INFORMATION ABOUT THE PROJECT AND CONSULTATION PROCESS

Information

(SURVEYOR SHOULD PROVIDE AN OVER VIEW OF THE PROJECT AND IEE / CONSULTATION PROCESS USING THE INFORMATION BROCHURE)

Informed Consent (Lao translation)

The survey we are conducting today is designed to collect information about socio-economics and resources in your village. The information we collect will be used to make a detailed and balanced assessment of the potential impacts of the project.

A map is provided that shows the potential areas of impact. The survey team will explain the map to you, so that you can show us places you use for farming and collecting forest and water resources.

We would very much appreciate your participation in this survey, however, it is voluntary and you can choose not to answer any individual question or all of the questions.

The survey usually takes about an hour to complete.

Whatever information you provide will be kept strictly confidential and will not be shown to other people.

At this time, do you want to ask me anything about the survey?

May I begin the interview now?

The objective of this 1st survey is to identify land and assets that may be impacted by the transmission line and any individual owners of those assets. The land survey team should try to gather people in their interview that know most about the land and assets / may be directly affected by the transmission line.

INFORMATION ABOUT THE PROJECT AND CONSULATION PROCESS

Have you been visited by the ESL Social team? (Please circle)

<input checked="" type="radio"/> Yes	<input type="radio"/> No
--------------------------------------	--------------------------

If yes, did they show you this brochure and explain the Project and consultation process?
(Please circle)

<input checked="" type="radio"/> Yes	<input type="radio"/> No
--------------------------------------	--------------------------

If yes, go straight to the questionnaire.

If "No" please present the Chief with the brochure and run through the information with him

SELECTION OF VILLAGE REPRESENTATIVE

As you have heard, a consultation meeting will be organized in Savannakhet in August. Please recommend 3 people who you think would be able to best represent the village (affected people, ethnic groups and others)

Name	Position
1. ທ່ານ ສອນ ສິມສິນ	ບັນເທົາຄົມ 2789288
2. ທ່ານ ສິມສິນ	ບັນເທົາຄົມ 6610920
3. ທ່ານ ສິມສິນ	ບັນເທົາຄົມ 5253364

During our next survey we will be asking people in the village to rank these people so we can choose **one person** from the village that will best represent the whole village and be able to communicate information presented at the Savannakhet meeting.

ທ່ານ ສິມສິນ 5253364

INFORMED CONSENT

The survey we are conducting today is designed to collect information about land use in your village. The information we collect will be used to make a detailed and balanced assessment of the potential impacts of the project.

A map is provided that shows the potential areas of impact. The survey team will explain the map to you, so that you can show us places you use for farming and collecting forest and water resources.

We would very much appreciate your participation in this survey, however, it is voluntary and you can choose not to answer any individual question or all of the questions.

The survey usually takes about an hour to complete.

Whatever information you provide will be kept strictly confidential and will not be shown to other people.

At this time, do you want to ask me anything about the survey?

May I begin the interview now?
