

Courses	Particulars
Computer Aided Design & Drafting	
Introduction	This programme is designed to equip participants with the necessary skills and techniques of design & drafting, utilising computer technology. Participants would be guided in designs used by various industries such as industrial and engineering, as well as construction and civil engineering. In addition to this, participants would also be introduced to enhanced design and visualisation, utilising 3D graphics.
Course Duration	<ul style="list-style-type: none"> ▪ 6 months
Enrolment Criteria	<ul style="list-style-type: none"> ▪ SPM / SPVM holders: <ul style="list-style-type: none"> ▪ Pass SPM/SPVM/SMA with credit in Bahasa Malaysia & two (2) any other subjects and passes mathematics, or ▪ Pass SPM/SPVM/SMA with credit in Bahasa Malaysia & three (3) any other subjects and passes mathematics (including July paper)
