## **PREFACE**

In response to a request from the Government of Yemen, the Government of Japan decided to conduct a basic design study on the Project for Construction of School Facilities of Basic Education (Phase 2) in the Republic of Yemen and entrusted the study to the Japan International Cooperation Agency (JICA).

JICA sent to Yemen a study team from September 16 to October 20, 2005.

The team held discussions with the officials concerned of the Government of Yemen, and conducted a field study at the study area. After the team returned to Japan, further studies were made. Then, a mission was sent to Yemen in order to discuss a draft basic design from February 24 through March 3, 2006, and as this result, the present report was finalized.

I hope that this report will contribute to the promotion of the project and to the enhancement of friendly relations between our two countries.

I wish to express my sincere appreciation to the officials concerned of the Government of Yemen for their close cooperation extended to the teams.

May, 2006

Masafumi Kuroki  
Vice President  
Japan International Cooperation Agency

May, 2006

## **Letter of Transmittal**

We are pleased to submit to you the basic design study report on the Project for Construction of School Facilities of Basic Education (Phase 2) in the Republic of Yemen.

This study was conducted by Mohri, Architect & Associates, Inc., under a contract to JICA, during the period of 9 months from August, 2005 to May, 2006. In conducting the study, we have examined the feasibility and rationale of the project with due consideration to the present situation of Yemen and formulated the most appropriate basic design for the project under Japan's grant aid scheme.

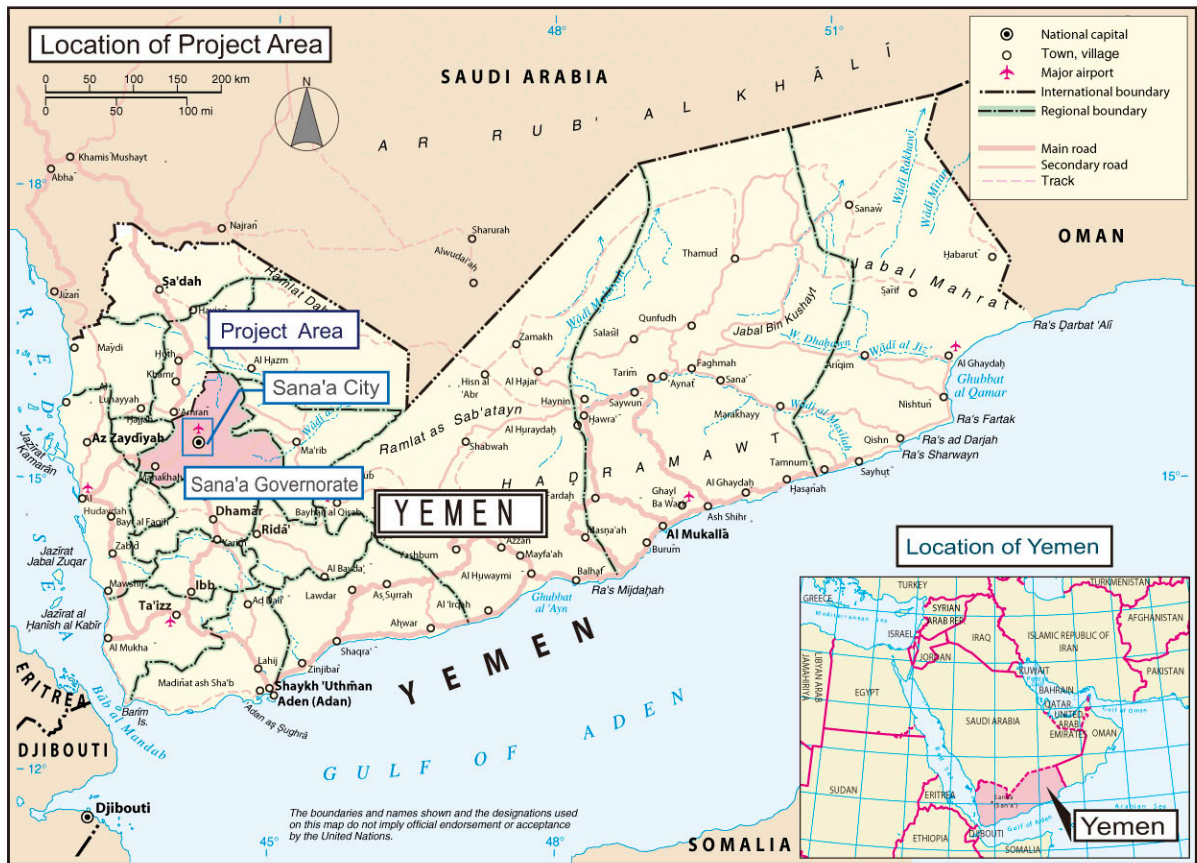

Finally, we hope that this report will contribute to further promotion of the project.

Very truly yours,

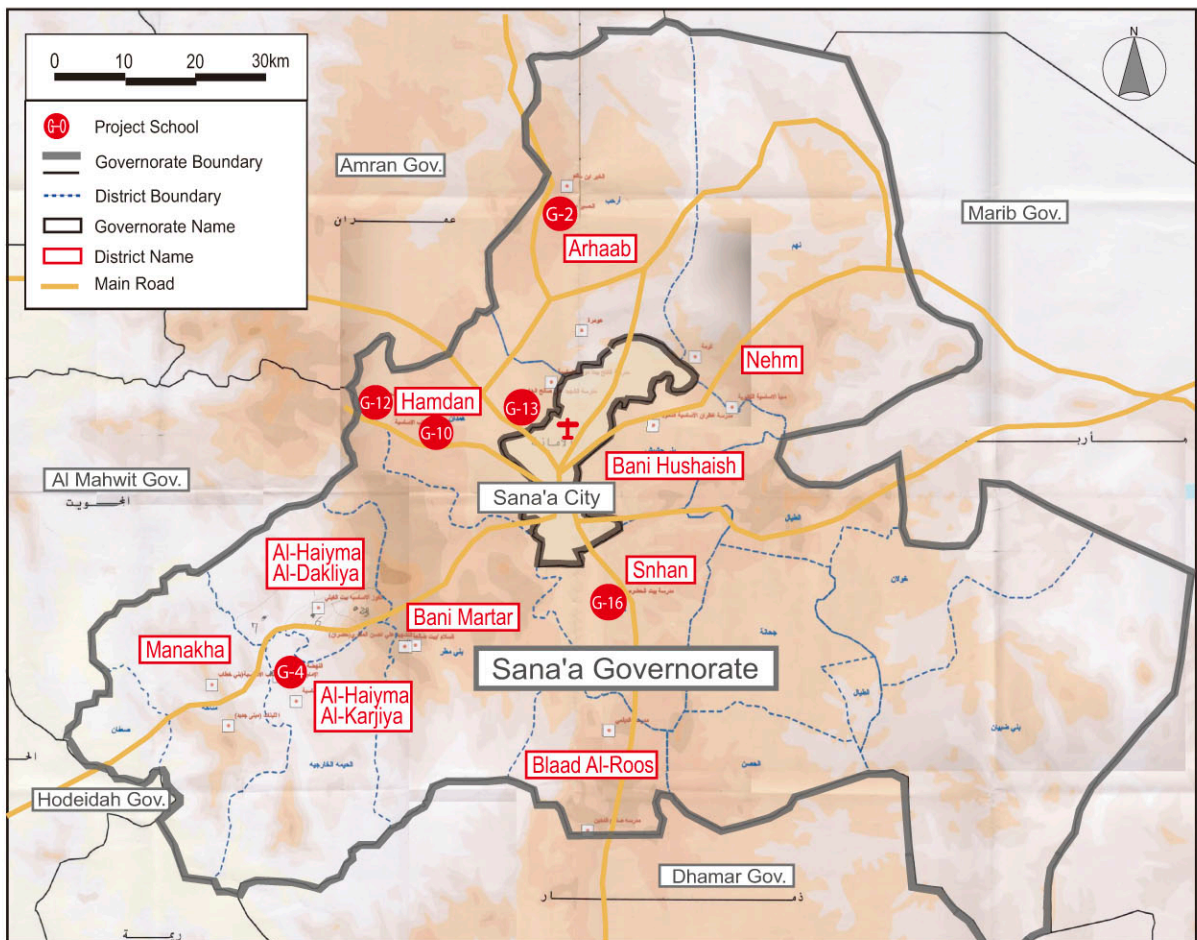

Akira Yokoyama

Project Manager

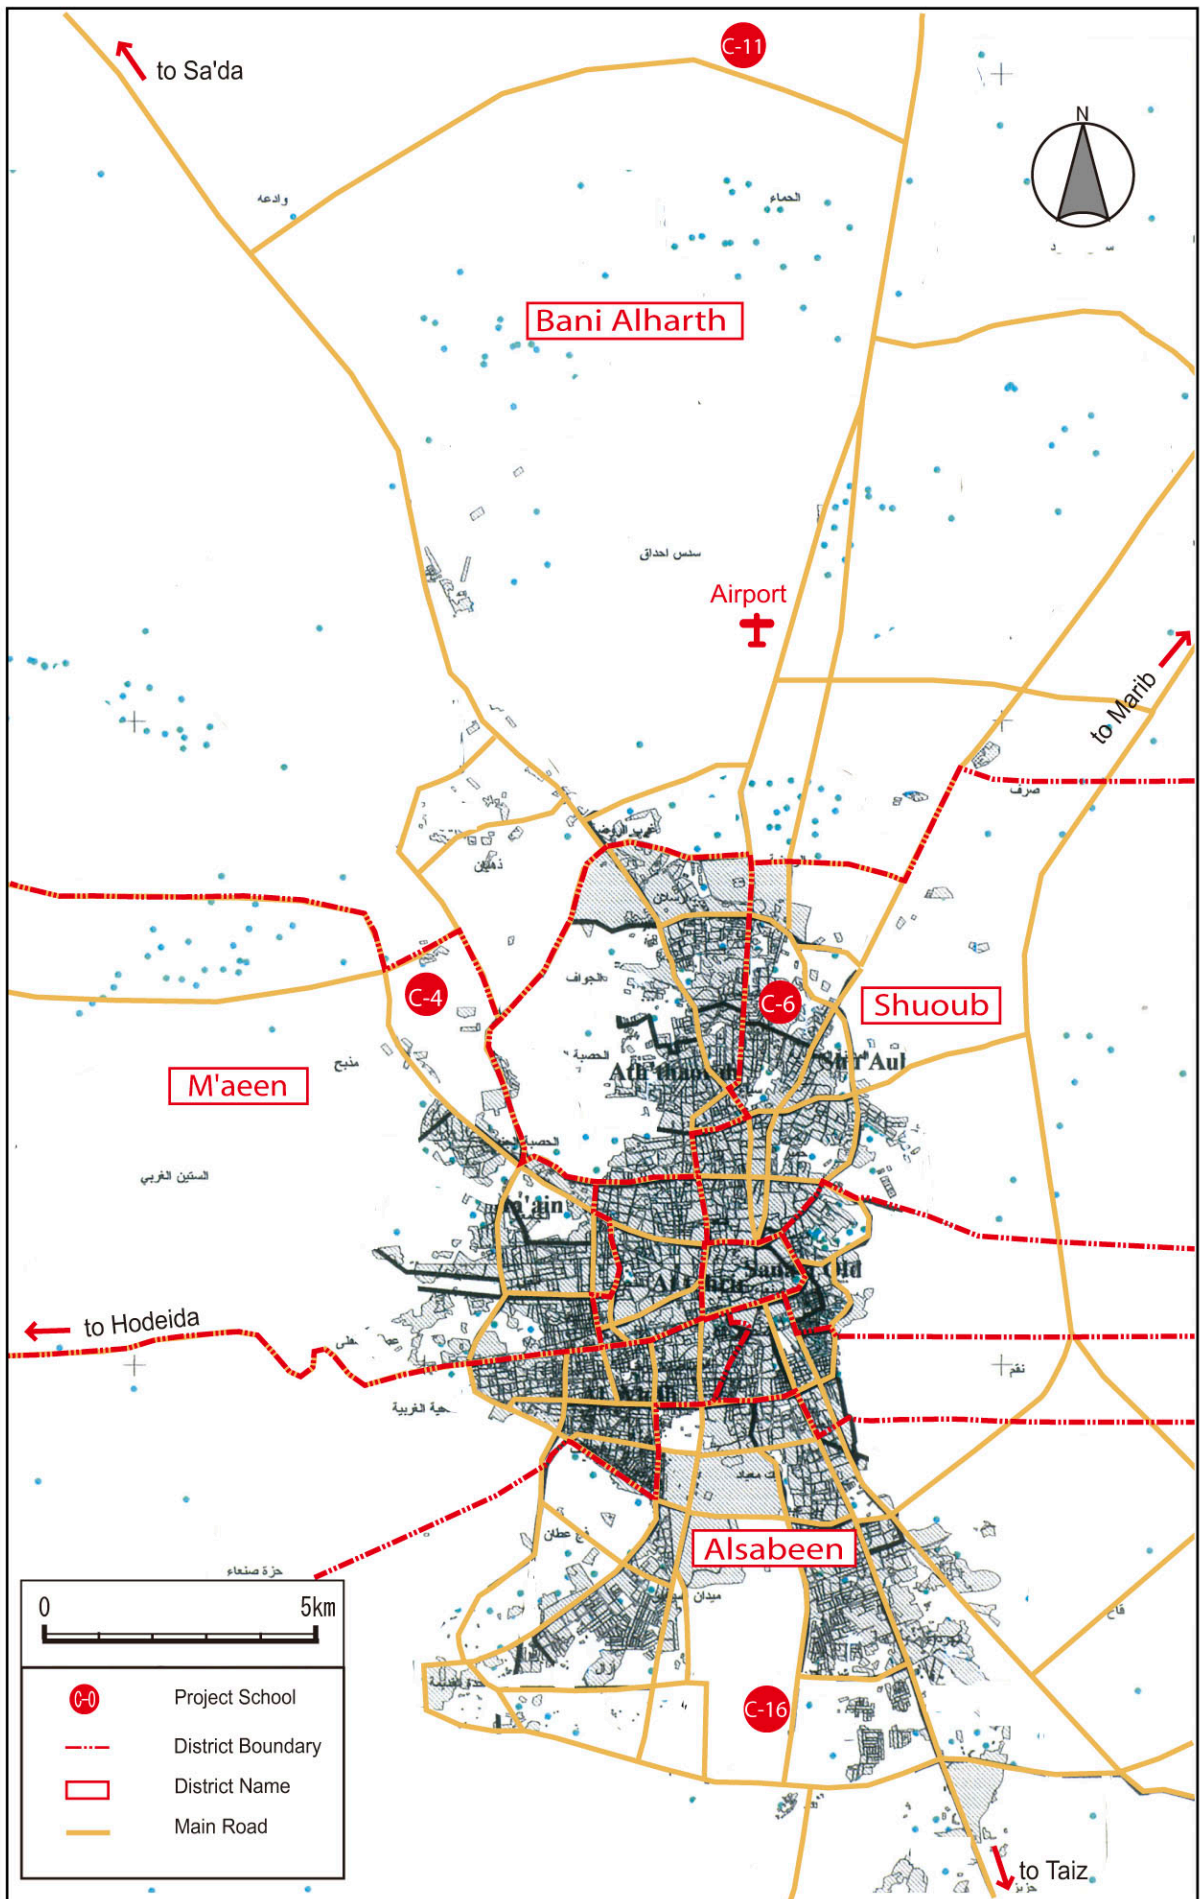

Basic design study team on the Project for  
Construction of Educational Facilities of  
Basic Education (Phase 2)  
in the Republic of Yemen  
Mohri, Architect & Associates, Inc.
