# Preparatory Study for Planning on the Meghna River Basin Management Project

Japan International Cooperation Agency (JICA)

## Traffic Count Survey (Dry Season) and Complimentary Survey on movement of commodities

### *Table of content*

#### **PART-A: TRAFFIC COUNT SURVEY (DRY SEASON)**

1. Introduction
2. Objectives of the Traffic Count Survey
3. Scopes of Survey Works
4. Locations of Traffic Count Survey
5. Field Works and Report Preparation
6. List of Annexes
  - i) Annex-1 : Report on Traffic Count Survey

#### **PART-B: COMPLIMENTARY SURVEY ON MOVEMENT OF COMMODITIES**

1. Introduction
2. Scopes of Survey Works
3. Methodology
4. Locations of Survey
5. Survey Findings
6. Problems
7. Output of the Survey

**PART-A: TRAFFIC COUNT SURVEY (DRY SEASON)**

## 1. INTRODUCTION

The Government of Japan has taken an initiative for formulation of a project for the development of the Meghna Basin – specially the haor areas in the district of Sylhet, Maulvibazar, Sunamganj, Habiganj, Brahmanbaria, Kishoreganj and Netrokona district of Bangladesh. The Japan International Cooperation Agency (JICA) has engaged a Study Team for carrying the Preparatory Study for planning on Meghna River Basin Management Project. The JICA Study Team has appointed BETS Consulting Services (BETS) Ltd. to conduct Traffic Count Survey at the selected points in Rainy Season in the month of October 2010 and Dry Season Survey in the month of January 2011 at the same places as per the guidelines of the JICA Study Team and Submission of Survey Data (Hard and Soft Copy) to the Study Team. As per the contract made between the JICA Study Team and BETS Ltd. Rain Season Traffic Count Survey was conducted from 18/10/2010 to 20/10/2010 and the Dry Season Traffic Count Survey has been taken up by BETS Ltd. from 16/01/2011 to 18/01/2011. *Report on Rainy Season Traffic Count Survey submitted in December 2010 and this Report contains the findings of Dry Season Traffic Count Survey at the same 10 points and the results of the Complimentary Survey on flow of goods in and outside the Haor areas. This Report has been divided into two parts. Part-A contains the results of Dry Season Traffic Count Survey and Part-B is for the Complimentary Survey undertaken on movement of agricultural products, fish and sand in the Survey areas.*

## 2. OBJECTIVES OF TRAFFIC COUNT SURVEY

The overall objective of the Survey is to comprehend the traffic flow pattern and traffic type moving in the target sites in the Haor areas at different seasons. The Traffic Count Survey for dry season has been conducted for 12 hours from 16/01/2011 to 18/01/2011 at the same 10 points selected by the Study Teams during Rainy Season Traffic Survey. The overall objective of this Dry Season Traffic Count Survey is to record changes of traffic movement and their types in the Haor areas at different seasons of a year.

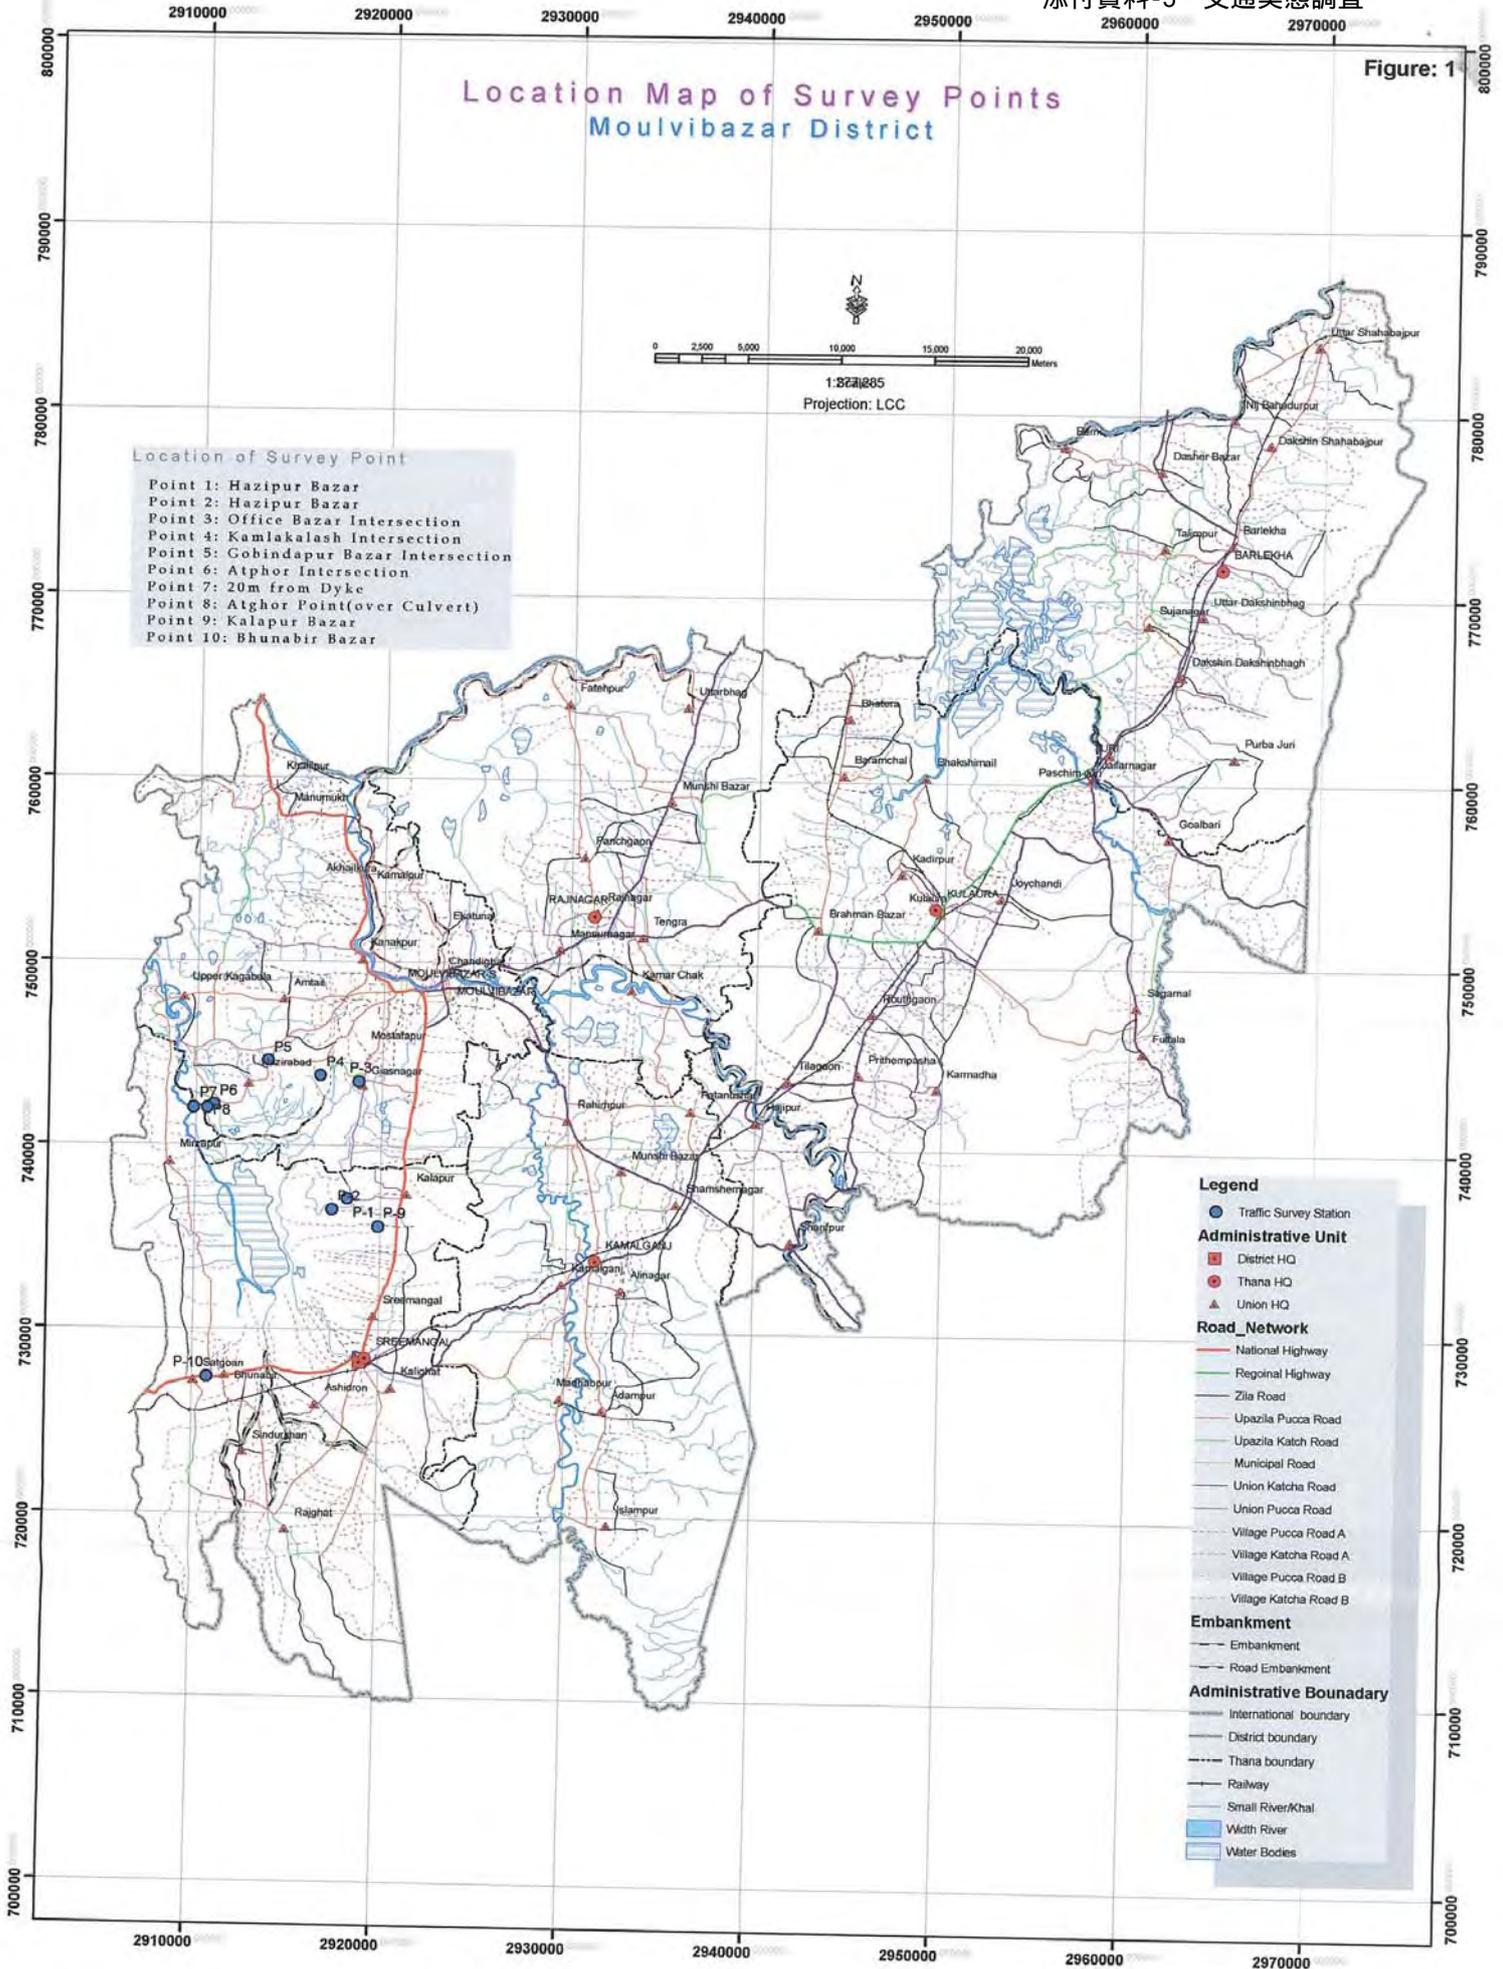

## 3. SCOPE OF SURVEY WORKS

The Scope of Works as described in the Terms of Reference (TOR) attached to the contract signed between the JICA Study Team and BETS Ltd. are as follows;

- a) Preparation of actual road maps in Haor areas (Sylhet, Maulvibazar, Sunamganj, Habiganj, Brahmanbaria, Kishoreganj and Netrokona district of Bangladesh),
- b) Implementation of rainy season and dry season Traffic Count Survey at the selected points (approximately 10 points in each season),
- c) Collection of data and making outline summary of present and future road development plans in Haor areas (Sylhet, Maulvibazar, Sunamganj, Habiganj, Brahmanbaria, Kishoreganj and Netrokona district of Bangladesh),
- d) Submission of report,
- e) *Complementary survey on movements of agricultural products, fishes and sand extracted from the haor areas. It was added by JICA Study Team along with Dry Season Survey.*

## 4. LOCATIONS OF TRAFFIC COUNT SURVEY

The Dry Season Traffic Count Survey was conducted at the same 10 points in the Haor areas under the Moulvibazar district selected by The JICA Study Team during Rainy Season Survey. The selected points are depicted on the location map (**Figure-1**) of Moulvibazar district included in this report.

## 5. FIELD WORKS AND REPORT PREPARATION

### ➤ *Dry Season Traffic Count Survey*

Traffic Count Survey at the previously selected 10 points under Moulvibazar district was conducted from 16/01/2011 to 18/01/2011 and Traffic Count Survey for 12 hours from 7:00 AM to 7 PM at each point was conducted by using developed format. Sufficient enumerators and supervisors were engaged to make traffic count correctly and one engineer & one urban planner were in the field during the field works to ensure quality of works. The collected **data have been processed in computer and the outputs have been presented in annex-1 under Part-A of the Report.** Survey results of Rainy Season Traffic Count Survey submitted separately to JICA Study Team in December 2010.

### ➤ *Outline summary of present and future road development plans*

Data regarding present and future road development programme in the Haor areas (Sylhet, Maulvibazar, Sunamganj, Habiganj, Brahmanbaria, Kishoreganj and Netrokona district) has been collected from the field offices of Local Government Engineering Department (LGED), Roads and Highway Department (RHD) and Bangladesh Water Development Board (BWDB) and presented in report of Rainy Season Traffic Survey submitted to Study Team in December 2010.

### ➤ *Preparation of road maps*

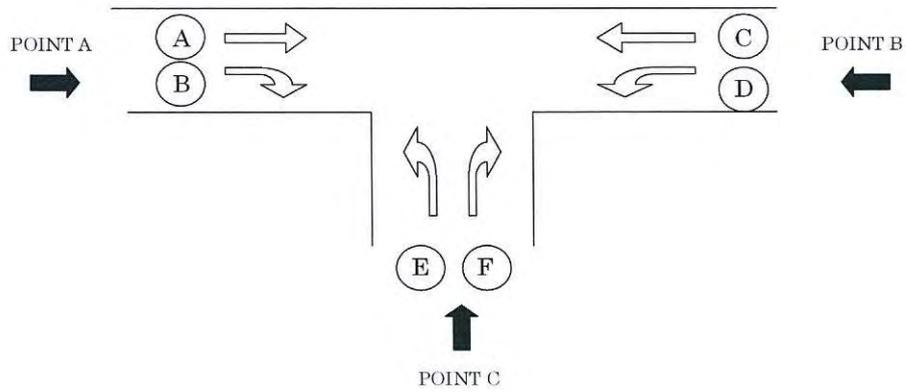

Road maps for the study areas comprising Sylhet, Maulvibazar, Sunamganj, Habiganj, Brahmanbaria, Kishoreganj and Netrokona district have been prepared by using the data/maps available in the secondary sources – particularly available with LGED. The GIS based road maps have been prepared and different types of roads have been marked by various legend. The road maps of the seven districts have been presented in the report of Rainy Season Traffic Count Survey and submitted in December 2010.

## **Annex-1 : Report on Dry Season Traffic Count Survey**

## Traffic Volume survey

### NO.1 Kalapur\_to\_Hazipur bazar

Date                    18,Jan,2011  
 Place                  Kalapur\_to\_Hazipur bazar  
 Road type            upzila road  
 weather               fine day

Hazipur Bazar Intersection

POINT C (to Kalapur bazar)

POINT A (to Hazipur Bazar)

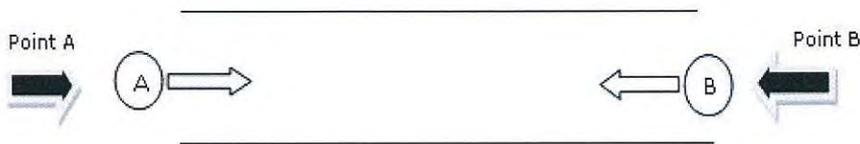

POINT B (to Shabbari)

**Traffic Volume survey**

NO.2 Hazipur bazar\_to\_Hazipur (Culvert-02)

Date 18,Jan,2011  
 Place Hazipur bazar\_to\_Hazipur (Culvert-02)  
 Road type village road  
 weather fine day

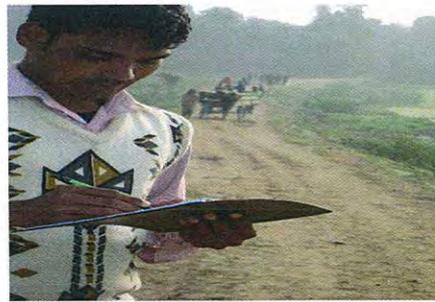

POINT B (Culvert-2)

POINT A (to Hazipur Bazar)

POINT B (to hail haor)

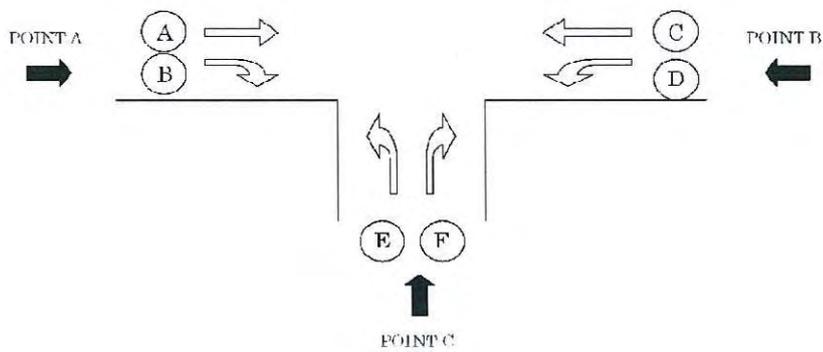

POINT A (to Hazipur bazar)

**Traffic Volume survey**

NO.3 Mokam bazar\_to\_Office bazar

Date 16,Jan,2011  
 Place Mokam bazar\_to\_Office bazar  
 Road type union road  
 weather Rainy day

POINT (Office Bazar)

POINT C (to Mokambazar)

POINT A (to Bhairab Bazar)

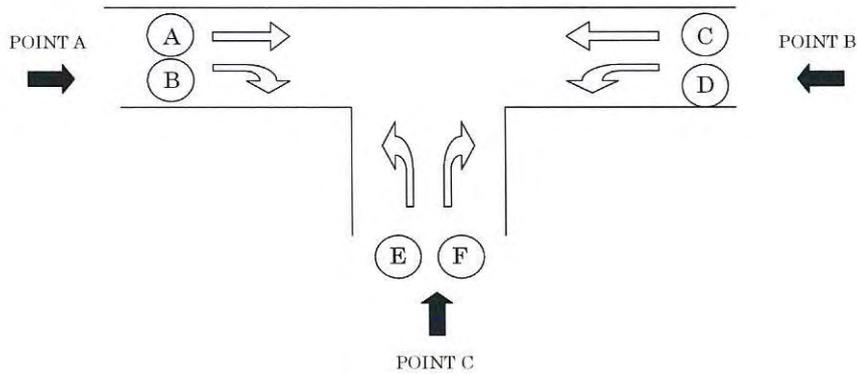

POIN B (to Kamlakalash)

### Traffic Volume survey

**NO.4 Office bazar\_to\_Kamlakalash**

Date                    16,Jan,2011  
 Place                   Office bazar\_to\_Kamlakalash  
 Road type              union road  
 weather                 Rainy day

..... Kamlakalash Intersection

..... POINT B (to Office Bazar)

..... POINT C (to Gobindapur bazar)

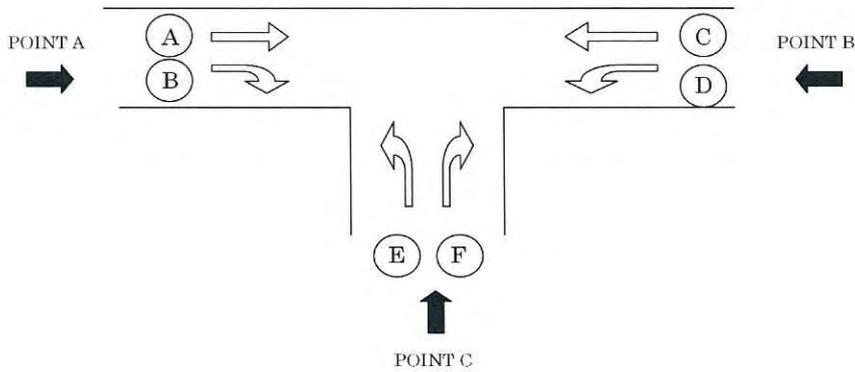

..... POINT A (to Moulvibazar)

**Traffic Volume survey**

NO.5 Kamlakalash\_to\_Gobindapur bazar

Date 16,Jan,2011  
 Place Kamlakalash\_to\_Gobindapur bazar  
 Road type union road  
 weather Rainy day

Gobindapur Bazar Intersection

POINT A (to Nazirabad)

POINT B (to Dughar)

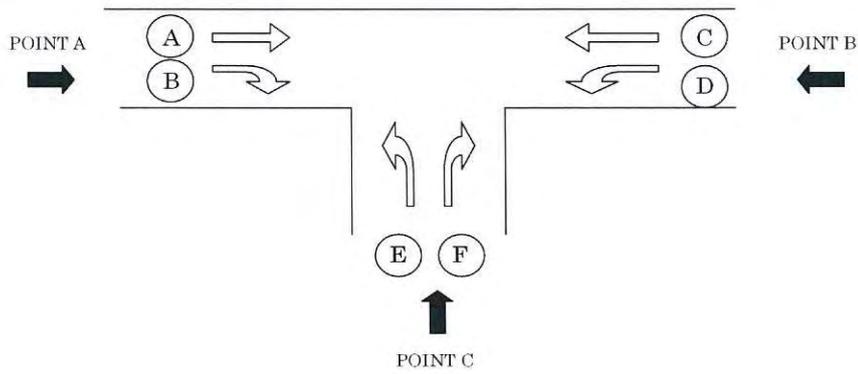

POINT C (to Kamlakalash)

### Traffic Volume survey

NO.6 Gobindapur bazar\_to\_Atghar point

Date                    17,Jan,2011  
 Place                    Gobindapur\_to\_Atghar point  
 Road type                union road  
 weather                    fine day

Atghar Intersection

POINT A (to Jotorpur Bazar)

POINT B (to Gobindapur bazar)

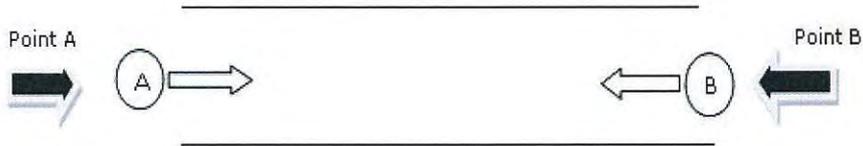

POINT C (to Dyke)

### Traffic Volume survey

NO.7 Atghar Intersection\_to\_Dyke

Date 17,Jan,2011  
Place Atghar Intersection\_to\_Dyke  
Road type village road  
weather fine day

POINT B (to Atghar point)

POINT B (to Atghar point)

POINT A (to Kadamtali)

POINT A (to Kadamtali)

### Traffic Volume survey

NO.8 Atghar Bazar\_to\_Panchuan Kheyaghat

Date 17,Jan,2011  
Place Atghar Bazar\_to\_Panchuan Kheyaghat  
Road type union road  
weather fine day

POINT (Over Culvert)

POINT A (to Panchuan Kheyaghat)

POINT A (to Panchuan Kheyaghat)

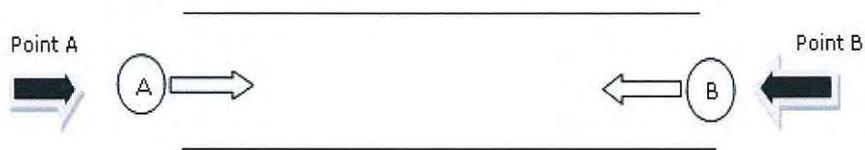

POINT B (to Atghar Bazar)

### Traffic Volume survey

NO.9 Kalapur Bazar\_to\_Hail Haor

Date 17,Jan,2011  
Place Kalapur bazar\_to\_Hail Haor  
Road type union road  
weather fine day

POINT B (to Hail Haor)

POINT B (to Hail Haor)

POINT A (to Kalapur)

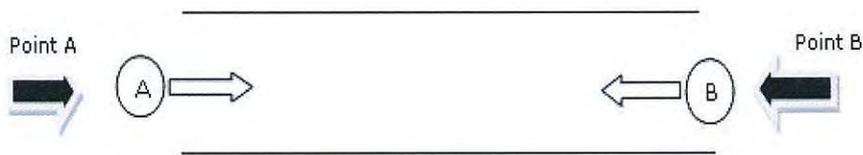

POINT A (to Kalapur)

### Traffic Volume survey

NO.10 Bhunabir 20m\_to\_National highway

Date 18,Jan,2011  
Place Bhunabir 20m\_to\_National highway  
Road type upzila road  
weather fine day
