**RECORD OF DISCUSSIONS
BETWEEN
JAPAN INTERNATIONAL COOPERATION AGENCY
AND
AUTHORITIES CONCERNED OF THE GOVERNMENT OF
THE REPUBLIC OF MADAGASCAR
ON JAPANESE TECHNICAL COOPERATION
FOR
THE HIV PREVENTION STRENGTHENING PROJECT**

The Japan International Cooperation Agency (hereinafter referred to as "JICA"), through its Resident Representative of JICA Madagascar Office, had a series of discussions with the Madagascan authorities concerned with respect to desirable measures to be taken by JICA and the Government of the Republic of Madagascar for the successful implementation of the HIV Prevention Strengthening Project.

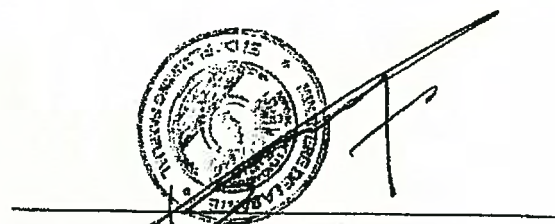

As a result of the discussions, and in accordance with the provisions of the Agreement on Technical Cooperation between the Government of Japan and the Government of Madagascar, signed in Antananarivo on 24 October 2003 (hereinafter referred to as "the Agreement"), the Resident Representative of JICA Madagascar Office and the Madagascan authorities concerned agreed on the matters referred to in the document attached hereto.

This Record of Discussions has been prepared both in English and French, each text being equally authentic. In case of any divergence of interpretation, the English text shall prevail.

Antananarivo, 19 February, 2008

Mr. TOGAWA Toru
Resident Representative
Madagascar Office
Japan International Cooperation Agency
Japan

Dr. JEAN LOUIS ROBINSON
Minister
Ministry of Health, Family Planning and
Social Protection
Republic of Madagascar

THE ATTACHED DOCUMENT

I. COOPERATION BETWEEN JICA AND THE MADAGASCAN GOVERNMENT

1. The Government of Madagascar will implement the HIV Prevention Strengthening Project (hereinafter referred to as "the Project") in cooperation with JICA.
2. The Project will be implemented in accordance with the Master Plan which is given in Annex I.

II. MEASURES TO BE TAKEN BY JICA

In accordance with the laws and regulations in force in Japan and the provisions of Article 3 of the Agreement, JICA, as the executing agency for technical cooperation by the Government of Japan, will take, at its own expense, the following measures according to the normal procedures of its technical cooperation scheme.

1. DISPATCH OF JAPANESE EXPERTS

JICA will provide the services of the Japanese experts as listed in Annex II. The provision of Article 3 of the Agreement will be applied to the above-mentioned experts.

2. PROVISION OF MACHINERY AND EQUIPMENT

JICA will provide such machinery, equipment and other materials (hereinafter referred to as "the Equipment") necessary for the implementation of the Project as listed in Annex III. The provision of Article 3 of the Agreement will be applied to the Equipment.

3. TRAINING OF MADAGASCAN PERSONNEL IN JAPAN AND A THIRD COUNTRY

JICA will provide technical training in Japan and third a country for the Madagascan personnel connected with the Project.

III. MEASURES TO BE TAKEN BY THE GOVERNMENT OF MADAGASCAR

1. The Government of Madagascar will take necessary measures to ensure that the

self-reliant operation of the Project will be sustained during and after the period of Japanese technical cooperation, through full and active involvement in the Project by all related authorities, beneficiary groups and institutions.

2. The Government of Madagascar will ensure that the technologies and knowledge acquired by the Madagascan nationals as a result of the Japanese technical cooperation will contribute to the economic and social development of the Republic of Madagascar.
3. In accordance with the provisions of Article 5 of the Agreement, the Government of Madagascar will grant in the Republic of Madagascar privileges, exemptions and benefits to the Japanese experts referred to in II-1 above and their families.
4. In accordance with the provisions of Article 7 of the Agreement, the Government of Madagascar will take the measures necessary to receive and use the Equipment provided by JICA under II-2 above and equipment, machinery and materials carried in by the Japanese experts referred to in II-1 above.
5. The Government of Madagascar will take necessary measures to ensure that the knowledge and experience acquired by the Madagascan personnel from technical training in Japan and a third country will be utilized effectively in the implementation of the Project.
6. In accordance with the provision of Article 5 of the Agreement, the Government of Madagascar will provide the services of Madagascan counterpart personnel and administrative personnel as listed in Annex IV.
7. In accordance with the provision of Article 5 of the Agreement, the Government of Madagascar will provide the land, buildings and facilities as listed in Annex V.
8. In accordance with the laws and regulations in force in the Republic of Madagascar, the Government of Madagascar will take necessary measures to supply or replace at its own expense machinery, equipment, instruments, vehicles, tools, spare parts and any other materials necessary for the implementation of the Project other than the Equipment provided by JICA under II-2 above.
9. In accordance with the laws and regulations in force in the Republic of Madagascar, the Government of Madagascar will take necessary measures to meet the running

expenses necessary for the implementation of the Project.

IV. ADMINISTRATION OF THE PROJECT

1. The Director of Department of Emergency and Infectious Disease Control (DULMT: Direction des Urgence et de la Lutte contre les Maladies Transmissibles), Ministry of Health, Family Planning and Social Protection, as the Project Director, will bear overall responsibility for the administration and implementation of the Project.
2. The Head of Program STI/HIV/AIDS (Programme IST/VIH/SIDA), Department of Emergency and Infectious Disease Control (DULMT), Ministry of Health, Family Planning and Social Protection, as the Project Manager, will be responsible for the managerial and technical matters of the Project.
3. The Japanese Team Leader (Chief Adviser) will provide necessary recommendations and advice to the Project Director and the Project Manager on any matters pertaining to the implementation of the Project.
4. The Japanese experts will give necessary technical guidance and advice to the Madagascan counterpart personnel on technical matters pertaining to the implementation of the Project.
5. For the effective and successful implementation of technical cooperation for the Project, a Joint Coordinating Committee will be established whose functions and composition are described in Annex VI.

V. JOINT EVALUATION

Evaluation of the Project will be conducted jointly by JICA and the Madagascan authorities concerned, at the middle and during the last six months of the cooperation term in order to examine the level of achievement.

VI. CLAIMS AGAINST JAPANESE EXPERTS

In accordance with the provision of Article 6 of the Agreement, the Government of Madagascar undertakes to bear claims, if any arises, against the Japanese experts

engaged in technical cooperation for the Project resulting from, occurring in the course of, or otherwise connected with the discharge of their official functions in the Republic of Madagascar except for those arising from the willful misconduct or gross negligence of the Japanese experts.

VII. MUTUAL CONSULTATION

There will be mutual consultation between JICA and the Government of Madagascar on any major issues arising from, or in connection with this Attached Document.

VIII. MEASURES TO PROMOTE UNDERSTANDING OF AND SUPPORT FOR THE PROJECT

For the purpose of promoting support for the Project among the people of the Republic of Madagascar, the Government of the Republic of Madagascar will take appropriate measures to make the Project widely known to the people of the Republic of Madagascar.

IX. TERM OF COOPERATION

The duration of the technical cooperation for the Project under this Attached Document will be four (4) years from 25 March 2008.

ANNEX I	MASTER PLAN
ANNEX II	LIST OF JAPANESE EXPERTS
ANNEX III	LIST OF MACHINERY AND EQUIPMENT
ANNEX IV	LIST OF MADAGASCAN COUNTERPART AND ADMINISTRATIVE PERSONNEL
ANNEX V	LIST OF LAND, BUILDINGS AND FACILITIES
ANNEX VI	JOINT COORDINATING COMMITTEE

ANNEX I MASTER PLAN

1. Overall Goal

HIV prevalence is maintained below 1% in Madagascar.

2. Project Purpose

Capacity of providing quality HIV counseling and testing (TC) services is strengthened.

3. Outputs of the Project

- (1) Output 1: National policy, guidelines and manuals related to integrated TC services are revised and used by service providers and organizations concerned.
- (2) Output 2: Data collection and analysis for integrated TC services are strengthened at the central (MOHFPSP) and regional levels and the planning and monitoring capacity are improved.
- (3) Output 3: Recommendations/solutions to improve the accessibility to TC services are shared.

4. Activities of the Project

(1) Under Output 1

- 1-1. Review the existing policy and guidelines concerning TC services
- 1-2. Analyze the experiences of other countries.
- 1-3. Analyze the actual situation of TC services (including research by site visit)
- 1-4. Clarify the logistic flow and define the tasks concerning logistics at the central, regional, district and service site levels.
- 1-5. Revise and/or develop national policy and guidelines if necessary based on the results of activities 1-1~1-4.
- 1-6. Review the training scheme and selection of trainers concerning TC services.
- 1-7. Review and revise the training curriculum (both for trainers and trainees) and job aid materials based on the national policy and guidelines.
- 1-8. Introduce/disseminate the national policy, guidelines, training curriculum, job aid materials to related organizations (including private) and train the trainers teams.
- 1-9. Support to establish the accreditation system for quality assurance
- 1-10. Monitor the implementation of the national policy and guidelines and feedback the lessons learnt from the service sites and organizations

concerned to revise above mentioned policy and guidelines.

(2) Under Output 2

- 2-1 Produce inventories of site and human resources of TC services at each level.
- 2-2. Review and revise the reporting formats (including logistics) for TC services.
- 2-3 Conduct training on program management, logistics, data management and analysis, monitoring and supervision to the persons in charge of TC services at MOHFPSP, Region and District.
- 2-4 Distribute the reporting formats of TC services to Region and organizations concerned.
- 2-5 Strengthen monitoring and supervision through activities such as monitoring of reported data, supervision and regular meetings.
- 2-6 Strengthen capacity of developing evidence based annual plan at the central (MOHFPSP) and Regional levels.
- 2-7 Information collected is shared and feed backed to the related organizations at each level.

(3) Under Output 3

- 3-1. Conduct situation analysis of TC service provision at the sites for planning of operational researches.
- 3-2. Develop effective and efficient activity plans to improve the accessibility to services.
- 3-3. Take necessary measures such as renovation of center, training of service providers, and procurement of consumables such as HIV test kit to implement plans developed by activity 3-2.
- 3-4. Conduct operational researches to improve the accessibility
- 3-5. Organize meetings to share the results of operational research among stakeholders.

Note 1: TC services include all HIV Testing and Counseling services offered at any facility, such as standalone VCT (Voluntary Counseling and Testing) centers, general health facilities (including Prevention of Mother to Child Transmission of HIV sites), Tuberculosis Diagnostic and Treatment Centers, Youth Centers, and in the outreach activities, in which a client decides whether to accept HIV test or not.

Note 2: In case of the Master Plan should be changed due to the situation of the Project,

both sides will agree to and confirm the changes by exchanging Minutes of Meeting.

ANNEX II LIST OF JAPANESE EXPERTS

1. Long-term Experts

- (1) Chief Adviser/Health Administration
- (2) Coordinator/HIV and AIDS
- (3) Other field(s) mutually agreed upon as necessary

2. Short-term Experts in the Following Fields

- (1) Baseline Survey
- (2) HIV Counseling
- (3) Logistics
- (4) Monitoring and Evaluation (M&E)/Information Management
- (5) Health Information/Geographic Information System (GIS)
- (6) Total Quality Management (TQM)
- (7) Training Material Development/IEC (Information, Education and Communication)
- (8) Operational Research
- (9) Other field(s) mutually agreed upon as necessary

ANNEX III LIST OF MACHINERY AND EQUIPMENT

Machinery, equipment and materials necessary for the effective implementation of the Project will be provided by JICA within the budget allocated for technical cooperation.

The main items of the equipment to be provided as follows:

1. Vehicle(s)
2. Equipment necessary for operational research
3. Other materials and equipment mutually agreed upon as necessary

Note: The contents, specification and quantity of the above-mentioned equipment will be discussed in principle every year between the Japanese experts and the Madagascan counterpart personnel based on the annual plan of the Project, within the allocated budget of the Japanese fiscal year.

**ANNEX IV LIST OF MADAGASCAN COUNTERPARTS AND
ADMINISTRATIVE PERSONNEL**

1. **Project Director:**
Director of Department of Emergency and Infectious Disease Control (DULMT: Direction des Urgence et de la Lutte contre les Maladies Transmissibles), Ministry of Health, Family Planning and Social Protection

2. **Project Manager:**
Chief of Program STI/HIV/AIDS (Programme IST/VIH/SIDA), Department of Emergency and Infectious Disease Control (DULMT), Ministry of Health, Family Planning and Social Protection.

3. **Counterpart Personnel:**
Concerned personnel in the Program STI/HIV/AIDS (Programme IST/VIH/SIDA), Department of Emergency and Infectious Disease Control (DULMT), Ministry of Health, Family Planning and Social Protection

4. **Administrative Personnel**
 - (1) Secretaries / Typists
 - (2) Drivers
 - (3) Other necessary support staff

ANNEX V LIST OF LAND, BUILDINGS AND FACILITIES

1. Land, buildings and facilities necessary for the implementation of the project.
2. Rooms or space necessary for installation and storage of the Equipment.
3. Office space and the necessary facilities such as electricity, gas, water, sewerage system, telephones, furniture necessary for Project activities and operational expenses for utilities for the Japanese experts.
4. Other facilities mutually agreed upon as necessary.

ANNEX VI JOINT COODINATING COMMITTEE

1. Functions

The Joint Coordinating Committee (hereinafter referred to as "JCC") will meet at least once a year and whenever necessity arises, and works:

- (1) To review and authorize the Annual Work Plan of the Project under the framework of the Record of Discussions.
- (2) To review the overall progress of the Project.
- (3) To discuss other major issues arising from or related to the Project.

2. Compositions

(1) Chairperson:

Secretary General, Ministry of Health, Family Planning and Social Protection
(hereinafter referred to as "MOHFPSP")

(2) Co-chairperson:

Chief Adviser of the Project

(3) Members:

Madagascar Side:

- 1) Director General of Health (Directeur Général de la Santé) of MOHFPSP
- 2) Director of Department of Emergency and Infectious Disease Control (DULMT: Direction des Urgence et de la Lutte contre les Maladies Transmissibles) of MOHFPSP
- 3) Chief and staff of Program STI/HIV/AIDS (Programme IST/VIH/SIDA) of MOHFPSP
- 4) Director of Department of Maternal and Child Health (DSME: Direction de la Santé et de la Mère et Enfant) of MOHFPSP
- 5) Director of Department of District Health Development (DDDS: Direction de Développement des Districts Sanitaires) of MOHFPSP
- 6) Director of Department of Health Promotion (DPS: Direction de la Promotion de la Santé) of MOHFPSP
- 7) Director of Study and Planning (DEP: Direction des Etudes et de la Planification) of MOHFPSP
- 8) Director of Department of Monitoring, Evaluation and Audit (DSEA: Direction du Suivi, de l'Evaluation et de l'Audit) of MOHFPSP

- 9) Director of Department of Family Planning (DPF: Direction du Planning Familial) of MOHFPSP
- 10) Director of Department of Pharmacy, Laboratory and Traditional Médecine (DPLMT: Direction de la Pharmacie, du Laboratoire et de la Médecine Traditionnelle) of MOHFPSP
- 11) Director of Department of Partner (DP: Direction du Partenariat) of MOHFPSP
- 12) National Coordinator of Quality Management (Coordinateur National de la Qualité) of MOHFPSP
- 13) Deputy Director Executive Secretariat, national HIV/AIDS Committee (SE/CNLS: Adjoint au Secrétaire Exécutif/ Comité National de Lutte contre le Sida)
- 14) Director General of National Institute of Public and Community Health (INSPC: Institut National de la Santé Publique et Communautaire)
- 15) Chief of National Reference Laboratory (LNR: Laboratoire National de Référence)

Japanese Side:

- 1) Experts of the Project
- 2) Official(s) in charge, JICA Madagascar Office
- 3) Other personnel to be dispatched by JICA, as necessary

Notes: Representative of the Embassy of Japan in the Republic of Madagascar may attend the JCC meeting as observer(s) and other persons invited by the Chairperson, as necessary, may attend the meeting.

**MINUTES OF MEETINGS
BETWEEN
JAPAN INTERNATIONAL COOPERATION AGENCY
AND
AUTHORITIES CONCERNED OF THE GOVERNMENT
OF THE REPUBLIC OF MADAGASCAR
ON THE JAPANESE TECHNICAL COOPERATION
FOR
THE HIV PREVENTION STRENGTHENING PROJECT**

The Japan International Cooperation Agency (hereinafter referred to as "JICA"), through its Resident Representative of JICA Madagascar Office, exchanged views and had a series of discussions with the Madagascan authorities concerned with respect to desirable measures to be taken by JICA and the Government of Madagascar for the successful implementation of the HIV Prevention Strengthening Project.

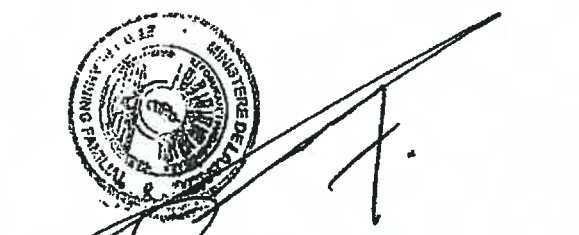

As a result of the discussions, the Resident Representative of JICA Madagascar Office and the Madagascan authorities concerned agreed upon the matters in the document attached hereto. This document is related to the Record of Discussions on the HIV Prevention Strengthening Project.

This Minutes of Meeting has been prepared in English and French, each text being equally authentic. In case of any divergence of interpretation, the English text shall prevail.

Antananarivo, 19 February, 2008

Mr. TOGAWA Toru
Resident Representative
Madagascar Office
Japan International Cooperation Agency
Japan

Dr. JEAN LOUIS ROBINSON
Minister
Ministry of Health, Family Planning and
Social Protection
Republic of Madagascar

THE ATTACHED DOCUMENT

1. PROJECT DESIGN MATRIX

The Project Design Matrix (hereinafter referred to as "PDM") has been elaborated through discussion by JICA and the Madagascan authorities concerned. Both sides agreed to recognize the PDM as the implementation tool for project management, and the bases of monitoring and evaluation of the Project. The PDM will be utilized by both sides throughout the implementation of the project. The PDM is shown in Annex I.

The PDM will be subject to change within the framework of the Record of Discussions when necessity arises in the course of the implementation of the Project by mutual consent.

2. PLAN OF OPERATION

The Plan of Operation (hereinafter referred to as "PO") has been formulated according to the PDM, on condition the necessary budget will be allocated for the implementation of the Project by both sides. The schedule is subject to change within the scope of the Record of Discussions when necessity arises in the course of the implementation of the Project. The PO is shown in Annex II.

3. ASSIGNMENT OF COUNTERPART PERSONNEL

The Madagascan authorities concerned are to secure and assign appropriate counterpart personnel in the Program STI/HIV/AIDS (Programme IST/VIH/SIDA), Department of Emergency and Infectious Disease Control (DULMT: Direction des Urgence et de la Lutte contre les Maladies Transmissibles), Ministry of Health, Family Planning and Social Protection (hereinafter referred to as "MOHFPS") responsible for HIV testing and Counseling, Prevention of Mother to Child Transmission of HIV, Logistics, Information Management, Monitoring and Evaluation, and other fields if necessary.

The assignment should be completed before the commencement of Project. The Director of DULMT, MOFPS is to notify the results to the Resident Representative of JICA Madagascar Office in writing.

Annex I PDM

Annex II PO

Annex I

PROJECT DESIGN MATRIX (Version 0), 19 February, 2008

Project Title: HIV Prevention Strengthening Project

Executing Bodies: Ministry of Health, Family Planning and Social Protection (MOHFPSP)

Target Population: MOHFPSP, RDHFPSP

Beneficiary: HIV counseling and testing service clients in the whole country

Duration: 4 years (2008.3~2012.3)

NARRATIVE SUMMARY		VERIFIABLE INDICATORS	MEANS OF VERIFICATION	IMPORTANT ASSUMPTION
Overall goal HIV prevalence is maintained below 1% in Madagascar		HIV prevalence in adult (15-49 yrs) population	UNAIDS Report, Demographic Health Survey (DHS) etc.	
Project Purpose Capacity of providing quality HIV counseling and testing (TC) services is strengthened.		<ol style="list-style-type: none"> 1) Number of health facilities which integrate TC services into ANC, STI, TB-and reproductive health services is increased 2) Percentage of health facilities which offer TC services following the quality guidelines is increased 3) Percentage of clients who received post-test counseling and the result on the same day 4) Percentage of women and men aged 15-49 who received an HIV test in the last 12 months and who know their results. 	<ol style="list-style-type: none"> 1) Report of MOHFPSP 2) Report of MOHFPSP 3) Report of MOHFPSP 4) Report of MOHFPSP 	HIV prevention education and awareness-raising are strengthened in the whole country.
Outputs i. National policy, guidelines and manuals related to integrated TC services are revised and used by service providers and organizations concerned.		<ol style="list-style-type: none"> 1-1. Number of revised national policy, guidelines and manuals concerning integrated TC services 1-2. Number of service sites which are equipped with national policy, guidelines and manuals 1-3. Number of regions attached with qualified trainers in integrated TC service and are capable to offer related trainings following the most updated national policy, guidelines and manuals 	<ol style="list-style-type: none"> 1-1. Developed documents with support of the Project 1-2. Sample survey, supervision reports, distribution list of developed documents 1-3. List of trainers in regions, reports of training 	Budget required for salary, training, renovation and service operation expenses and consumables (ex. HIV test kit) are secured as planned.

<p>2. Data collection and analysis for integrated TC services are strengthened at the central (MOHFPSP) and regional levels and the planning and monitoring capacity are improved.</p>	<p>2-1. Information of service sites and service providers on integrated TC services is updated at least once a year at Program STI/HIV/AIDS of MOHFPSP and all the regional health offices</p> <p>2-2. Proper information including inventory of service sites and service providers is utilized for annual plan and training plan at Program STI/HIV/AIDS and more than XX regions.</p> <p>2-3. Number of districts which receive supervision and its feedback from regional officers in last six months</p> <p>2-4. Number of stock out days for consumables needed for TC services (HIV test kit etc.) at the selected service sites is decreased</p>	<p>2-1. Inventories of program STI/HIV/AIDS and regions</p> <p>2-2. Annual plans, training plans, estimation sheets of annual requirements of HIV test kit by program STI/HIV/AIDS</p> <p>2-3. Supervision report of Program STI/HIV/AIDS and Regions</p> <p>2-4. Logistics report, interview research etc.</p>	<p>Responsible officers of program STI/HIV/AIDS and regions will not frequently shift to different positions. People's access to general health services is not deteriorated</p>
<p>3. Recommendations/solutions to improve the accessibility to TC services are shared.</p>	<p>3-1. Results of more than three operational researches to improve the accessibility to TC services are documented.</p> <p>3-2. Number of meetings in order to share the results of operational research</p>	<p>3-1. Project reports</p> <p>3-2. Minutes of meetings, workshops etc.</p>	

<p>Activities</p> <p>Under Output 1</p> <p>1-1 Review the existing policy and guidelines concerning TC services</p> <p>1-2 Analyze the experiences of other countries.</p> <p>1-3 Analyze the actual situation of TC services (including research by site visit)</p> <p>1-4 Clarify the logistic flow and define the tasks concerning logistics at the central, regional, district and service site levels.</p> <p>1-5 Revise and/or develop national policy and guidelines if necessary based on the results of activities 1-1~1-4.</p> <p>1-6 Review the training scheme and selection of trainers concerning TC services.</p> <p>1-7 Review and revise the training curriculum (both for trainers and trainees) and job aid materials based on the national policy and guidelines.</p> <p>1-8 Introduce/disseminate the national policy, guidelines, training curriculum, job aid materials to related organizations (including private) and train the trainers teams.</p> <p>1-9 Support to establish the accreditation system for quality assurance</p> <p>1-10 Monitor the implementation of the national policy and guidelines and feedback the lessons learnt from the service sites and organizations concerned to revise above mentioned policy and guidelines.</p> <p>Under Output 2</p> <p>2-1 Produce inventories of site and human resources of TC services at each level.</p> <p>2-2.
