

# VOLUME II : FINAL REPORT

## Table of Contents

### SUMMARY

|   | Pages   |
|---|---------|
| <b><u>PART I: GENERAL</u></b>   |         |
| 1.1 Introduction .....  | I-1-1   |
| 1.2 Approach of the Study .....   | I-1-4   |
| 1.3 Study Schedule .....  | I-1-5   |
| 1.4 Structure of the Study Reports .....  | I-1-7   |
| <br>  |         |
| <b><u>PART II: PROPOSED 10-YEAR SOLID WASTE MANAGEMENT PLAN FOR<br/>THE MUNICIPALITY OF MALAY</u></b> |         |
| <br>  |         |
| CHAPTER II-1 INTRODUCTION .....   | II-1-1  |
| 1.1 Purpose.....  | II-1-1  |
| 1.1.1 Background.....   | II-1-1  |
| 1.1.2 Purpose.....  | II-1-1  |
| 1.2 Approach.....   | II-1-2  |
| <br>  |         |
| CHAPTER II-2 PROFILE OF MALAY MUNICIPALITY .....  | II-2-1  |
| 2.1 Location.....   | II-2-1  |
| 2.2 History .....   | II-2-1  |
| 2.2.1 History of Municipality of Malay .....  | II-2-1  |
| 2.2.2 History of Solid Waste Management in Municipality of Malay .....                                | II-2-1  |
| 2.3 Population.....   | II-2-3  |
| 2.4 Economic Profile and Land Use.....  | II-2-4  |
| 2.4.1 Tourist .....   | II-2-4  |
| 2.4.2 Industry .....  | II-2-5  |
| 2.4.3 Land Use.....   | II-2-6  |
| 2.4.4 Transportation .....  | II-2-6  |
| 2.5 Physical Characteristics.....   | II-2-7  |
| 2.5.1 Geography, Geology and Soil .....   | II-2-7  |
| 2.5.2 Hydrology and Climate.....  | II-2-8  |
| <br>  |         |
| CHAPTER II-3 CURRENT CONDITIONS OF SOLID WASTE MANAGEMENT .....                                       | II-3-1  |
| 3.1 Institutional Arrangements.....   | II-3-1  |
| 3.1.1 Legislation.....  | II-3-1  |
| 3.1.2 Organizations .....   | II-3-2  |
| 3.1.3 Inventory of Equipment and Staff of the Municipality of Malay<br>and Barangays .....            | II-3-9  |
| 3.1.4 Information, Education and Communication (IEC).....   | II-3-12 |
| 3.1.5 Public Awareness .....  | II-3-13 |
| 3.1.6 Cost and Revenue .....  | II-3-17 |

|  |   |         |
|--|---|---------|
| 3.2  | Solid Waste Characterization .....  | II-3-25 |
| 3.2.1  | Waste Generation .....  | II-3-25 |
| 3.2.2  | Waste Diversion .....   | II-3-29 |
| 3.2.3  | Disposed Waste .....  | II-3-32 |
| 3.2.4  | Current Waste Flow.....   | II-3-32 |
| 3.3  | Technical Aspects .....   | II-3-33 |
| 3.3.1  | Source Reduction.....   | II-3-33 |
| 3.3.2  | Sweeping and Collection .....   | II-3-34 |
| 3.3.3  | Transport .....   | II-3-36 |
| 3.3.4  | Processing Facilities (MRFs).....   | II-3-37 |
| 3.3.5  | Final Disposal .....  | II-3-40 |
| 3.3.6  | Special Waste .....   | II-3-40 |
| 3.3.7  | Market for Recyclables .....  | II-3-46 |
| 3.4  | Identified Key Issues on Solid Waste Management.....                                      | II-3-50 |
| 3.4.1  | Requirements of RA9003 on Solid Waste Management.....                                     | II-3-50 |
| 3.4.2  | Identified Key Issues on Solid Waste Management.....                                      | II-3-51 |
| 3.4.3  | Gap Analysis of Solid Waste Management Issues .....                                       | II-3-53 |
| CHAPTER II-4 FUTURE FRAMEWORK .....                            |   | II-4-1  |
| 4.1  | Socio-Economic Framework .....  | II-4-1  |
| 4.1.1  | Population .....  | II-4-1  |
| 4.1.2  | Tourist Arrivals .....  | II-4-2  |
| 4.1.3  | Other Socio Economic Situations .....   | II-4-4  |
| 4.2  | Projected Solid Waste Generation.....   | II-4-4  |
| 4.2.1  | Municipal Solid Waste .....   | II-4-4  |
| 4.2.2  | Health Care Waste.....  | II-4-5  |
| CHAPTER II-5 PLAN STRATEGY .....                               |   | II-5-1  |
| 5.1  | Structure of the 10-Year SWM Plan .....   | II-5-1  |
| 5.2  | Vision and Goals.....   | II-5-1  |
| 5.2.1  | Vision .....  | II-5-1  |
| 5.2.2  | Goals .....   | II-5-2  |
| 5.3  | Targets.....  | II-5-2  |
| 5.4  | Strategies.....   | II-5-4  |
| 5.4.1  | Fundamental Strategies .....  | II-5-4  |
| 5.4.2  | Supporting Strategies .....   | II-5-6  |
| 5.5  | Comparison of Technical Options for Collection Systems and<br>Establishment of MRFs ..... | II-5-8  |
| 5.5.1  | Transport Route and Facilities (MRF and Port) on Boracay Island.....                      | II-5-8  |
| 5.5.2  | Marine Transport.....   | II-5-10 |
| 5.5.3  | Facilities on the Mainland of Malay .....   | II-5-11 |
| 5.5.4  | Overall Facilities Plan for Solid Waste Management .....                                  | II-5-12 |
| 5.6  | Future Solid Waste Flow.....  | II-5-13 |
| 5.6.1  | Diversion Projections.....  | II-5-13 |
| 5.6.2  | Future Waste Flow .....   | II-5-15 |
| CHAPTER II-6 TECHNICAL SYSTEM OF SOLID WASTE MANAGEMEMENT..... |   | II-6-1  |
| 6.1  | Source Reduction.....   | II-6-1  |
| 6.1.1  | Source Reduction of Biodegradable Waste.....  | II-6-1  |
| 6.1.2  | Source Reduction of Non-Biodegradable Waste.....  | II-6-3  |
| 6.2  | Sweeping.....   | II-6-10 |
| 6.3  | Collection and Transport.....   | II-6-11 |
| 6.3.1  | Planning Concept.....   | II-6-11 |

|  |   |         |
|--|---|---------|
| 6.3.2  | Improvement of Collection System on Boracay Island .....                  | II-6-13 |
| 6.3.3  | Introduction of Collection System on the Mainland of Malay.....           | II-6-22 |
| 6.3.4  | Transport of Residual Waste .....   | II-6-22 |
| 6.4  | Intermediate Reduction at MRF .....                                       | II-6-24 |
| 6.4.1  | Planning Concept.....   | II-6-24 |
| 6.4.2  | Design Concept of MRF .....   | II-6-24 |
| 6.4.3  | Facility Plan for the MRFs.....   | II-6-28 |
| 6.4.4  | Closure of Current MRFs.....  | II-6-32 |
| 6.5  | Disposal .....  | II-6-33 |
| 6.5.1  | Development of New Sanitary Landfill .....                                | II-6-33 |
| 6.5.2  | Rehabilitation of the Old Dump Site.....                                  | II-6-38 |
| 6.6  | Special Waste .....   | II-6-41 |
| 6.6.1  | Basic Concept for Health Care Waste Management .....                      | II-6-41 |
| 6.6.2  | Health Care Waste Management System on Boracay Island .....               | II-6-42 |
| 6.6.3  | Health Care Waste Management System on the Mainland of Malay.....         | II-6-47 |
| 6.6.4  | Special Waste Fee for Health Care Waste .....                             | II-6-48 |
| <br>   |   |         |
| CHAPTER II-7 INSTITUTIONAL AND ORGANIZATIONAL SYSTEM FOR SOLID WASTE<br>MANAGEMENT ..... |   |         |
| 7.1  | Information, Education and Communication (IEC).....                       | II-7-1  |
| 7.1.1  | Target Audience .....   | II-7-1  |
| 7.1.2  | Core Messages .....   | II-7-2  |
| 7.1.3  | Methodology .....   | II-7-4  |
| 7.1.4  | IEC Program .....   | II-7-5  |
| 7.2  | Introduction of Incentive Program.....                                    | II-7-8  |
| 7.3  | Implementation of Market Development.....                                 | II-7-11 |
| 7.3.1  | Market Development Methods.....   | II-7-11 |
| 7.3.2  | Organization for Market Development .....                                 | II-7-13 |
| 7.4  | Legal System Arrangement.....   | II-7-13 |
| 7.5  | Organizational Set up for Solid Waste Management .....                    | II-7-14 |
| 7.5.1  | Setting-up of Municipal Solid Waste Management Unit .....                 | II-7-14 |
| 7.5.2  | Setting-up of Special Propose Organizations .....                         | II-7-15 |
| 7.5.3  | Tasks of Organizations Concerned with Solid Waste Management.....         | II-7-17 |
| 7.6  | Capacity Development.....   | II-7-18 |
| 7.6.1  | Implementation of Training Program on Solid Waste Management.....         | II-7-18 |
| 7.6.2  | Development of Administration Tools for Solid Waste Management.....       | II-7-19 |
| <br>   |   |         |
| CHAPTER II-8 IMPLEMENTATION PLAN .....   |   |         |
| 8.1  | Implementation Plan.....  | II-8-1  |
| 8.1.1  | Implementation Schedule of the 10-year SWM Plan.....                      | II-8-1  |
| 8.1.2  | Responsible Organization of the 10-year Solid Waste Management Plan ..... | II-8-4  |
| 8.1.3  | Monitoring Program.....   | II-8-5  |
| 8.2  | Priority Projects .....   | II-8-8  |
| 8.2.1  | Development of Kabulihan SLF .....  | II-8-8  |
| 8.2.2  | Rehabilitation of Old Dump Site .....                                     | II-8-9  |
| 8.2.3  | Development of Manoc-Manoc Centralized MRF .....                          | II-8-9  |
| <br>   |   |         |
| CHAPTER II-9 COST ESTIMATE AND FINANCIAL ASPECT  |   |         |
| 9.1  | Cost Estimate of the 10-year SWM Plan.....                                | II-9-1  |
| 9.1.1  | Basic Condition of Cost Estimate .....                                    | II-9-1  |
| 9.1.2  | Unit Price Analysis .....   | II-9-1  |
| 9.1.3  | Estimate of Investment Cost .....   | II-9-2  |
| 9.2  | Annual Cost of the 10-year SWM Plan.....                                  | II-9-4  |

|   |   |         |
|---|---|---------|
| 9.3   | Funding Options.....  | II-9-6  |
| 9.3.1   | Possible Revenue Sources.....   | II-9-6  |
| 9.3.2   | Arrangement of Loan.....  | II-9-7  |
| 9.4   | Cost Sharing.....   | II-9-12 |
| 9.4.1   | Basic Concept of Cost Sharing.....                                    | II-9-12 |
| 9.4.2   | Amount of Costs to be Shared.....                                     | II-9-14 |
| 9.5   | Setting up Local Common Fund.....                                     | II-9-16 |
| 9.5.1   | Financial Issues to be Considered.....                                | II-9-16 |
| 9.5.2   | Establishment of Local Common Fund.....                               | II-9-17 |
| 9.6   | Cost Recovery.....  | II-9-21 |
| 9.6.1   | Annual Cost Recovery.....   | II-9-22 |
| 9.6.2   | Funding Plan.....   | II-9-22 |
| 9.6.3   | Revision of GCF and EAF Systems for Cost Recovery.....                | II-9-23 |
| 9.7   | Cost Evaluation and Comparison.....                                   | II-9-25 |
| 9.7.1   | Cost for Solid Waste Management.....                                  | II-9-25 |
| 9.7.2   | Comparison of Costs for each Component of Solid Waste Management..... | II-9-26 |
| CHAPTER II-10 SOCIAL AND ENVIRONMENTAL ASPECTS..... |   | II-10-1 |
| 10.1  | Environmental Policy Framework in the Philippines.....                | II-10-1 |
| 10.1.1  | National Policy Objectives.....                                       | II-10-1 |
| 10.1.2  | Legal and Regulatory Framework.....                                   | II-10-1 |
| 10.1.3  | EIS System.....   | II-10-2 |
| 10.2  | Social and Environmental Aspects.....                                 | II-10-4 |
| 10.2.1  | Summary of Social Aspects.....  | II-10-4 |
| 10.2.2  | Summary of Environmental Aspects.....                                 | II-10-5 |
| 10.3  | Initial Environmental Examination (IEE).....                          | II-10-6 |
| 10.3.1  | Target Projects for IEE.....  | II-10-6 |
| 10.3.2  | Examination Results.....  | II-10-7 |
| CHAPTER II-11 EVALUATION.....                       |   | II-11-1 |
| 11.1  | Technical Aspect.....   | II-11-1 |
| 11.2  | Social Aspect.....  | II-11-1 |
| 11.3  | Environmental Aspect.....   | II-11-1 |
| 11.4  | Financial Aspect.....   | II-11-2 |
| 11.5  | Economic Aspect.....  | II-11-2 |
| 11.6  | Overall Evaluation.....   | II-11-2 |

### **PART III: FEASIBILITY STUDY FOR THE PRIORITY PROJECTS**

#### CHAPTER III-1 FEASIBILITY STUDY FOR THE NEW SANITARY LANDFILL

|       |  |          |
|-------|--|----------|
| 1.1   | Introduction.....                      | III-1-1  |
| 1.2   | Site Conditions.....                   | III-1-1  |
| 1.2.1 | Topography and Hydrology.....          | III-1-1  |
| 1.2.2 | Geology.....                           | III-1-3  |
| 1.2.3 | Climate.....                           | III-1-9  |
| 1.2.4 | Environment.....                       | III-1-9  |
| 1.3   | Planning Concept.....                  | III-1-11 |
| 1.3.1 | Overall Design Concept.....            | III-1-11 |
| 1.3.2 | Design Condition.....                  | III-1-13 |
| 1.4   | Conceptual Design of the SLF.....      | III-1-16 |
| 1.4.1 | Introduction.....                      | III-1-16 |
| 1.4.2 | Overall Landfill Footprint.....        | III-1-17 |
| 1.4.3 | Phasing and Sub-Phase Development..... | III-1-18 |

|   |  |          |
|---|--|----------|
| 1.4.4   | Site Access .....  | III-1-20 |
| 1.4.5   | Site Preparation.....  | III-1-20 |
| 1.4.6   | Embankment Dam .....   | III-1-20 |
| 1.4.7   | Liner System (Engineered Barriers) .....                     | III-1-21 |
| 1.4.8   | Restoration Profile .....                                    | III-1-22 |
| 1.4.9   | Leachate Collection System.....                              | III-1-24 |
| 1.4.10  | Leachate Extraction and Transfer System.....                 | III-1-24 |
| 1.4.11  | Leachate Management, Treatment and Discharge .....           | III-1-25 |
| 1.4.12  | Landfill Gas Management.....                                 | III-1-26 |
| 1.4.13  | Surface Water Management .....                               | III-1-27 |
| 1.4.14  | Operation Compound.....                                      | III-1-27 |
| 1.4.15  | Site Roads and Hardstandings.....                            | III-1-28 |
| 1.4.16  | Utilities.....   | III-1-28 |
| 1.4.17  | Special Waste Cell.....                                      | III-1-28 |
| 1.5   | Facility and Equipment Plan.....                             | III-1-29 |
| 1.6   | Operation and Management Plan.....                           | III-1-30 |
| 1.6.1   | Receipt and Temporary Storage of Residual Waste .....        | III-1-30 |
| 1.6.2   | Disposal of Residual Waste in the Landfill Cell .....        | III-1-30 |
| 1.6.3   | Staffing Requirements.....                                   | III-1-31 |
| 1.7   | Implementation Plan .....                                    | III-1-31 |
| 1.8   | Cost Estimate .....  | III-1-34 |
| 1.8.1   | Investment Cost .....  | III-1-34 |
| 1.8.2   | Annual Cost .....  | III-1-34 |
| 1.9   | Financial Analysis.....                                      | III-1-35 |
| 1.10  | Social and Environmental Considerations .....                | III-1-36 |
| 1.10.1  | Philippine Environmental Impact Statement (EIS) System ..... | III-1-36 |
| 1.10.2  | Public Consultation Meetings .....                           | III-1-38 |
| 1.10.3  | Impact Assessment and Mitigation Measures .....              | III-1-40 |
| 1.10.4  | Environmental Management and Monitoring Plan (EMMP).....     | III-1-42 |
| 1.11  | Evaluation and Conclusions.....                              | III-1-43 |
| 1.11.1  | Technical Aspect .....                                       | III-1-43 |
| 1.11.2  | Social and Environmental Aspects.....                        | III-1-43 |
| 1.11.3  | Financial and Economic Aspects .....                         | III-1-44 |
| 1.11.4  | Overall Evaluation .....                                     | III-1-44 |
| <br>  |  |          |
| CHAPTER III-2 FEASIBILITY STUDY FOR THE OLD DUMP SITE |  |          |
| 2.1   | Introduction .....   | III-2-1  |
| 2.2   | Site Condition.....  | III-2-1  |
| 2.2.1   | Topography, Geology and Soil Conditions .....                | III-2-1  |
| 2.2.2   | Climate.....   | III-2-3  |
| 2.2.3   | Environment.....   | III-2-4  |
| 2.3   | Planning Concept .....                                       | III-2-5  |
| 2.3.1   | Development of Technical Options.....                        | III-2-5  |
| 2.3.2   | Selection of Technical Option.....                           | III-2-9  |
| 2.4   | Concept Design .....   | III-2-10 |
| 2.4.1   | Physical Closure (PC) .....                                  | III-2-10 |
| 2.4.2   | Drainage Plan.....   | III-2-12 |
| 2.5   | Facility Plan.....   | III-2-13 |
| 2.6   | Post Closure Management Plan.....                            | III-2-13 |
| 2.6.1   | Operation and Maintenance of the Site.....                   | III-2-13 |
| 2.6.2   | Environmental Monitoring.....                                | III-2-14 |
| 2.6.3   | Other Follow up Activities.....                              | III-2-16 |
| 2.6.4   | Organization.....  | III-2-16 |
| 2.7   | Implementation Plan.....                                     | III-2-16 |

|        |   |          |

| 2.10.1 | Legislative Requirements for Procedures for Rehabilitation of Disposal Sites .. | III-2-19 |
| 2.10.2 | Impact Assessment and Mitigation Measures .....                                 | III-2-20 |
| 2.11   | Evaluation and Conclusions .....  | III-2-20 |
| 2.11.1 | Technical Aspect .....  | III-2-20 |
| 2.11.2 | Social and Environmental Aspects.....   | III-2-20 |
| 2.11.3 | Financial and Economic Aspects .....  | III-2-21 |
| 2.11.4 | Overall Evaluation .....  | III-2-21 |

### CHAPTER III-3 FEASIBILITY STUDY OF CENTRALIZED MATERIAL FACILITY

|        |   |          |
|--------|---|----------|
| 3.1    | Introduction.....                                     | III-3-1  |
| 3.2    | Site Condition .....                                  | III-3-2  |
| 3.2.1  | Topography .....                                      | III-3-2  |
| 3.2.2  | Climate.....  | III-3-2  |
| 3.2.3  | Environment.....                                      | III-3-2  |
| 3.3    | Planning Concept.....                                 | III-3-3  |
| 3.3.1  | Basic Concept .....                                   | III-3-3  |
| 3.3.2  | Optimization of Basic Conditions.....                 | III-3-4  |
| 3.3.3  | Optimization of Waste Handling System in the MRF..... | III-3-6  |
| 3.4    | Concept Design.....                                   | III-3-6  |
| 3.4.1  | Overall Concept .....                                 | III-3-6  |
| 3.4.2  | Layout Plan .....                                     | III-3-13 |
| 3.4.3  | Civil Design .....                                    | III-3-14 |
| 3.5    | Facility and Equipment Plan.....                      | III-3-16 |
| 3.6    | Operation and Management Plan.....                    | III-3-18 |
| 3.6.1  | Operation and Maintenance System .....                | III-3-18 |
| 3.6.2  | Organization.....                                     | III-3-23 |
| 3.6.3  | Human Resources Development.....                      | III-3-25 |
| 3.7    | Implementation Plan .....                             | III-3-26 |
| 3.8    | Cost Estimate .....                                   | III-3-28 |
| 3.8.1  | Investment Cost .....                                 | III-3-28 |
| 3.8.2  | Annual Cost .....                                     | III-3-28 |
| 3.9    | Financial Analysis.....                               | III-3-29 |
| 3.10   | Social and Environmental Considerations.....          | III-3-31 |
| 3.10.1 | Compliance of the Environmental System.....           | III-3-31 |
| 3.10.2 | Environmental Impacts and Mitigation Measures .....   | III-3-32 |
| 3.10.3 | Environmental Monitoring.....                         | III-3-34 |
| 3.11   | Evaluation and Conclusion .....                       | III-3-34 |
| 3.11.1 | Technical Aspect .....                                | III-3-34 |
| 3.11.2 | Environmental and Social Aspects.....                 | III-3-35 |
| 3.11.3 | Financial and Economic Aspects .....                  | III-3-35 |
| 3.11.4 | Overall Evaluation .....                              | III-3-36 |

### **PART IV: RECOMMENDATIONS**

|     |   |      |
|-----|---|------|
| 1.  | Recommendations for Municipality of Malay .....                           | IV-1 |
| 1.1 | Practical Implementation of the 10-year Solid Waste Management Plan ..... | IV-1 |
| 1.2 | Tourism Management for Environmental Conservation.....                    | IV-5 |
| 2.  | Recommendations regarding Sludge Treatment .....                          | IV-6 |
| 2.1 | Current Situation and Issue of Sludge Treatment .....                     | IV-6 |

|     |   |       |
|-----|---|-------|
| 2.2 | Possible Technical Options .....                          | IV-7  |
| 3.  | Recommendations for other LGUs and NSWMC .....            | IV-9  |
| 3.1 | Structure of the 10-year Solid Waste Management Plan..... | IV-9  |
| 3.2 | Calculation Methods for Diversion.....                    | IV-10 |
| 3.3 | Development of Sanitary Landfill in the Philippines.....  | IV-12 |

## **APPENDIX**

### APPENDIX II PROPOSED 10-YEAR SOLID WASTE MANAGEMENT PLAN FOR THE MUNICIPALITY OF MALAY

|                   |   |         |
|-------------------|---|---------|
| Appendix II-2.4.1 | Condition of Marine Transportation .....                    | A-II-1  |
| Appendix II-3.1.1 | Laws and Regulations Related to Solid Waste Management..... | A-II-4  |
| Appendix II-3.1.2 | Municipal Solid Waste Management Board (MSWMB).....         | A-II-7  |
| Appendix II-3.1.3 | Barangay Solid Waste Management Committee .....             | A-II-12 |
| Appendix II-3.1.4 | Current IEC Initiatives by School and Private Sector .....  | A-II-14 |

### APPENDIX III FEASIBILITY STUDY FOR THE PRIORITY PROJECTS

|                     |   |          |
|---------------------|---|----------|
| Appendix III-1.2.1  | Results of Water Quality Survey at the Proposed SLF .....   | A-III-1  |
| Appendix III-1.8.1  | O&M Cost of Sanitary Landfill Site.....   | A-III-4  |
| Appendix III-1.10.1 | Conditions Suggested in the ECC dated June 5, 2007 for<br>the Development of Kabulihan SLF and Measures to be Taken ..... | A-III-5  |
| Appendix III-1.10.2 | Proposed Environmental Management and Monitoring Plan (EMMP) for<br>Development of the Kabulihan SLF.....                 | A-III-11 |
| Appendix III-2.2.3  | Results of Water Quality Surveys around the Old Dump Site .....   | A-III-17 |
| Appendix III-3.8.1  | O&M Cost of the Manoc-Manoc Centralized MRF .....   | A-III-19 |

### APPENDIX IV RECOMMENDATIONS

|                   |  |        |
|-------------------|--|--------|
| Appendix IV-1.1.1 | Technical Exchange on SWM between Malay Municipality, the Philippines,<br>and the Experts of the Republic of Palau ..... | A-IV-1 |
| Appendix IV-3.1.1 | Contradistinction between TOC of the Proposed 10-year SWM Plan and<br>Annotated Outline .....                            | A-IV-3 |
| Appendix IV-3.3.1 | Document Tracking for the Land Issue at the SLF<br>(August 1 to December 3, 2007) .....                                  | A-IV-6 |
