### 3.4 Recommendation for Salt Townscape Formation

Finally, we completed our survey on 990 sites without lost SPFA buildings. We have three options to form the Salt Townscape.

### Option 1. "Feature the value of survived property"

Only Yellow Limestone from Salt's Yellow Limestone will be used. Other materials such as White Stone will be used for the repair and new construction.

### Option 2. "Restoration of the Historical Townscape"

The reconstruction with Yellow Limestone will be preceded and followed by architectural study (Evidences of original use).

÷

### Option 3. "Turn Whole Salt Townscape into Yellow"

Characterize Salt as Yellow Stone Town.

# 4. Basic Survey on the Structures and the Environmental Elements in Salt

Our purpose of collecting the basic data is not only for the conservation of the Salt townscape but also Community Development, which is based on the concept, Salt Ecomuseum. The survey of the structures and the environmental elements is also part of Townscape Management. It is necessary for it to collect the further data of the structures and the environmental elements.

We could not survey all the structures and the environmental elements because our mission is mainly for the buildings. Yet we could demonstrate the possibility of the survey on it by recording the stories and summarized them as below. For the next stage, this Chapter will help the further survey of the structures and the environmental elements.

### 4.1 The structures

### 4.1.1 Stairs

We surveyed "Implementation Area"\* and "Khader Area".

### 4.1.3 Wells

We surveyed "Aizarieh Area", "Jadour Area", "Aizarieh-mq Area", "Wadi-ak Area" and "Thuhour Area". But we found only "Aizarieh Area".

Flg.4-4 Aizarieh Area (Welis)

### 4.2 The Environmental Elements

### 4.2.1 Trees

We surveyed "Implementation Area" and "Khader Area", "Aizarieh Area", "Aizarieh-mq Area" and "Khandaq Area".

### "Survey Trees"

- We did hearing investigation and plot information on the map, if it seems to be historic one.
- Or, We picked that up the tree has any involved in the daily life, even if that isn't an old historic one.
- Compared to old photos.

### "Points of Evaluation"

- Thickness of the trunk
- form of a tree(tree form)

### "Species Name"

Trees mentioned in the bible or Trees with historic significance;

> Pomegranate, Fig, Grape, Almond ...

Trees involved in the daily life;

> Mulberry, Pepper...
