(1) Implementation Review Study

**TECHNICAL NOTE  
ON  
THE SECOND IMPLEMENTATION REVIEW STUDY  
ON  
THE PROJECT FOR ZANZIBAR URBAN WATER SUPPLY DEVELOPMENT  
IN THE UNITED REPUBLIC OF TANZANIA**

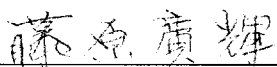

In response to the request from the Government of the United Republic of Tanzania (hereinafter referred to as "Tanzania" ), the Government of Japan decided to conduct an Second Implementation Review Study on the Project for Zanzibar Water Supply Development in the United Republic of Tanzania ( hereinafter referred to as "the Project" ) and entrusted the study to the Japan International Cooperation Agency (hereinafter referred to as "JICA").

JICA sent to Tanzania the Second Implementation Review Study Team (hereinafter referred to as "the Team" ) and is scheduled to stay in the country from July 17 to July 29.

The Team held discussions with the officials concerned of the Government of Tanzania and conducted a field survey at the study area.

As a result of discussions and field survey, both parties confirmed the main items described in the attached sheets. The Team will proceed to further works and prepare the Second Implementation Review Study Report.

Zanzibar, July 25, 2008

**Mr. Hiroki FUJIWARA**  
Chief Consultant  
Second Implementation Review Study Team  
Japan International Cooperation Agency  
Japan

**Mr. Mwalim A. Mwalim**  
Principal Secretary  
Ministry of Water, Construction, Energy and  
Land (MWCEL), Zanzibar  
The United Republic of Tanzania

(Witness)

**Mr. Hemed Salim Hemed**  
Director General  
Zanzibar Water Authority (ZAWA)  
Ministry of Water, Construction, Energy and  
Land (MWCEL), Zanzibar  
The United Republic of Tanzania

## ATTACHMENT

### 1. Objective of the Project

The objective of the Project is to improve water supply situations in the urban area in Unguja Island in Zanzibar in order to upgrade living standards of inhabitants, through the rehabilitation and expansion of the water supply facilities.

### 2. Project sites

The Project site of Phase.2 is Zanzibar Urban Area in Unguja Island of Zanzibar shown in Annex-1.

### 3. Responsible and Implementing Agency

3-1. The Responsible Agency is Ministry of Water Construction, Energy and Lands (MWCEL) Zanzibar.

3-2. The Implementing Agency is the Zanzibar Water Supply Authority (ZAWA).

### 4. Items requested by the Government of Tanzania

The Second Implementation Review Study will be conducted based on the requested items described in Annex-2. JICA will assess the request, and make recommendation to the Government of Japan.

### 5. Japan's Grant Aid Scheme

5-1. The Tanzanian side understood the Japan's Grant Aid Scheme explained by the Team, as described in Annex-3.

5-2. The Tanzanian side will take the necessary measures as described in Annex-3 for smooth implementation of the Project, as a condition for the Japanese Grant Aid to be implemented.

### 6. Schedule of the Study

JICA will prepare the Implementation Review Study Report in accordance with the confirmed items and send it to Tanzania around November 2008.

## 7. Other relevant issues

7-1. Both sides agreed the components of the Project requested by the Government of Tanzania are the same as the components of the Tender Documents of the Project for Zanzibar Urban Water Supply Development in the United Republic of Tanzania, September 2007, in principle.

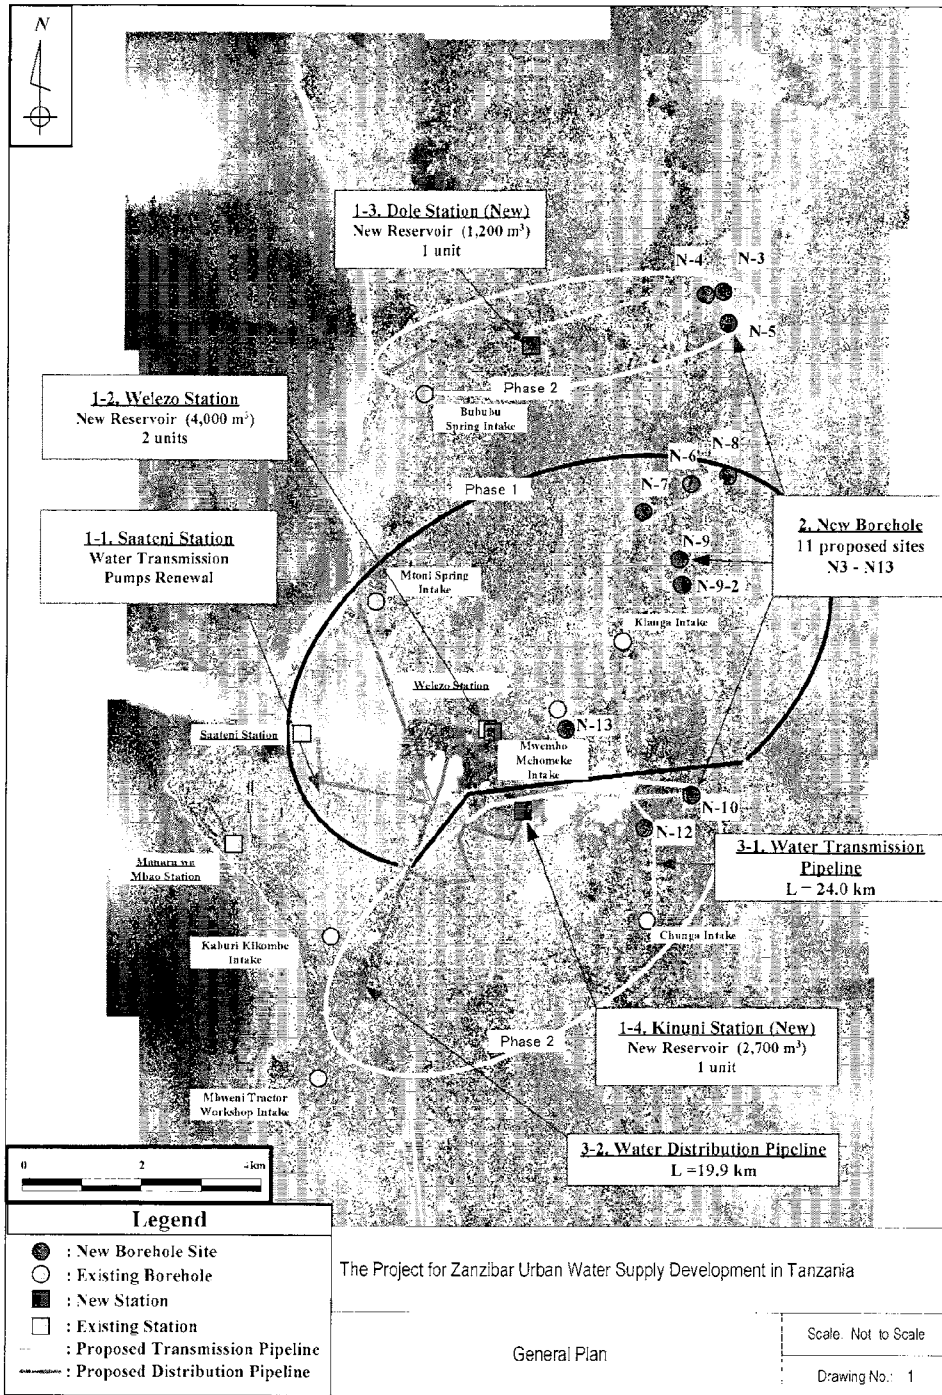

7-2. The Tanzanian side requested following equipment additionally;

- (1) Emergency generators for well pumps : 6 sets
- (2) Water level indicator (electrical type) for the well water level monitoring : 11 sets

However the Tanzanian side understood that items included to the Project will be examined based on their appropriateness and necessity in the Study.

B	Equipment				
B1	Water Analysis	1 set	—	—	—
B2	Workshop	1 set	Pickup trucks: 4 units	—	—

## ANNEX-3 : JAPAN'S GRANT AID SCHEME

### 1. Grant Aid Procedure (Attachment I)

#### 1) Japan's Grant Aid Program is executed through the following procedures.

Application (Request made by a recipient country)

Studies (Basic Design Study and Implementation Review Study conducted by JICA)

Appraisal & Approval (Appraisal by the Government of Japan and Approval by Cabinet)

Determination of Implementation (The Notes exchanged between the Governments of Japan and the recipient country)

#### 2) Firstly, the application or request for a Grant Aid project submitted by a recipient country is examined by the Government of Japan (the Ministry of Foreign Affairs) to determine whether or not it is eligible for Grant Aid. If the request is deemed appropriate, the Government of Japan assigns JICA to conduct a study on the request.

Secondly, JICA conducts the studies using (a) Japanese consulting firm(s).

Thirdly, the Government of Japan appraises the project to see whether or not it is suitable for Japan's Grant Aid Scheme, based on the Study reports prepared by JICA, and the results are then submitted to the Cabinet for approval.

Fourthly, the project, once approved by the Cabinet, becomes official with the Exchange of Notes signed by the Government of Japan and the recipient country.

Finally, for the smooth implementation of the project, JICA assists the recipient country in such matters as preparing tenders, contracts and so on.

### 2. The Second Implementation Review Study

#### 1) Contents of the Study

The aim of the Second Implementation Review Study (hereinafter referred to as "the Study"), conducted by JICA on a requested Project (hereinafter referred to as "the Project") is to update the Detail Design Study and to provide a basic document necessary for the appraisal of the Project by the Government of Japan. The contents of the Study are as follows:

- To review the Detail Design of the Project
- To update the cost estimate of the Project prepared by the Detail Design

The contents of the original request are not necessarily approved in their initial form as the contents of the Grant Aid project. The Detail Design of the Project is confirmed considering the guidelines of Japan's Grant Aid Scheme.

The Government of Japan requests the Government of the recipient country to take whatever measures are necessary to ensure its self-reliance in the implementation of the Project. Such measures must be guaranteed even though they may fall outside of the jurisdiction of the organization in the recipient country actually implementing the Project. Therefore, the implementation of the Project is confirmed by all relevant organizations of

58

5

the recipient country through the Technical Note.

2) Selection of Consultants

For smooth implementation of the Study, JICA uses (a) registered consulting firm(s). JICA selects (a) firm(s) based on proposals submitted by interested firms. The firm(s) selected carry(ies) out an Implementation Review Study and write(s) a report, based upon terms of reference set by JICA.

The consulting firm(s) used for the Study is (are) recommended by JICA to the recipient country to also work on the Project's implementation after E/N, in order to maintain technical consistency.

3. Japan's Grant Aid Scheme

1) Exchange of Notes (E/N)

Japan's Grant Aid is extended in accordance with the Notes exchanged by the two Governments concerned, in which the objectives of the project, period of execution, conditions and amount of the Grant Aid, etc., are confirmed.

2) "The period of the Grant Aid" means the one fiscal year for which the Cabinet approves the Project. Within the fiscal year, all procedures such as exchanging of the Notes, concluding contract with (a) consulting firm(s) and (a) contractor(s) and final payment to them must be completed.

However, in case of delays in delivery, installation or construction due to unforeseen factors such as natural disaster, the period of the Grant Aid can be further extended for a maximum of one fiscal year at most by mutual agreement between the two Governments.

3) Under the Grant Aid, in principle, Japanese products and services including transport or those of the recipient country are to be purchased.

When the two Governments deem it necessary, the Grant Aid may be used for the purchase of the products or services of a third country.

However, the prime contractors, namely consulting, contracting and procurement firms, are limited to "Japanese nationals". (The term "Japanese nationals" means persons of Japanese nationality or Japanese corporations controlled by persons of Japanese nationality.)

4) Necessity of "Verification"

The Government of the recipient country or its designated authority will conclude contracts denominated in Japanese yen with Japanese nationals. Those contracts shall be verified by the Government of Japan. This "Verification" is deemed necessary to secure accountability of Japanese taxpayers.

5) Undertakings required to the Government of the recipient country (Attachment 2)

- a) to secure land necessary for the construction of the Project and to clear the site;
- b) to provide facilities for distribution of electricity, water supply and drainage and other incidental facilities outside the site;
- c) to ensure prompt unloading and customs clearance at ports of disembarkation in the recipient country and internal transportation therein of the products purchased under the Grant Aid;
- d) to exempt Japanese nationals from customs duties, internal taxes and fiscal levies which may be imposed in the recipient country with respect to the supply of the products and services under the verified contracts;

③

6

- e) to accord Japanese nationals whose services may be required in connection with the supply of the products and services under the verified contracts such as facilities as may be necessary for their entry into the recipient country and stay therein for the performance of their work;
  - f) to ensure that the facilities constructed and products purchased under the Grant Aid be maintained and used properly and effectively for the Project; and
  - g) to bear all the expenses, other than those covered by the Grant Aid, necessary for the Project.
- 6) "Proper Use"  
The recipient country is required to operate and maintain the facilities constructed and equipment purchased under the Grant Aid properly and effectively and to assign the necessary staff for this operation and maintenance as well as to bear all the expenses other than those covered by the Grant Aid.
- 7) "Re-export"  
The products purchased under the Grant Aid should not be re-exported from the recipient country.
- 8) Banking Arrangement (B/A)
- a) The Government of the recipient country or its designated authority should open an account in the name of the Government of the recipient country in an authorized foreign exchange bank in Japan (hereinafter referred to as "the Bank"). The Government of Japan will execute the Grant Aid by making payments in Japanese yen to cover the obligations incurred by the Government of the recipient country or its designated authority under the verified contracts.
  - b) The payments will be made when payment requests are presented by the Bank to the Government of Japan under an Authorization to Pay (A/P) issued by the Government of recipient country or its designated authority.
- 9) Authorization to Pay (A/P)  
The Government of the recipient country should bear an advising commission of an Authorization to Pay and payment commissions to the Bank.

## Major Undertakings to be taken by Each Government

No.	Items	To be covered by Grant Aid	To be covered by Recipient Side
1	To secure land		●
2	To clear, level and reclaim the site when needed		●
3	To construct gates and fences in and around the site		●
4	To construct the parking lot	●	
5	To construct roads		
	1) Within the site	●	
	2) Outside the site		●
6	To construct the building	●	
7	To provide facilities for the distribution of electricity, water supply, drainage and other incidental facilities		
	Electricity		
	a. The distributing line to the site		●
	1) b. The drop wiring and internal wiring within the site	●	
	c. The main circuit breaker and transformer	●	
	Water Supply		
	2) a. The city water distribution main to the site		●
	b. The supply system within the site (receiving and elevated tanks)	●	
	Drainage		
	3) a. The city drainage main (for storm sewer and others to the site)		●
	b. The drainage system (for toilet sewer, ordinary waste, storm drainage and others) within the site	●	
	Gas Supply		
	4) a. The city gas main to the site		●
	b. The gas supply system within the site	●	
	Telephone System		
5) a. The telephone trunk line to the main distribution frame/panel (MDF) for the building		●	
b. The MDF and the extension after the frame/panel	●		
Furniture and Equipment			
6) a. General furniture		●	
b. Project equipment	●		
8	To bear the following commissions to the Japanese bank for banking service based upon the B/A		
	1) Advising commission of A/P		●
	2) Payment commission		●

37

9

m

9	To ensure unloading and customs clearance at port of disembarkation in recipient country		
	1) Marine (Air) transportation of the products from Japan to the recipient	●	
	2) Tax exemption and custom clearance of the products at the port of disembarkation		●
	3) Internal transportation from the port of disembarkation to the project site	(●)	(●)
10	To accord Japanese nationals, whose service may be required in connection with the supply of the products and the services under the verified contracts, such facilities as may be necessary for their entry into the recipient country and stay therein for the performance of their work		●
11	To exempt Japanese nationals from customs duties, internal taxes and other fiscal levies which may be imposed in the recipient country with respect to the supply of the products and services under the verified contacts		●
12	To maintain and use properly and effectively the facilities contracted and equipment provided under the Grant		●
13	To bear all the expenses, other than those to be borne by the Grant, necessary for construction of the facilities as well as for the transportation and installation of the equipment		●

*Appendix 5*  
*Act of Zanzibar Water Supply Authority*

*Legal Supplement (Part II) to the Zanzibar Government Gazette  
Vol. CXVII No. 6277 of 22<sup>nd</sup> August, 2008*

---

**THE WATER ACT, NO. 4 OF 2006**

---

**THE WATER REGULATIONS (AMENDMENT) OF 2008  
(Made under section 55)**

---

**IN EXERCISE** of the powers conferred upon me under section 55 of the Water Act, No. 4 of 2006, I, MANSOOR YUSSUF HIMID, Minister of Water, Construction, Energy and Lands, do hereby amend the Water Regulations of 2007 as follows: L.N. 48  
of 2008

1. These Regulations may be cited as the Water Regulations (Amendment) of 2008, and shall come into operation on such a date as published in the Official Gazette. Short title  
and  
commence-  
ment.

2. These Regulations shall be read as one with the Water Regulations of 2007, in these Regulations referred to as the Principal Regulations. Construction.

3. Regulation 50 of the Principal Regulation is hereby amended as follows: Amendment  
of  
regulation  
50.

(i) by adding paragraph (e) after paragraph (d) of sub regulation (1) as follows:

(e) Water kiosks/ standpipes.

(ii) by adding sub regulation (4) as follows:

(4) All non-metered domestic customers or consumers are entitled to make a 12-month advance payment, in this case a 5% discount on the total 12-month prepayment in excess of the billed amount may be provided.

4. The regulation 54(1) of the Principal Regulation is hereby amended by adding the words "depending upon the size of water meter and charges as prescribed in the Schedule 10 to these Regulations" between the words "applicant" and "and" appeared in third line. Amendment  
of  
regulation  
54.

Amendment  
of  
regulation  
55.

5. The regulation 55 of the Principal Regulation is hereby amended as follows:

- (i) by adding the words "as prescribed in the Schedule 10 to these Regulations" immediately after the word "taped" in sub regulation(1).
- (ii) by adding the words "as prescribed in the Schedule 11 to these Regulations" after the word basis appeared in second line of sub regulation (3). and thereafter repealing the words " based on the size of the house hold or rated value of the premises".

Repeal and  
replacement  
of  
regulation  
62.

6. Regulation 62 of the Principal Regulations is hereby repealed and replaced with the following regulation.

Due date for  
payments  
of Water  
Bills.

62.(1) All bills are due for payment by 15th day of the month, following the billing month, provided that non-delivery of the bill to customer or consumer shall not be the reason for non-payment of water fees.

(2) If a customer or consumer did not receive the bill from ZAWA in due course or the bill was damaged or lost, it is the customer's responsibility to request a copy of the bill from ZAWA and pay the bill timely.

Amendment  
of  
regulation  
63.

7. Regulation 63 of the Principal Regulations is hereby amended by deleting the words "a period of one year" and replaced with the words "15th day of the month following the billing month". deleting number "25%" and replaced with number "30%" and adding the words "shall be automatically applied to all overdue amounts and added to the next month bill" after the word "pay".

Addition of  
new  
regulation  
63A.

8. The Authority shall charge other charges as prescribed in the Schedule 12 to these Regulations.

Addition of  
regulation  
75A and  
75B

9. Regulation 75A and 75B are added immediately after regulation 75 of the Principal Regulation as follows:

Tariff  
Structure

75A. All metered customers or consumers of ZAWA shall pay water fees depending on their actual monthly water consumption based on the water meter readings and volumetric tariffs as prescribed in the Schedule 9 to these Regulations.

Flat rate  
water fees.

75B. All non-metered customers or consumers of ZAWA shall pay their monthly flat rates water fees as prescribed in the Schedule 11 to these Regulations.

### SCHEDULE 9:

#### TARIFF STRUCTURE (Made under regulation 75A)

Customer category	Block (m3)	Tariff (Tshs./m3)
1. Water kiosks/ standpipes	Non applicable	150
2. Domestic	0 to 8	250
	>8	300
3. Institutions	0 to 15	300
	>15	350
4. Industrial / commercial	0 to 15	300
	>15 ≤1,000	400
	>1,000 ≤5,000	500
	>5,000	1,000
5. Agricultural	0 to 50	350
	>50 ≤200	400
	>200	500

### SCHEDULE 10

#### SERVICE CHARGES (Made under regulations 54 and 55)

Size of water meter	Service charge (Tshs./month)
½" - ¾"	600
1" - 1½"	1,200
2" - 3"	2,500
4" and above	4,000

**SCHEDULE 11**  
**Flat rate Water fees**  
**(Made under regulations 55 (3) and 75C)**

Customer category		Flat rate (Tshs./month)	
Water kiosks/ standpipes		Non applicable	
Domestic		4,000	
Institutions	Less than 50 staffs	20,000	
	>50 ≤100 staffs	50,000	
	>100 staffs	200,000	
	Community and religious, NGOs	3,000	
Industrial/commercial	Guest houses	0 to 10 rooms	20,000
		>10 ≤ 20 rooms	40,000
		>20 rooms	75,000
	Hotels	Grade B	500,000
		Grade A	700,000
		1 Star	2,000,000
		2 - 3 Stars	3,000,000
		4 - 5 Stars	5,000,000
	Restaurants/ bakeries		20,000
	Building constructors		120,000
	Small scale industries		30,000
	Petrol stations		20,000
	Car washes		40,000
	Agricultural	Small scale	20,000
Medium scale		90,000	
Large scale		150,000	

**SCHEDULE 12**  
**OTHER CHARGES.**  
**(Made under regulation 63A)**

<b>Other fees</b>		<b>Tshs.</b>
Water connection fee	Pipe size of ½" - ¾"	30,000
	Pipe size of 1" - 1½"	35,000
	Pipe size of 2" or more	100,000
Water application form fee		2,000
Water registration fee		2,000
Water reconnection fee		10,000
Borehole drilling fee	Drillers	300,000
	Well owners	50,000
Annual abstraction permit fee	Domestic	50,000
	Industrial/ commercial	200,000
Drilling license fee		500,000

Signed on 22<sup>nd</sup> August, 2008.
