Indicators	Targets (2007-2011)	Guidelines and Measures	Responsible Organizations
1. Level of success in setting up the National Coordinating Committee on the Disabled	There will be the Committee within 2008 and will be able to define and supervise the policy, work plan, the budget for the disabled in integral manner	On national disabled affairs to coordinate the administration and management of the Development of the Quality of Life of the Disabled System according to the objective by the application of the good governance principles	MOSDHS, DPO.
2. Level of success of the system for providing service to the disabled according to fundamental rights including services in medicine, education, occupation and society as prescribed by the law comprehensively and qualitatively.	The disabled will receive quality services and comprehensively according to objectives of the governmental and private organizations	2. Development of the system of providing service to the disabled in terms of medicine, education, occupation and society comprehensively.	MOPH, MOE, MOL, MOSDHS, MOT, MOST, MOI,(DLA, DPNC), HOTS, BMA, NHSO, DPO, NCCD.

Indicators	Targets (2007-2011)	Guidelines and Measures	Responsible Organizations
3. The percentage of the disabled which receives the amenities and any other assistance ; translators of sign language; documents of the Braille characters; the disabled auxiliary apparatus in relation to the rehabilitation of the capability of the disabled and leading of independent life.	About 20 percent of new disabled persons who receive services in various forms of the governmental and private organizations of each year.	3. To promote the governmental and private organization to arrange for the availability of the media, amenities and any other assistance; translators of the sign language; sound/voice book, ergonomic equipment, the disabled auxiliary in relation to the rehabilitation of the capability of the disabled and the leading of independent life.	MOPH, MOE, MOL, MOSDHS, MOI(DLA), MOT, HOTS, ICT, MOST, BMA, NHSO, NCCD, DPO.
4. The percentage of the personnel concerned with the disabled persons affairs, both of the governmental and private sector who receive the development of capability in every aspect according to the prescribed standard on continual basis.	Personnel prescribed by each work unit who receive the development at least 20 percent per year. The said persons must perform duty of providing direct service to the disabled not less than the period of time used for the development.	4.To promote the production and develop the personnel for the disabled to adequate number and who will be knowledgeable and able to provide service to the disabled on every aspects to meet the needs in timely manner in relation to the development of the quality of life of the disabled and the trends of globalization.	MOPH, MOE, MOL, MOSDHS, MOST, HOTS, BMA, DPO.
5. Percentage of the State budget that supports the disabled affairs	Within 2011, the allotment of State budget will be received for the disabled affairs,, which increases by 1 percent of the State budget	5. To push for the existence of the system of Budget, subsidy allocation and for increase in the income of the Fund as to enable the governmental and private organizations to provide service in every aspect comprehensively and qualitatively	BB, MCP, MOSDHS, MOPH, MOE, MOI, BMA, PR, NHSO, DPO, NCCD.

Indicators	Targets (2007-2011)	Guidelines and Measures	Responsible Organizations
6. Number of research works and innovation for the development of the quality of life of the disabled.	There exists at least 10 themes per year of the research work and innovation for the development of the quality of life of the disabled.	6. Promotion of the research works and the development of the innovation on the development of the quality of life of the disabled and the results of the research work to the development of the disabled affairs. 7. Support the research fund and the dissemination of the work results	MOPH, MOE, MOL, MOSDHS, MOI, HOTS, BMA, ICT, DPO.
7. Level of the success in organizing the database on the disabled affairs which covers every service in the development of the quality of life of the disabled	Within the year 2011 there will arise the link of the database on the aspect of the disabled among the organizations concerned efficiently	8. Support given to the relevant organizations to organize the database system on the disabled to be the efficient integral system towards uniform direction	MOSDHS, MOPH, MOE, MOL, MOI, ICT, MOST, BMA, DPO

Obligation 2: To promote recognition and acceptance of the disabled and full and equal participation in the society by the disabled.

Strategy 2: To promote, support the consolidated disabled organizations and network in the development of the quality of life of the disabled.

Objective: Strong, sustainable disabled organization and network that can promote enhancement of the potentials, protect and maintain the rights of the disabled.

Indicators	Targets (2007-2011)	Guidelines and Measures	Responsible Organizations
1. The number of the disabled organization either of exclusive disability or inclusive disability which act as a representative of the disabled of every category in the areas of various levels in every region of the country.	Continual increase and in every province in 2011.	1. Promotion and support of the establishment and or the operation of the disabled organization and network in terms of budget, academic and the development of the personnel concerned	MOSDHS, MOPH, MOE, MOI, (DLA), MOL, ICT, HOTS, NHSO, BMA, NCCD, DPO.
2. The number of the disabled organizations and network have participation in all levels in relation to planning and decision-making on the matter of promotion of potentials, protection and maintenance of the rights of the disabled	Continual increase	2. Support given to the disabled organizations and network to have played a role of a counselor or from local committee to national level as to offer comments that can lead go decision-making by the Government and the organizations concerned with the operation of the disabled.	MOSDHS, MOPH, MOE, MOI, (DLA), MOL, BMA, DPO.
3. The number of the disabled organization and network that administers, manages according to the prescribed standard	Continual increase	3. Upgrading the capability to solve problems and develop the learning process of the disabled organization and networks.	MOPH, MOE, MOL, MOSDHS, MOI, (DLA), BMA, DPO.
4. The number of local administration organization that support the operation of the disabled organizations	Increase at least by 20 percent per year of all local administration organization.	4. Promotion of knowledge and understanding by the local administration Organization in giving support to the disabled organization	MOSDHS, MOI, (DLA), BMA, DPO.

Obligation 2: To promote recognition and acceptance of the disabled and full and equal participation in the society by the disabled.

Strategy 3: To promote good attitude among the disabled, their family and society towards the disability and the disabled people.

Objective: Recognition by society and open opportunity to the disabled people and disabled organizations to have full, effective and equal participation in every social activity by the disabled.

Indicators	Targets (2007-2011)	Guidelines and Measures	Responsible Organizations
1. The number of the disabled people, their family that have full participation in the social process in every dimension	Continual increase	1. Development of the format of organizing social activities in every system including the Governmental organization and private organizations concerned with the disabled and family to enable them to have broad participation	MOPH, MOE, MOL, MODHS, MOI, (DLA), MOC, HOTS, ONB, BMA, DPO.
		2. Promotion of disabled women to have the opportunity to express their potentials and participation in social activities	MOPH, MOE, MOL, MOSDHS, MOI, MOC, HOTS, ONB, BMA, DPO.
2. The number of work unit/organization having had activities in the promotion of correct attitude and creative towards the disabled, the disability and family	Increase continually	3. Promotion and support given to the governmental organization and private organization to organize activities in promoting correct and creative attitude towards the disability of the disabled and their family	MOPH, MOE, MOL, MOSDHS, MOI, MOC, HOTS, ONB, BMA, DPO.
3. The number of the creative media in the aspect of disability being disseminated	Increase continually	4. Support the production of quality media, which is useful to the promotion of the potentials, participation and equality of the disabled	PR, MOPH, MOE, MOL, MOSDHS, MOI, MOC, MOST, HOTS, BMA, DPO.
4. Increased number of the disabled who are employed in the place of business, the government organization and the State enterprises	Increase continually	5. Promote the employment of the disabled people	MOE, MOL, MOSDHS, MOI, HOTS, BMA, DPO.
5. The increased number of the disabled who can lead an independent life	Increase continually	6. Promotion of the governmental organization and private organizations to monitor, evaluate the number of the disabled who lead an independent life	MOE, MOPH, MOL, MOSDHS, MOI, BMA, DPO.

Obligation 3: To promote accessible environment for the participation of the disabled in the society.

Strategy 4: To promote accessible environment for the participation of the disabled in the society.

Objective: The disabled can access and use services in buildings, places, vehicles, information and communication, facilitating technologies and other public services

Indicators	Targets (2007-2011)	Guidelines and Measures	Responsible Organizations
1. The level of success in pushing the arrangement of environment for the disabled to be a government policy and to the implementation	Within 2009, there will be a policy or national session on arrangement of environment free from obstacles and to create consistency in operation for the disabled.	1. Push on policy and national session on the arrangement of accessible environment and promoted the accessibility of information to step to a barrier free society for all and push to have a policy implementation	MOSDHS, MOE, MOL, ICT, MOTS, MOC, MOST, MOT, BMA, ONB, PR, LAO, NCCD, DPO.
2. The number of revised, improved and draw up law, regulation and provision on the arrangement of accessible environment	To have a law on the arrangement of environment, communication and travel free from obstacles within 2010	2. Draw up/improve law, regulations, provision on building, place, transport, public service, telecommunication, information and communication technology, assistive technology and promote the accessibility to information for the arrangement of accessible environment and service for the disabled	MOPH, MOE, MOSDHS, MOI, (DPNCP), MOT, ICT, MOTS, MOL, MOST, BMA.
3. The number of developed body of knowledge to create understanding in universal design for the arrangement of accessible environment and service for the disabled	The increasing numbers of curriculum, textbook, document, research, innovation on universal design	3. Promotion and support given to the arrangement of learning curriculum and process on universal design	MOE, MOPH, MOSDHS, MOI, (DPNCP), ICT, MOST, BMA, DPO.

Indicators	Targets (2007-2011)	Guidelines and Measures	Responsible Organizations
4. The number of education institutions which provide the study, the teaching, the learning on universal and fair design	Within the year 2011, there will be 5 education institutions that provide the learning and study on universal and fair design	Support and promote academy to educate On Universal and fair Design	MOE,ICT.
5. Number of the promotional center and demonstration on universal and fair design	Within 2011, there will be promotional and demonstration center at least 1 center per each province	5. Develop and expand the promotional and demonstration center which provides service in universal and fair design for both learning and study an expansion of service to community.	MOE, MOPH, MOT, MOST, MOSDHS, MOI, (DPWCP), NHSO, NCCD.
6. The level of success in the establishment of the work units or the committee to monitor, supervise, care for, audit, accept complaints and action to organize the Barrier-free environment	There will be the committee in 2008 and there will be continuity in the implementation of policy	6. Create the environmental monitoring, supervising mechanism and barrier-free access to data, information	MOSDHS, MOE, MOPH, MOI, (DPWCP), MOTS, ICT, MOT, MOST, BMA, NCCD, DPO.

2. MONITOR AND EVALUATION

The objective of monitoring and evaluation

The implementation of the NATIONAL PLAN FOR DEVELOPMENT OF THE QUALITY OF LIFE OF THE DISABLED NO 3 2007-2011 effectively and effectually as to serve as an impetus to move forward the strategy of development of the quality of life of the disabled will necessitate the monitoring, evaluation of the operation according to the strategy as enumerated in the Plan. The monitoring, evaluation must be conducted continually from the beginning until the end of the Plan period to attain suitability and in timely manner.

OPERATIONAL GUIDELINES ARE AS FOLLOWS:

- 1) Collective assessment of the targets of the Plan
- 2) The evaluation of the attainment of the targets of the Plan
- 3) Monitoring the strategic evaluation
- 4) The monitoring the evaluation of the work plan, project activities will be carried out by the core responsible organizations who will determine the criteria of evaluation according to PLAN, Project activities
- 5) Arrangement for the monitoring of the evaluation at the Half-Plan period and at the End-of the Plan period including the issues of progress and results as to review and readjust the direction by the sub-committee for monitoring and evaluation of the NATIONAL PLAN FOR DEVELOPMENT OF THE QUALITY OF LIFE OF THE DISABLED NO 3 2007-2011 in the Committee for Rehabilitation of the Capability of the Disabled.

PART 4

GUIDELINES FOR IMPLEMENTATION OF EACH PART OF THE PLAN

For concrete implementation of each part of the Plan effectively and effectually as to attain the established vision of the NATIONAL PLAN FOR THE DEVELOPMENT OF THE QUALITY OF LIFE OF THE DISABLED NO 3 2007-2011, a work plan, a project, and an activity which is consistent with the guidelines and measures according to the indicators in each strategy under the NATIONAL PLAN FOR THE DEVELOPMENT OF THE QUALITY OF LIFE OF THE DISABLED NO 3 2007-2011 has been formulated to be used as a guideline for the preliminary development of the quality of life of the disabled as follows:

STRATEGY 1: ADMINISTRATION, MANAGEMENT OF THE SYSTEM FOR THE DEVELOPMENT OF THE QUALITY OF LIFE OF THE DISABLED

KPI	Guidelines/Measures Work Plan/Project/Activity	Responsible Person
1. Level of success in the establishment of the National Committee for Coordination of the Disabled Affairs	Guidelines/Measures	
	1. Establishment of the National Committee for Coordination of the Disabled Affairs to coordinate the administration and management of the system for the development of the quality of life of the disabled to be in accordance with the established target by the application of the principles of good governance.	
	Work Plan /Project /Activity	
	1. The work plan for the establishment of the National Committee for the Promotion and Development of the Quality of Life of the Disabled under the The Promotion and Development of the Quality of Life of the Disabled Act	MOSDHS, DPO.
2. The Level of success of the System for Service to the Disabled According to their Fundamental Rights in terms of medicine, education, occupation and society as prescribed by the law comprehensively and qualitatively	Guidelines/Measures	
	2. The development of the service system for the disabled in all aspects both medically, educationally, occupationally and socially to be comprehensively covering every sector.	
	Work plan/project/activity	
	1. A project for formulation and the development of the standard of the operation in relation to the development of the quality of life of the disabled.	Every organization both governmental and private sector
	2. A project for the development of the Integrated Disabled Service System in the community	MOSDHS.
	3. A project for the development of the social support system to enable every category and level of the disabled to maintain independent life style.	MOSDHS, BMA.
	4. A project for support to every sector of society in providing service to the disabled.	MOSDHS.
	5. A project for expansion of opportunity and development of the quality of education for the disabled.	MOE, BMA.
	5.1 A project for expansion of opportunity and development of the common study at the fundamental education and college level.	MOE, BMA.
	5.1.1 A project for promotion of arrangement of common study in the school under the supervision of Bangkok Metropolitan Administration	BMA.
	5.1.2 A project for the development of education for LD children.	MOE.

KPI	Guidelines/Measures Work Plan/Project/Activity	Responsible Person
2. Level of success of the system of service to the disabled according to their fundamental right in terms of medicine, education, occupation and society as prescribed by the law comprehensively and qualitatively.	Work plan/project/activity	
	5.1.3 A project for the development of education for autistic children	MOE.
	5.1.4 A project for the development of the special education center	MOE.
	5.1.5 A project for the development of the education plan for IEP individuals	MOE.
	5.1.6 A pilot project for admission of the disabled students to college or university education	MOE.
	5.1.7 The education institution allotment of quota to the disabled students to study in the institutions according to the category of disability	MOE.
	5..2 The project for expansion of the opportunity and the development of the quality of organizing the non-formal education, alternative education and informal education.	MOE, BMA.
	5..2.1 Arrangement of study and teaching for disabled students at the Certificate Level and at the Bachelor Degree level.	MOE.
	5..3 A project for the development of the allocation of subsidy system for special education to private education institution for the disabled	MOE.
	6. A project for employment of the disabled person	MOL, MOSDHS, MOE, DPO.
	6.1 A project for the rehabilitation of employment for the disabled	MOL, MOSDHS, DPO.
	6.1.1 A project for counseling and preparedness for employment in a place of business of the disabled persons	MOL, MOSDHS.
	6.1.2 A project for promotion of vocational training for the disabled of each category.	MOL, MOSDHS, MOE, DPO.
	6.1.3 A project for promotion of vocational training for the disabled held with and for ordinary people.	MOL, BMA.
	6.1.4 A project for employment and promotion of an independent occupation for the disabled	MOL, MOSDHS, BMA, MOE.
	6.1.5 A project for employment of the severely disabled persons in a diverse forms and that are consistent with the needs of the disabled.	MOSDHS
	6.1.6 A project for promotion of the rehabilitation of the capability for the disabled labor	MOL
	6.2 A project for coordination and promotion of places of business to encourage them to employ the disabled persons	MOL, MOSDHS.
	6.2.1 A project for imparting knowledge to the employer about employment of the disabled labor in support of the employment of the disabled persons	MOL, MOSDHS, DPO.
	6.2.2 A project for production of manuals for promotion of employment for both the disabled and the place of business	MOL, MOE
	6.2.3 A project for promotion of the availability of the instructors, trainers for job probation, job apprenticeship and evaluation of job performance in places of business	MOL, MOE.
	6.3 A project for promotion of the competition of labor skills and the law concerned with the employment of the disabled persons	MOL
	6.4. A project on the Labor Protection Law and other laws related to the job opportunity of the disabled	MOL.
	6.4.1 A project for supervision and compliance with the legislation for protection of labor and other relevant laws.	MOL.
6.4.2 A project for improvement of the labor standard to cover the measures to promote and protect the disabled person labor	MOL.	

KPI	Guidelines/Measures Work Plan/Project/Activity	Responsible Person
2. The level of success of the system for service provided to the disabled according to their fundamental rights medically, educationally, occupationally, socially in accordance with the law comprehensively and qualitatively	Work Plan/Project/Activity	
	6.4.3 A project for amendment to the legislation, rules, regulations for vocational promotion of the disabled persons.	MOL, MOSDHS.
	6.4.4 A project for improvement on the regulations governing the rights and benefits of the insured in the event of disability or crippling.	MOL.
	6.5 A project for the arrangement of the signing of the convention on vocational training and employment of the disabled persons	MOL.
	7. A project for promotion of sports for the disabled	HOTS, BMA, DPO.
	7.1 A project for promotion of basic sports and mass at all levels for the disabled of every category	HOTS, BMA.
	7.1.1 An activity to provide subsidies for promotion of basic sports and mass at all levels for the disabled of every category to the organizations concerned	HOTS, BMA.
	7.1.2 To promote, support the competition of the sports for the disabled persons	HOTS, BMA.
	7.2 A project for promotion of excellence in sports for all levels and category of the disabled	HOTS
	7.2.1 To provide subsidies to organizations concerned with sports for the disabled.	HOTS
	7.2.2 To establish the sports training centers at regional and international levels	HOTS
	7.2.3 To promote and support the organizing of the sports competitions and tournaments for the disabled at the national and international levels	HOTS
	7.2.4. To promote the development of the disabled athletes continually	HOTS
	7.2.5 To provide for welfare and benefits to the disabled athletes	HOTS
	7.2.6 To support participation by disabled athletes in the international competition	HOTS
	7.3 A project for improvement on the organizational structure and mechanism in support of the disabled sports	HOTS
	8. A project for promotion of the well-being and welfare of and assistance to the disabled	MOSDHS, MOI, (DLA), BMA.
	9. A project for the development of the Center of Excellence in relation to the rehabilitation of the physical capability or physical movement of the disabled	MOPH
	10. A project for the establishment of the center for promotion and development of the disabled children mentally, behaviorally, intellectually or learning deficiency at regional level and its ramification.	MOPH
	11. A project for support to the development of the service system for rehabilitation of the capability of the disabled persons in the service unit of both governmental and private sectors	NHSO
12. A project for the development and establishment of the HALF-WAY center for service to the rehabilitation of the disabled in the community	NHSO	
13. A campaign project for registration of the disabled people.	MOPH, MOSDHS, NHSO.	

KPI	Guidelines/Measures Work Plan/Project/Activity	Responsible Person
3. Percentage of the disabled who has received the media amenities and any other assistance; the sign language translator, documents of Braille character, voice or sound document, ergonomic equipment, the disabled auxiliary apparatus in relation to the rehabilitation of the capability of the disabled and the leading of independent life	Guidelines/Measures	
	3. To promote the governmental and private organization to organize the media, amenities and other assistance, the sign language translator, the document relating to Braille Character, the voice/sound book, ergonomic apparatus in relation to the rehabilitation of the disabled person and the leading of independent life.	
	Work Plan/Project/Activity	
	1. A project for development of sign language translator service.	MOE, MOSDHS, DPO.
	On-line sign language translator service	MOE.
	A project for development of the sign language translator service	MOSDHS, DPO.
	2. A project for acquisition and development of the service system for lending media, amenities, ergonomic equipment , disabled apparatus, any other educational assistance, vocational training and work performance	MOE, MOL, MOST, MOE, MOSDHS, ICT, BMA, NHSO
	2.1 A project for provision of media and facilities lending as to the disability by Academy.	MOE.
	2.2 A project for support to acquisition and development of equipment and equipment for education, vocational training and work performance	MOE, MOL, MOST.
	2.3 A project for acquisition of disabled auxiliary equipment to the hospital to provide service to the disabled	MOPH, NHSO.
	2.4 A project for support to ergonomic equipment, disability auxiliaries and others	MOSDHS, BMA.
	2.5 Acquisition of programs for special education to enable the disabled to access the information technology.	ICT
	2.6 Acquisition of supplement equipment to facilitate the use of the computer and internet for the disabled.	ICT
	3. A project for promotion and support of imparting knowledge about technology of amenities and convenience for the disabled.	MOST, ICT, DPO.
	3.1 A project for conveying of knowledge and transfer of technology on amenities and conveniences for the disabled toward the industrial and service sector	MOST.
	3.2 A project for promotion of the disabled and their family to enable them to access the service of the ICT Center in the community	ICT
3.3 To arrange training for the disabled to enable them to use the computer and programs that facilitate the performance for the disabled.	ICT, DPO.	
4. Continually increased percentage of the personnel involved with the computer work, both of the governmental and private sectors which received the capability development in every aspect according to the prescribed standard	GUIDELINES / MEASURES	
	4. Promote production and development of disabled personnel to sufficient number and who are knowledgeable capable of being the service provider in every aspects as to accommodate the needs for the development of the quality of life of the disabled and globalization.	
	Work Plan / Project / Activity	
	1. The work plan for the development of the quality of life of the disabled.	both governmental and private sector
1.1 A project for the development of disabled personnel	both governmental and private sector	

KPI	Guidelines/Measures Work Plan/Project/Activity	Responsible Person
	1.2 A project to promote the production and development of the education personnel for the disabled both of governmental and private sectors at all levels and in every system of education to have the capability and standard as defined by the work unit by taking into account the category of disability	MOE, BMA.
	1.3 A project for promotion of production and development of the personnel for rehabilitation of the disabled	MOPHS
	1.4 A project for the development of the instructor, an umpire and the classifier of the groups of disability of every type of sports	MOTS, DPO.
	1.5 A project for promotion of training and teaching and organizing the competition of every type of disabled sports, both of Thai sports and the sports of universal standard.	MOTS.
	1.6 A project for production and development of industrial personnel and in tourism industry for the disable	MOTS, DPO.
	5. Percentage of the State budget that supports the work related to the disabled.	GUIDELINES / MEASURES
5. To push for the existence of a system for allocation of the budget, subsidy and a system for the increase of the income of the fund to enable the governmental and private organization to provide service in all aspects to the disabled comprehensively and qualitatively		
WORK PLAN/ PROJECT/ACTIVITY		
1. The work plan to support the Fund for promotion and development of the quality of life of the disabled		MOSDHS, MOPH, MOI, NCCD.
1.1 A project for development of the Fund system for promotion and development of the integrated quality of life of the disabled.		MOSDHS, NCCD.
1.2 A project for raising income for the Fund for the promotion and development of the quality of life of the disabled.		MOSDHS, NCCD.
1.3 A project for the management of the fund for offensive promotion and development of the quality of life of the disabled		MOSDHS, NCCD.
1.4 A plan for sufficient allocation of the budget to implement the Plan for the Development of the Quality of Life of the Disabled		MOPH, MOE, MOSDHS, MOI, NCCD.
1.5 A project for the development of the efficiency of the disbursement of the Fund for Rehabilitation of the Disabled		MOSDHS.
2. A project for consolidated and sustainable expansion and development of the Fund for Education for the Disabled of every category.		MOE.
2.1 A project to establish an education fund for the autistic person, persons of learning deficiency and persons of short attention span.		MOE.
2.2 A project for sustainable and consolidated expansion and development of the Fund for education for the disabled of every category		MOE.
3. A project for support of budget for the development of the quality of life of the disabled.		MOPH, MOI, BMA, NHSO.
3.1 A project for support of budget for the disabled which is inside and outside of the health insurance system		MOPH, NHSO.
3.2 A project subsidy for living allowance for the disabled of the local administration organization.		MOI, BMA.
	4. A project for budget support for promotion of correct and creative attitude towards the disabled and their family.	MOSDHS, PR, DPO.

KPI	Guidelines/Measures Work Plan/Project/Activity	Responsible Person
6. Number of the research work and innovation for the development of the quality of life of the disabled	GUIDELINES /MEASURES	
	6. To promote research and innovation on the development of the quality of life of the disabled in every aspect and results of the research work will be applied to the disabled development work.	
	7. To support the research and dissemination of the work results	
	Work Plan/Project/Activity	
	1. A project for formulation of the a master plan on the research on the work system for the development of the quality of life of the disable.	MOE, (Ratchasuda Collage)
	2. Work plan for a research work on the aspect of the disabled.	Both governmental and private sector
	2.1 A research project on the theme of “ Education and Monitoring on the Results of Autistic Students under the academic project and continual research for the development of the autistic persons from the Demonstration School of Kasetsart University for further admission to the Kasetsart University.”	MOE.
	2.2 A project for a research center and service in special education, Chiangmai University	MOE.
	2.3 A project for establishment of the Autistic Institute , Khon Kaen University	MOE.
	2.4 A project for a research on the format of the learning process for the special children, Sathit Piboon Bampen School, Burapa University	MOE.
	2.5 A project for research and development of innovation of teaching for the disabled.	MOE.
	2.6 A project for research on the support system for employment of the disabled in the open labor market.	MOSDHS.
	2.7 A project for study and research to evaluate the results of the Fund for rehabilitation of the capability of the disabled.	MOSDHS.
	2.8 A project for study and research on monitoring the evaluation of the results of the project receiving financial support from the Fund for Rehabilitation of the Disabled.	MOSDHS.
	2.9 A project for monitoring the evaluation of the National Plan for Development of the Quality of Life of the Disabled No 3 2007-2011.	MOSDHS.
2.10A project for promotion of the research work and innovation for access to the information and technology of the disabled.	ICT.	
2.11 A project for promotion of applying the results of the research to the development of technology, amenities for the disabled.	MOST.	
2.12 A project for promotion of the research, development of the base of knowledge about technology for the disabled.	MOST.	

KPI	Guidelines/Measures Work Plan/Project/Activity	Responsible Person
7. The level of success in organizing the database system on the disabled that covers every service in the development of the quality of life of the disabled	GUIDELINES /MEASURES	
	8. To give support to the organizations concerned to make an integrated database on the disabled effectively in the uniform direction.	
	WORK PLAN/PROJECT/ACTIVITIES	
	1. The work plan for the development of information technology to link with the database of the disabled countrywide	MOSDHS, MOL, ICT, MOI, MOPH, MOE, BMA, DPO.
	2. A project for development of technology on employment of the disabled	MOSDHS.
	3. A project for making the database on the disabled labor	MOL.
	4. A project for the development of the database of the disabled on integrated education aspect.	MOE.
	4.1 A project for the development of the database on the disabled persons education at college level according to the category of disability.	MOE.
	4.2 A project for the development of the database of Rajasuda College, Mahidol University	MOE.
	4.3 A project for making the database center for dissemination of knowledge on vocational education arrangement for the disabled.	MOE.
	5. A project for the development of the database on the recipient of the disabled auxiliary apparatus at National Siridhorn Center for rehabilitation of medical capability and the hospital database which is requesting for equipment support for service go the disabled.	MOPH.

**STRATEGY 2: PROMOTION, CONSOLIDATED SUPPORT TO THE
DISABLED ORGANIZATIONS AND THE NETWORK FOR THE
DEVELOPMENT OF QUALITY OF LIFE OF THE DISABLED**
