SUBJECT : LOI 40/06 Anti-Illegal/Loose Firearms  
(PNP Task Force "ARMAS")

TO : See distribution

DATE : 31 JUL 2006

---

I. REFERENCES:

1. Presidential Decree No.1866 as amended by Republic Act No.8294 - Codifying the Laws on Illegal/Unlawful Possession, Manufacture, Dealing in, Acquisition, or Disposition of Firearms, Ammunition or Explosives or Instruments Used in the Manufacture of Firearms and Ammunitions.

2. Letter of Instruction 24/2000 (KATAPAT) PNP's Plan Against Possession of Loose Firearms and Carrying of Licensed Firearms without Permit to Carry Firearms Outside Residence

II. PURPOSE:

1. This LOI prescribes the operating guidelines and procedures in order to reduce, if not eradicate, the number of Illegal/Loose Firearms and Ammunition.

2. This LOI also gives a boost to the deployment of PNP personnel from concerned police units/offices to conduct intensive police operations against suspected crime groups, gangs, or individuals involved in the illegal manufacture, possession, acquisition, dealing, or disposition of firearms and ammunition.

III. SITUATION:

1. Crime incidents involving the use of firearms cause an alarming concern to public safety. The estimate of loose firearms consisting of various calibers and make is placed at 106,000 as of the last quarter of 2005. However, this figure is a conservative estimate and may not be representing the real picture of the loose firearms situation in the country. A loose firearm is defined as a firearm that is not registered or in the possession of a person other than its registered owner, regardless of type, make or source. Loose firearms are usually in the possession not only by criminal elements but also by ordinary citizens for their personal use or protection, in violation of existing laws, rules, and regulations on firearms.

2. The country has been identified as among the sources of illegal firearms seized in other parts of the world particularly the neighboring countries in Asia. In some instances, the country's ports are used by illegal traders for international trafficking of illegal/lose firearms.

3. The prevailing estimate of the firearm situation and the negative public perception show a bad picture of the seeming inability of the government, particularly the PNP in addressing these illegal activities. The law enforcement actions of the police stations and concerned police units should be complemented. It is, therefore necessary to organize a dedicated police force to spearhead the conduct of intensified and extensive police operations on Anti-Illegal/Loose Firearms to be called Task Force "ARMAS".

#### IV. MISSION:

1. The PNP TF-"ARMAS" shall be principally tasked to conduct aggressive and sustained police operations against individuals and/or crime groups/gangs engaged in the illegal manufacture, possession, acquisition, dealing, or disposition of firearms and ammunition.

2. The PNP TF-"ARMAS" shall take necessary actions of information gathering to conduct intensive police operations to curb illegal transfer and international smuggling of firearms and ammunition.
