, total depth of hole: 15.50m



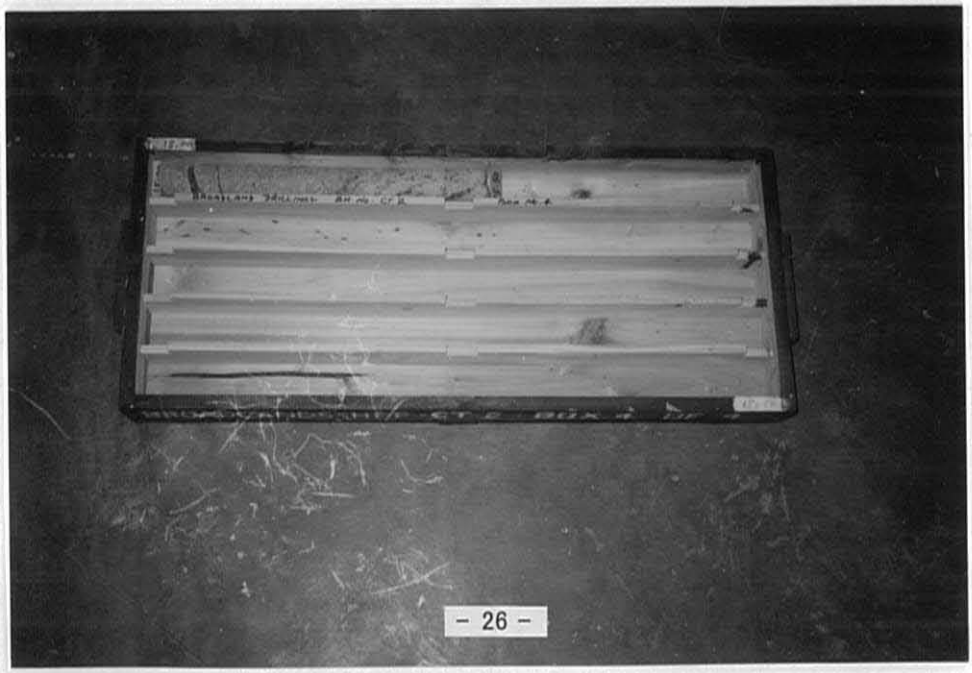


Plate # 22: Drilling Location of MT-1
Total depth of hole: 35.54m

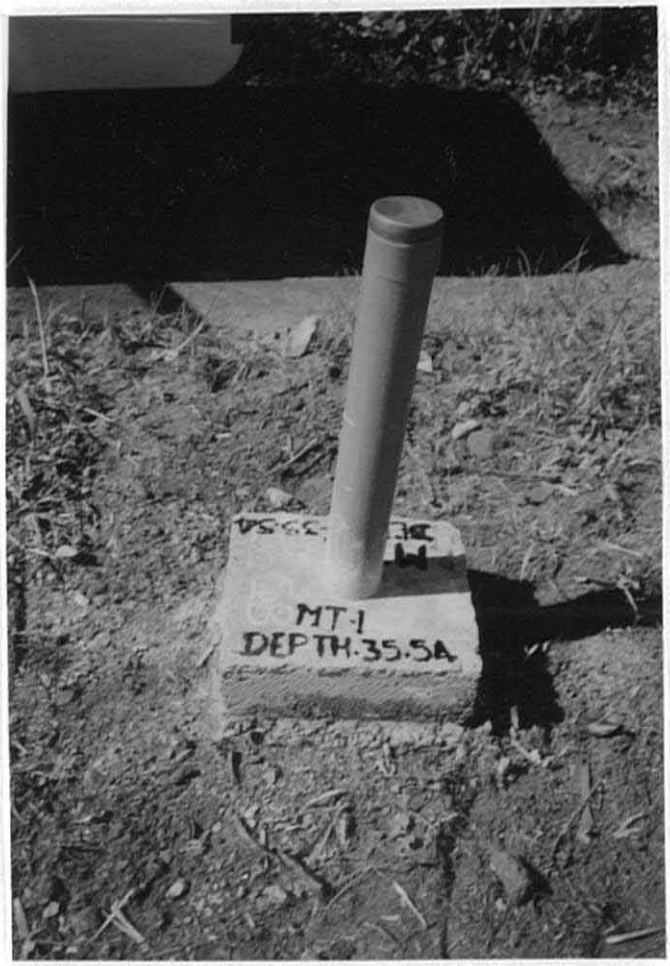

Plate # 23: Hole monument of MT-1 with cap

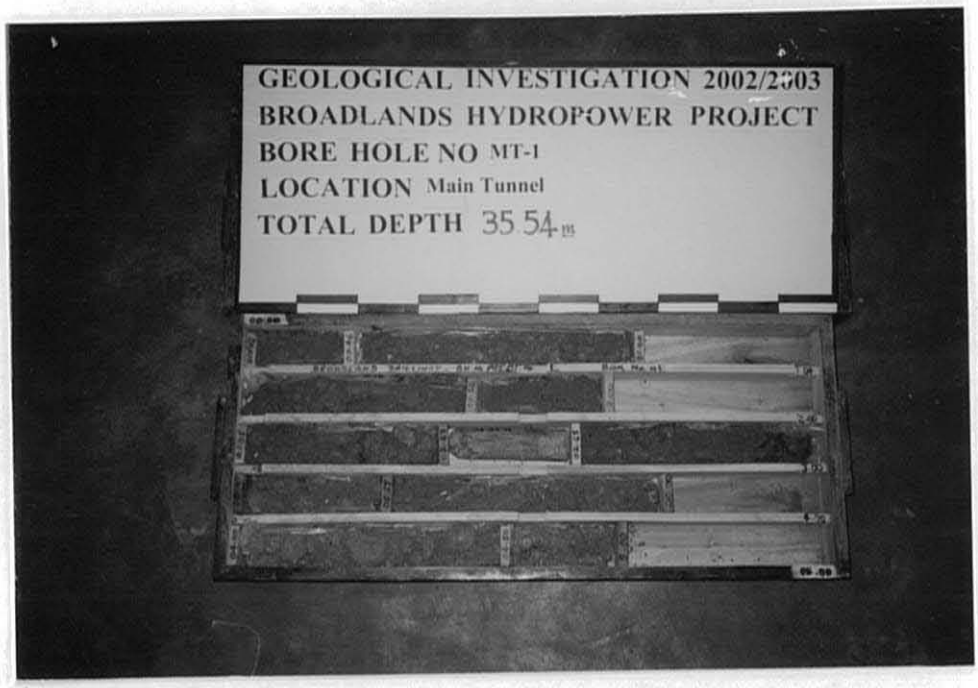
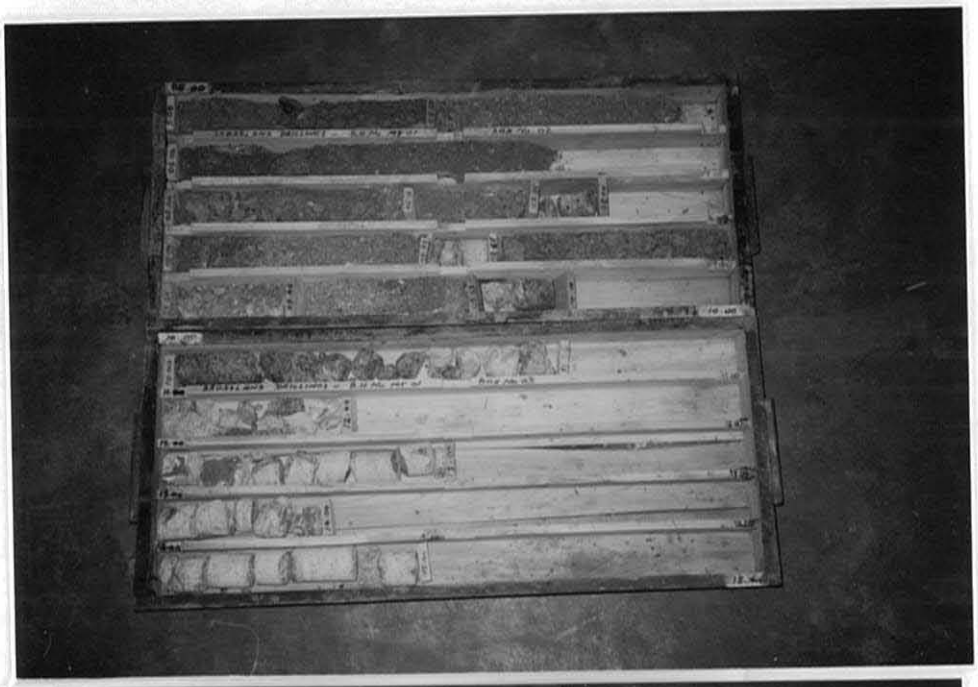
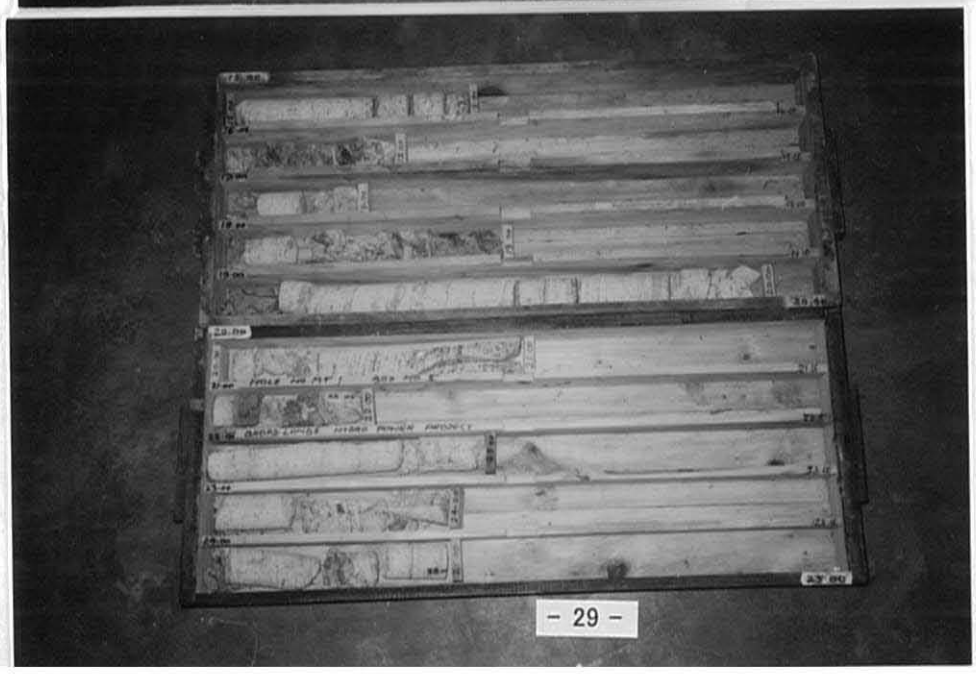
Plate # 24: Drill Hole MT-1, total depth of hole: 35.54m







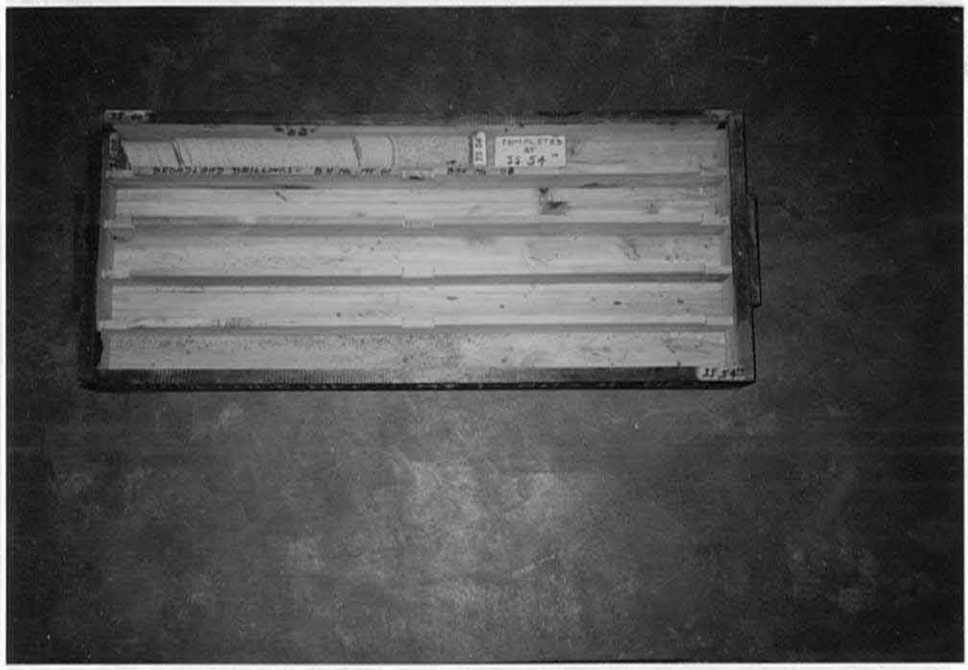


Plate # 25: Drilling Location of MT-2
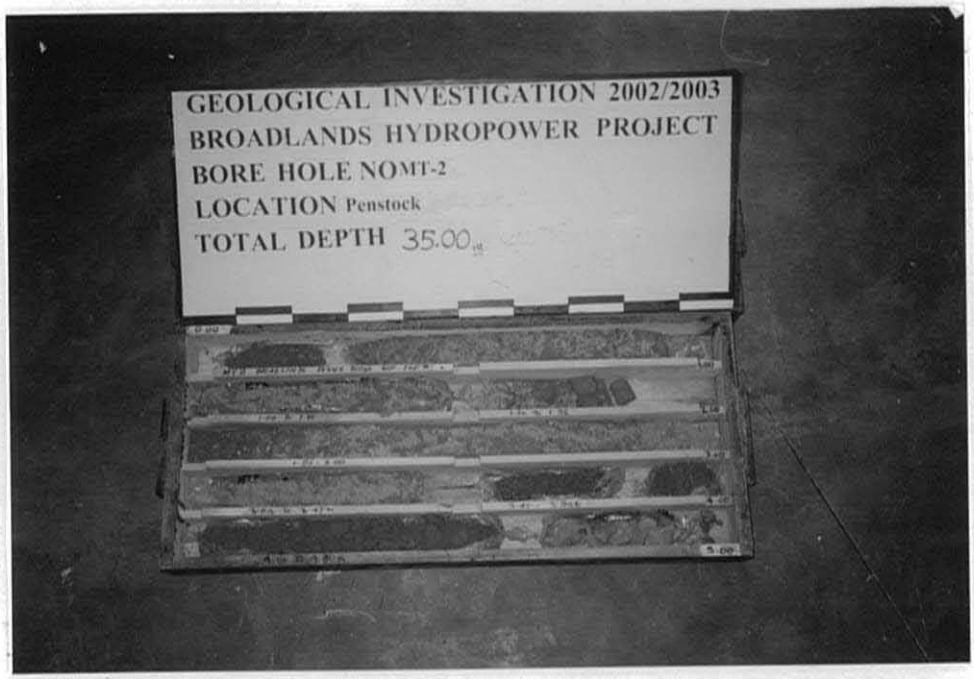
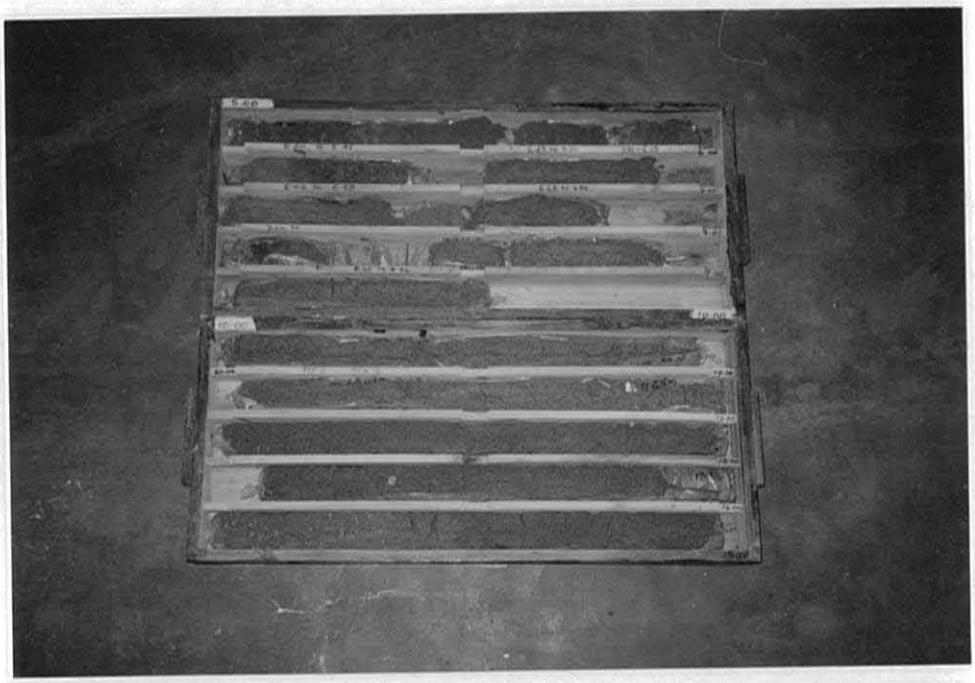
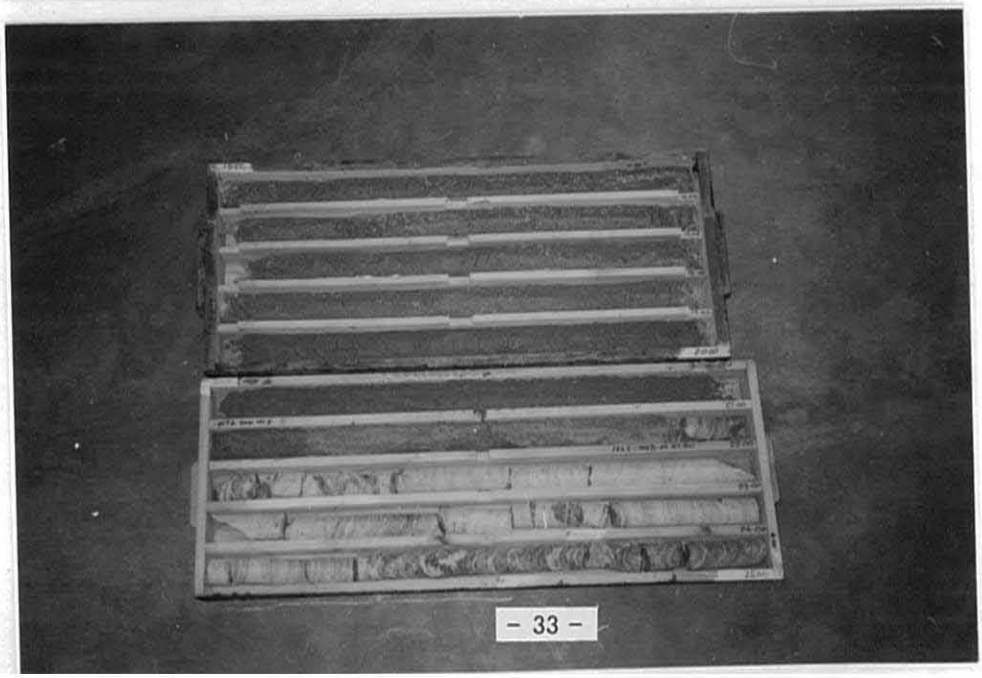
Total depth of hole: 35.00m

Plate # 25: Hole monument of MT-2 with cap

Plate # 26: Drill Hole MT-2, total depth of hole: 35.00m







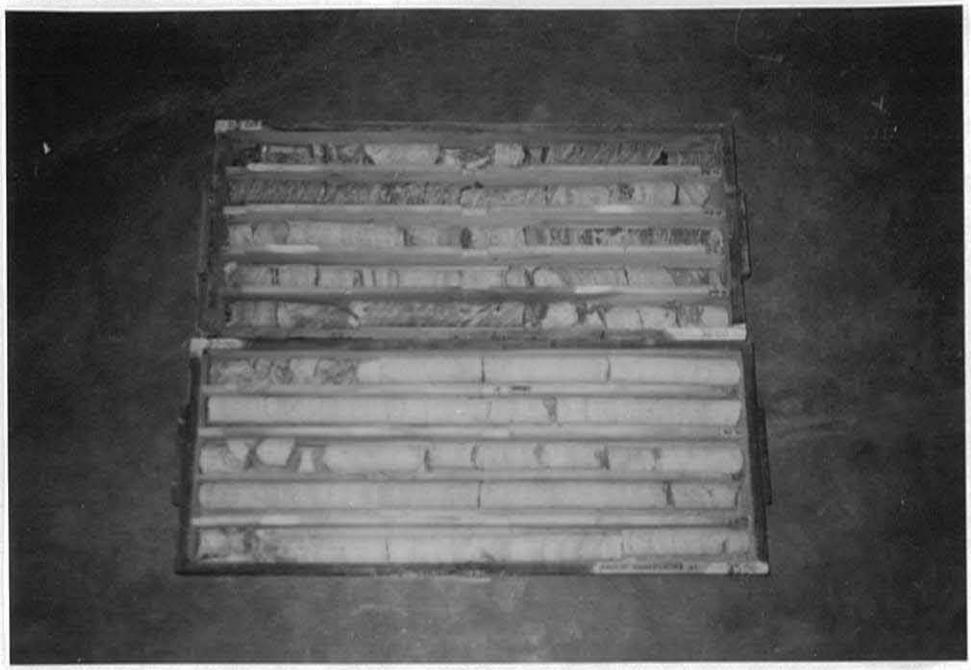


Plate # 27: Drilling Location of MT-3
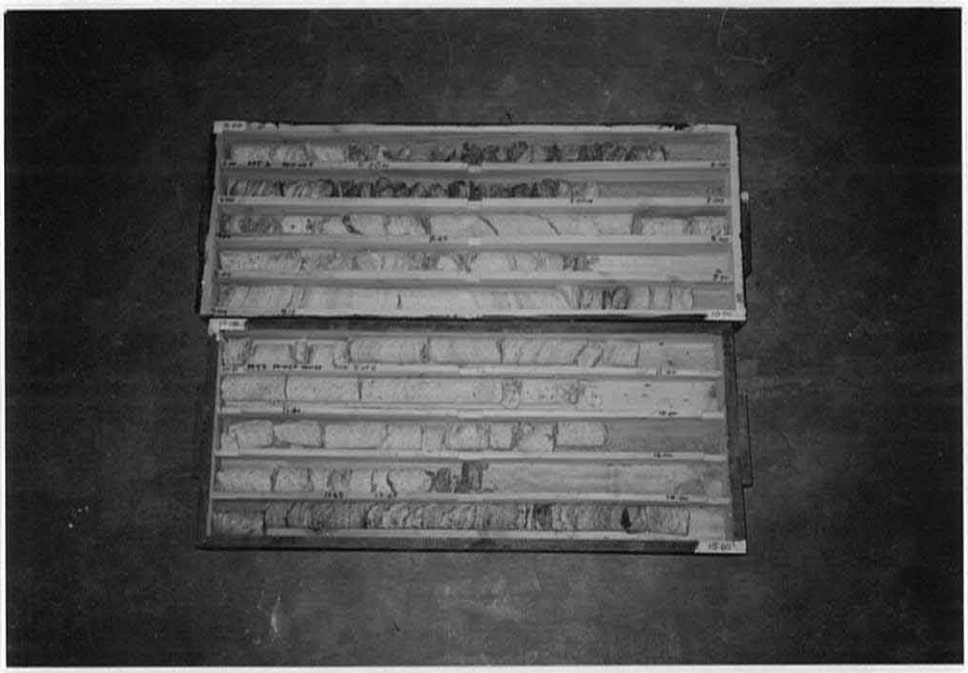
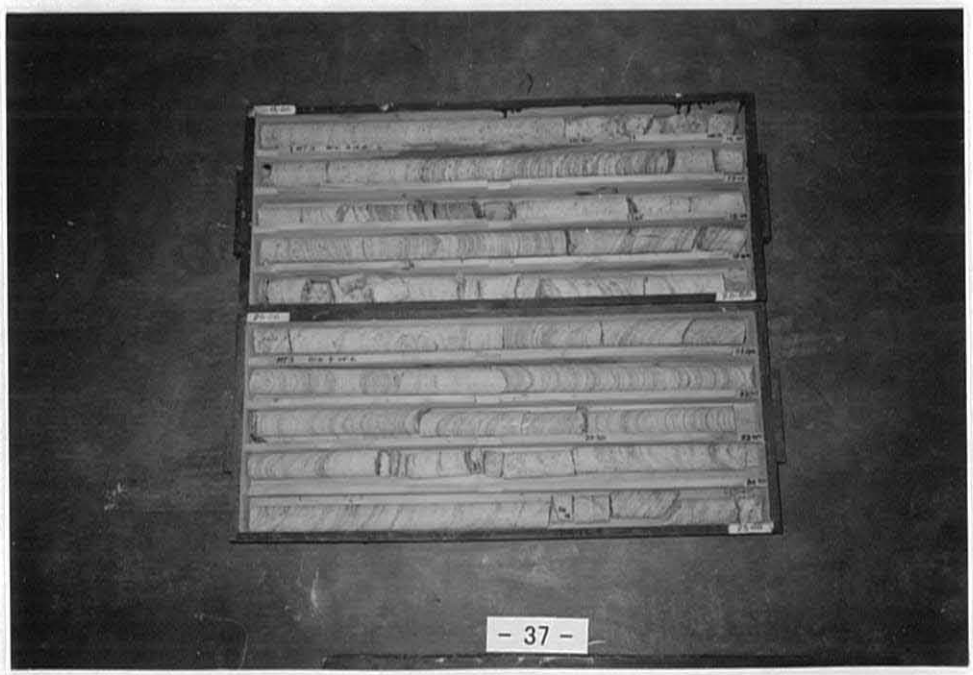
Total depth of hole: 25.57m

Plate # 28: Hole monument of MT-3 with cap

Plate # 29: Drill Hole MT-3, total depth of hole: 25.57m





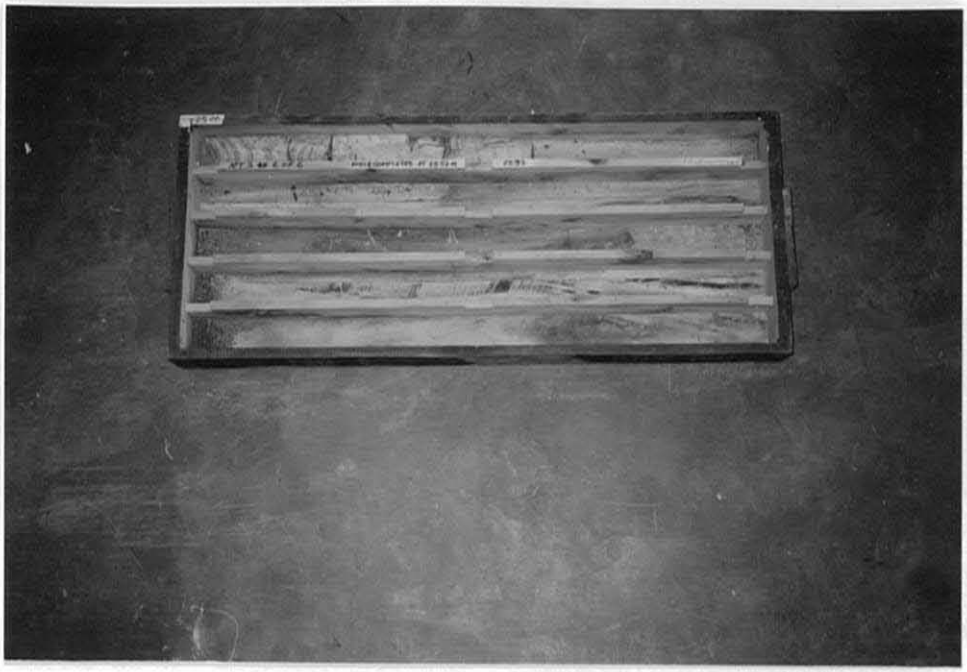


Plate # 30: Drilling Location of MT-4
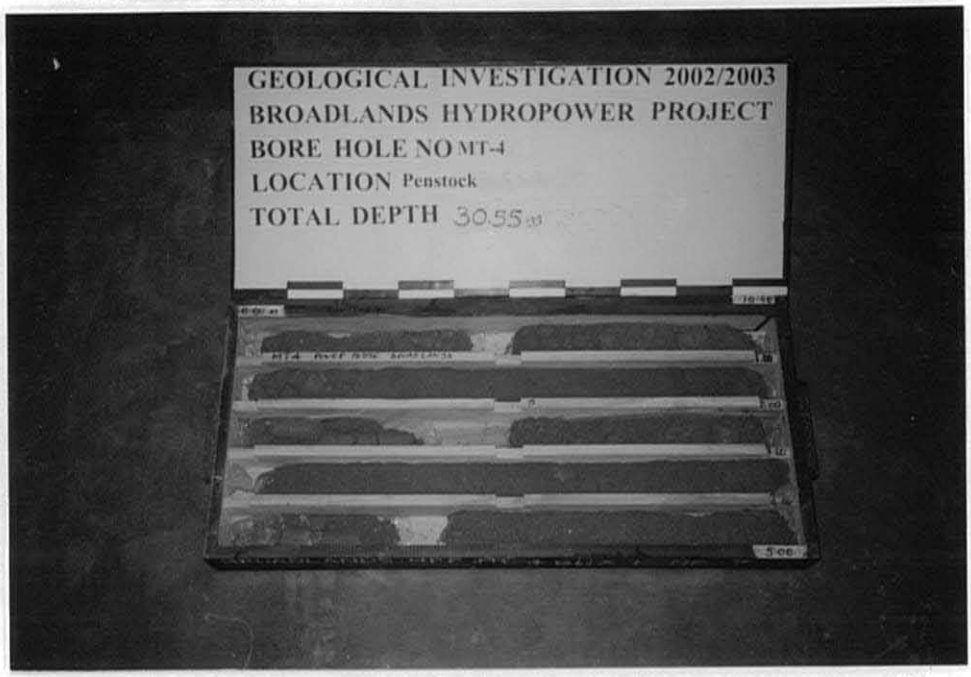
Total depth of hole:30.55m

Plate # 31: Hole monument of MT-4 with cap

Plate # 32: Drill Hole MT-4, total depth of hole: 30.55m



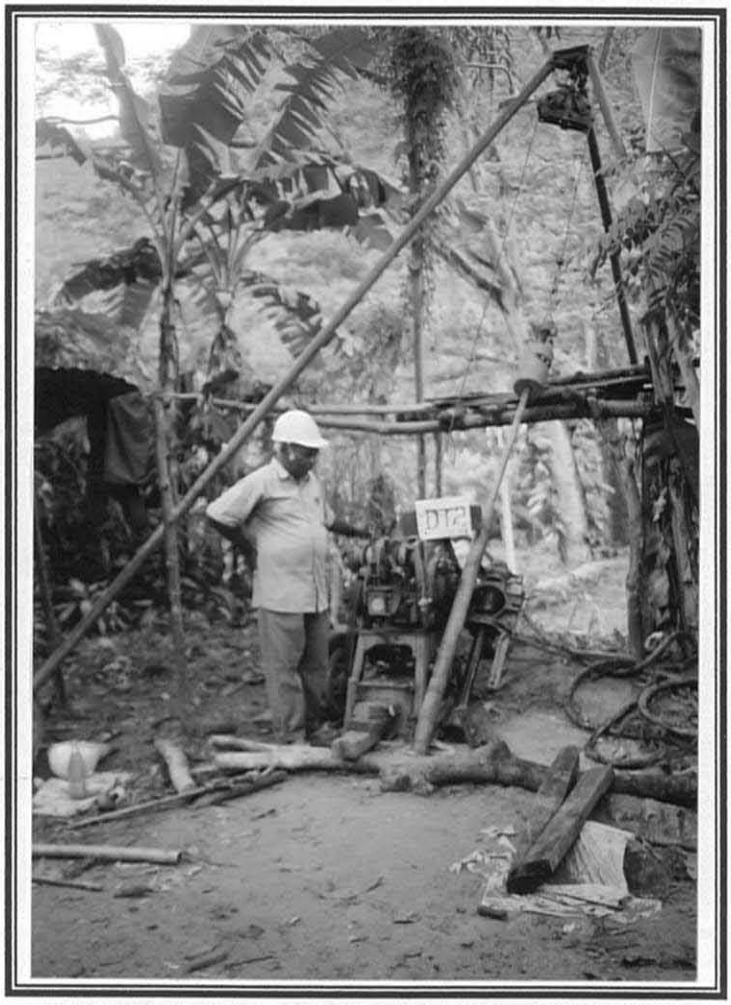


Plate # 1: Drilling Location of DT 2
total depth of hole 60.00m

Plate # 2: Drill Hole DT 2, total depth of hole 60.00m

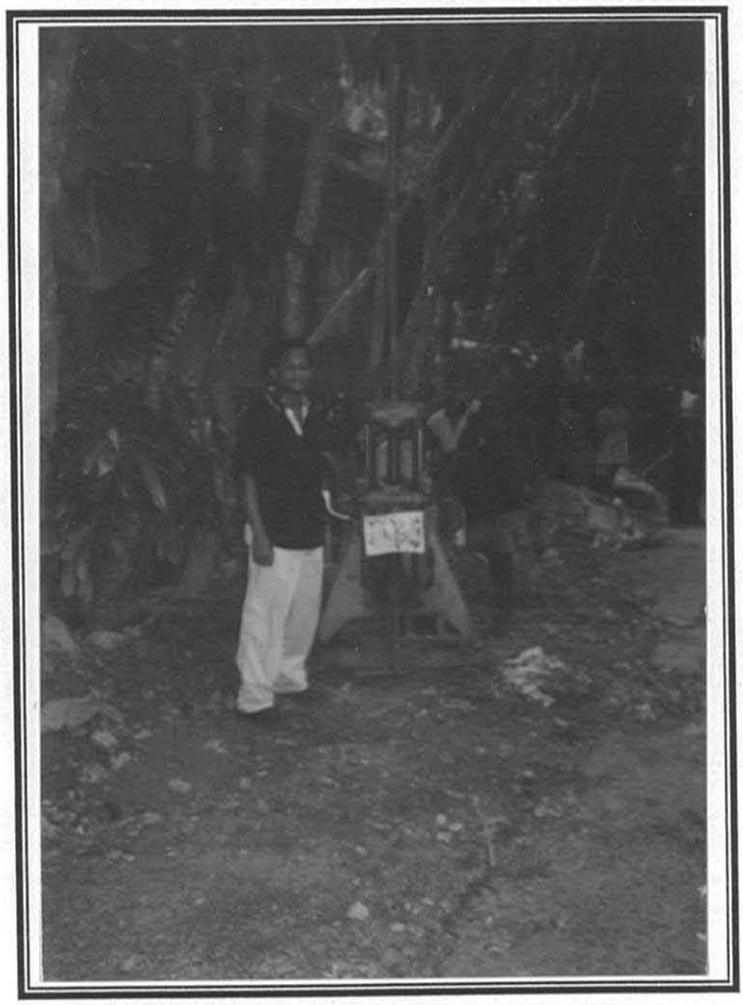

Plate # 3: Drilling Location of MB 5
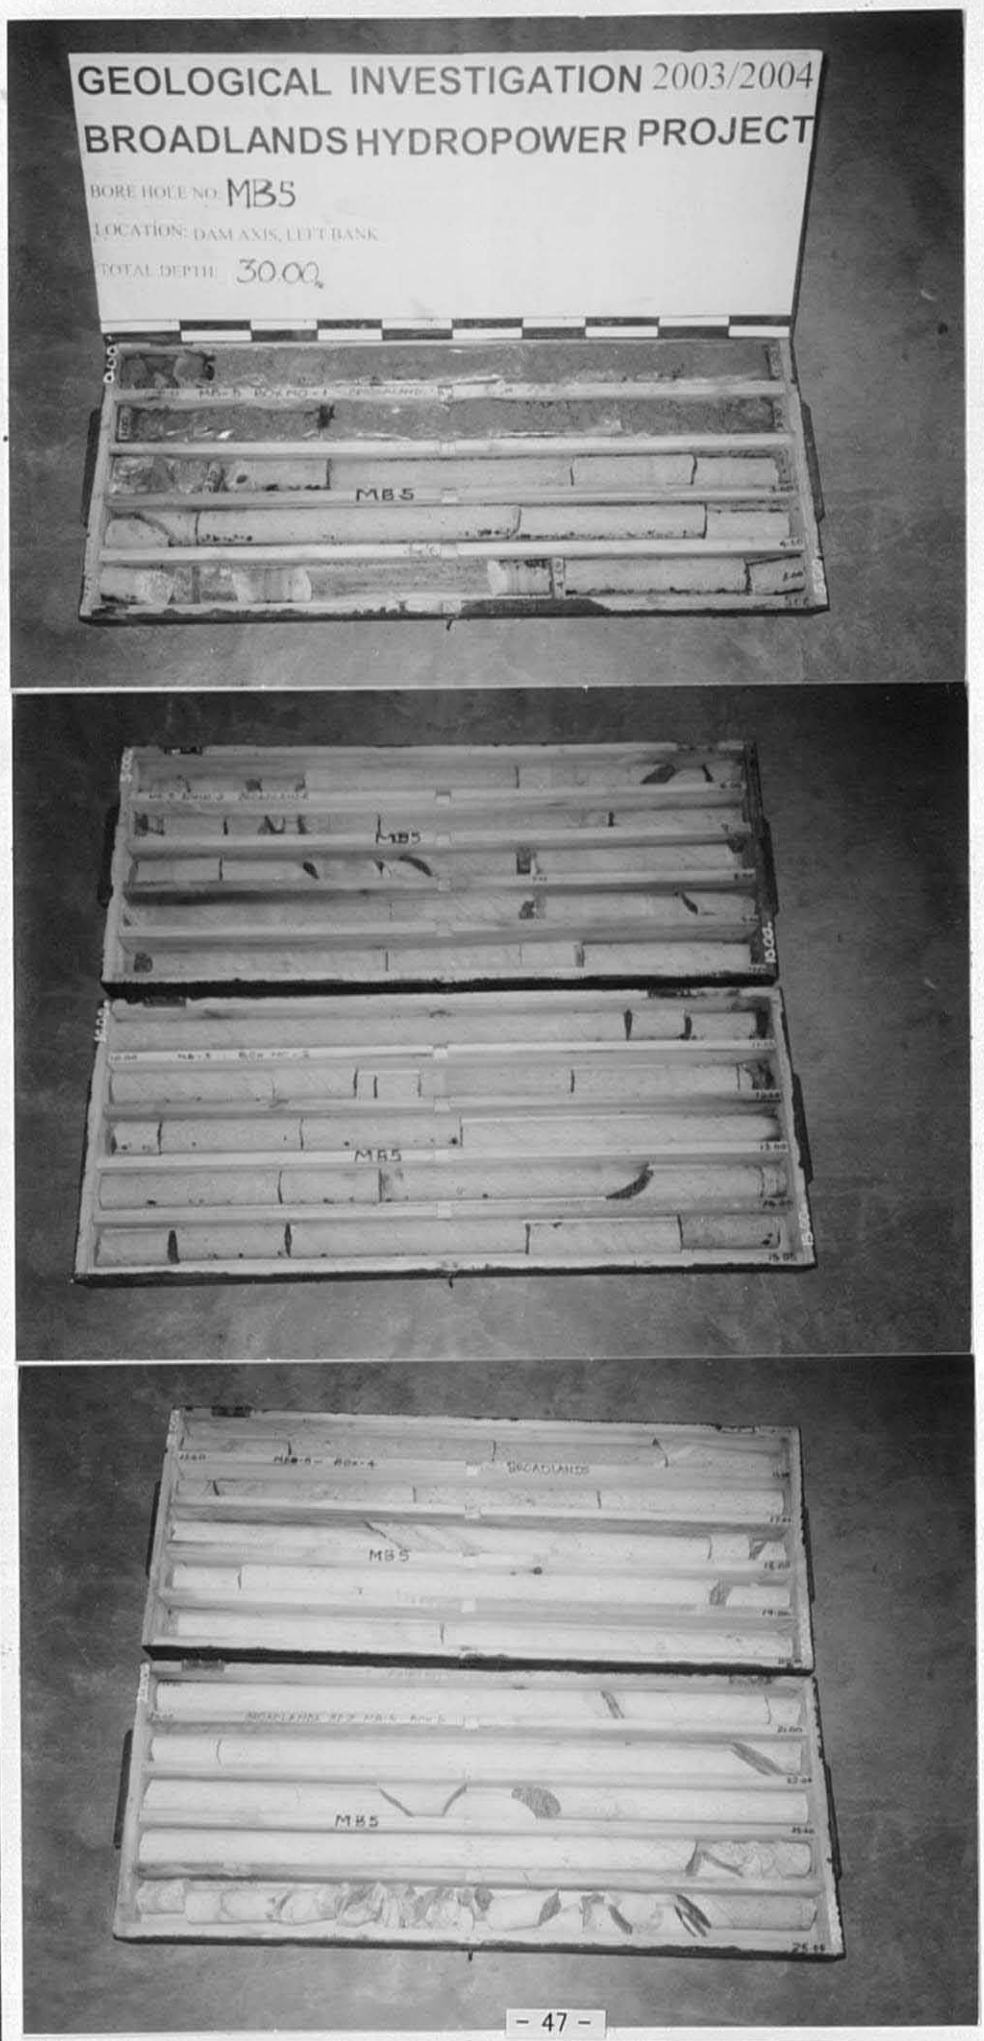
total depth of hole 30.15m

Plate # 4: Hole monument of MB 5

Plate # 5: Drill Hole MB 5, total depth of hole 30.15m



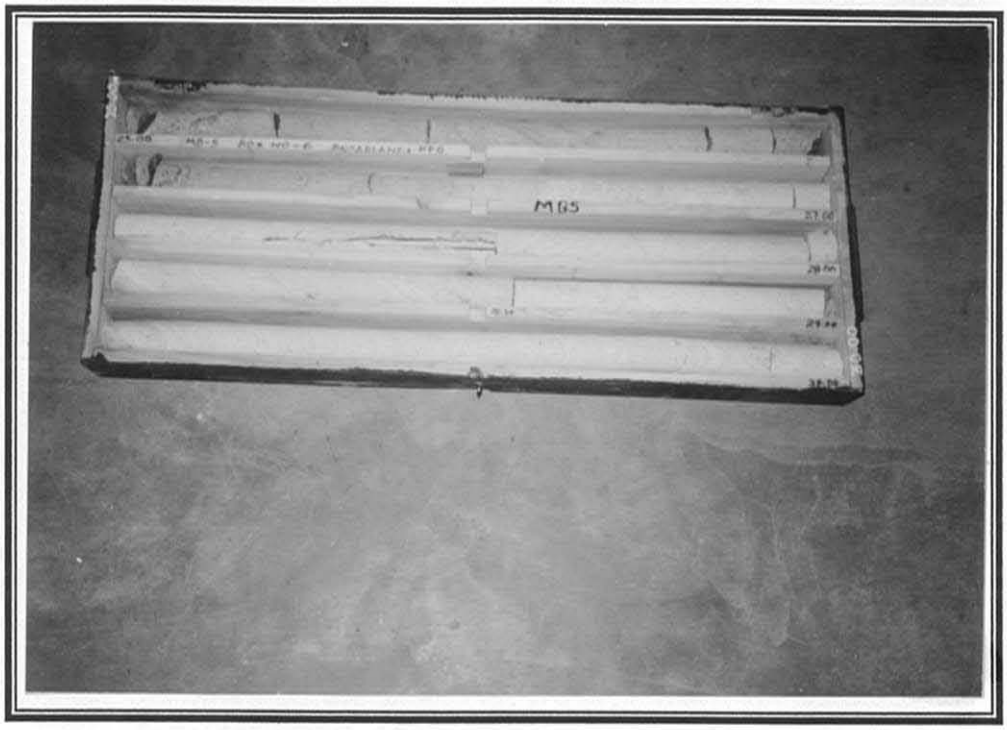


Plate # 5: Cont....

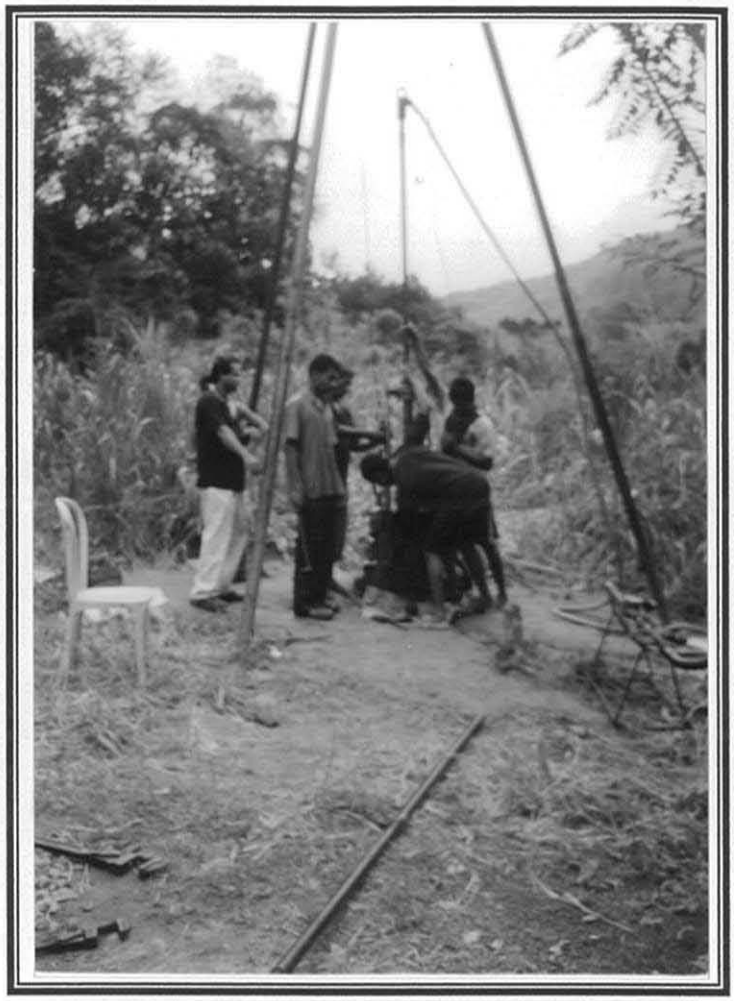

Plate # 6: Drilling Location of CT 3
total depth of hole 20.35m

Plate # 7: Hole monument of CT 3

Plate # 8: Drill Hole CT 3, total depth of hole 20.35m

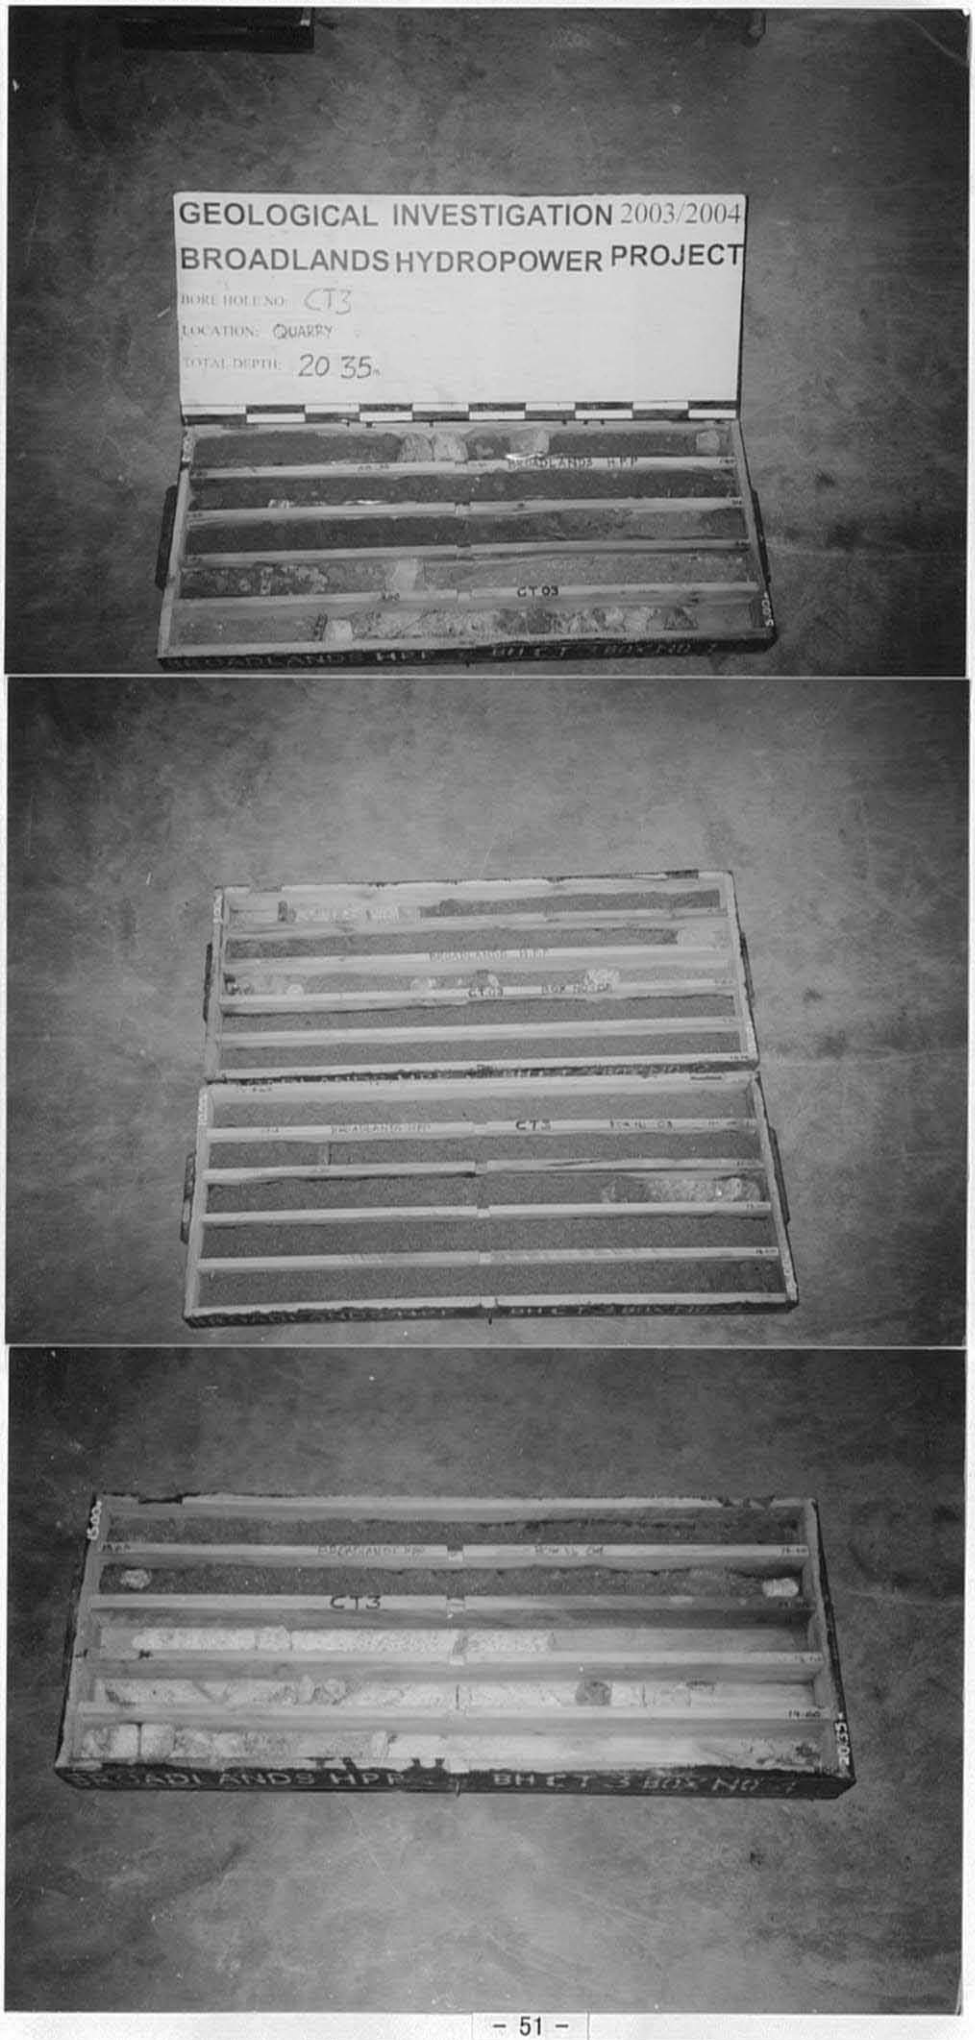

Plate # 9: Drilling Location of CT 4
total depth of hole 20.00m

Plate # 10: Hole monument of CT 4

Plate # 11: Drill Hole CT 3, total depth of hole 20.00m

Plate # 12: Drilling Location of MT 5
total depth of hole 30.25m

Plate # 13: Hole monument of MT 5

Plate # 14: Drill Hole MT 5, total depth of hole 30.25m

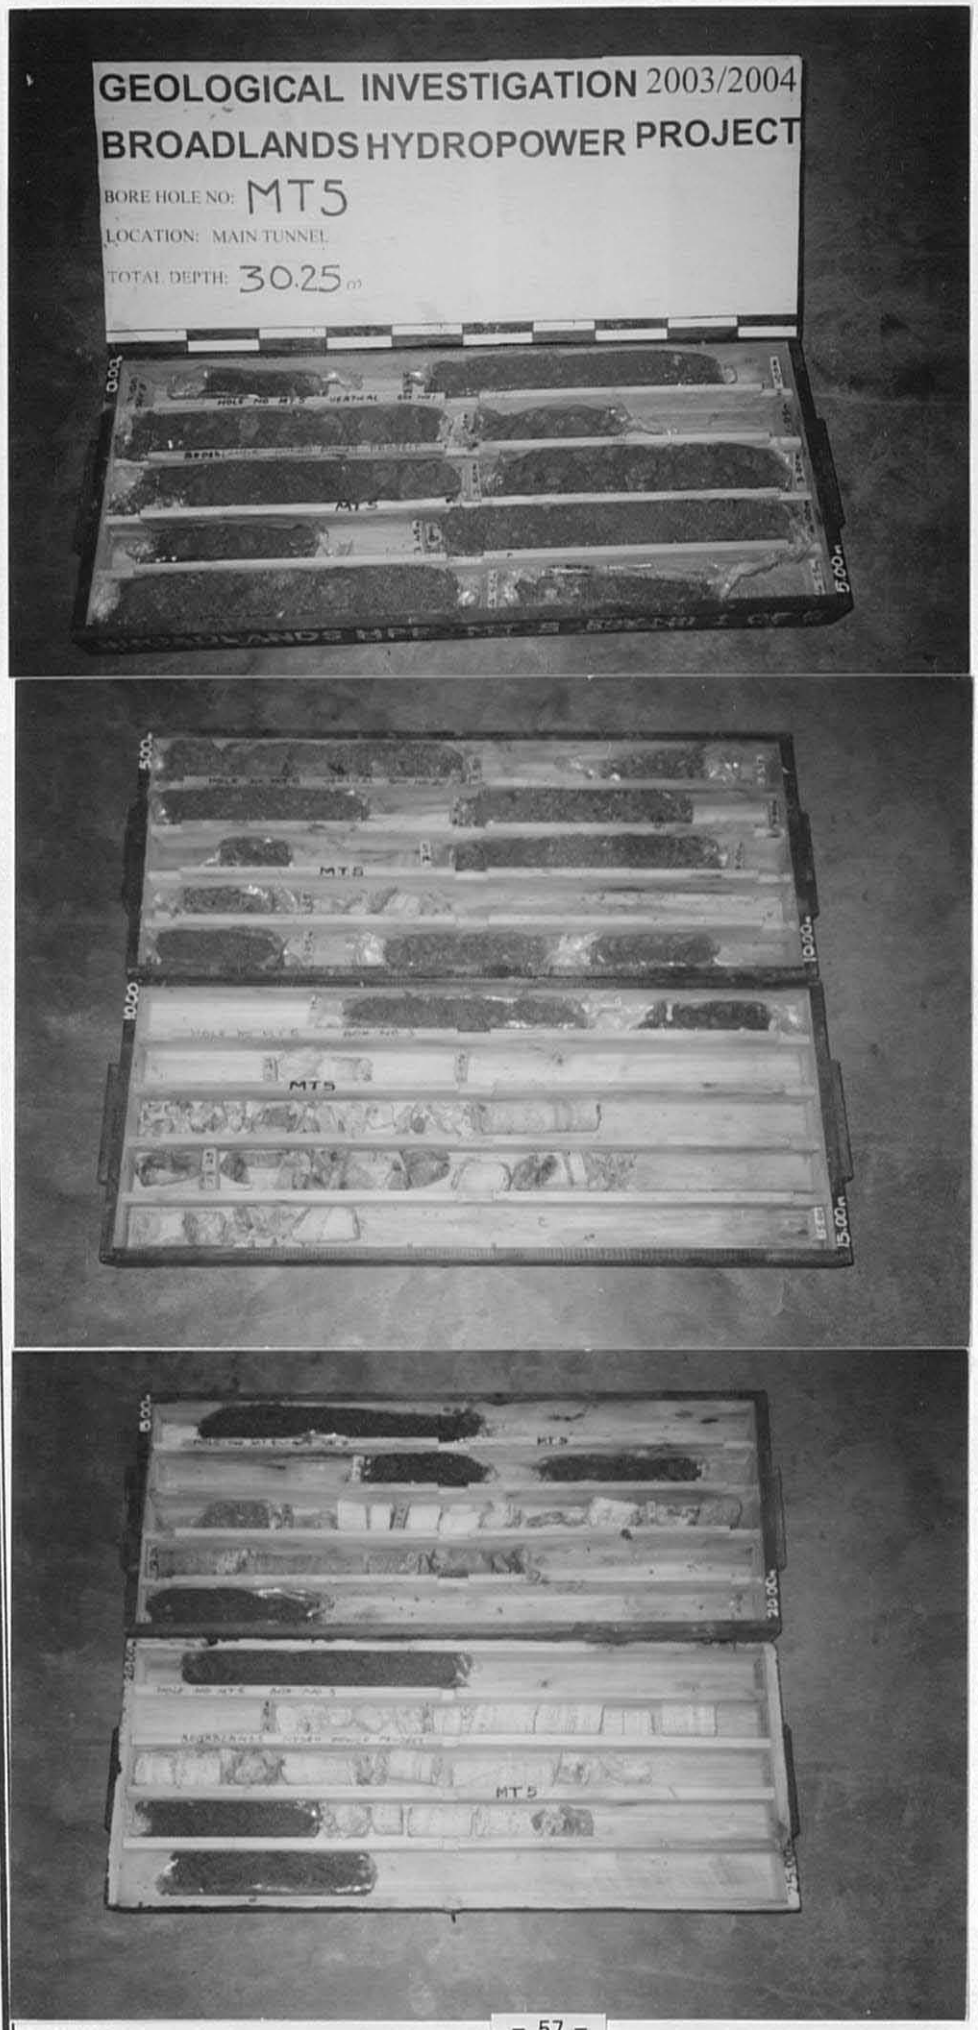

Plate # 14 : Cont....

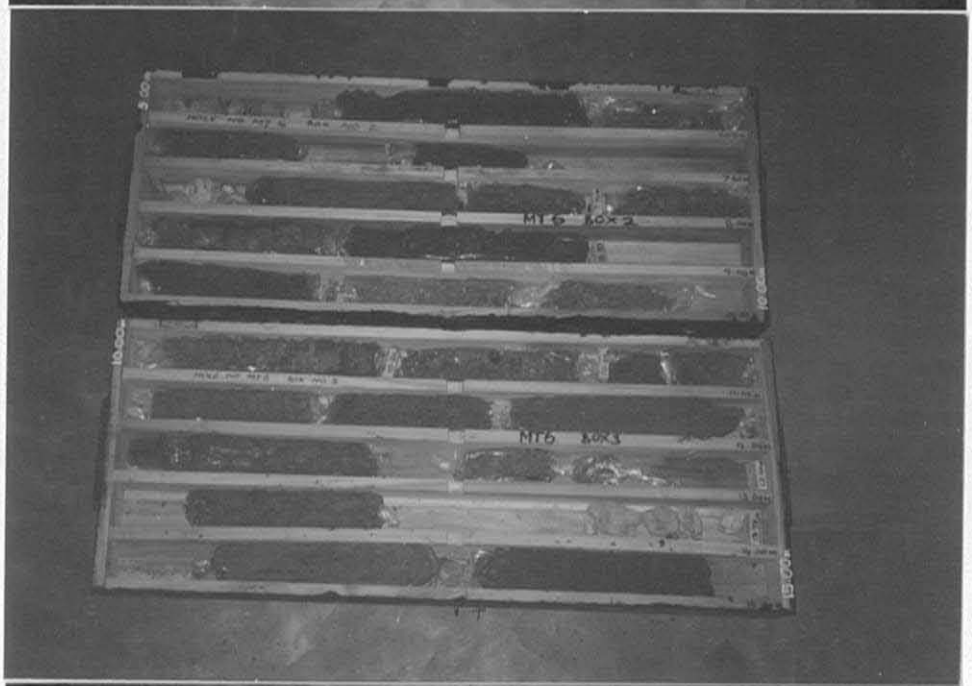
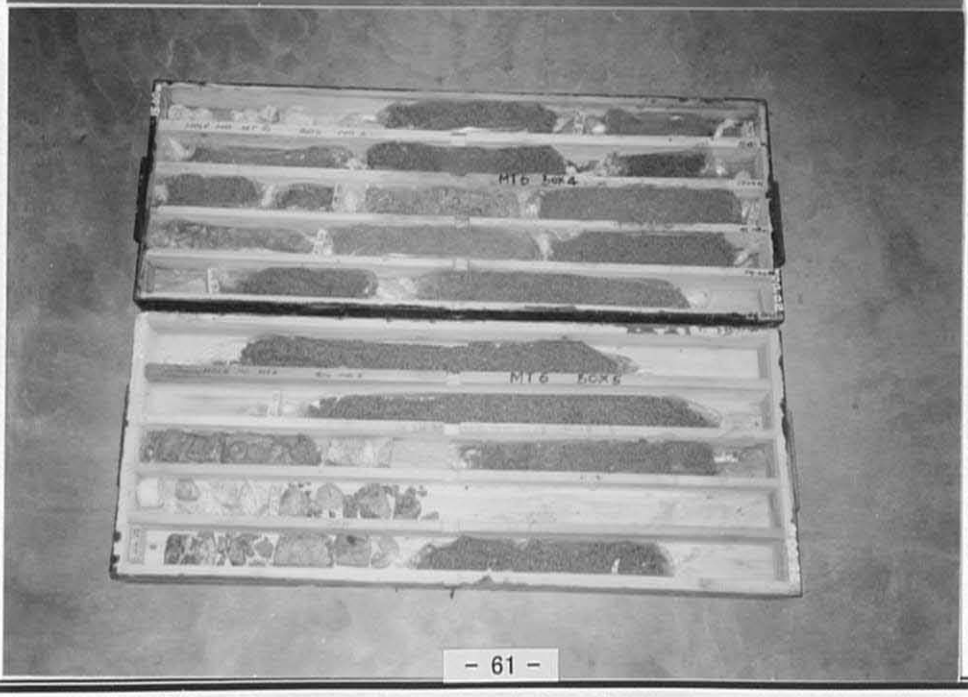
Plate # 15: Drilling Location of MT 6
total depth of hole 40.10m

Plate # 16: Hole monument of MT 6

Plate # 17: Drill Hole MT 6, total depth of hole 40.10m





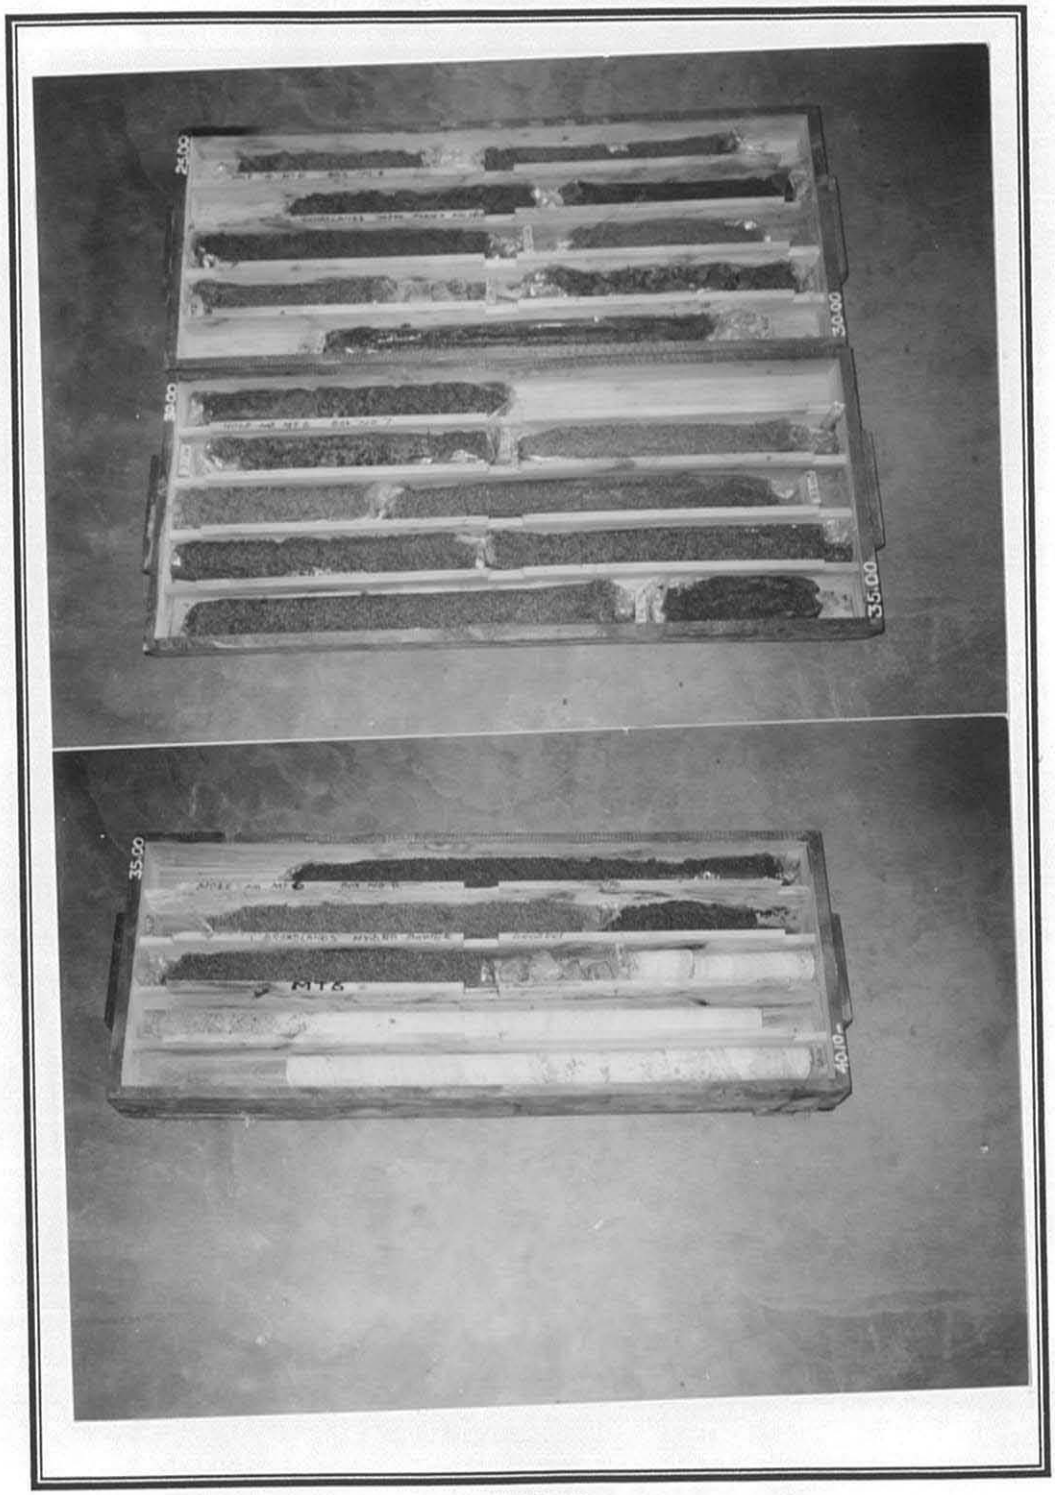


Plate # 17: Cont....

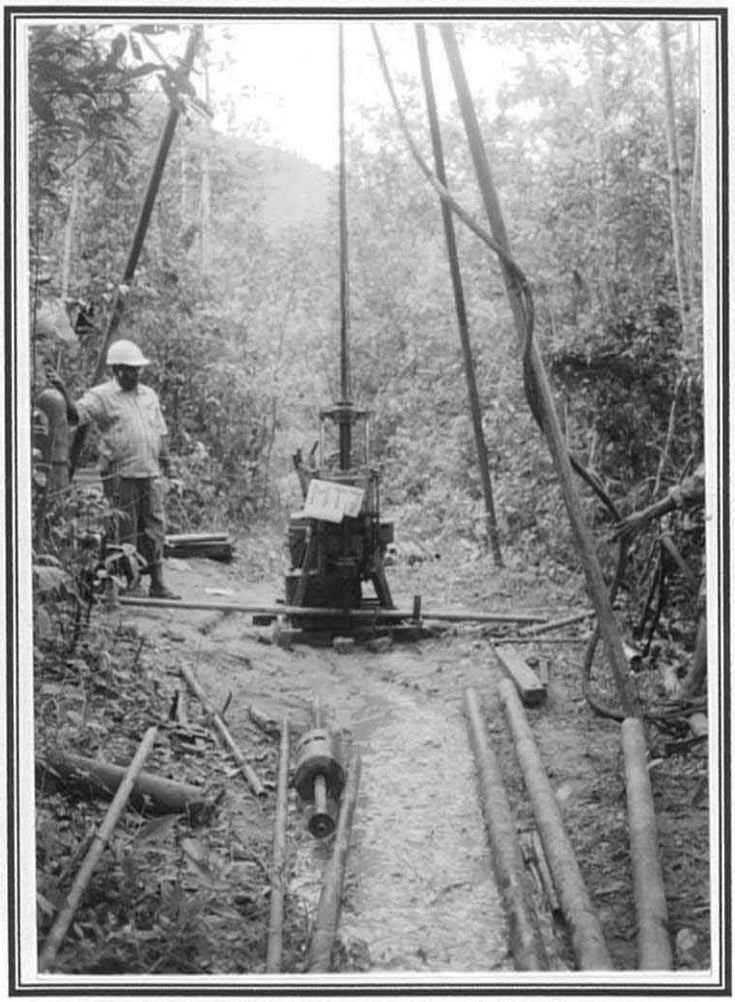

Plate # 18: Drilling Location of MT 7
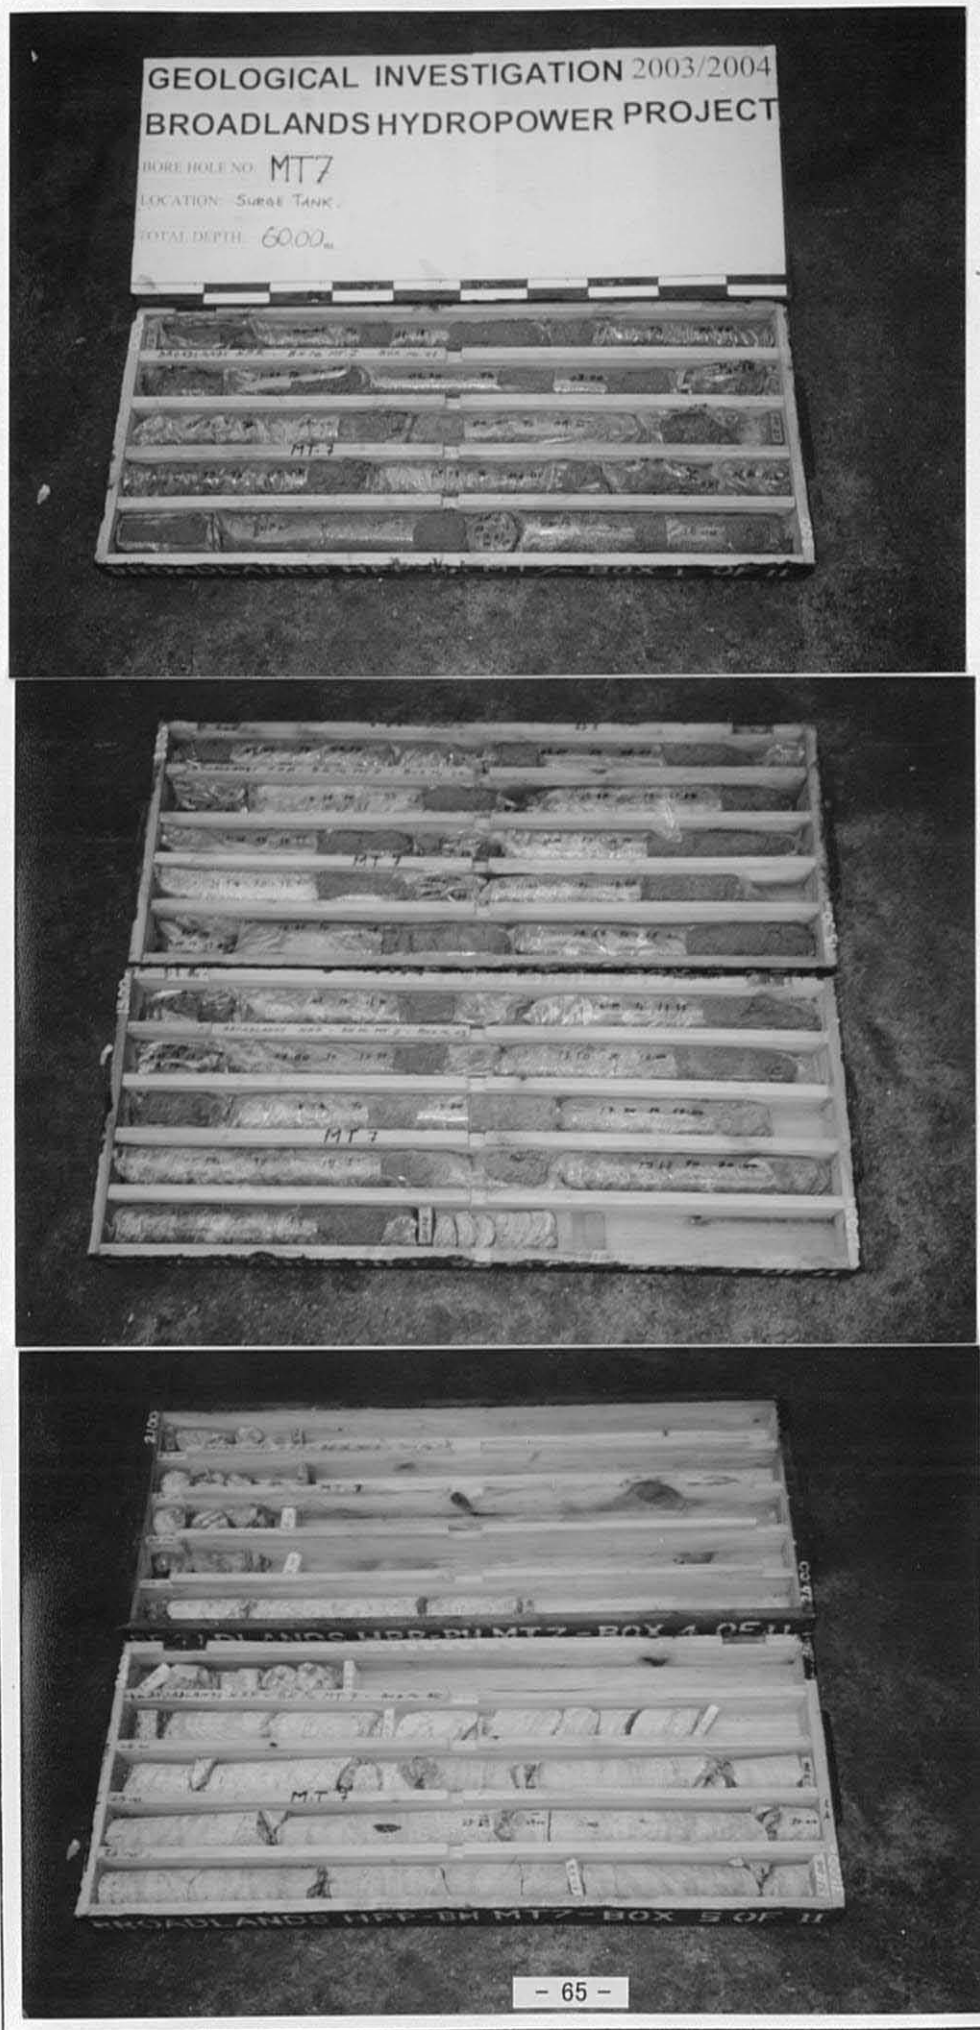
total depth of hole 60.00m

Plate # 19: Hole monument of MT 7

Plate # 20: Drill Hole MT 7, total depth of hole 60.00m



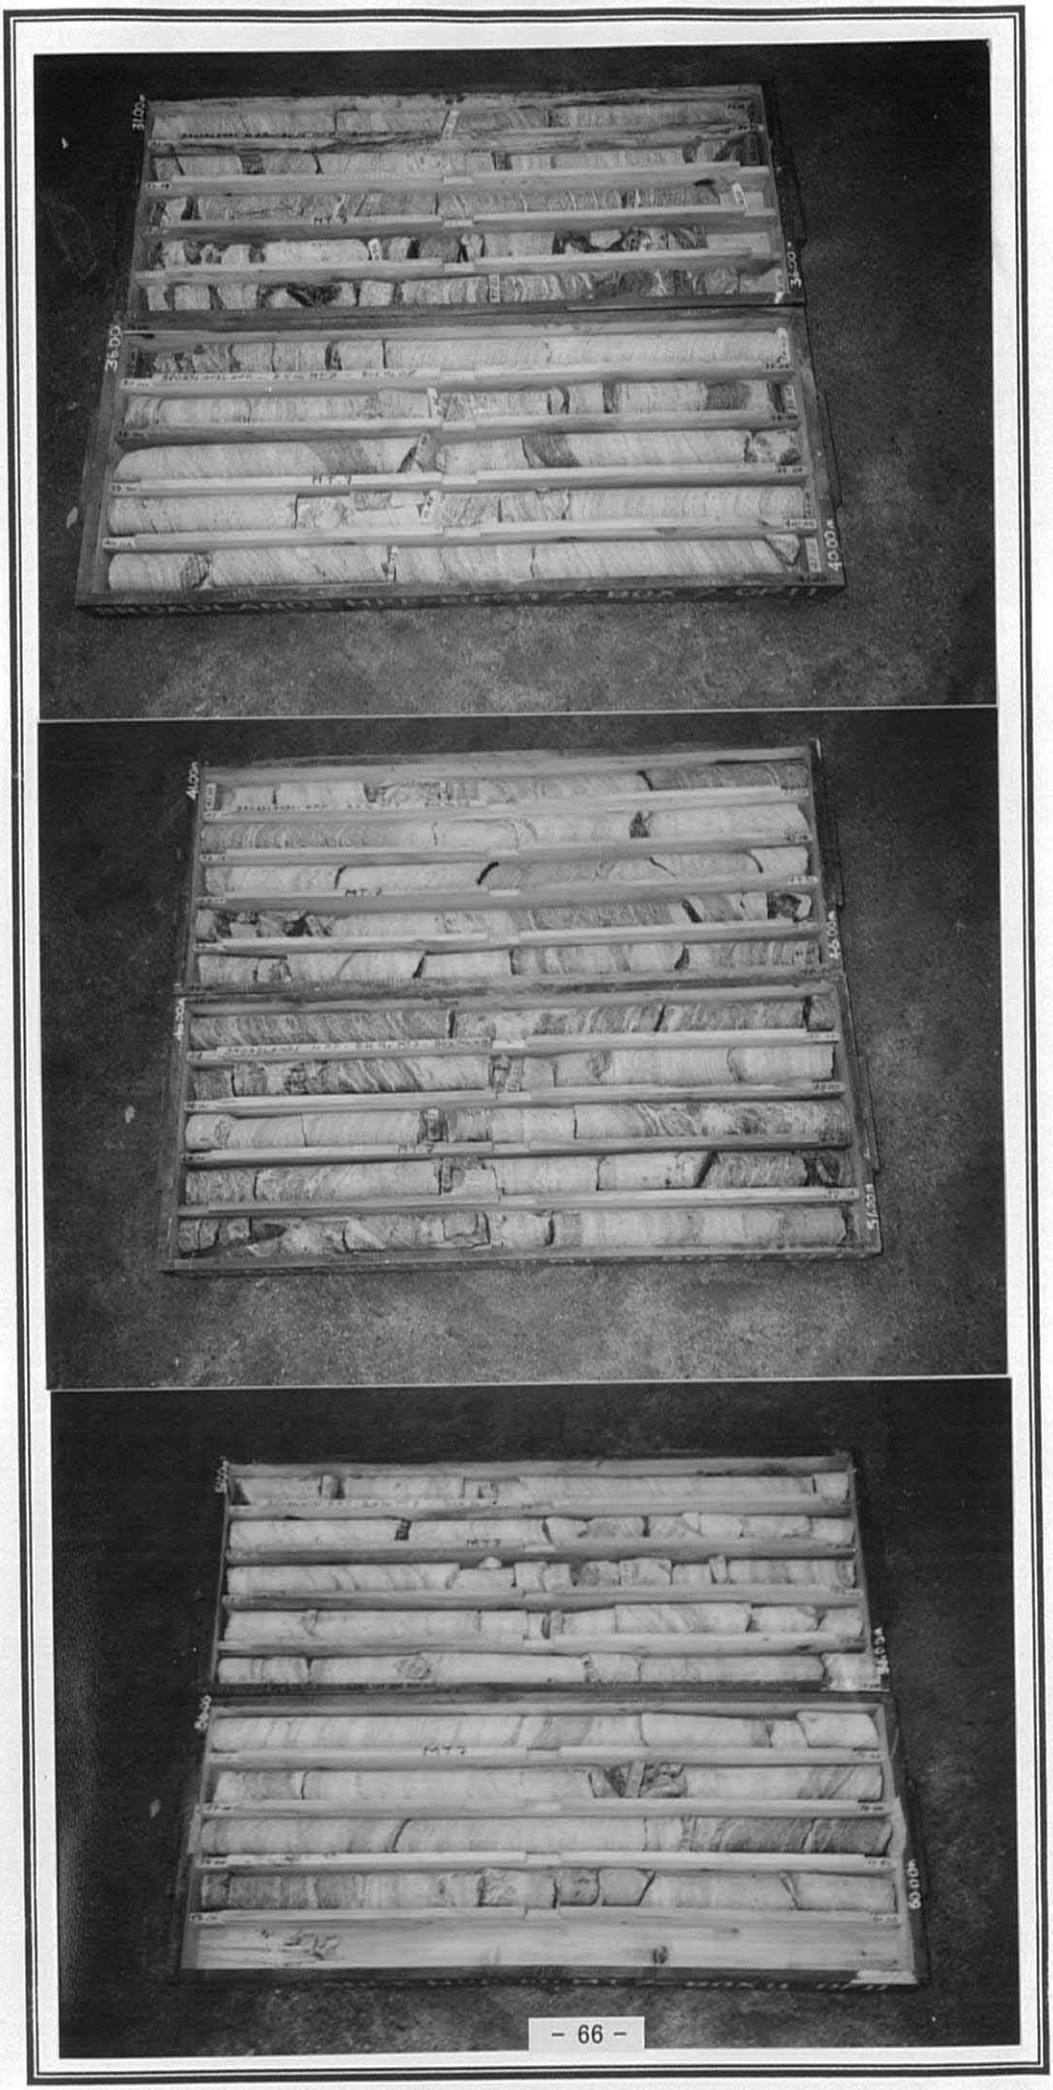


Plate # 20: Cont....

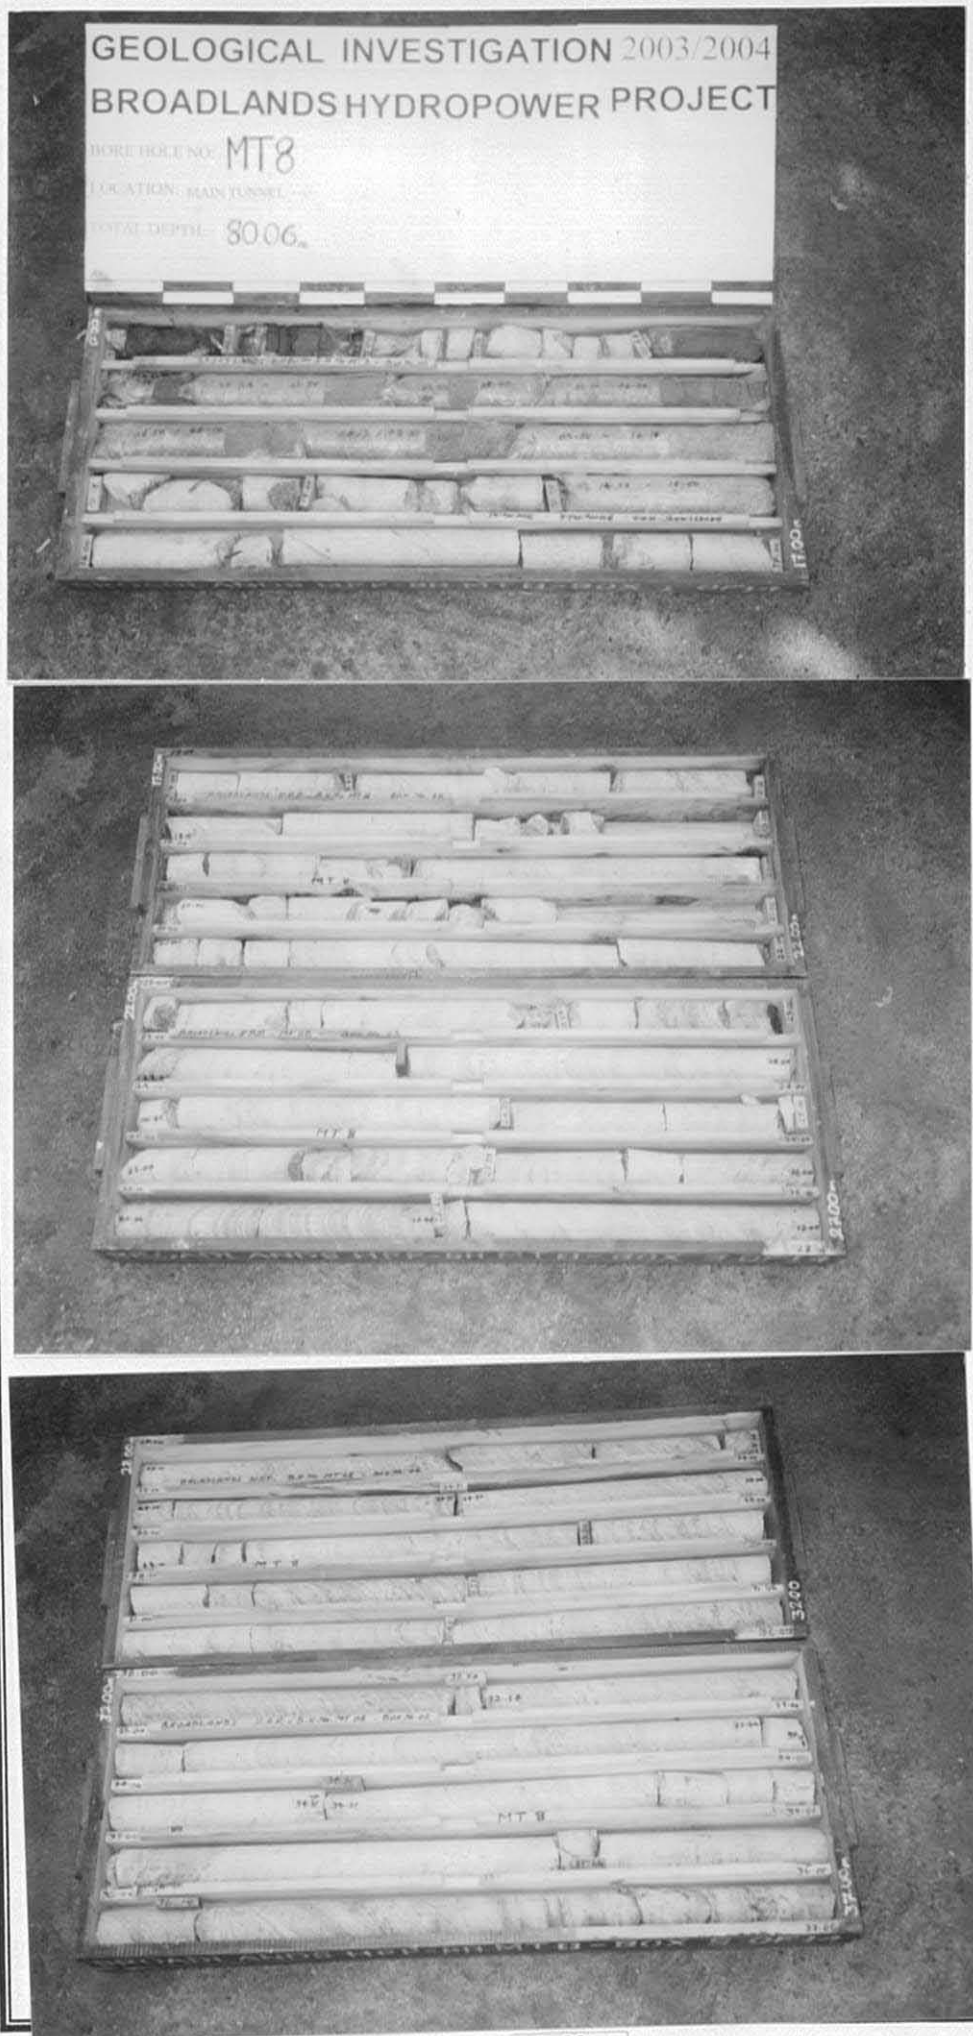
Plate # 21: Drilling Location of MT 8
total depth of hole 80.06m

Plate # 22: Hole monument of MT 8

Plate # 23: Drill Hole MT 8, total depth of hole 80.06m



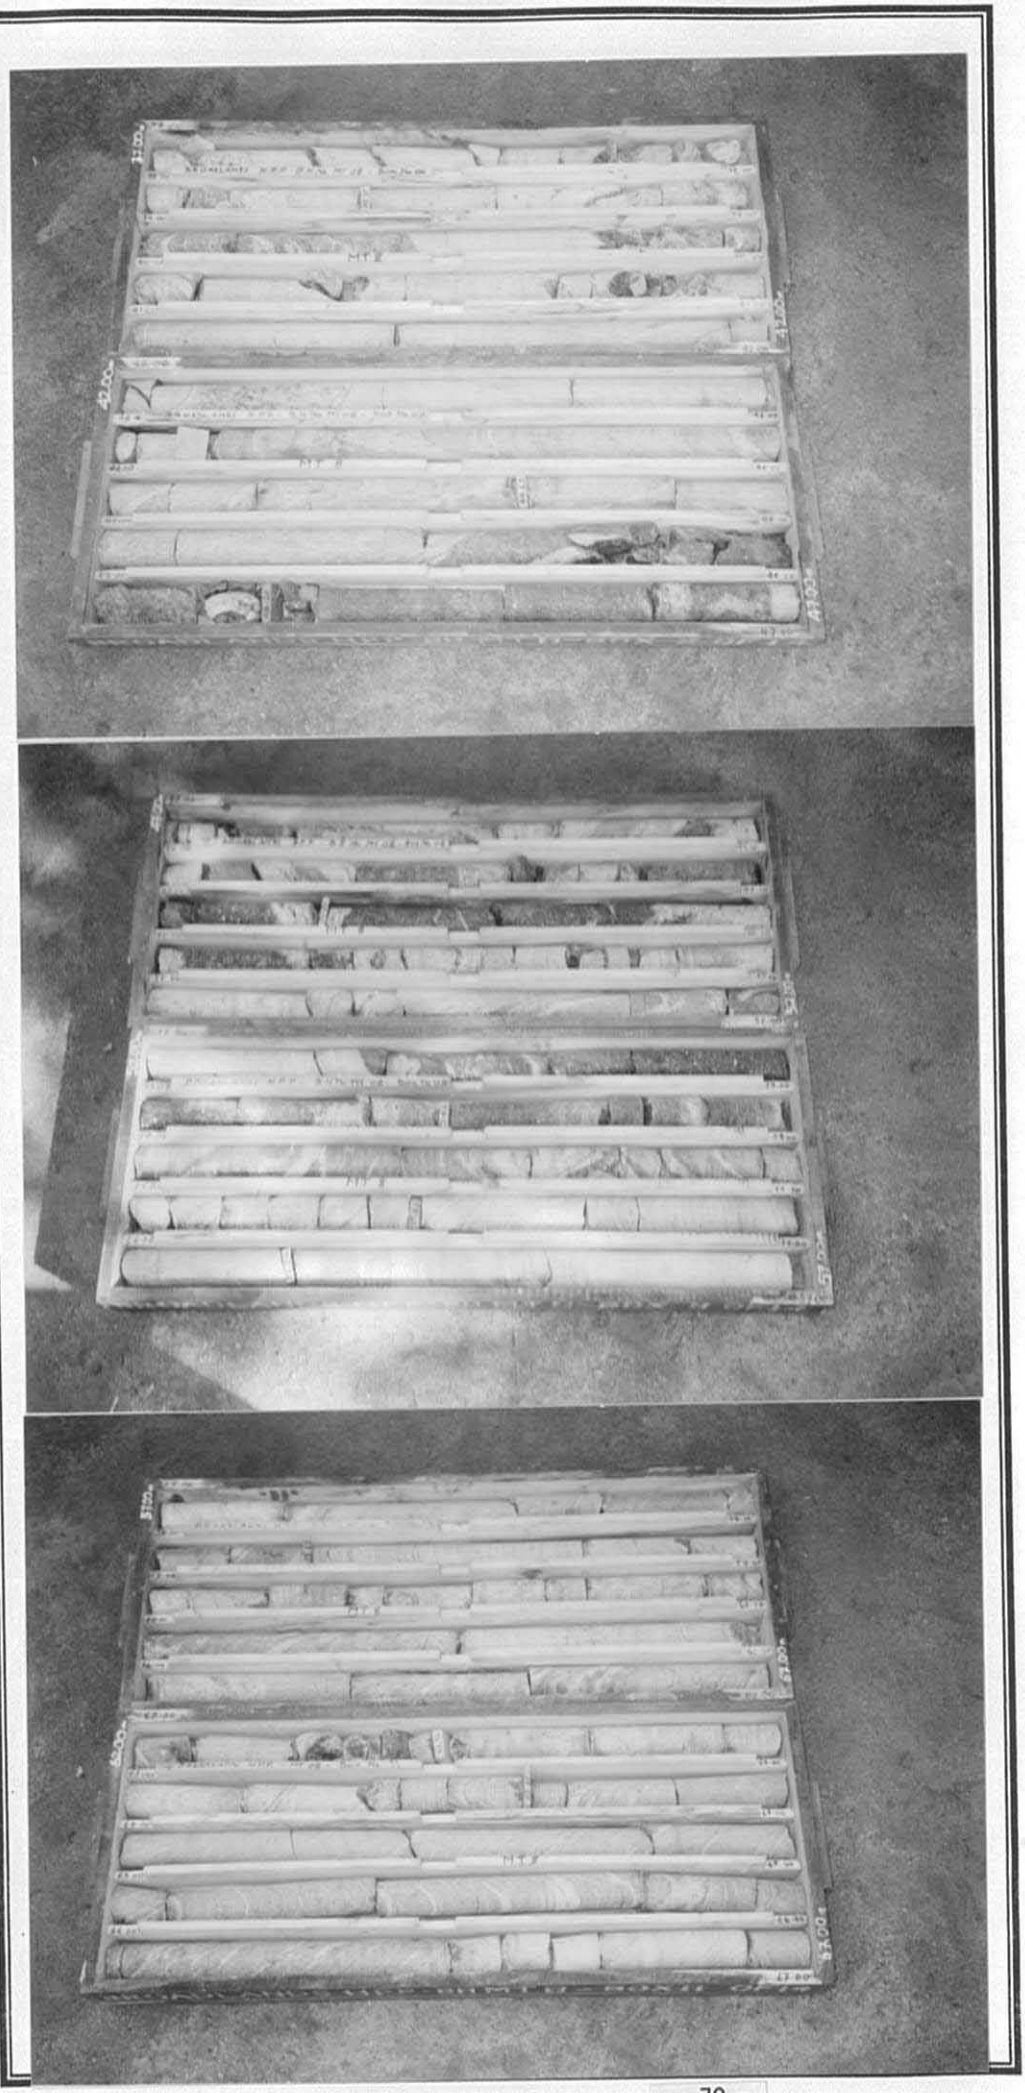


Plate # 23: Cont....

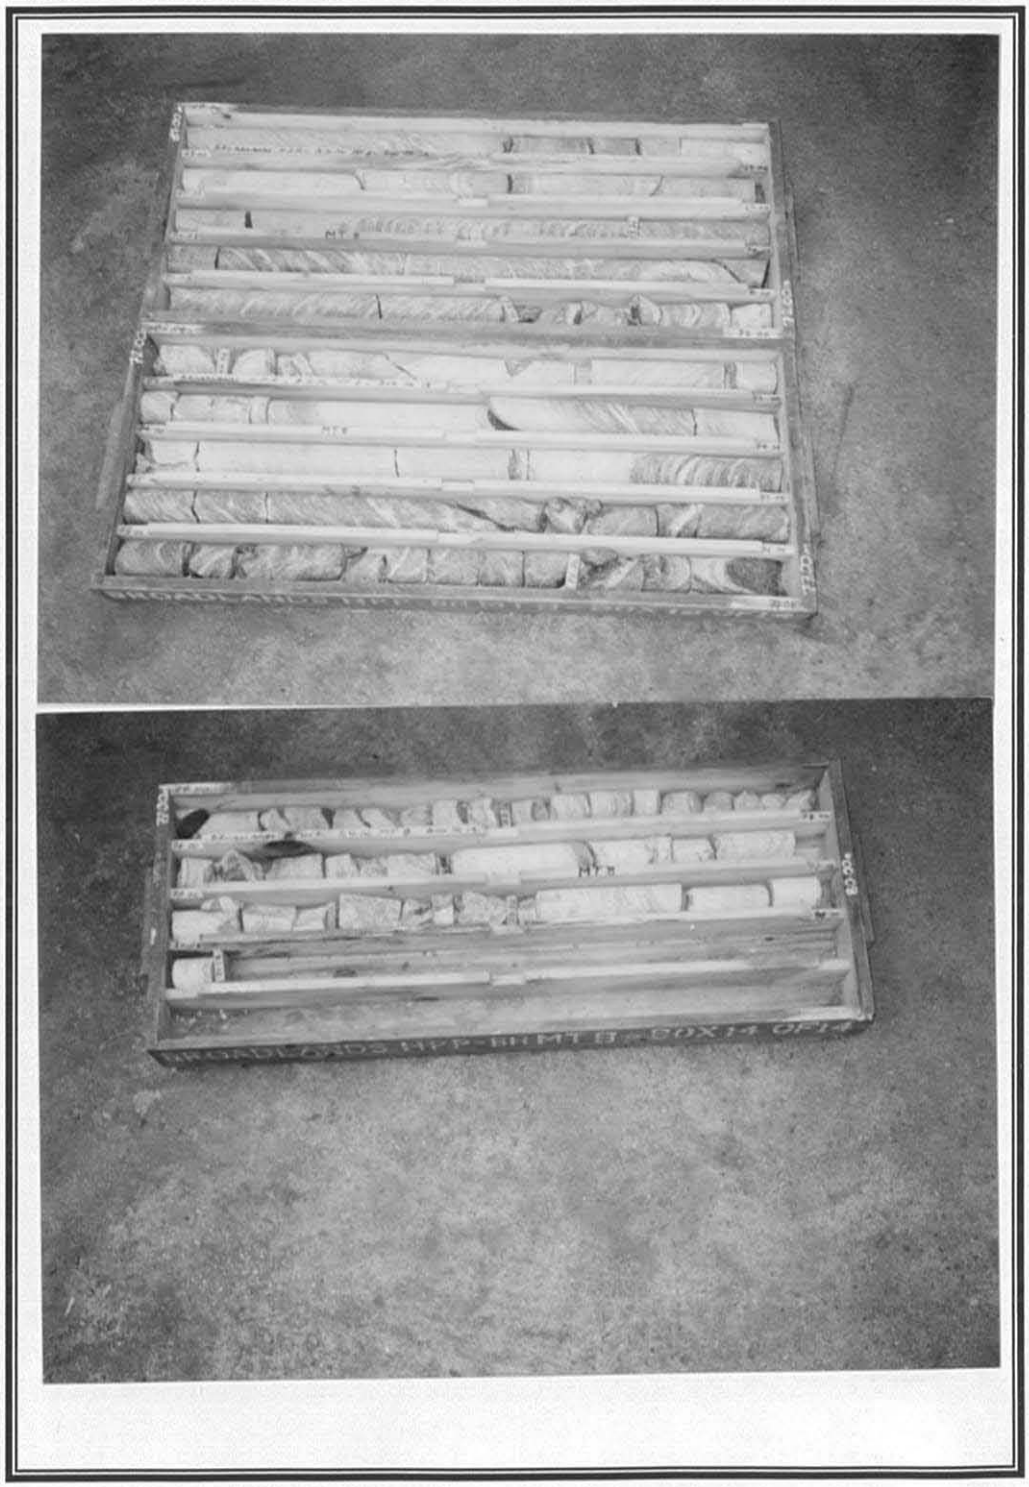

Plate # 23: Cont....

Plate # 24: Drilling Location of TR 1
total depth of hole 25.30m

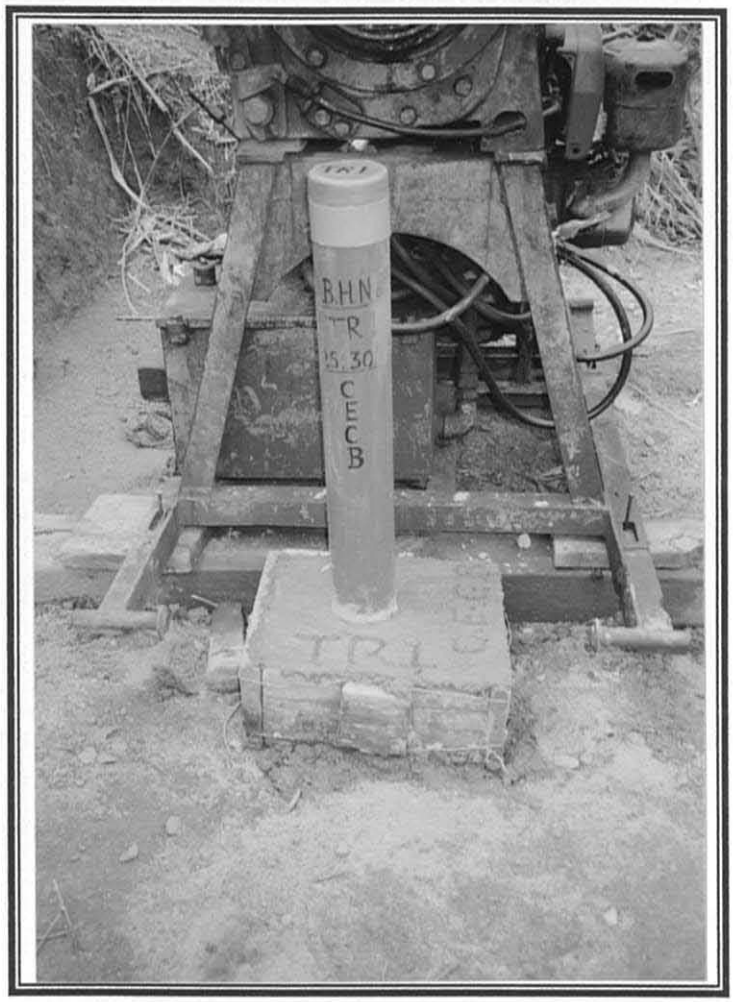

Plate # 25: Hole monument of TR 1

Plate # 26: Drill Hole TR 1, total depth of hole 25.30m

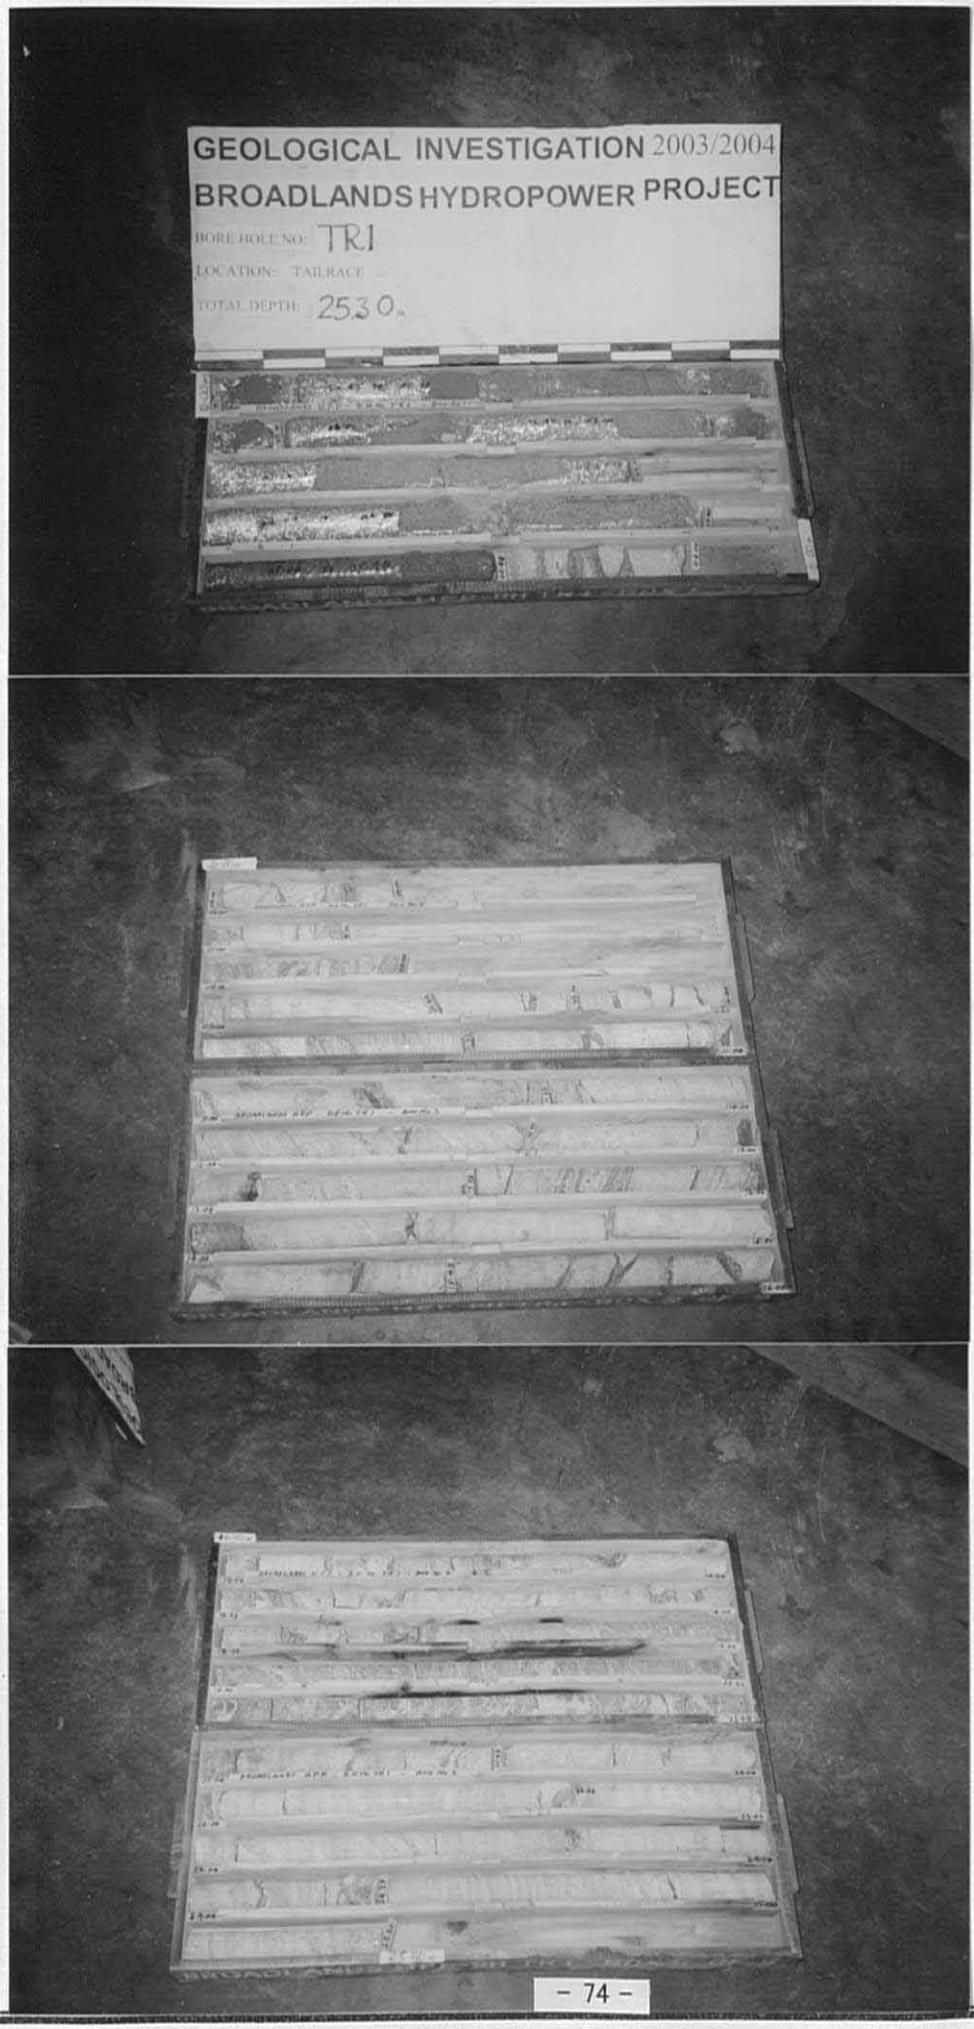

Plate # 27: Drill Hole BQ 1, total depth of hole 25.05m

Plate # 28: Drilling Location of BQ 2'
total depth of hole 25.10m

Plate # 29: Hole monument of BQ2'

Plate # 30: Drill Hole BQ 2', total depth of hole 25.10m
