DEPARTMENT ORDER  
No. 216-F, s. 1999.

Subject: Creation of DOH Pharmacopeial Organization for the Preparation and Publication of the Philippine Pharmacopeia

In order to effectively implement the Philippine Pharmacopeia Project of the Department of Health, the Bureau of Food and Drugs, in collaboration with various government, non-government organizations and the Government of Japan under a Technical Cooperation Scheme, a DOH Pharmacopeial Organization is hereby created with the following goals and objectives:

I. GOAL

To prepare and publish the Philippine Pharmacopeia which shall serve as and be utilized as the official national reference book of standards for the determination of the identity, purity, efficacy and quality of pharmaceutical substances and products including Philippine medicinal plant materials and natural products.

II. OBJECTIVES

1. To establish standards of purity, efficacy and quality for pharmaceutical substances and products that are present in the Philippine market and to develop monographs of such standards
2. To establish standards of identity, purity and quality for Philippine medicinal plant materials and natural products and to develop monographs of such standards
3. To develop appropriate tests and analytical procedures for the determination of compliance to the established standards
4. To publish a Philippine Pharmacopeia, which shall contain the monographs, analytical procedures, specifications and requirements of the standards.
